

**THE
FEMALE
FOCUS** **3RD ANNUAL
PRODUCTION SALE**

THURSDAY, DECEMBER 9, 2021 - 1:00 PM

HOLLINGER LAND AND CATTLE

It is with great pleasure that we welcome you to our 3rd annual Female Focus production sale. With a new year comes new and exciting genetics. We are very excited to have the first set of SAV America 8018 calves on the ground. The majority of them are out of past Female Focus highlight, HLC Erica 561g who sold for \$34,000 for half interest to Kourtney Schaff, Schaff Angus Valley. Her first daughter highlights this offering as Lot 1 and her 3 brothers will be featured in our March 22 bull sale. The bred heifers on offer this year are bred to go home and get to work for their new owners. As well there will be a select group of commercial bred heifers on offer that come from great friends and customers, Cam and Sandy Taylor and Trevor and Tawnya Campbell.

As we all know this year has been a bit of a trying one, with many of us experiencing dryer than normal conditions. We certainly hope that everyone was able to gather enough feed and that water supplies hold out through the winter months. The cattle market has continued to remain strong despite record feed grain prices. That being said I believe that there are even greater things ahead for the beef industry. Lets hope winter brings a good amount of run off to replenish our our water supplies.

the worst of the drought is behind us and that this

Please feel free to contact any of us with any questions you have regarding our sale offering. We look forward to hosting an exciting event again this year with our sale partners, J Square S Angus.

Thank you

Land and Cattle

J SQUARE S ANGUS

Welcome to the Third Annual Female Focus Production Sale. Once again, we are extremely excited to team up with our good friends at Hollinger Land and Cattle to bring you an exciting set of Angus females.

I feel the sale offering is extremely deep in quality from both us as well as the Hollinger's. The females in the sale, are a result of many well thought out decisions made over many years.

We are featuring four full sisters sired by Conley South Point out of our great Forever Lady Donor. Last year we offered the same opportunity on flush sisters that sold to Merit Cattle Co. The success they have had with their pick so far has been outstanding and believe this year's offering will achieve the same results.

The bred heifers in the sale this year are the large majority of the group. We are retaining the heifers we purchased last year and the heifers that were offered for sale before. The offering is deep in quality and we stand behind every heifer on offer.

This year we are excited to sell the first bred females by HF Alcatraz 60F. There are also females sired by proven bulls like Brooking Golden Ticket, HLC Crossfire and Musgrave Stunner. All of the heifers are bred to bulls that we strongly believe in. There are many exciting mating's throughout the offering to AI sires like Ellingson Aquifer, HF Alcatraz 60F, Sitz Major 707F and Conley South Point 8362. The walking bulls who covered these heifers are two outstanding individuals. RRAR Mindbender was the lead off bull selected from Brian McCarthy's herd this spring. The consistency of how well Mindbender bred at Brian's was impossible to ignore and we are excited to utilize this young herd sire in our program. J Square S Black Gold 900G handled the duties of covering the Bank Note influence females. He is owned with Glasman farms and is working well at both farms.

I would like to thank you for taking the time to view our cattle in the catalog. Feel free to stop in anytime to see them in person. We will be exhibiting cattle at Agribition and look forward to seeing you there as well.

Videos of the sale offering can be found online at Cattlevids.ca.

If you have any questions, please feel free to contact myself or and or our sales staff at T Bar C, Bohrsen Marketing and DLMS.

FROM THE DESK AT T BAR...

Welcome to the 3rd Annual "Female Focus" Angus Production Sale, Wednesday, December 9, 2021, at the Hollinger Land & Cattle headquarters, Neudorf, Saskatchewan. Your hosts, the Hollinger Family along with J Square S Angus combine to offer one of the exciting lineups of Angus seedstock to sell this fall.

The elite 2021 models are the result of transplant programs out of superior donors. The lot 1 heifer is a mating of S A V America 8018 and HLC Erica 561G, the new donor owned with Schaff Angus Valley and their flush brothers will headline the spring bull sale. Not to be over shadowed, J Square S offer the choice of four ET daughters by Conley South Point and the great Forever Lady 301Y. They have already been proven competitive in their first debut and destined to be foundation builders.

The bred heifer division is outstanding... and what the industry requires. These thick, deep, broody, females will add value to any type of breeding program. Their early services to the leading, fresh genetic sires will provide you a coupon in the weeks to follow. Keeping with tradition, Cam & Sandy Taylor and Trevor & Tawnya Campbell, again bring a select group of commercial angus influence heifers.

Feel free to visit the Hollinger's or Sies any time prior to sale day and preview the offering. Stop by their stalls at CWA for a visit or give Chad or Jordan a call to discuss the lineup and which females will best suit your Angus requirements.

