

ALBERTA

# CHIAROLAIS

SELECT

FEMALE SALE

**DECEMBER 11, 2021**

**1:30 PM • WESTERNER PARK  
RED DEER, AB**

# COMMITTEE WELCOME...

The ACA is pleased to welcome you to the 2021 Alberta Select, 61st Annual Meeting and Bull Showcase!

This year we plan to return to a more normal event kicked off with our Annual Meeting and catered dinner honoring our Award recipients from the past two years, hosting both the single and pen of three bull shows and of course ending the event with our Alberta Select Sale. Unfortunately, the youth clinics we originally had planned to add to this year's event will have to wait until the pandemic is over.

AB/BC 4-H members exhibiting a Charolais Influenced Calf in 4-H in 2020/21, once again qualify for a \$1000 credit in this year's Alberta Select Sale! As you flip through the pages, you will see several outstanding purebred and Charolais influenced females, certainly worthy of consideration for youth prospects to build a strong herd around. Due to the circumstances around Covid continuing this year, we will allow interested youth to utilize your credit online through DLMS once again. We do ask that interested youth register with us prior to the sale to ensure we credit your purchase accordingly. Please send your name, age, 4-H club via email to [dcholak@shaw.ca](mailto:dcholak@shaw.ca) prior to the sale.

For those wanting to join us in person, please note that Westerner Park has adopted the "Alberta Restrictions Exemption Program" as a result of the state of public health emergency declared by the province some time ago. This allows the facility to operate as usual if patrons 12 years of age or older show proof of full vaccination or a recent negative Covid test from a private testing facility and wear a mask when in the facility. Staff will be checking vaccination status via the recently launched QR code system prior to entry to the Westerner. Please have your personal QR code saved on your phone or a printed copy ready with valid picture ID to be shown to staff as you enter the facility. If you are unvaccinated and wish to attend, a rapid test can be completed prior to entry at an approved facility and is valid for 72 hours. Unfortunately if either of these documents cannot be produced, you will not be permitted to enter the Westerner facility.

Mark this event in your calendars and join us for great food, great people and great cattle in a safe environment! If you have any questions, feel free to contact me directly. If you cannot make the event be sure to watch online on DLMS and feel free to contact any of the T Bar C team to help with any female selections. Do not forget to get your 'Pick of the Barn' ticket from one of our Board Members or exhibitors for a chance to win a \$10,000 credit to be used in the sale or towards one of the powerhouse bull calves on display this year!

See you on December 10-11, 2021 at the Westerner in Red Deer!

**Stephen Cholak**

President ACA

## ALBERTA SELECT PEN SHOW & SALE

# FROM THE DESK AT T BAR...

**CHRIS POLEY**  
306-220-5006

Welcome to the 2021 edition of the Alberta Select Charolais Sale, December 11th at Westerner Park, Red Deer, Alberta. This event has become the source of leading Charolais seedstock in the nation and is a truly unique event which combines both the purebred and commercial sector. With the annual meeting on Friday combined with the individual bull show and the Saturday morning bull show followed by the sale, breeders and ranchers can enjoy the fellowship and outstanding breeding stock for a fun filled two days and acquire the finest seed stock these breeders have brought for your perusal.

To have an event of this caliber, it takes quite a bit of arm twisting to select and assemble an offering of this high quality. The demand for Charolais bulls exceeds the supply continually year after year and it is understandable that breeders are reluctant to sell their front pasture females, especially in the bred female division where a coupon is just weeks or months away...only in a sale of this quality and magnitude can you add to your next donor or front pasture foundation brood matron. Whether you are searching for a bred female with an awesome service, a heifer calf prospect that will be competitive in the showing and in the pasture or a flush on the feature donor cows, the lineup will impress all. The 4-H incentive is unique and only offered by the Alberta Select Charolais breeders. Their mandate is to promote youth in agriculture while building new

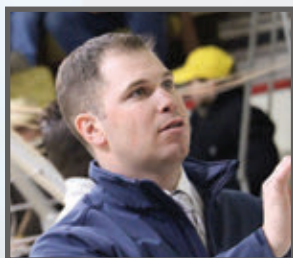

breeders. Let's not forget about the "pick of the barn" ticket for the ten grand credit in the sale or the bulls on display!

