**ONTARIO STOCKYARDS INC.**  
**COOKSTOWN, ONTARIO**

### FROM THE DESK AT T BAR C

What an exciting event we have lined up for this years EE sale. The central location of Cookstown is a perfect setting for this Central Ontario sale that has a long history of heritage to it, tracing back to the legendary highlight sale founded by the famous Bailey boys of years past.

Those deep history roots have been installed into this generation of breeders, who are offering the best from their respective operation. The bred cattle in this years offering are mouth watering. Over 95% of the bred cattle carry an industry leading AI sire breeding, along with being AI sired themselves. The genetic opportunity with these young females is tremendous, and we encourage your attention to the detailed breeding of this sound group.

Of course as always the heifer calf portion is a sale feature, with this year being very deep in quality. The show string heifer calves are here in this sale, with again no Royal and therefore no Royal sale, the cream of the crop are here. Extremely fancy and made right babies that have their whole life ahead of them standing in front of backdrops and front pastures. Also included in the offering are a couple of pound crushing bull calves that are from the top of their calf crop, so you can get your bull shopping done early .

Again, as always if you need any assistance please contact any of us at T Bar and we will be happy to assist in any way. But please remember, this is a super fun group of consignors to hang around with, and that focus strictly on producing the best Angus cattle possible. So if timing permits, we encourage you to come view this fantastic set of cattle on offer.

See you there,

This Attractive heifer calf is not only sound and structurally correct but she also possesses great eye appeal! 7J is long spined, deep ribbed and extremely quiet. She is out of a cow we bought years ago from Luc Noiseux and that female is a never miss animal and still in the herd today. This heifer calf will make a great junior project and will go on to be a foundation cow for the new owner.

It is very hard for me to sell this one as she is out of my old 19W cow, who a lot of the time I like more than Scott! WLL 24H is a Schiefelbein Attractive out of a powerful, never miss Emblazon cow that goes back to a cow that Ross Bailey gave us as a wedding present! This cow is also the mother of WLL Galaxy 28G, a bull calf we sold to Merit Cattle Company two years ago. This bred heifer is stout made, deep bodied and wide based and is sure to be a great asset to any herd. She is bred to Musgrave Colossal on April 9th and due to calve January 16th. Don't miss out on this great opportunity!

Here's an opportunity that could create a lot of excitement for the successful bidder on sale day! Shakura 4Y has done nothing but great things for us here and we are offering up the opportunity to purchase a flush to be done here in the spring of 2022. As shown in the support photos she has had many high sellers that have done great things for their new owners including Worth-Mor Shakura 5E that has been Supreme Champion Female at the two biggest shows in Ontario this summer!

Terms: Flush will be done spring 2022 to bull of buyer's choice. Buyer will be responsible for semen and flush costs. No cap on number of embryos and we will guarantee 6 freezeable/viable embryos!

We really like how this heifer carries her body, yet still maintains her femininity. Good udder, and a sound profile with a nice disposition. We have several Janalynne females in our herd here at Willowside.

AI bred to Premier Fusion 809F on April 6, 2021. Preg checked safe to this service.

Offered By Willowside Farms

Rob Roy Allegra 21H is a strong, well structured bred heifer with lots of potential in her future. Her dam goes back to Glen Islay genetics and has consistently left us with great calves every time. Her sire came from LLB and has had a very positive impact on our herd. Rob Roy Allegra is a slightly younger model but has had great natural growth with lots of length and depth and also has a very quiet disposition. A chance to acquire a great female on this consignment.

AI bed to Sydgen Enhance on April 7, 2021. Pasture exposed to Rob Roy Master Chip 7H from April 26 to July 15, 2021. Preg checked safe to AI conception date.

With Musgrave Stunner semen getting harder or impossible to find, this may be one of the few opportunities to procure a Stunner offspring. Rob Roy Blackbird 1H has a quiet disposition, will make a great addition to any cow/calf operation, and with her pedigree was very hard to commit to the sale. Her dam has produced many quality calves for us. Do not miss the opportunity and look for her on sale day.

AI bred to the popular 5T Power Chip bull on April 7, 2021. Pasture exposed to a son of 5T Power Chip, Rob Roy Master Chip 7H, from April 26 to July 15, 2021. Preg checked safe to AI breeding date.