Plan to advance your program at the 3rd annual "Female Focus" whether it be with us in person, online or on the phone. During these times, feel free to give any of the T Bar C Team a call and we will be pleased to assist you in a professional and confidential manner with your selections.

This female is the result from the first IVF flush out of past sale highlight, HLC Erica 561g and the outstanding \$1.51 million dollar, SAV America 8018. This set of Erica calves have been very exciting to watch develop. They are exceptional in terms of body dimension, muscle mass and width of base. For as stout and powerful as 886 is she is still very attractive up through her head and neck. A female I feel is as good as we have walked through this ring. The consistency in this group of flush mates is unprecedented. They are like peas in a pod, all sharing that powerful design and exceptional look. She will have 3 brothers headlining our spring bull sale.

Here is a female direct from the heart of our program. Her sire, Crossfire, is an individual we believe will have a place in our program for years to come. He continues to sire the type and kind that today's industry demands. He adds volume, muscle, eye appeal and makes them very sound structured. 818h is an exceptional individual, she is huge ribbed, level hiped, beautiful fronted and is setting down a beautiful udder. Carrying an early service to Turning Heads this is one you certainly don't want to miss out on.

CHD 818H AI bred April 22, 2021 to Chestnut Turning Heads 29G. Exposed to JL Mr Rain 0041 from May 6 - July 13, 2021. Safe to AI service Due Jan 29, 2022.

I really like this ones type and kind. She is big bodied good legged, nice fronted and sound structured. One of my favourites in the entire offering.

AI bred to 5T Power Chip April 30, 2021 exposed to JL Mr Rain 0041 from May 6 - July 13, 2021 Safe to AI service due Feb 6, 2022

It has become increasingly hard to part with our Heavy Metal females, this being his final calf crop. They have become outstanding cows in production and look to keep getting better with age. They are ideal in terms of size, as well, are easy doing, hard workin cows that will be great assets to any program. 811h possesses unmatched body shape and capacity. Her beautiful uddered dam has quickly become one of our feature brood cows. Her 2021 calf by SAV Washington 9598, will highlight our spring bull sale. This cow family knows how to get it done!

Here is a female that comes from one of our foundation cow families. The Blackwood cows have been exceptional for us, they are hard working, fertile, sound, good looking females that are the kind to build around. This is an excellent opportunity for you to add one of the very best Blackwoods in our bred heifer pen to your herd. She is safe early to Power Chip. This pregnancy is one I really look forward to following as she develops next spring.

If you are looking for a female with some power that is going to lay down and kick out herd bulls, 695 is the one you need to look at. A larger framed female that puts it all together. She is big boned, huge footed massive in her rib design and yet still very attractive through her head and neck. As many of you know the Miss Marion cow family has put us on the map and continues to produce some of our best each year.

AI bred April 9, 2021 to Ellington Top Shelf 5050. Exposed to JL Mr Rain 0041 from May 6 to July 13, 2021. Due early March, 2022 to pasture exposure

A super attractive daughter of one of our most exciting walking sires HLC GRIT 310F. He was also the sire of our high selling bull in 2021 to Madsen Angus. His progeny continue to exceed our expectations and 839 is no exception. She is super extended through her front third, is extremely hairy and has an excellent look to her. She is the youngest bred female in the offering, one you certainly won't want to overlook

AI bred April 30, 2021 to Chestnut Turning Heads 29G. Exposed to JL Mr Rain 0041 from May 6 to July 13, 2021. Due end of February, 2022 to pasture exposure

A real long bodied smooth made grit daughter that is carrying early AI service to Turning Heads. His calves born this past calving season have exceeded our expectations. They had a great deal of calving ease as well as growth and performance. They are the type that every cattlemen love.

AI bred April 7, 2021 to Chestnut Turning Heads 29G.

Exposed to JL Mr Rain 0041H from April 22 to July 13, 2021. Safe to AI service due January 14, 2022

Here is a female we purchased in spring and would really like to keep and calve out, but due to a little later service we have decided she might fit better into a program that calves a bit later. If you wanna talk about a female with neck extension, length of body, and angularity that is 48h. A real out cross pedigree this is one that could fit in any program.

AI bred April 22, 2021 to Chestnut Turning Heads 29G. Exposed to JL Mr Rain 0041 from May 6 to May 25, 2021 then exposed to SAV Washington 9598 from May 26 - Aug 19, 2021. Due end of April 2022 to SAV Washington 9598

Here is a female that Roger selected a couple of years back out of the very progressive Strongbow Angus program. When you sit and analyze this female you'll find it hard to pick out a hole in her. She is exceptionally long bodied, super angular, and beautiful through her head and neck. If you are looking for a great young cow to add to your program here is on bred right, way along to our Renovation son Brooking Renewal 8100. **Observed bred March 30, 2021 HLC GQ 278f. Exposed to Brooking Renewal 8100 from April 23 - Aug 20, 2021. Due early February, 2022 to Renewal**

STARS®

As many of you know we recently built our shop and sale facility. It was completed in the fall of 2018. Darrell Armstrong was the general contractor that built this facility from start to finish. From the concrete being poured to the final touches Darrell was the man that worked countless hours in all conditions to complete our shop. Over the course of the build, Darrell became a good friend to us.