Folks, the Charolais breed is exciting in all dimensions. Charolais influenced feeders and stockers continue to lead the way to the pay window in both price and weight...a record that will be difficult to erase. Charolais breeding females are getting higher priced..do not wait to add Alberta Select quality to your breeding program. Plan to be with us for a dynamic offering of Charolais seedstock on December 11th in Red Deer, whether it be in person, online or on the phone. During these times, feel free to give any of the T Bar C Team a call and we will be pleased to assist you in a professional and confidential manner with your selections.

Fairmont was used heavily at Circle Cee in 2020 and has left us with an outstanding group of 2021 calves! 103J has been a favorite of ours from day one. Admire this young female for her smoothness of build, soft maternal look and exquisite presence! Her dam is no other than PCC 403B – a fantastic Firewater daughter who just does not miss – there are daughters in the Lathom, EXL, Medonte and Thurston purebred herds and a son working in the Silver Shadow program. There is no guess work here – this is a beautifully patterned, front pasture female out of our most consistent cow family! Watch for a video on [www.circlecee.com](http://www.circlecee.com) in the near future!

Excited! Thrilled! Exhilarated! Joyous! Delighted! So many adjectives could be used to describe the sheer excitement we felt when we were able to cross the first progeny out of our new US donors Ester and Tyra. And WOW - 114J did not disappoint! This is one of the most unique females we have raised since we entered the breed 50 years ago. This female was born to wear the leather – assess her neck extension and smooth front end, evaluate her depth and middle and consider her intoxicating style and substance. This female has it all and has that outcross pedigree we are all looking for! Watch for a video on [www.circlecee.com](http://www.circlecee.com) in the near future!

This Outsider female is extremely attractive but also carries the hip and the top and the muscle that her two supreme Champion mother PZC Lily 5013 ET has. This mating is at the top of the game for us at Prairie Cove right now. The Outsider females are proving to be something really special as you can see with the Berkly Ann female we will be showing this fall. A combination of Outsider and Lily really is the best of both worlds Lily is so expansive in her rib cage design and wide over her top putting that together with the highly maternal traits Outsider gives his females has proven to be a successful mating.

To add to the intrigue Miss Prairie Cove 10H is bred to M6 Bells & Whistles ( the sire of SVY Trust 6H) Something very different and could really be a homerun mating.

Miss Prairie Cove 1227J is the pinnacle of this years crop of females, she is built to compete at the highest level. Attractive, balanced and sleek fronted while still having a big hip and great hind leg set and structure. Our sights are set high for this young female.

The Outsider x Lily cross strikes again but made as hard as it has ever struck. This female can stand the heat in the show ring, but with Lily in her blood she will be able to raise them as well.

You want to show one next year and compete with the big dogs then this is your female. Our female sale last year is a prime example that our cattle can compete and win at the highest level. Many of those females have won there divisions and shows throughout the summer and early fall. Miss Prairie Cove 19H owned and shown by the Eaton family comes to mind as well as Miss Prairie Cove 68H owned and shown successfully by C2, the Caver's family. Congrats to them and many others that bought and showed Miss Prairie Cove females.

**We are offering 3 full sibling matings to this no miss combination. Great opportunity**

Here is yet another example of just how great Miss Prairie Cove 309A is. This HVA Fireball 662F daughter bears a striking resemblance to her mother at the same age and we all know what 309A went on to do raising bulls like; Cays Full House (Stepler Farms), PCC Iron Mountain (Cattle Lac Charolais), Cays Outlaw (Legacy & Horseshoe E) and PCC Gualtieri (Tri-N) just to name a few.

Miss Prairie Cove 155J is big bodied, great legged, sound and has just amazing hair that is a pleasure to work on. This female is the kind that will raise cattle that will make you money. Miss Prairie Cove 155J is fault free, loose made and has a great spread on her EPD profile.

This female is the best of both worlds, we have had many visitors look at our cattle and people rave about Miss Prairie Cove 111J's power and thickness but yet the presence and look just keep drawing you in for more. Miss Prairie Cove 111J was the CCYA Grand Champion female earlier this summer and has just continued to shine as the year has gone on. Her mother is the two time Supreme Grand Champion female and Champion of the World. Her sire is a USA National Champion bull himself. The lineage on this female is second to none and she has an extremely bright future.

