

CANADIAN WESTERN AGRIBITION
50TH ANNIVERSARY

National
HEREFORD
Sale

THURSDAY, NOVEMBER 25, 2021 | 6:30 PM
REGINA, SASKATCHEWAN

FROM THE DESK AT T BAR...

Welcome to the Canadian National Hereford Sale, Thursday, November 25, 2021, Regina, Saskatchewan at 6:30 P.M. as we celebrate the 50th Anniversary of Canadian Western Agribition. The National Show will follow on Friday, November 26th at 9:00 A.M.

Canadian Western Agribition was the dream of a handful of progressive Hereford breeders which became reality and has grown into one of the largest livestock expositions in the world. The idea came to fruition by Chris Sutter and Jim Lethwaite driving back from the National Western Stock Show in Denver with this comment – “We should do something like that in Canada” ... the rest is history. Although there are many national shows around the globe, there is only one Agribition and that CWA logo in every picture is a seal of the high quality of Canada’s livestock known worldwide.

No doubt the task of breeding superior seedstock is not simple as success requires, diligence, dedication, and years of selection... a process that is endless. The success of the Hereford Show at Agribition for the past fifty years must be credited to the progressive breeders and their programs which attract visitors and customers from around the globe. In this 50th Anniversary, visitors will be treated to view the finest lineup of Hereford seedstock that has ever walked the tanbark in Regina.

The sale offering is a complete reflection of progressiveness of the breed. These sale packages will be a part of molding the breed in years to follow. Since the sale is the evening prior the show, you will have an opportunity to select from an offering that have a competitive nature, and many will go on to be front pasture females and donors. The embryos, semen and flushes are those of cutting-edge genetics. We must thank Chris and Tina for their donation heifer to celebrate the 50th, a very kind gesture from two special people.

Plan to be a part of history as we celebrate the 50th year accomplishment of this great breed at Agribition, whether it be with us in person, online or on the phone. During these times, feel free to give any of the T Bar C Team a call and we will be pleased to assist you in a professional and confidential manner with your selections.

SALE MANAGEMENT

T Bar C Cattle Co. Ltd.

PO Box 2330, Warman, SK S0K 4S0

Office: 306-933-4200 • Fax: 306-934-0744

info@tbarc.com • www.tbarc.com

TERMS AND CONDITIONS...

TERMS: The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer’s decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

CERTIFICATE OF REGISTRATION: Each animal will carry papers issued by the Canadian Hereford Association. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

HEALTH: All animals in the sale have met all necessary health requirements.

GUARANTEE: Each animal becomes the purchaser’s risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the Canadian Hereford Association with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness.

PREGNANCY INFORMATION: All serviceable age females have been pregnancy examined by an accredited veterinarian, giving an estimated length of gestation. This estimated gestation period shall be used only as a guideline to calving and is not a guarantee of actual service.

LIABILITIES: All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

DELIVERY: Assistance will be given in getting your purchases home. Each animal becomes the risk of the purchaser as soon as sold.

PHONE, MAIL, WIRE BIDS: Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

INSURANCE: We strongly recommend that insurance is purchased for full value.

ERRORS: All announcements at sale time, written or oral, supersede any written material in the catalogue.

Tom Lees, Arcola, Saskatchewan was one of the founding members of Canadian Western Agribition. Fifty years later, it is only fitting that his son Chris Lees is the current President. In celebration of the 50th anniversary of Canadian Western Agribition, Chris and Tina Lees, C & T Cattle Co., have entered a registered 2021 heifer calf into the Canadian National Hereford Sale. They are graciously donating 50% of the funds to STARS Air Ambulance, Regina and 50% to the Allan Blair Cancer Centre. As many of us are aware, both Chris and Tina have struggled over the past with health issues and have deep appreciation for the efforts of Stars and the folks at the Cancer Centre.

The heifer, C&T 13C Catalina 65J, born March 24, 2021, is royally bred being a daughter of ANL 17A High Tech 216U 13C and going back to the highest revenue earning cow family in the breed, the Catalina's.

Tempress was made for the Agribition sale. She has already been named Reserve Female at her first show! Her Dam was Reserve Grand Champion in 2015 and her Sire was Reserve Grand Champion 2019 at Agribition. If you are looking for that show heifer that can compete in the show ring or pasture add a female from the Tempress cow family.

Ms Lady Church 51J is a very interesting heifer calf, both genetically and phenotypically. Be sure and study her pedigree all the way through, as it is stacked with great ones!! She is sired by the OKC Supreme Champion and CWA Champion and top 10 finalist Haroldson's United 33D 36G. Her Outcross dam was our pick from the Churchill female sale at \$21000 a few years back and is proving to be one of our leading donor females in our ET program. She is made so sweet, right from front to back. She is long in her stature, bold in her rib shape and big in her hip making her very well balanced and correct. A matron in the making, Ms Lady Church 51J will add value and production. We would like to retain a future flush in this amazing female down the road, at our cost and your convenience.

