

CANADIAN WESTERN AGRIBITION
NATIONAL // // // // // // // // // //
SPECKLE PARK

SALE

NOVEMBER 24, 2021 AT 3:30 PM | REGINA, SASKATCHEWAN

From the Desk at T Bar...

Welcome to the Canadian Western Agribition 50th Anniversary and the Canadian National Speckle Park Show and Sale, Wednesday, November 24, 2021, Regina, Saskatchewan. The National Show starts at 8:30 A.M. with the sale at 3:30 that afternoon.

When Agribition began, the breeding and building of this great Speckle Park breed was in its infancy but the breed celebrates the 35th year since the formation of an association and the 15th anniversary of being recognized as a distinct beef breed under the Livestock Pedigree Act. Congratulations to the Lamont Family on their induction to the Saskatchewan Agricultural Hall of Fame and their fore-sight and work in the early stages of Speckle Park.

This the National Show is truly an international event for Agribition and the breed. Over the past decade or so, this true Canadian breed has caused excitement and developed worldwide markets around the globe... pretty much... right in the feed alleys of the Canada Centre.

To say this is a great offering for sale would be an understatement... they are outstanding, exciting, and filled with opportunities for front pastures and paddocks around the world. Whether you are looking for that next great donor female or a junior heifer that will be competitive and then go on and produce competitive progeny for your front pasture. The frozen genetics through, semen, and embryos, are matings that will propel your breeding program forward in years to come. Most importantly, this lineup of future stars is being presented by the leading breeders of the Speckle Park breed... a breed for the young and the young at heart! We, at T Bar, are honored to have assisted in the success and growth of the breed.

Plan to be a part of history as we celebrate the milestones which have been achieved, whether it be with us in person, or online. During these times, feel free to give any of the T Bar C Team a call and we will be pleased to assist you in a professional and confidential manner with your selections.

See you in Regina,

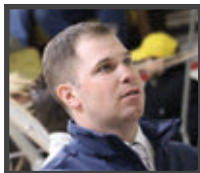

Chris Poley

4:00 pm RBC Beef Supreme Challenge

////////// CONSIGNED BY: UNDERHILL SPECS

We have drove many miles, over many years across Canada to scout these breed leading matrons. Their annual value to our program is invaluable, but there comes a time when you need to release high caliber females to populate and move the breed forward. This is an opportunity for Speckle Park breeders to show other breeds what big time females are worth. We ourselves would have a hard time picking one of these females over another, as they are all structurally incredible and their production output second to none. In our herd we track 'lifetime profitability per cow' and you will see that posted with each female. Keep in mind this number varies based on heifer calf vs bull calf offspring and whether the cow has been flushed before. We feel strongly, that each of these females can easily output another \$100,000 in gross profit for the new owner(s). If you're an international buyer, talk to us about housing and flush services. Underhill SPECS will handle all international donor permits required.

If these 5 females don't turn you on, then take your pick of our entire herd. Options to select old legend genetics such as the famous Ferrari 27X and Wynter 26W – YOU PICK. We thank you very much for considering this opportunity!

**LOT 101A
PICK OF TOP
FIVE COWS
OR
ENTIRE HERD**

DIAMOND K RANCH DEBUTANTE 4D

2016 MODEL

Registration: 6722-PB Tattoo: DKR 4D Current weight: 1720lbs

Sire: P.A.R. Mr Universe 66U Dam: River Hill Step'n Out 05S

Lifetime profitability to-date: 4 reg progeny + 6 embryos sold = \$42,800

We purchased Debutante as a heifer calf and man did she develop into something special for our program. After her 1st calf, we decided to break her and she went on a 2-year undefeated show streak with her calf at side here in Eastern Canada. Debutante 4D was crowned Grand Champion female many times. Her calves are consistently in the top 5 WPDA at weaning annually. This cow is proof that an elite show cow can also be an elite production cow.

Confirmed breeding for 2022: Due January 28th to INC Night Raid 64G

DORIS OF UNEEDA 151D

2016 MODEL

Registration: 6472-PB Tattoo: WES 151D Current weight: 1820lbs

Sire: Uneeda Xavier 6X Dam: Wyona Of Uneeda 151Y

Lifetime profitability to-date: 4 reg progeny + 6 embryos sold = \$44,800

Purchased as a bred heifer, this cow came out of the gate strong on 1st lactation and has a picture perfect udder. Her 1st heifer calf sold for \$14,000 and her 2020 bull calf sold to KFC Farms this past spring. Doris is an extreme cow in her extra leg and extra length. The breeding to Night Raid will moderate her offspring, while retaining her style and eye appeal.

