## Welcome from Inc Cattle Co...

Janice & I are so very grateful to be hosting the 3rd annual Big Chill - welcome everyone. We are thankful for all the good that has come to us this past year and The Big Chill gives us the chance to share an evening with our friends and provides Janice and I with the opportunity to give back a little to those who have helped us. This year we are introducing a new facet to our sale, one that we plan to make an annual event. INC has created The Big Chill Appeal and this program will raise funds for the entire National Speckle Park community with 100% of the money being distributed as needed by the CSPA. Our 2021 donation is a sweetheart by the name of INC Small Town Girl 7J along with a Super Pack of semen from INC's finest selection of bulls.

We can't say enough about our wonderful sale guests, Johner Stock Farms, Highmark Stock Farms and KFC Farms - Thank you. As always Chris and the entire crew over at T Bar C continue to give it their all to make this sale a success and thanks to Mark and the team at DLMS as well.

And to our wonderful family, thank you for putting up with our all-consuming obsession with Speckle Parks - we love you all!

Rob and Janice Harasymchuk

## From the desk at T Bar...

Welcome to "The Big Chill" Speckle Park Sale, December 18, 2021, at the beautiful Sheraton Cavalier Hotel, Saskatoon, Saskatchewan. "The Big Chill" is the finale of the year and the headline event for the Speckle Park breed. This evening affair offers the full meal deal with refreshments beginning at 4:00, a meal at 5:00 and the most exciting lineup of Speckle Park seedstock at 6:30.

Hosted by the folks at INC, they have invited three exceptional breeding units as guests... KFC, Highmark, and Johner Stock Farm. Rob and Janice have been Speckle Park innovators since INC's inception... always looking to improve their program and the goodness of the breed. For 2021, they have added "The Big Chill Appeal" a 2021 heifer calf and a semen super pack, with all funds generated going towards the association for the promotion and progress of the breed.

To say that this is an exciting lineup of breeding opportunities would be an understatement. This offering is packed with genetic power. For those searching for your next herd sire, two exceptional opportunities are headliners... the lot 1 "Talladega" bull, unbeaten 2021 bull calf at Brandon and Farm Fair, is destined for greatness while the pick of the bull calf pen at Johner's you will find your next herd sire. The 2021 heifer calves are fancy, futuristic... the "front pasture kind." The bred heifers offered are due to calve within the next couple of weeks.

The flushes offered encompass the most prolific donors the breed has to offer. The recipients, embryos and semen will allow you to fulfill your breeding intentions before year end... enhancing your breeding program and saving tax dollars in one fell swoop!

Do not hesitate to visit any of the ranches prior the sale and view the consignments... or give them a call to discuss the offerings.

Plan to be with us for a memorable evening at "The Big Chill", just days before Christmas, whether it be with us in person, online or on the phone. During these times, feel free to give any of the T Bar C Team a call and we will be pleased to assist you in a professional and confidential manner with your selections.

A bull like INC Talladega 11J comes around once in a lifetime!! He is hands down the finest calf to ever come out of the INC program. He was Champion Speckle Park in the Jackpot Bull Show, Champion Bull Calf & Grand Champion Bull at the 2021 Manitoba AgEx as well as Legends of the Fall Speckle Park Champion & Bull Calf Champion at 2021 FarmFair - 11J has every breed taking notice.

This performance bull has an ass two axe handles wide, a top like an airport runway and more rib than a Louisiana BBQ. Beautiful extension and very smooth, Talladega's high end frame score ensures he will mature into one of the biggest bulls in the breed. The time has come for a bull like 11J.

INC Cattle Company are offering a 50% share in INC Talladega 11J which includes the exclusive Canadian, Australian, New Zealand and South American rights. INC will walk 11J and will continue to campaign this incredible bull for the new owners. The breed needs this bull!