The 50th anniversary of Agribition is something our family holds in the highest regards. We are fortunate enough to be one of the families that have shown at this show every year since inception. We knew we needed to dig deep and bring the best to the National Hereford Sale. 59H is one that we think very highly of. Christin showed this heifer very successfully all summer and we never intended to sell her but Poley did some arm twisting. Destiny 59H is one that I'm sure will hit the donor pen early in her career. The Excaliber females look to be extremely good, we expect phenomenal udders and milk flow. This heifer is not only colored and marked well but she's deep made, stout muscled and tremendously sound made. Her Diablo mating will add value.

Bred to NJW 103Y 174X Diablo 156C on May 16, 2021.

This is our first Agribition sale entry and we feel the wait was well worth it. Just a mid-March calf and sired by Haroldson's United, she puts all the pieces together. Her dam is a very hard working cow who has done an exceptional job in extreme drought conditions this summer. With an actual weaning weight of 566 lbs on Sept 24, she has extra performance, length of body, spring of rib and natural muscling that is consistent in all of our United sired calves. The United calves all seem to have excellent temperaments and this heifer is no exception. She would make an excellent junior show prospect as Chloe has been working on her, but we are also confident she will work once in production.

We always knew we'd love to put a female in this sale, and given this years circumstances we are very proud and excited to offer one of our all time best heifers to purchase.

GRLZ Aimee 42J's pedigree is lined with longevity and she holds the admirable balance between performance and maternal capacity. When purchasing her sire "Pete" we appreciated many aspects of the bull and were impressed by his presence. What really sold us on him though is when we saw his mother! We thought, "if this bull can throw daughters like his mother, we are set to have an amazing group of females."

This heifer's mother, Amiee 420Y, is a cow bound to captivate your audience as soon as you enter our cow pen. She is a broody, structurally sound, high-performing cow.

We trust GRLZ Amiee 42J will deliver for her owners in whichever herd she will call home.

 HEREFORD GRLZ**

CHOICE LOT

This was a hard decision to make, but one that represents our program and what we are tenaciously working towards. The Empower calf crop rose to the top at our place this year, leaving us with a powerful set of bulls and females in both our purebred and commercial divisions. We are offering the choice of our “cream of the crop” of heifer calves, all three being Empower’s. These three ARE our best, and we take pride in offering choice of them. We reserve the right to a future flush on the chosen female at the new owner’s convenience and our expense.

**CONSIGED BY
TORCH VIEW CATTLE CO.**

1J is a special one; the first Empower female born on the ranch. Massive and bold in her design, yet refined through her skull and front third, she is destined to make the “cornerstone cow” all day long, and she’s got one of our strongest cow families to back her.

The beauty from day one, and a farm favorite as well. Carissa still says "I have no idea why we are offering her for sale, she's just the best". It will be hard to let her go, but we know she would do her new owners proud. Class, balance, hair, and show ring presence; she's got all the pieces.

NEW ERA LADY 153J

153J is Matt's favorite. She may be a bit younger, but man is she a bombshell! So elegant through her front third, yet big through her middle. Her end game is as a bred female and cow, we feel she will just continue to get better with time. She is truly the type of female we strive for.

It is with great excitement that we offer you the opportunity to flush this powerful, proven Rimrock daughter. Rimrock has been gaining in popularity and the biggest reason are his daughters in production....flawless in udder type! Reva 32F's first daughter just recently sold in the female sale for \$16,000 to River Valley in Ontario. She currently has a tremendous Endure heifer at side now. Reva was Grand Champion Female as a yearling at Bonanza 2019 in Weyburn. In 2021, she was Mature Cow/Calf Champion at Bonanza in Camrose. Her mother, 1C was Senior Champion Female at Agribition in 2019 as well. This is a female with a bright future here and one thing we are finding out is you can never have too many Rimrock daughter's around.

Seller guarantees six(6) frozen embryos. If more than six, they all belong to the buyer. If less than six, the selling price will be pro-rated back accordingly. One-half payment due sale day and balance due upon confirmation of embryo's. Buyer pays all costs related to flush

EXR Primrose 4126 ET has rapidly become one of the most prominent Hereford donors in the US. Her progeny continue to be some of the highest quality and most valuable cattle because of their mass, power and added dimension combined with next level eye appeal. Her daughters were a highlight of the recent Express Ranches Hereford Event commanding values up to \$20,000, \$28,000, \$31,000 and the sale topping heifer at \$55,000. Polzin Cattle and Express Ranches look forward to working with you sending these genetics up North. Feel free to give Chris or Miles a call to talk about matings or anything we can do to secure semen from any US sires, including the Express Ranches elite Herd Bull battery.

IVF cycle includes a guarantee of 8 exportable embryos, with buyer receiving everything produced. This is the buyers opportunity to receive an IVF cycle to the bull of your choice. The IVF work will be done at Polzin Embryo Center through Boviteq/Semex making Canadian Export a simple process. Buyer pays flush costs.
