LONG YEARLING BULL  
AND FEMALE SALE

LWP 1H

AT THE FARM, **CARNDUFF**, SASKATCHEWAN

# GLENNIE BROS. ANGUS

**SUNDAY, DECEMBER 5TH, 2021**  
**AT THE FARM, CARNDUFF, SASKATCHEWAN**

*Saturday, December 4*

1:00 to 5:00 pm

Cattle available for your appraisal

*Sunday December 5*

11:30 AM to 2PM

Lunch and Hospitality

2PM sharp

Sale of Coming Two Year Old Bulls.  
Followed by Sale of Registered Bred Heifers

## WELCOME

The Glennie Bros have been riding hard rounding up a great set of bulls and bred heifers for your appraisal on Dec. 5.

While all the cattle will be conveniently displayed sale day this will be a video sale conducted in the comfort of our relatively new barn and DV Auctions will broadcast it live over the internet.

Come early, appraise the cattle and enjoy some good food before the sale.

### ***DIRECTIONS TO GLENNIE BROS. ANGUS***

#### **FROM CARNDUFF:**

From Hwy 18 turn south at the east exit into Carnduff onto the Super Grid (Range Road 1331) and go 5 ½ miles to the end of the pavement, then go 5 ½ miles west on TWP RD 20.

#### **FROM GLEN EWEN (WEST OF CARNDUFF)**

From the old truck at the east end of Glen Ewen go 3.8 km east on Hwy 18, then turn south at railway crossing and go 2.4 km south to dead end, then east 2.5 km to Range Road 1341, then south 10 km to TWP RD 20 then east ½ mile.

#### **FROM CARIEVALE PORT OF ENTRY ON CANADA/US BORDER**

Go north 6 miles on Hwy 8 to TWP RD 20 then west 13.5 miles.

### ***BULL WINTERING:***

We are giving buyers of bulls from this sale the opportunity of having their bull fed along with other bulls from this sale at a 3rd party location at a cost of \$3 per head per day with delivery to buyers to be made commencing any time after April 1, 2022. Bulls wintered under this program will be at the buyers risk and insurance is highly recommended.

### ***TERMS AND CONDITIONS***

**PAYMENT TERMS:** Cash or cheque payable to the Clerk of the Sale on sale day. US Funds will be accepted at the rate of exchange used by the Royal Bank of Canada for Friday Dec. 3, 2021.

**TERMS AND CONDITIONS OF SALE:** All cattle selling shall sell with a Breeder's Guarantee as set out under the Canadian Angus Association's Breeder Guarantee Guidelines.

**DELIVERY OF CATTLE AFTER THE SALE:** We undertake to deliver all cattle to all central sale barns or stockyard locations (or directly to the buyers ranch or farm if it can be done conveniently ) in Canada and the USA within a 300 mile radius of our farm.

**SEMEN TESTING AND PREGNANCY EXAMINATION:** All bulls will be semen tested prior to sale date. For pregnancy status see notes at start of bred heifer section and then refer to footnote for each heifer.

***3 CHANCES TO WIN DINNER FOR 4 AT CHOPPER K STEAKHOUSE

As a 2 year old we used 16B on some heifers with good results. Impressive as a yearling he has matured into a powerful herd bull with excellent feet and disposition. He adds muscle and scrotal development and his progeny are very correct with lots of Angus character. His dam is a very consistent producer with a nice udder with small teats. His sons in this sale are some of the later born bulls but an impressive group.

4A is a moderate framed herd bull who matured out to 2450 lbs on the Precision Ag Scales at Carnduff. We started out using him on heifers as a yearling. He proved to be an excellent calver, retained his flesh well and with minimum care developed into a very fancy two year old. He is a free moving bull who we have come to use more heavily as time goes on. His dam is a very moderate frame cow who consistently produces top quality progeny.

We bought the King from Frey Angus Ranch in North Dakota as a three year old. He has one of the highest docility ratings ever awarded in the breed. His daughters are very very productive in our herd and in years past were dams of some of the high sellers in Frey's bull sales. King was a free moving bull with a great foot and a super attitude.

A good all around bull noted for calving ease, feet, udders and disposition. Served mightily for Robert Ballantyne's Diamond B Ranches and Miller Wilson Angus. Grand sire of the legendary Sandy Bar Ambush 10Y herdsire at Sandy Bar Ranch, Valley Blossom Ranch and Right Cross Ranch.

## GLENNIE BROS. ANGUS LONG YEARLING BULLS

### WEIGHTS AND MEASURES AND HOW WE DEVELOP BULLS TO DELIVER A BETTER PRODUCT

We are in the Performance Program of the Canadian Angus Association and accordingly we weight our calves in the fall and weigh our bull calves again in the spring and also try to catch a weight on the heifers in the spring. These actual weights are submitted to the Association and are then adjusted. The weaning weights and yearling weights below each animal's pedigree in the catalogue are the actual weights.

Actual weaning weight day October 10, 2020  
Actual yearling weight day May 2, 2021

We do not creep feed prior to weaning. At weaning, the calves are started on a 13 percent bull developer pellet from Feedmax , along with free choice hay.

With an appreciation for longevity and soundness we do not push our bulls to post big yearling weights. In fact in April this year one well travelled and experienced cattle breeder admonished me "for not feeding the bulls enough to show their full genetic potential". In any event, from May 2, 2021 we ran the yearling bulls on grass. On Oct. 1, 2021 we started feeding them the same grower ration pellet they received as weaned calves. We like to see the bulls put on some condition prior to winter setting in. By sale day I think you will find the bulls to be in nice rig but not fat.

This bull had that special aura about him in his first week. He has his sire's easy going disposition. His conception was the result of 4A tipping over a big heavy panel to complete the service a wee bit ahead of schedule. His dam's production includes Glennie Prime Cut 16B who developed into a 2650 lb herdsire leaving both excellent sons and daughters, and Katinka 46E who is one of the most impressive young cows in the herd and a full sister to 1H. Katinka 25W's feet are as good as you will find. Her udder is excellent as well with very small teats. We reserve the right to collect 100 straws of semen for our in herd use only, at our expense and the new owners convenience.

## GLENNIE BROS. ANGUS LONG YEARLING HEIFERS

### BREEDING INFORMATION ON BRED HEIFERS

June 13 to 26 2021 heifers AI'd

July 6 2021 exposed all heifers to Perrot Kamikaze 72F

August 18 2021 preg checked all heifers by ultrasound

October 21 2021 re-checked 5 heifers by ultrasound that were too close to call in August and removed one open heifer from sale.

Taking all of the above in mind we noted the most probable pregnancy status of each heifer.

### WEIGHTS AND MEASURES AND HOW WE DEVELOP HEIFERS

The weights below each animal's pedigree are the actual weights.

Actual weaning weight day Nov 7, 2020

Actual yearling weight day April 25, 2021

The heifers are not creep fed before weaning. At weaning the heifers were taken to Tim McMechan's feedlot and put on a silage ration. They are well taken care of. The heifers run on grass all summer and fed hay as required in the fall as conditions dictate, but receive no grain.

1  
SER

**MUSGRAVE 316 COLOSSAL - SERVICE SIRE**

• Owned by Semex and Peak Dot

- One of the predominant calving ease bulls in the breed with CED +15, BW -.8
- He is still a young bull but appears to have superior foot quality

2  
SER

**MUSGRAVE 316 STUNNER - SERVICE SIRE**

• Was one of the most popular bulls offered by Genex.

- Complete, sound, moderate and noted for his excellent dam.
- A noted calving ease sire with CED +11, BW +.2
- Semen is essentially no longer available