We are also offering 3 full sib embryos to this fantastic female that has already be named a champion. Make your own champion/Donor with your own tattoo.

We continue to use Chisum in our program because of his consistency in producing quality cattle just like Spontaneity. This heifer is extremely quiet and friendly, deep bodied, and long spined. Her 100K EPD profile is also one to be reckoned with. We have no doubt that Spontaneity will go on to be a great cow and produce well in her new herd.

Mystical is a broody, big middled, attractive female. Year after year we talk about how productive the Zenith daughters are so its no surprise he shows up in her pedigree. The Con Artist daughters are also becoming favorites around here being really nice females with great udders. On the numbers side check out her 100K EPD profile to see and exemplary set of numbers. There's no mystery Mystical checks all the boxes.

When Chris came out this summer this was the heifer that immediately caught his eye. Miss Jazz is long bodied, nice fronted, broody, and packs a punch with her muscle shape. Her dam is a good cow that has produced well for us. She has a strong set of EPD's to match her exceptional phenotype. Miss Jazz is ready to hang a show halter next summer and raise you herd bulls down the road.

Starlight is one female that really should be retained within our herd but the top heifers come to town. She is a power house of a female; just the type we strive to produce. 192J is massive ribbed, soft bellied and sound in movement. Fan Favourite has surpassed our expectations in the female department; the first daughters are coming into milk this year and excited would be an understatement. Starlight's dam was purchased out of this same sale in 2015 and has become a no miss cow year after year. We feel that Starlight has the potential to become top end female in any operation and the mating possibilities in her feature are endless.

*Consigned by: Johnson Charolais*

Ms Sunshine hits you with her attractive side profile, bountiful hair, pretty front end, swoop to her belly and extra stretch. She will be an excellent show heifer, especially since she has an ideal phenotype for the ring and a calm disposition. Her dam is an impressive first calf heifer whom has had many strong maternal brothers in our annual bull sale, including a high seller to Wheatland Colony. CCC Tried & True 8507 was purchased from Cody Cattle Company in Kansas, used on our 2020 heifer group and sold to Semex Alliance this summer. We are thrilled with his calves and believe that Harvie Ms Sunshine 14J is the very best from his heifer calf crop. Hang a halter on this one, we believe she will win the hearts and minds of judges and breeders alike.

Eye appeal, natural muscling, extra shape with a wide base and big foot. This female will be in the banner hunt for the 2022 show season and we predict she can run hard to win all breed shows. We are placing our bets on Brenda seen as she has been a standout since day one. Her dam MBS Ms Ledger 307 was purchased in the American Royal Kansas City Charolais sale as a bred heifer and since then, has been a front runner producing top calves every year. The Brenda cow family is one of LT's top cow families, combined with Cody Cattle Company's NWSS Champion pen lead off and top selling bull CCC Mescalito 9038 has now yielded one exceptional female. Brenda's dam is a stout, sleek fronted cow with a solid udder, meanwhile CCC Mescalito 9038 has become extremely popular due to his shape, proud look and overall correctness. This homo polled female is the real deal for a promising future in the ring and in your herd.

**Consigned by: Harvie Ranching**

22J

It was not an easy choice to put this female up for sale, as she has always been a favourite in the pen. This extremely showy female has it all going for her! She has that show heifer look and is correct from every angle. She has lots of middle and is really sound. She has what it takes to really be a contender in the show ring as a bred. Her mother was purchased from this sale and has yet to do anything but exceed my expectations. Her mother has as close to perfect udder as you can put on one. On the sire side, DYV Footprints Crossfire 5G, is quickly establishing himself as a favourite in the herd sire pen. We will be using him as a major part of our program as we love what we are seeing out of him. This is the first and only live progeny we will be offering from Crossfire this year, so here is your chance to jump ahead of the pack and own this tremendous female.

When you think about powerful females, heifers like this should come to mind. This broody female has body for days and a great skeletal structure; she is really sound from the ground up. She comes from a long line of proven producers that never disappoint! Her granddam, 298Z, was the dam of our two high selling bulls and her dam, 8D, had another right near the top in last year's bull sale. The year before, a full sister to the 8D cow had the high seller. If you are in the bull making business, this is one you will want to seek out sale day!