***Selling 50% semen interest with CAN/AUS/NZ/South America rights. USA rights to follow.***

Janice and I welcome the opportunity to help the Canadian Speckle Park community, a group that has become very, very dear to us. We have made some incredible friends since becoming part of this industry and it is our sincere hope that The Big Chill Appeal continues to bolster this dynamic breed for many years to come. This year's offering includes an absolute doll of a heifer, INC Small Town Girl 7J. This fine made female promises to have a perfect udder just like her momma and 7J will be that deep, moderate framed cow that weans a calf almost as big as her every fall! Janice and I loved this calf the moment she was born - 7J is a curious sweetheart that will work in your herd for a long, long time. In addition to Small Town Girl, bring home an INC Super Pack that includes three straws each of some of the very best bulls in the INC Arsenal. INC Six Gun 428F, INC Assassin 777G & INC Goliath 747G. These straws are North American and Aus/NZ qualified. Please everyone, be generous and help us help others as much as we can at this very special time of year.

INC's Gift-Wrapped Embryos have become a Big Chill showcase and the 2021 offerings are no exception!

Of the hundreds of embryos created out of the INC program, no combination has worked better than the pairing of Star Bank Witches Brew & Premier Logic. Not only are the females of this joining absolutely fantastic, but the bulls are equally as good. These are some of the most sought-after genetics bred at INC and here is your chance to own a 2022 calf that includes an outstanding momma! This is a combination that works - let them work for you!

Janice & I had our sights set on GNK 45Z and we were fortunate to bring her home after the 2019 Ladies of the Fall sale. One of the top sellers that year, Fair Maiden boasts some really cool out cross possibilities and she is very, very correct in all facets of her structure. She is put together right, is functional and maternal. Once again, the breed needs more of these females. We've paired her with an exceptional sire, Riverhill Excalibur. On offer are two GNK Fair Maiden 45Z X Riverhill Excalibur calves nestled safely inside big momma cows and these little ones are scheduled to hit the ground February 2021. Genetics on both sides that are ready to make a difference in the breed!

Consigned by INC Cattle Company

Mix and match your Super Packs! Make 3 bull choices and pick 3 straws each from the INC sire arsenal for a total of 9 doses per Super Pack. A unique opportunity to diversify your genetics without having to purchase a huge inventory. These bulls are some of the best - a cattleman's Christmas shopping dream! Please note qualifications, genomics, where the semen is currently stored, along with pedigrees. Can't go wrong with an investment like this!

**All related shipping costs are buyer's responsibility.**

Pura Vida Alejandra 39A is synonymous with performance. This deep-ribbed female has style, grace and is very maternal. A beautiful example of a top end cow in any breed. We've paired 39A with a king and a prince, CAJA Zeppelin 1B and INC Six Gun 428F. This father-son duowereboth crowned Grand Champions and continue to influence the breed. Just think what these resulting calves could do for you.

**Stored at Bow Valley Genetics. Guaranteed one (1) pregnancy if implanted by a certified technician.**

One of the best cows to ever come out of the Pine Valley program, Elsa 3C has been paired with two uniquely-bred sires out of New Zealand. All of us are always looking for something different to add to our herds. Here is a cool out cross that promises great results. The Big Chill continues to offer new genetics!

If for some reason INC should never have another calf hit the ground, never set foot in the show ring again or have another sale, Janice and I truly believe history would remember us by a handful of outstanding cattle: Zeppelin, Willa, Six Gun, Havana, Brooks n Dunn and of course, the incredible, the magnificent Star Bank Witches Brew 16W. This cow has been instrumental in building the INC program and it is our obligation to continue sharing her genetics with the rest of the world. Take your pick from this fantastic list of embryos, any one of which could very well be "The Next Big Deal."

The first thing people say when they see Pine Valley Anna 4C out on pasture is, "Holy s\*\*t! Who is that?" Arguably the best cow to come out of the Pine Valley program, Anna completely overpowers the competition with her incredible depth and supercharged milk production. This momma cow is the best of the best, a female that will be remembered for generations. Paired with two powerhouse sires, Premier Logic & JSF Unmarked, this is an opportunity to take it to the house!

Janice and I were fortunate to purchase JKH 7Y out of the Preferred Stock Sale in 2019. No one would ever guess this attractive, dark-sided female is remotely close to 10 years old. She retains a near perfect udder, has more than ample milk production and 7Y is as feminine as they come. Another great example of Speckle Park longevity. 7Y cycles like clockwork and breeds back every year without fail. She's regal & functional, great-footed & deep. Just a fantastic cow in every respect. We've paired her with three proven sires - INC Six Gun 428F, MT Bar Eddie The Eagle 01E, and Riverhill 60W Excalibur 345E.