In the fall of 2020 we received some startling news that Darrell had suffered a bad fall from the scaffolding he was working on. As some time passed we later learned that STARS Air Ambulance was largely responsible in saving his life. After a few conversations with Darrell's wife Sharon, we learned that she wanted to help raise some money for STARS and their outstanding organization. We thought it would be a great fit that we do it in one of Darrell's final large scale projects during one of our sales. Sharon has kindly donated a beautiful quilt that will be auctioned off in a Dutch auction format.

We want to thank STARS and their entire Organization for the outstanding life saving service they provide the people of this province. Thank you - Chad

On October 13, 2020 my husband, Darrell, had a bad fall and required STARS service. When he left our small rural community, I did not know what state he would be in when he got to Regina.....forever thankful for STARS excellent transfer.

It was while he was a patient in Regina General Hospital that I got to see how many times a day that STARS flew in with patients and I was shocked at the frequency. I was sitting in the hospital a month into his recovery and was worried about the cost for this service only to find out that STARS do not charge....they depend on donations!!!

I have in the past supported STARS through their lottery and other events, but after our experience of STARS life saving skills....I felt I needed to help more. I learned that it cost approximately \$6,000.00 per trip!

To help fundraise for STARS we are auctioning a quilt off with all the proceeds going to STARS. This service is critical for all rural communities. - Sharon

Thank you to everyone for helping to keep STARS available.

THE FEMALE FOCUS PRODUCTION SALE

We were fortunate enough to have four flush sisters again this year and decided to offer them on choice just like our feature lot in last years sale. Our Forever Lady 301Y donor cow has been nothing but outstanding since we purchased her from the prestigious Masterpiece Sale in 2011. She is a daughter of the great Forever Lady 9136 cow that produced very well for Eastondale Angus. We currently have 6 daughters in our herd and are excited to add the three heifers not selected on sale day to our herd as well. As far as I am concerned, Conley South Point needs no introduction. In the same year he won both Canadian Western Agribition and the National Western Stock Show in Denver. We were very fortunate enough to secure some semen when it was first available and are very happy with his progeny. We exhibited the 109J heifer at Ag Ex in Brandon, MB where she was Reserve Senior Heifer Calf Champion. I believe all four full sisters are going to be great cows. Each day I have a different favorite and don't think the choice will be easy selecting your pick.

Offering choice on Lots 22 A,B,C, and D.

This heifer really excites us and is the reason she is leading off the bred heifer portion of the catalog. Moderate in frame, very easy doing, setting a really nice udder with a really attractive look to her. We believe this heifer has a really productive future in front of her. A maternal sister sold in last year's sale to Alvin Frick. She is carrying a neat coupon inside of her as she is safe to the Aquifer bull.

AI bred to Ellingson Aquifer 9137 on April 13, 2021. Exposed to RRAR Mindbender 23H from April 23 to July 1, 2021. Favorable to AI

This is a heifer with a little more frame that is an own daughter of Enchantress 229S who is most famous for raising J Square S Fireman 14Y. The Enchantress cow family started here with 229S and she is still in production today. She is bred a little later to the Mindbender bull who covered most of the heifers this spring. He is a bull with a big future here as well as our good friends at Glasman Farms who we own him with.

AI bred to Conley South Point 8362 on April 26, 2021. Exposed to RRAR Mindbender 23H from May 2 to July 1, 2021.

Pregnancy checked safe to RRAR Mindbender 23H, due end of February/early March

J SQUARE S BLACKCAP 80W

These Alcatraz daughters are going to become great cows and this one is no exception. The calf inside will be the result of the two of the most talked about bulls at Agribition in recent years. We had the misfortune of losing her dam but come sale time hope to have her registered.

AI bred to Conley South Point 8362 on April 6, 2021. Exposed to RRAR Mindbender 23H from April 23 to July 1, 2021. Favorable to AI

A larger framed, long bodied, Alcatraz daughter out of the Georgina cow family from Wilbar Cattle Co. The Wilms are well known in the Angus breed and this heifer is a result of that. This is another heifer we would like to keep around but thought we would offer for sale. A lot of the females we have sold in the past are starting to show up in many catalogs which is something we are extremely proud of.

AI bred to Conley South Point 8362 on April 6, 2021. Exposed to RRAR Mindbender 23H from April 23 to July 1, 2021. Favorable to first exposure

A smaller framed heifer that shouldn't be overlooked. The Star Maiden cow family has been very productive. Checked safe to carrying the service to Mindbender, may be an interesting token.