ONL HOT DAM 14C - Full Sister to 8D

If we have said it once, we have said it a thousand times – the Thunder bull flat out works! This moderate framed heifer is really good structured, really deep made, easy doing and is really quiet! She would make an excellent junior prospect – the kind that a kid can have fun with while showing and enjoy cashing calf cheques from her when she is a mama cow. Speaking of mama cows, 14J's full sister has one of the biggest, most powerful bull calves in our 2022 bull sale pen. If you like them easy on the eyes, easy to be around and easy doing this heifer is an easy one to mark in your catalog!

Wooly and wicked good! This really complete heifer comes from a super consistent producer in our herd. The 4A cow is one of our biggest framed cows. She's a powerhouse with a lot of bone and really good feet. Without fail, the 4A cow raises bull sale and female sale quality calves every year, with her last one being purchased by Douglas Winsnes. This heifer is really quiet and nice to be around. She certainly checks all the boxes and is one to check out sale day!

7J

This bred heifer has mama cow written all over her. She is really complete in her make up, sound on the move and looks to have the makings of a beautiful udder like her mother. Unfortunately, we only had the sire of this heifer for one breeding season and then lost him to injury. We really liked all the calves out of him and this heifer is a hard one to part with. Nothing like a maternity leave to make you part with cattle you would rather keep! 22H sells bred to the good Crossfire bull we purchased from Footprint Farms, who has worked well in terms of calving ease and producing excellent quality progeny. Check out WGD 21J in this sale to see just how good Crossfire makes them!

When the opportunity presented itself to partner and work with Brandon Hertz on a select couple of high-quality females, we jumped on it and haven't looked back! This bred heifer is really functional blend of power and femininity. Looking at the start of her udder, she's the kind you just can't wait to see as a mama cow! Her mother, 821F, is a good looking, powerfully made cow with all sorts of depth and spring of rib. The combination of Resource and Downtown isn't one you will readily find. Add in an early service to Crossfire, who goes back to the very popular Zeal and this female is definitely one to be excited about!

13G's dam, Footprints Serenity 312A has been the lead donor at Rocky Coulee Ranch for many years now. She has given us many club calf champions and high sellers and is just getting going in the purebred Charolais field. 13G by Affinity is phenotypically near perfection. She has raised her first calf and is bred early to White Bear, sexed female. She has a perfect udder and a great disposition.

Alaska has all of the style and balance you can ask for with extra substance, muscle and power. She is beautiful in her neck design, has great top and hip shape, and is soft middled and awesome structured. Her potential is not limited to the show ring though, as she is also loaded with cow power. Her dam is a big volumed, powerhouse cow who comes home from pasture with a top end calf every year.

If you want a show heifer to use in 4-H, who will make a tremendous cow once in your main herd, this is the heifer for you. Alaska will not only be quiet and easy to handle for a junior member, but she'll be competitive enough for anyone.

\*\*\*If you want to show her at the Lloyd GMack & Junior shows in March, Kailey will offer her fitting and clipping skills to help get her ready on show day! Kailey will also offer her showing expertise in getting her ready for any 4-H or summer shows!

Here is an opportunity. FVC 41H and FVC 19J are half sisters coming out of FVSF 38B. We had acquired 38B when purchasing a package of elite bred females from the infamous SOS herd. She is a sharp fronted, finer made female that calves easy and puts her all into her calves. Buy one, or double up and have a new cow family in the herd.

You have to appreciate a lot about FVC Hot Rainy Days 41H. Great length of body, clean made and very attractive. She was one of the favourite Kentucky Rain calves and just keeps getting better. Kentucky Rain has really out done himself here at Flat Valley Cattle. His progeny are a bit more moderate, packed with performance and adds pounds from all the stretch and style he packs into them. 41H is no exception. Bred early to semex's Galveston, she is a solid investment into any operation.