Confirmed breeding for 2022: Due February 6th to INC Night Raid 64G

CODIAK WHY FIDDLE GNK 108D

2015 MODEL

Registration: 5289-PB Tattoo: CCCC 22C Current weight: 1550lbs
 Sire: Codiak Tycoon CAT GNK 12Z Dam: Codiak Fancy Face GNK 46Z
 Lifetime profitability to-date: 5 reg progeny + 0 embryos sold = \$41,500
 Purchased with a group of heifer calves, Chanel 22C quickly climbed the top of that group and then to the top of our herd. Several breeders have commented they have not seen an udder that good in the beef business. So we decided to break this cow last fall and sure enough she went out and beat the undefeated streak of the Debutante 4D cow this year – well that day anyway. Both cows need to make their debut at CWA one day soon. Chanel is bred to the hottest outcross bull in the breed – Gotcha 7G.

Confirmed breeding for 2022: Due January 5th to Splash of Black Gotcha 7G

CODIAK SHZ MY SISTER GNK 69B

2016 MODEL

Registration: 7396-PB Tattoo: GNK 108D Current weight: 1680lbs

Sire: A & W 15R Dam: Codiak Teressa GNK 12T

Lifetime profitability to-date: 3 reg progeny + 2 embryos sold = \$24,600

Purchased out of the Codiak show string as a bred heifer, this 15R daughter is wide muzzled and wide pinned. Her calves typically carry that marketable white head, so excited to see what comes from breeding her to the solid black Night Raid bull. A very popular cow with Aussies when they tour!

Confirmed breeding for 2022: Due January 7th to INC Night Raid 64G

COLGAN'S CHANEL 22C

2014 MODEL

Registration: 5194-PB Tattoo: GNK 69B Current weight: 1500lbs

Sire: River Hill 26T Yager 99Y Dam: Codiak Ure Okay GNK 10U

Lifetime profitability to-date: 3 reg progeny + 0 embryos sold = \$31,500

SHZ My Sister was purchased as an open heifer and has done nothing but prove herself here. Her daughter US Addition 2G just topped our 2021 female sale at \$17,250. And bred early to the 2-time CWA division champion All Out. Moderate frame cow, with wide pins and that Yager milk tank!

Confirmed breeding for 2022: Due January 28th to US All Out 1D

////////// CONSIGNED BY: UNDERHILL SPECS

If you missed the pick of our top 5 cows, this is your chance to capture frozen genetics from two of them. Debutante 4D and Doris 151D – two grade A exportable embryos from each female, both joined to the now deceased power bull River Hill Excalibur. Package of 4 embryos exportable to CA, USA, Brazil and Australia. The offspring from these combinations will carry significant value in any market. We thank you very much for considering this opportunity!

This heifer calf is hard to let go. We have retained a number of females from this cow family and would have gladly kept this calf back as well. Her sire Codiak End to End has added frame and length to his calves. 35J is no exception. She profiles beautifully and has plenty of rib shape and middle. The boys showed her this July at Summer Synergy; her temperament is very sweet. We showed her full sister last year at Stockade Roundup and she won Reserve Champion Female. This calf is every bit as good as her sister.

This moderate framed flashy heifer is off of a first calver that goes back to the River Hill Spanish Angel 5S donor cow. 15J's mother is a beautiful uddered, good footed young cow. Guardian 43J was shown alongside his mother at Agribition in 2019 and won champion bull at Manitoba Ag Ex, Brandon MB that year as a calf as well. 15J is stout, with loads of hair. She is free moving and will become a really nice mature female.

Cinder is a big bodied female with lots of eye appeal. Cinder's dam is a big volume cow that gets noticed by everyone that comes to the farm. She has an excellent udder and a great track record producing top quality offspring. Cinder 8J's full sister was the Champion Intermediate Heifer Calf at Lloydminster Stockade last year. Her sire, Digger leaves them thick and with lots of hind quarter. Digger was the Reserve Champion Bull at Manitoba Ag Ex and placed 2nd in his class at Agribition as a two-year-old. Now deceased, and with very limited semen in the tank, these Digger calves are limited commodities.

Here is a heifer that draws in everyone's attention. She is a square, thick, correct made, young female with eye appeal in spades. A full sister to Journey sold in the Homecoming sale last year. Her sire, Dingo, really puts his stamp on all his calves and is a bull that needs to be seen in the flesh to really be appreciated.

Jewel 2J is one of the best to come out of our program thus far. Her sire was the Reserve Champion Bull at Farmfair and CWA in 2019 and her dam is a really maternal made, big ribbed female who has just started to make an impact in our program. She perfectly combines great structure and rib along with the pretty look we all strive for. Jewel will be the cow you want everyone to see in your front pasture!

//////////////////// CONSIGNEE BY: HALES CREEK FARM

We are honoured and proud to be a consigner to the Speckle Park sale. Thank you to T bar C and sale organizers for this opportunity. We introduced Speckle Park to our commercial Simmental operation using black cows & heifers. We were impressed with the disposition and vigor of the offspring plus meat quality. We first purchased embryos and then females from purebred sales expanding to have 12 plus calving this spring.