It was a very sad day when we lost Pura Vida Willamina 18W last year. She was a deep bodied, milking machine with a lot of style and was as smooth fronted as they come. Janice and I were lucky enough to have successfully flushed this great cow before losing her. We paired her with Premier 101Y Logic L11, Parkvale Mark and INC Six Gun 428F. Like the song says, "They just don't write'em like that anymore." A final chance to own some outstanding genetics.

JKH 10Y was another wonderful find for INC. Purchased out of the 2021 Momentum Sale, 10Y is a white powerhouse and a prolific flusher. She boasts an outstanding udder, a big top and she has a ton of hip. Janice and I really think a lot of this cow and there is a need to make more of these great females. Breeders dream of having a herd filled with cows like this. We've paired her with Unlimitedspots Grnwd Future 20F and the much sought after sire, Ravenworth Invictus 103C. Looking for something a little different? Here it is.

## *From our Customers...*

It was an absolute pleasure working with Rob & Janice and a very good business decision purchasing our pregnant recipis at the 2020 Big Chill Sale. Not only did they calve them out for us, these big strong cows raised great calves and these girls fit right into our program to be implanted again. We showed both our Six Gun heifer calves at Stockade Roundup and they placed 2nd & 3rd in an excellent class. Thank you INC for your dedication to quality and customer service.

*Art Prium*

**Peak Farms Ltd.**

KFC Farms purchased two pregnant receipts in the inaugural Big Chill sale in 2019. From those two Premier 101Y Logic L11 x Star Bank Witches Brew 16W mating we were able to get KFC Hurricane 271H which now is in our replacement bred heifer pen and KFC Hawkeye 273H, who was our top selling yearling bull to Kerkain Farms in Saskatchewan along with semen rights to Wheaton Bros. in Austrailia. Needless to say our purchases have paid off. Rob and Janice are passionate about the Speckle Park Breed and stand behind their cattle and sale offerings. You can definitely buy with confidence from the fine folks at INC.

1B is a Sailor Boy daughter and the mother to our herd bull KFC Gladiator 1G. She is a no miss cow and has yet to disappoint us. Gladiator 1G was the 2019 Bull Calf Champion at Canadian Western Agribition, as well as the 2020 Stockade Roundup Reserve Champion Bull. Her daughter Heroine 12H was the 2021 Carstairs district 4H Champion female, as well as the 2021 Summer Synergy Champion Bull. Her 2021 bull calf KFC Navigator 37J was the 2021 Summer Synergy Champion bull. This cow milks hard and her calves have a weaning index averaging 115. We would like an entire herd of cows like 1B. This is an exciting mating we are offering between her and Hawkeye 273H.

Hawkeye is a Premier Logic son that topped our sale last year at \$ 22,000 to Ker-Kain Farms. We have retained interest in him as well and we are very excited for what his future holds. With an 18 month weight at 1900lbs; he is thick and deep bodied. We bred a donor cow to him as well as AI'd and hand bred cows before he went into stud for the summer. We are happy to partner with Ker-Kain to offer this semen package for Canadian use (only). Don't miss out on this opportunity to use this bull in your herd. We are anxiously awaiting his first calf crop to come in 2022.

## Pick of the 2021 Johner Stock Farms Bull Calves

Here we go.

This is your chance to ensure that you get the first pick of the JSF 2021 bull calves.

Bulls are sold here from the time they come off the cows till the last one is left.

There will be chance to even get the pick of the calves we would be keeping here at JSF, nothing held back. The JSF bull sale book will come out around the second week in January, so the selection is to be made before then.

We might even dig deep and give the winning bid a chance at a herd bull if the opportunity presents itself.

There is a great selection of sires and combinations that have never been seen or even the opportunity to get your hands on. We have been working on a lot of these combinations for many years to give a great cross selection of genetics to choose from. Holding off the commercial customers will not be easy, but we feel there are many bulls that need to make their way into your hands.

All bulls are registered so feel free to look them up to find some pedigrees. Many of the well-known cows have had bull calves this year and two full sisters out of Unmarked's mother. Cows like Creeds Man, Whiskey, Wall Street's mother, Trade Secret's mother and many others have sons in the group.