**AI bred to Cedarlea Galveston 7G on March 28, 2021. Pasture exposed to LEO Hendricks 40H on April 8, 2021. Preg-checked favorable to AI.**

Gerrard Starstruck 11C is one of the most elite females produced out of the Gerrard Cattle Company Charolais program. She was Jr. Champion and Res. Grand Champion female at Farmfair 2016 and was the high selling bred heifer at the Alberta Charolais Select Sale that same year, selling for \$23,000. This cow will WOW you with her amazing body mass, thickness and perfect udder. Her pedigree is a great combination of proven elite maternal power and some of the most sought-after genetics in the breed. Her mother is the legendary Starstruck 559R females, the 2010 Agribition Supreme Champion Female. 11C is one of the cornerstone females in our small Charolais herd as we try and grow, we have some great BRCHE PCC White Bear calves off of her first flush here at EVF, and are very excited about more calves coming from her in the future.

**Selling the right to flush 11C. She is open and will be ready to flush after the Alberta Select Sale. She has been flushing very well at Davis-Rairdan in Crossfield, giving 16 embryos, 15 embryos in her last two flushes this spring/summer. The flush will be conducted at Davis-Rairdan, as buyer's expense. We will guarantee minimum 6 frozen embryos.**

What an opportunity to acquire some of the most exciting genetics in the industry. Pretty Lady 4G is a full sister to the Elder's Houlio bull that garnered so much attention this spring. Eventually selling to Lindskov Ranch for \$110,000, making him the highest selling bull in Canada.

This young lady has really developed into an outstanding two-year-old. She has so much capacity while maintaining a beautiful, feminine front end. She strides out really well, is an excellent milker and has a very nice udder. If you're into E.P.D.s, she has a great set of numbers as well. The icing on the cake is the job she has done on her first bull calf; FLC Warrior 7J. He is one stout, stylish dude and we are very excited to watch him develop.

Pretty Lady really checks all the boxes and we feel she has a very bright future. She has bred back early again and is due to calve on January 11.

If you require more information or would like to stop in for a visit, just let us know!

Wrangler Pretty Lady 4G

Full Brother - Elder's Houlio 4H

Son - FLC Warrior 7J  
 (MVY Gus 20G X Wrangler Pretty Lady 4G)

We purchased 5J's mother from Daines & O'Neill out of the Select Sale a few years ago and she has not disappointed. It is no surprise that her daughter was a standout in this year's calf crop and was an easy pick for this year's sale.

This heifer was born near the end of March and has performed extremely well and no doubt will pass this on to her calves. If there was an EPD for temperament she would be a 10. She has been a favorite of mine since the days she was born and is hard to let go.

Oakstone Miss Jolene is out of a first calf heifer that is heavy milking with a perfect udder. She did an outstanding job raising her first calf. Jolene is long body, deep, wide and has an excellent disposition. You can hang a halter on her and show her or put her in your replacement pen, she is just flat out good. This one is hard to see go.

*Consigned by: Oakstone Land & Cattle*

# CHOICE LOT

Here is a fantastic opportunity for juniors heading for the show ring and breeders alike, as we have decided to bring two front end females, right from the heart of our replacement pen to town and give the buyer the final "say".

**BW: 83 lbs. Oct 20th: 875 lbs.**

Jupiter is an absolute sweetheart, with a calm demeanour. She acts in such a way it reminds you of a loyal farm dog, she needs to be right by your side as soon as you enter the pen and follows your every step. When we selected her sire SOS Gunsmoke 2G, as one of the high sellers in the Springside 2020 Bull Sale, we did so with one thing in mind- TO PRODUCE FEMALES, and he has done exactly that as our replacement females are the best they have ever been, and that consistency is seen right from top to bottom in the pen.

SHSH Rave 24E was the high seller in the Sliding Hills Bull Sale in 2018 and has done an exceptional job for us. His bull calves consistently top the Charolais section of the Hill 70 Quantock Bull Sale and his daughters are simply outstanding with picture perfect udders and tonnes of performance! The dam of 215J is several purebred breeder's pick of our cowherd and an own daughter of the great Firewater! Miss Rave is the perfect blend of femininity, refinement, balance and style! She has the makings of a very competitive show heifer or potential donor cow - so "Rave On - it's a Crazy Feeling - 215J will have you Reelin' sale day!!!" Email us for a video link!