Lot 36

Well, right out at the heart of our herd here at Willdina Farms is Willdina Liberty 61F who is a Harvester that is totally balanced with an outstanding mammary system. Very youthful. She goes back to Royal Miss Liberty DRCC 7017T. When Ben Wright came to the farm, he picked 153J, she is a Natural Law calf. He then asked to see her mother, and wanted both of them. This leaves a big hole for us, but I like buying good ones. So we sell the best too. When we were at Popular Meadows we decided to use Executive Decision this year.

AI bred to PM Executive Decision 5'17 on April 5, 2021 and is preg checked safe to that service.

Offered By Willdina Farms

Here is a powerhouse female that is going to take the front row in the donor pen. Beth is the daughter of the former Canadian Western Agribition Supreme Champion EF Titan 545, and out of a beautifully uddered American Classic female that we purchased from Cavanbrook Angus. You really have to admire this calf for her overall depth and thickness. This calf is stout, soggy but maintains absolute soundness. She has been admired by all that have toured the pastures this summer.

A very attractive daughter of the former Canadian Western Agribition Grand Champion EF Colossal 520. You really have to admire Bonnie for her length of rib and extension throughout. The maternal potential of this female is endless having the great EXAR Blackbird 5877 in her bloodline. Blackbird needs no introduction, a female that produced back to back CWA Grand Champion Angus bulls Titan and Colossal. To top it off Bonnie is bred to SAV Headwaters a bull with incredible performance, stunning phenotype and maternal excellence. A really neat package that you don't want to miss sale day.

AI bred to SAV Headwaters 8019 (sexed female semen) on May 26, 2021. Ultrasound preg checked safe to the AI date.

*Offered By* Hawthorne Farm

Over the last few years we have put on many miles trying to build our cows around functional cattle that thrive in various conditions. When you analyse this easy keeping and functional daughter of the out cross SITZ Payweight 741E you have to appreciate the brood cow potential she has. On paper, her maternal lineage is stacked top and bottom with famous cow families, so expect her to carry on her Pathfinder dam's maternal tradition.

AI bred to S A V Rainfall on March 25, 2021. Ultrasound safe to this mating at 60 days. Pasture exposed to Coleman Renown 763 from April 24 to August 1, 2021.

When you get the chance to add illustrious S A V genetics in functional packages, jump on the chance! Combining the Madame Pride and Emblynette legacy in this young female leaves you with a solid foundation to mate to and build from. Built to last and bred to perform, look for iconic Angus character to shine through in this female's potential.

AI bred to S A V Rainfall on March 25, 2021. Ultrasound safe to this mating at 60 days. Pasture exposed to Coleman Renown 763 from April 24 to August 1, 2021.

*Offered By* Cambray Livestock Company

We are excited to offer this heifer as she is the pick of our 2021 heifer calf crop. 6J is oozing with power and performance, with that deep sweeping rib cage and muscle expression that really makes your temperature rise. She is sired by Growth Fund who left us with a great group of moderate birthweight, vigorous calves that get up and grow. The dam, 221Z, is a wide based, moderate, beautifully uddered Tiger granddaughter who never misses. If you are looking for a show heifer with "the look" of a young female to turn into a cornerstone cow, give this girl a look on sale day.

*Offered By* Cedar Hill Stock Farms

We talk a lot about our Cash Flow bred heifers in the sale offering, well here's a cow that is proof in the pudding. Super deep, sound as cat, beautiful udder, good fronted, good headed, bred back to breed legend Net Worth. We've sold a bull out of her, and retained two heifers. Invest with confidence.

AI bred to S A V Net Worth 4200 on March 8, 2021. Pasture exposed to Kemp Brothers Firecracker 3F and Kemp Brothers Good2Go 1G from April 27 to July 14, 2021. Ultrasound preg checked safe to AI service.

*Offered By* Kemp Brothers

*Lot 52*

Good things come in small packages or at least that's how it would seem with this young cow. Moderate in her frame, deep bodied, productive cow that won't disappoint. We retained her first calf as a herd bull prospect Kemp Brothers Good2Go 1G with the idea of using him as a heifer bull – we used him on our commercial sale heifers and received good calving ease feedback from buyers this spring so we used him a little more – both on heifer this year as well as cows. We will be retaining her 2021 heifer calf as a replacement.