Give us a call and we can help you out with whatever you may need.

### **Qualified for CAN, USA, AUS, NZ**

Frank is a bull we see great things with moving forward. We didn't want to put him on the market until we saw firsthand his full potential and he has not disappointed, with his first set of females to calve in the spring and many of his sons out working in commercial herds. There are some highlights, two bulls in particular; JSF Dynasty 23H and JSF Justified 36H. Both bulls used as purebred herd bulls and both headed to stand with huge potential.

Frank offers a twist in pedigree for most producers, with great figures and internal data, backed by a clean slate of genetic tests and carries the sought after leptin gene. Here is a great opportunity to step into a bull not offered on the open market and only used here at JSF. If you are looking for big testicles, great feet and legs and just a great overall appearance and phenotypically correct bull, Frank will work over and over again. Oh ya, don't forget he has two proven years under his belt with no mistakes.

34D offers up some great tried and tested genetics. In a breed that is rolling as fast as this one, it is time to work on consistency. 34D powers right to that. A proven producing female that has proven production in her live calves here in Canada and has produced an up and coming breed leader in Australia for JAD Speckle Park. The maternal power behind this female is tested and true. What a great opportunity to gather up some great genetics here. The Frank bull and the up and coming breed giant in the Stands Alone son from McMurry Cattle Co. Don't miss an excellent opportunity to get on the ground floor of two exciting combinations.

7W should need no introduction, the cow that produces breed leaders. She is the mother of one of the most influential sires in Australia, Whiskey. No matter if it has been high selling bulls with remarkable data or commercial females and steers winning carcass competitions all over the country. Not to mention Wall Street that has made a name for himself here in Canada and around the globe. She has produced many females along the way and in turn, they have made their mark as donor females as well. As we made the decision on donor cows for this sale, 7W was an easy choice. By combining these two bulls with this great female there will sure be a ton of potential down the road.

An all time favourite cow around here for sure. We were fortunate to acquire 7U from Debbie Spencer in a package of cows years ago. 7U has been a model cow around the world. A cow you can build a program around for sure. As we make decisions on breeding combinations, this one was destined for the Big Chill. A great proven cow mated to a new and exciting bull that has never been offered before. A chance to develop some blood from two proven outstanding animals.

A beauty of a cow. 19Y is another one of the proven cows we strive for here at JSF. We don't just sell embryos to sell embryos, we concentrate on proven and consistent producing females and 19Y checks all the boxes. She has proven herself, her daughters have proven themselves and her sons are proving themselves. Never before seen combination. As Frank continues to shine at JSF this will be a true producing combination.

No stranger to success, this cow just keeps impressing all over the world. She may have been a feature in last year's sale but it's tough not to offer a cow that will keep improving progeny every year. Doesn't seem to matter the sire that is selected, you can't go wrong with proven females.

## Terms and Conditions

**TERMS:** The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

**CERTIFICATE OF REGISTRATIONS:** A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

**HEALTH:** All animals in the sale have met all necessary health requirements.

**PREGNANCY INFORMATION:** All serviceable age females have been pregnancy examined by an accredited veterinarian, giving an estimated length of gestation. This estimated gestation period shall be used only as a guideline to calving and is not a guarantee of actual service.

**LIABILITIES:** All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

**DELIVERY:** Assistance will be given in getting your purchases home. Each animal becomes the risk of the purchaser as soon as sold.

**PHONE, MAIL, WIRE BIDS:** Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

**INSURANCE:** We strongly recommend that insurance is purchased for full value.

**ERRORS:** All announcements at sale time, written or oral, supersede any written material in the catalogue.

## INTERPRETATION OF Q SELECT GENOTYPES

Leptin genotype	■ CC ■ CT ■ TT	→ Increasing genetic potential related to fat accumulation, milk production, cow longevity, weaning weight, carcass composition.
PMCH genotype	■ TT ■ AT ■ AA	→ Increasing genetic potential related to fat deposition, tenderness, marbling, backfat.
IGF2 genotype	■ TT ■ CT ■ CC	→ Increasing genetic potential related to lean growth, rib eye area.
CRH genotype	■ CC ■ CG ■ GG	→ Increasing genetic potential related to stress response, hot carcass weight, rib eye area, docility.