Betty has a great hair coat and lots of depth. She's out of a really moderate framed cow family and her great-grandmother 72X, at 12 years old, is still a strong producer in our cow herd today. Her dam has a really nice level udder and perfect feet. She's a really smooth fronted and easy moving heifer with an attractive eye catching look.

**Consigned by: Charworth Charolais**

**BW: 81 lbs WW: 770 lbs**

Anjou Jolene is a masterpiece. A descendant from my top cow family starting with her full French dranddam who weaned off the heaviest bull calf this fall. (A maternal sister to Anjou PurePower)

Her polled Cedarlea Ultimo dam is doing what all my Ultimos do, raise damn good calves! Her first daughter 907G just weaned off 730lbs as a first calver.

As for her sire Apex, he is writing his own chapter in the Charolais book! If you want to add some top polled French influence Charolais genetics, it's your lucky year!

Another well put together GTO daughter who's eye appeal caught Chris's eye out on pasture! Her length, depth and natural fleshing ability were some of the other reasons for being picked out. ¼ French 3 generations polled and AI'd to SOS Command on April 6, 2021. Have a good look on December 11th.

**AI bred to CEE SOS Command 970G on April 6, 2021.**

**Pasture exposed to CEE RETZ Levitate 31H from April 20 - June 20, 2021.**

**Consigned by: ValAnjou Charolais Ranch**

You are going to love this bred heifer. What better a year to add "Hope" than 2021... Hope is a daughter of Legacy's Get A Copy. A bull who has worked very well for us. When Chris picked her out I didn't even want to consider it, but luckily I have a full sister this year. The Get A Copy calves are attractive, hairy, quiet and well muscled. Her mother is a big volume cow who has produced well and is one of the Boss cows of the herd. In our 2019 sale her Resistol son was our high selling yearling. Hopes breeding offers a great opportunity as we are very excited about her service sire, the Lot 1 bull from the 2021 Sparrows sale.

**Exposed to Sparrows Franco 3H from March 20 to June 19, 2021. Ultrasound confirmed for an early-mid February calf.**

A smooth polled Resistol daughter that is sure to impress. Stamped with the signature Resistol hair and that attractive Resistol head. This girl is in the top 2 white heifers to come out of the herd this year and both were very similar half sisters. The MacMillan dam has been a very productive female with a tidy udder and lots of milk. Janessa's full sister went in a package of bred heifers this year to new Charolais breeders, Eric and Rebekah LeClair at Big River Saskatchewan, and is a very promising female. This is not a female that I want to sell whatsoever, which is just how it should be for the select.

# CHAROLAIS INFLUENCE HEIFER CALVES

**BW: 86 lbs October 20th: 890 lbs**

If you set goals, this one should be at the top of your list! This is truly a heifer we shouldn't be selling, for how she combines everything you could ever ask for, in a complete and perfect package. Starting from the ground up, she has it all, awesome feet and legs, huge centered, added power and eye-catching looks.

We have little doubt this female will be a major player at any level of competition. Don't worry, she will take more than her fair share of pictures! If you want to be a serious competitor, now is the time to get serious!

Not to mention, there's a reason she got "Cupcake" as her name. She is an absolute sweetheart to be around and will be a perfect fit for ANY age exhibitor. We love her to pieces, and just hope that whoever takes her home on sale day, will love her as much as we do!!

\*\*\*If you want to show her at the Lloyd GMack & Junior shows in March, Kailey will offer her fitting and clipping skills to help get her ready on show day! Kailey will also offer her showing expertise in getting her ready for any 4-H or summer shows!

Valentine is as sweet as they make them. Right from day 1, she has come up to us and let us scratch her. I had her picked for this sale since June, because I knew she would make a PERFECT project for ANY junior to help build their confidence! She has an awesome haircoat to work with, and loves to be in the barn being combed.

Her disposition is fabulous, she sells herself on that alone. But then look at her! This sharp made female is easy on the eyes! She has the fashionable design from a profile, with the added body dimension, power, extra flex, and a soft maternal design.

She has a huge amount of potential no matter where you want to take her! Show her for a couple years, and then put her in your herd where she'll produce whatever you need her to. Show steers or high percentage breeding cattle, this one fits the bill.