AI bred to S A V Rainfall 6846 on April 9, 2021. Pasture exposed to Kemp Brothers Firecracker 3F and Kemp Brothers Good2Go 1G from April 27 to July 14, 2021. Ultrasound preg checked safe to AI service.

Here's a lot of folks pick of these sale cows, just hitting stride now as some of those Revolutions do, she has our best bull calf from this year's calf crop. Just a tank of a cow, with an ideal udder, very sound and pretty fronted. Come have a look, I think you'll agree she's worth appraising.

AI bred to S A V Rainfall 6846 on March 17, 2021. Pasture exposed to Kemp Brothers Firecracker 3F and Kemp Brothers Good2Go 1G from April 27 to July 14, 2021. Ultrasound preg checked safe to AI service.

*Offered By* Kemp Brothers

*Lot 54*

Here's a nice moderate framed cow we just keep liking more every year. Nice uddered and checks all the rest of the boxes in terms structure and disposition. Her 2020 calf was a bull that we retained to try on a group of spring calvers and she has nice Renovation bull calf at side headed to the bull pen this fall.

AI bred to S A V Rainfall 6846 on March 14, 2021. Pasture exposed to Kemp Brothers Firecracker 3F and Kemp Brothers Good2Go 1G from April 27 to July 14, 2021. Ultrasound preg checked safe to AI service.

A deep, powerful Pure Product daughter. She has a son working in western Quebec and another bull calf that will make our bull pen this fall.

AI bred to S A V Renovation 6822 on April 12, 2021. Pasture exposed to Kemp Brothers Firecracker 3F and Kemp Brothers Good2Go 1G from April 27 to July 14, 2021. Ultrasound preg checked safe to AI service.

*Offered By* Kemp Brothers

Big, stout, deep, power female with an udder that's built to last, 90E is a cow that we believe will just keep getting better with age. Another good one from the Mayflower family, we have retained her 2020 and 2021 heifers calves.

AI bred to S A V Raindance 6848 on March 8, 2021. Pasture exposed to Kemp Brothers Firecracker 3F and Kemp Brothers Good2Go 1G from April 27 to July 14, 2021. Ultrasound preg checked safe to AI service.

A nice sound, pretty profiling Pure Product daughter we purchased from Whiskey Lane at the 2017 Extravaganza sale, she came bred to Schiefelbein Attractive. Since then we've come around full circle and she has a gorgeous Schiefelbein Attractive heifer calf at her side that we will be retaining as a replacement. Since 3 times a charm she's bred back the same way.

AI bred to Schiefelbein Attractive 4565 on March 7, 2021. Pasture exposed to Kemp Brothers Firecracker 3F and Kemp Brothers Good2Go 1G from April 27 to July 14, 2021. Ultrasound preg checked safe to AI service.

*Offered By* Kemp Brothers

Just a really nice all around attractive cow with a moderate frame that really gets in done – we have retained a heifer from her along with her 2021 Renovation heifer and we are selling a daughter in this years AAC Sale. AI bred to S A V Raindance 6848 on March 25, 2021. Pasture exposed to Kemp Brothers Firecracker 3F and Kemp Brothers Good2Go 1G from April 27 to July 14, 2021. Ultrasound preg checked safe to AI service.

## Terms AND CONDITIONS

### TERMS:

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

### CERTIFICATE OF REGISTRATION:

Each animal will carry papers issued by the Canadian Angus Association unless otherwise stated. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made. **PEDIGREE ESTIMATES** Pedigree Estimates (PE) are created on the projected mating of the animal's sire and dam based on averages of the two, creating estimated values that do not hold the same accuracy of actual EPDs issued from the association and should be used as such.

### HEALTH:

All animals in the sale have met all necessary health requirements.

### GUARANTEE:

Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the Canadian Angus Association with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness.

### PREGNANCY INFORMATION:

All serviceable age females have been pregnancy examined by an accredited veterinarian, giving an estimated length of gestation. This estimated gestation period shall be used only as a guideline to calving and is not a guarantee of actual service.

### LIABILITIES:

All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may, in exceptional cases, be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

### DELIVERY:

Every assistance will be given in getting your purchases home. Each animal becomes the risk of the purchaser as soon as sold.

### PHONE, MAIL, WIRE BIDS:

Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

### INSURANCE:

We strongly recommend that insurance is purchased for full value.

### ERRORS:

All announcements at sale time, written or oral, supersede any written material in the catalogue.