Jewel has been a standout since birth. Even though she was a favorite we decided to offer her at our very first Agribition sale. Her dam ticks all the boxes easy keeping excellent udder, milk and feet as well as a great disposition. Her sire Trade Secret is a great heifer bull producing daughters with great udders and milk.

We look forward to her and her dam showing at Ag Ex and Agribition. To all buyers international or otherwise we offer to take her home and care for her at feed cost and expenses provided you have her insured.

Since it's the 50th Anniversary of CWA we knew we had to bring the best lot we could come up with. Nothing more fitting than an embryo combination off our most proven cow hands down. 70E is highly decorated and her production record speaks for itself. The Future offspring have been extremely impressive, admired for there eye appealing look, added neck extension, ample muscle expression, extra heel and fluent structure. This mating should without a doubt result in "big time" genetics. Talk about a 50th Anniversary opportunity...here it is.

Qualified for USA, AUS, EU.

Guaranteed 1 pregnancy per 3 embryos, if implanted by a certified technician.

Embryos stored at Davis Rairdan Embryo Transplants Ltd., Crossfield, AB.

Storage, shipping and insurance fees are the responsibility of the purchaser.

SPI Donor Permit is in place for Wren of P.A.R. 70E.

Wren of P.A.R. 70E Accomplishments:

-2019 Stockade Roundup Grand Champion Speckle Park Female

-2019 Champion of the World Speckle Park Female

-Daughter "Greenwood Goddess DJP 70G" sold for \$14,000 at the 2019 Agribition Sale

-Son Greenwood Headliner 71H was crowned Grand Champion Speckle Park Bull Calf, Grand Champion Speckle Park Bull, King of the Ring Speckle Park Bull & a Top 4 finalist in the All Breeds Supreme Show at Stockade Roundup 2020

-Son Greenwood Hero 70H sold to Purebred Breeders Little Sandy Acres

-70E embryos have sold for \$2500/embryo, \$1700/embryo, and \$1650/embryo

Goddess - Daughter of 70E

Headliner - Son of 70E

Embryos are qualified for Australia, New Zealand, and North America. Resulting calves are eligible to be registered as purebred. 100K SNP panels have been completed on the sire and dam and are stored at Neogen Canada. Delivery and storage fees are the responsibility of the purchaser and are stored at Heartland Veterinary Services Listowel, Ontario. Two (2) packages of three (3) of Grade A embryos offered. Guarantee is one (1) pregnancy out of each lot if implanted by a Certified ET Technician

This mating combines two great genetic lines in the Speckle Park breed. JSF 11Z is a maternal sister to JSF Trade Secret 11A currently owned by Semex. His influence on the breed has been well documented in Australia, NZ, and Canada. 11Z is one of our foundation females and each year her calves have impressed us. She is thick, well balanced and feminine with a super udder and an abundance of milk. End to End 802E is a son of Oscar GNK 8S a bull who is a cornerstone to many great cow families. End to End 802E is at KFC and being used extensively in their program. These embryos include the best genetics from Codiak, JSF, Riverhill, Spots n Sprouts, and Stayls.

Of the hundreds and hundreds of embryos created out of the INC program, no combination has worked better than the pairing of Starbank Witches Brew and Premier Logic. Not only are the females of this joining absolutely fantastic, but the bulls are equally as good. INC Black Tie was the high seller at the 2021 Leading Edge Sale and the great KFC Hawkeye, high seller at the 2021 KFC bull sale, is a product of these two magnificent animals as well. These embryos are some of the most sought after genetics bred at INC. This is a combination that works - let them work for you!

Qualified for Can, US, EU, Aus, NZ & are stored at Bow Valley Genetics. Guaranteed one pregnancy if implanted by a licensed & qualified technician.

Calico Creek Exclusive 11E is a cow I think extremely highly of and she is the first in line to her dam, Petula's, throne. The mating of Putnam to Petula has been referred to as the "super flush" and Exclusive and her flush mates make it easy to see why. On the sire side of these embryos is a unique bull with a bright future here at Calico Creek. Hammer 33H offers some hard to find genetics and should be a tremendous cross over Exclusive.

Stored at Swan Valley Vet Clinic, Swan River, MB

TERMS AND CONDITIONS

TERMS: The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

CERTIFICATE OF REGISTRATIONS: A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

HEALTH: All animals in the sale have met all necessary health requirements.

PREGNANCY INFORMATION: All serviceable age females have been pregnancy examined by an accredited veterinarian, giving an estimated length of gestation. This estimated gestation period shall be used only as a guideline to calving and is not a guarantee of actual service.

LIABILITIES: All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

DELIVERY: Assistance will be given in getting your purchases home. Each animal becomes the risk of the purchaser as soon as sold.

PHONE, MAIL, WIRE BIDS: Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

INSURANCE: We strongly recommend that insurance is purchased for full value.

ERRORS: All announcements at sale time, written or oral, supersede any written material in the catalogue.