\*\*\*If you want to show her at the Lloyd GMack & Junior shows in March, Kailey will offer her fitting and clipping skills to help get her ready on show day! Kailey will also offer her showing expertise in getting her ready for any 4-H or summer shows!

**Consigned by: K-Cow Ranch**

**VALENTINE**

Beyonce got lucky and got the best of both breeds. Her Galloway mom gave her great hair, a nice head and front end, and depth of body. Her Charolais sire gave her length of body and a big top. Beyonce can go in your show string and then straight into show steer production.

Attention 4H ers looking for that next show heifer and don't need a purebred, Caramel is the one for you. Caramel is an eye catching individual that will go on to make one heck of a cow. As one person said walking through the pen "that is one awesome heifer". Caramel was selected out of 52 char influenced heifer calves. She is out of a purebred Red Angus cow and SOS Gibraltar, one of our Charolais herd sires.

The Alberta Charolais Association is proud to recognize 4-H members from across Alberta and British Columbia who exhibited Charolais Influenced Genetics as their 4-H Project in 2021 with a \$1,000 credit in the 2021 AB Select Sale

## \$1,000 TOWARDS YOUR 2021/2022 4-H PROJECT

### Rules & Regulations:

- Credit is available to all 4-H members in the provinces of Alberta and British Columbia who exhibited a 4-H beef project with a Charolais Influence in 2021.
- Each member exhibiting a Char Influenced steer, heifer or cow-calf pair as a 4-H project in 2021 will receive one \$1,000 credit which can be used towards the purchase of any lot in the 2021 Alberta Select Sale. Credits cannot be combined and only one credit can be used per lot.
- All entrants must be a member of good standing and show proof of membership in an active 4-H club in Alberta or British Columbia for the 2021/22 year in a beef project.
- 4-Hers must be between the ages of 9 and 20 as of December 31, 2021 to be eligible.
- The credit holds no cash value and if not redeemed for a purchase in the 2021 Alberta Select Sale will become null and void.
- The credits are non-transferable.
- The credits can be used in a partnership situation as long as the credit holder or the credit holder's immediate family operation is acknowledged within the partnership group. Only one credit may be utilized per lot.
- Further clarification on any rule or regulation for the above promotion will be made by the Alberta Charolais Association Board of Directors, at their discretion.
- All 4-H members will be required to register at the designated 4-H Table prior to 12:00 pm, December 11, 2021 at the Red Deer Westerner Grounds.
- Due to Covid restrictions the ACA has decided to allow eligible 4-H members to utilize their credit online through DLMS for this year only. If an eligible 4-H member plans to utilize the credit online, they must pre-register by email to Deb at dcholak@shaw.ca by midnight on December 10, 2021.
- Updates can be found on the Alberta Charolais Association website at [www.albertacharolais.com](http://www.albertacharolais.com) closer to the event. Questions can also be emailed to Scott at [sugarloafcharolais@gmail.com](mailto:sugarloafcharolais@gmail.com) or Janice at [kcowranch@gmail.com](mailto:kcowranch@gmail.com)

## TERMS & CONDITIONS

### TERMS:

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

### CERTIFICATE OF REGISTRATION:

Each animal will carry papers issued by the Canadian Charolais Association, unless otherwise stated. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

### PEDIGREE ESTIMATES

Pedigree Estimates (PE) are created on the projected mating of the animal's sire and dam based on averages of the two, creating estimated values that do not hold the same accuracy of actual EPDs issued from the association and should be used as such.

### HEALTH:

All animals in the sale have met all necessary health requirements.

### GUARANTEE:

Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the appropriate breed association with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness.

### PREGNANCY INFORMATION:

All serviceable age females have been pregnancy examined by an accredited veterinarian, giving an estimated length of gestation. This

estimated gestation period shall be used only as a guideline to calving and is not a guarantee of actual service.

### LIABILITIES:

All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

### DELIVERY:

Every assistance will be given in getting your purchases home. Each animal becomes the risk of the purchaser as soon as sold.

### PHONE, MAIL, WIRE BIDS:

Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

### INSURANCE:

We strongly recommend that insurance is purchased for full value.

### ERRORS:

All announcements at sale time, written or oral, supersede any written material in the catalogue.
