

D&N LIVESTOCK

COMMERCIAL ANGUS BRED FEMALE SALE

410 COMMERCIAL
ANGUS FEMALES SELL!

DECEMBER 14, 2021 1:00 PM
AT THE FARM - PEEBLES, SK

WELCOME

The roots of D and N Livestock Farm Partnership was initiated years ago when Clarence Kerslake and his son's Neil and Ken purchased the "Furtan Farm" in 1970. Neil and Agnes married in 1971 and moved onto the farm, the home base of D and N today.

The farm operated as C.A. Kerslake + Son's for 30 years, which then divided as the next generation showed interest in farming. In 2003 Dave and Terri (one of Neil/Agnes daughters) joined the farm. Together we had 130 cows and 300 ewes. In May 2003 Dave and Terri purchased the cow calf pairs and the next week BSE hit! It was tough sledding for a few years. The farm began to expand, shifting into a predominantly cattle operation over the years. Dave's interest in AI strongly influenced and expanded the herd to black. Now generation number four is starting, hope they have as much fun as we had!

We have taken the initial herd of 130 cross bred cows to 1300 high percentage Angus cows. They are bred AI to highly proven Angus bulls in their first cycle and in the last few years they have used sexed heifer semen to develop even more females. The cow herd and bred heifers are heavily influenced by EXT, Sitz Alliance, Net Worth, Density, Resource, Renown, Bismarck and Final Answer. All cows get estrous alert stickers on day one and are bred on natural heat detection for a period of 21 days.

The main cow herd of 1300 cows graze year round. We begin calving April 15, at which time the cows are turned out on stock piled grass and fed one load of silage a day to receive mineral. They rotate through quarters until they arrive home for a 21-day AI period near the end of June. In the fall, we graze on our own stubble as well as having agreements with several neighbours to graze theirs until Christmas. The cows will then start into 300 acres of corn in the New Year.

The heifers are on feed until their 21-day AI period. As they are bred they are turned out to pasture. They will continue on pasture until preg-check time around the middle of September. They graze until the grass has run out.

The AI program this year seen heavy use of SAV Rainfall 6848, the \$475,000 Charlo, 4136 son selected by select sires and Square B. Rainfall is now deceased and in high demand. He has the calving ease for heifers, the performance of a power bull, and docility that is unmatched. He exemplifies the production and function aspect tremendously well. In his first set of heifers that have had a calf show the perfect udder conformation and built on a sound set of feet, with the ability to raise calves that produce pounds. Just have a look at the females on offer and you will know why we are excited about this sire! We have never bred this many head to one bull before, around 90% of the cattle are serviced to Rainfall. There will also be services to SAV Angus Valley and JL Renown 7110.

We offer the opportunity to purchase all future heifer calves back out of the heifers you purchase.

Sincerely,

The Rajotte Family

D&N LIVESTOCK

COMMERCIAL ANGUS BRED HEIFER SALE

DECEMBER 14, 2021 • 1:00 PM
AT THE FARM • PEBBLES, SK

410 COMMERCIAL ANGUS FEMALES SELL!

190 bred to calve in March
80 bred to calve in January
& 50 second calvers

Selling in groups of 5 -10.

If you are interested in a smaller number,
contact Dave Rajotte privately.

FROM THE DESK AT T BAR

The crew at D&N have really brought you a group of cattle this year that are darn special in so many ways. The females offered in this sale carry as much reputation and homework as any set of heifers in all of western Canada. To touch a little farther on that note, where do you find as many sisters, by some of the most popular AI sires known in this much volume? One answer, you don't! Only here at D&N on December 14, 2021.

Daughters by Bismarck, Density, Resource & Rainfall lead the charge, but please make note and check out how many heifers are bred to the now deceased Rainfall. Rainfall has proven to be the go to calving ease 4136 son who is replacing Final Answer. His offspring are thick, nice headed with a look. Definitely watch for heifers carrying his service or sired by him. Of course there are many options of the JL bred cattle available as well. The Johnson bred cattle stand the test of time and the Rajotte family have been known to buy the best JL bulls in their sale over the years to make up this very solid set. The JL brand of cattle will go down as some of the most popular cattle ever bred with their dispersal last year being one of the greatest cow sales in Canadian Angus history. The T Bar team are very knowledgeable about these heifers and would be excited to work with you on obtaining a pen of them as we know you'll love the quality of the stock. Also included in this year's sale are some very interesting pregnancies off the top of the newly acquired donor females here at D&N. Last fall this program vigorously stepped out and purchased some breed leading females. 5110 was one of the highlights of the JL dispersal and Mercedes 717C ties everything you'd ever want together in a donor female. A true highlight to this sale and to show the depth of what the purebred program is becoming here at D&N. Please also pay attention to the semen lots offered, some of our favourite bulls are ready for your breeding purposes.

To conclude, this is one of our favourite sales of the entire season. This large volume sale is consistent in quality and it's worth the drive to see. The Rajotte crew stand behind their cattle and do a fantastic job as a family presenting you this marvellous offering of Angus cattle. We highly encourage your involvement with this progressive outfit and please contact any of us listed to help get some of these cattle working in your program.

For the entire D&N team,
See you south of Peebles,

Ben Wright

JL HENRIETTA 9016

Bloodline, the popular and high selling Rainfall from the 2020 SAV sale. Bloodline is backed by 2369, who has produced multiple high selling bulls. JL Henrietta 5334 is the kind of cow that displays what you're looking for in an Angus female. If you haven't had a chance to look through the bull calves, have a look at her calf D&N Growth fund 42J. She has power and calving ease capabilities.

Here is your opportunity to purchase semen from some of the greatest bulls in the industry. This semen is only getting harder to find.

S A V AMERICA 8018 X S A V EMBLYNETTE 3293

BW: 2.4 WW: 84 YW: 137 Milk: 19

American Made embodies the 3 "P's" power, performance and phenotype. He's an easy fleshing bull with massive volume and dimension in a sound structural package. His Density dam is a fifth-generation embryo donor in the SAV program. She is also the dam of S A V Territory, the \$230,000 lot 1 bull in the 2018 SAV sale.

VIEW THE CATALOGUE ONLINE AT WWW.BUYAGRO.COM

NOTES:

TERMS & CONDITIONS

Terms:

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

Certificate of Registration:

Each animal will carry papers issued by the Canadian Angus Association. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

Health:

All animals in the sale have met all necessary health requirements.

Liabilities:

All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

Guarantee:

Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the Canadian Angus Association with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness.

Pregnancy Information:

All serviceable age females have been pregnancy examined by an accredited veterinarian, giving an estimated length of gestation. This estimated gestation period shall be used only as a guideline to calving and is not a guarantee of actual service.

Delivery:

D&N Livestock will deliver if 40 or more head are purchased. Each animal becomes the risk of the purchaser as soon as sold.

Phone, Mail, Wire Bids:

Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

Insurance:

We strongly recommend that insurance is purchased for full value.

Errors:

All announcements at sale time, written or oral, supercede any written material in the catalogue.