AI bred to Ellingson Aquifer 9137 on April 14, 2021. Exposed to RRAR Mindbender 23H from April 23 to July 1, 2021. Favorable to first exposure

29

The Ruth cow family has been one of the best at J Square S. This heifer is a spitting image of her dam, 82Z. Long bodied, deep ribbed, quiet and very sound. Last years maternal sister sold to Northern View Angus and her full brother looks very promising. Feel free to stop by anytime to see the full sibling for yourself.

Exposed to RRAR Mindbender 23H from April 23 to July 1, 2021. Pregnancy checked safe for an early February calf.

A maternal sister to the service sire of many heifers in our offering J Square S Black Gold 900G, who is owned by Glasman Farms in Russell MB. Matt has a great eye for cattle and selected him from our bull sale a couple years ago for many reasons. As a good friend he has also let us use him a bit and the progeny speak for themselves. The combination of Alcatraz – Justified – Density that is a member of the Enchantress cow family also speaks for itself. Neat calf inside as well.

AI bred to Ellingson Aquifer 9137 on April 26, 2021. Exposed to RRAR Mindbender 23H from MAY 2 to July 1, 2021. Pregnancy checked safe to Mindbender for a mid-February calf.

J Square S Enchantress 518C - Dam

J Square S 900G - Maternal Brother

31

This may be one of my favorite heifers of our offering. She was a standout as a calf and when you study her pedigree you will identify Essence, Forever Lady, International, Lute, Creed, Tiger, whom are all cattle that are very well respected in the Angus breed. Her Sire is the result of a package of embryos we bought from Greenwood Angus. He is co-owned with our good friends David and Jeanette Neufeld of Boissevain MB. Magnums progeny in Manitoba as well as here are impressive. Add the Forever Lady consistency and I think she is a very intriguing young female. We are very confident that this female will do great things for her new owner.

AI bred to Ellingson Aquifer 9137 on April 27, 2021. Exposed to RRAR Mindbender 23H from May 2 to July 1, 2021. Favorable to AI or first exposure

This heifer is the result of an in-dam cow brought here on lease from Alvin Frick. Effective has been a very good calving ease bull for producers and has left some very good females as well. Take note her service is a little later but not to be discouraged as she has a productive future in front of her.

AI bred to Ellingson Aquifer 9137 on April 15, 2021. Exposed to RRAR Mindbender 23H from April 23 to July 1, 2021. Pregnancy checked safe to Mindbender for an end of march calf.

When Soo Line Cattle Co. dispersed years ago, we were able to pick up a couple heifers from Rogers herd. Her dam has been a very productive cow here, raising numerous calves that have sold to many very note able commercial and purebred herds. The Black Gold 900G calves to date are very exciting. Black Gold 900G is curve bending bull that adds extra eye appeal.

AI bred to Conley South Point 8362 on April 26, 2021. Exposed J Square S Black Gold 900G from MAY 2 to July 1, 2021. Pregnancy checked safe to Black Gold for a mid-February calf.

We have been building our herd for 15 years and the Enchantress cow family has been one of the best. If you follow the Brooking Angus program you will notice her sire is a full brother to the popular Gold Coin herd sire. In 2019 we ran into herd bull problems and Justin offered us the use of Golden Ticket which we are very grateful for. A maternal sister is selling in the Angus sale at Canadian Western Agribition, the consistency of this cow family is hard to ignore.

THE FEMALE FOCUS PRODUCTION SALE

NOTES

J Square S Karama 922G - Reserve Grand Champion Female at AG EX - owned with GT Angus.
Sold in the First Annual Female Focus Sale

TERM & CONDITIONS

TERMS:

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

CERTIFICATE OF REGISTRATION:

Each animal will carry papers issued by the Canadian Angus Association unless otherwise stated. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

PEDIGREE ESTIMATES

Pedigree Estimates (PE) are created on the projected mating of the animal's sire and dam based on averages of the two, creating estimated values that do not hold the same accuracy of actual EPDs issued from the association and should be used as such.

HEALTH:

All animals in the sale have met all necessary health requirements.

GUARANTEE:

Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the Canadian Angus Association with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness.

PREGNANCY INFORMATION:

All serviceable age females have been pregnancy examined by an accredited veterinarian, giving an estimated length of gestation. This estimated gestation period shall be used only as a guideline to calving and is not a guarantee of actual service.

LIABILITIES:

All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

DELIVERY:

Every assistance will be given in getting your purchases home. Each animal becomes the risk of the purchaser as soon as sold.

PHONE, MAIL, WIRE BIDS:

Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

INSURANCE:

We strongly recommend that insurance is purchased for full value.

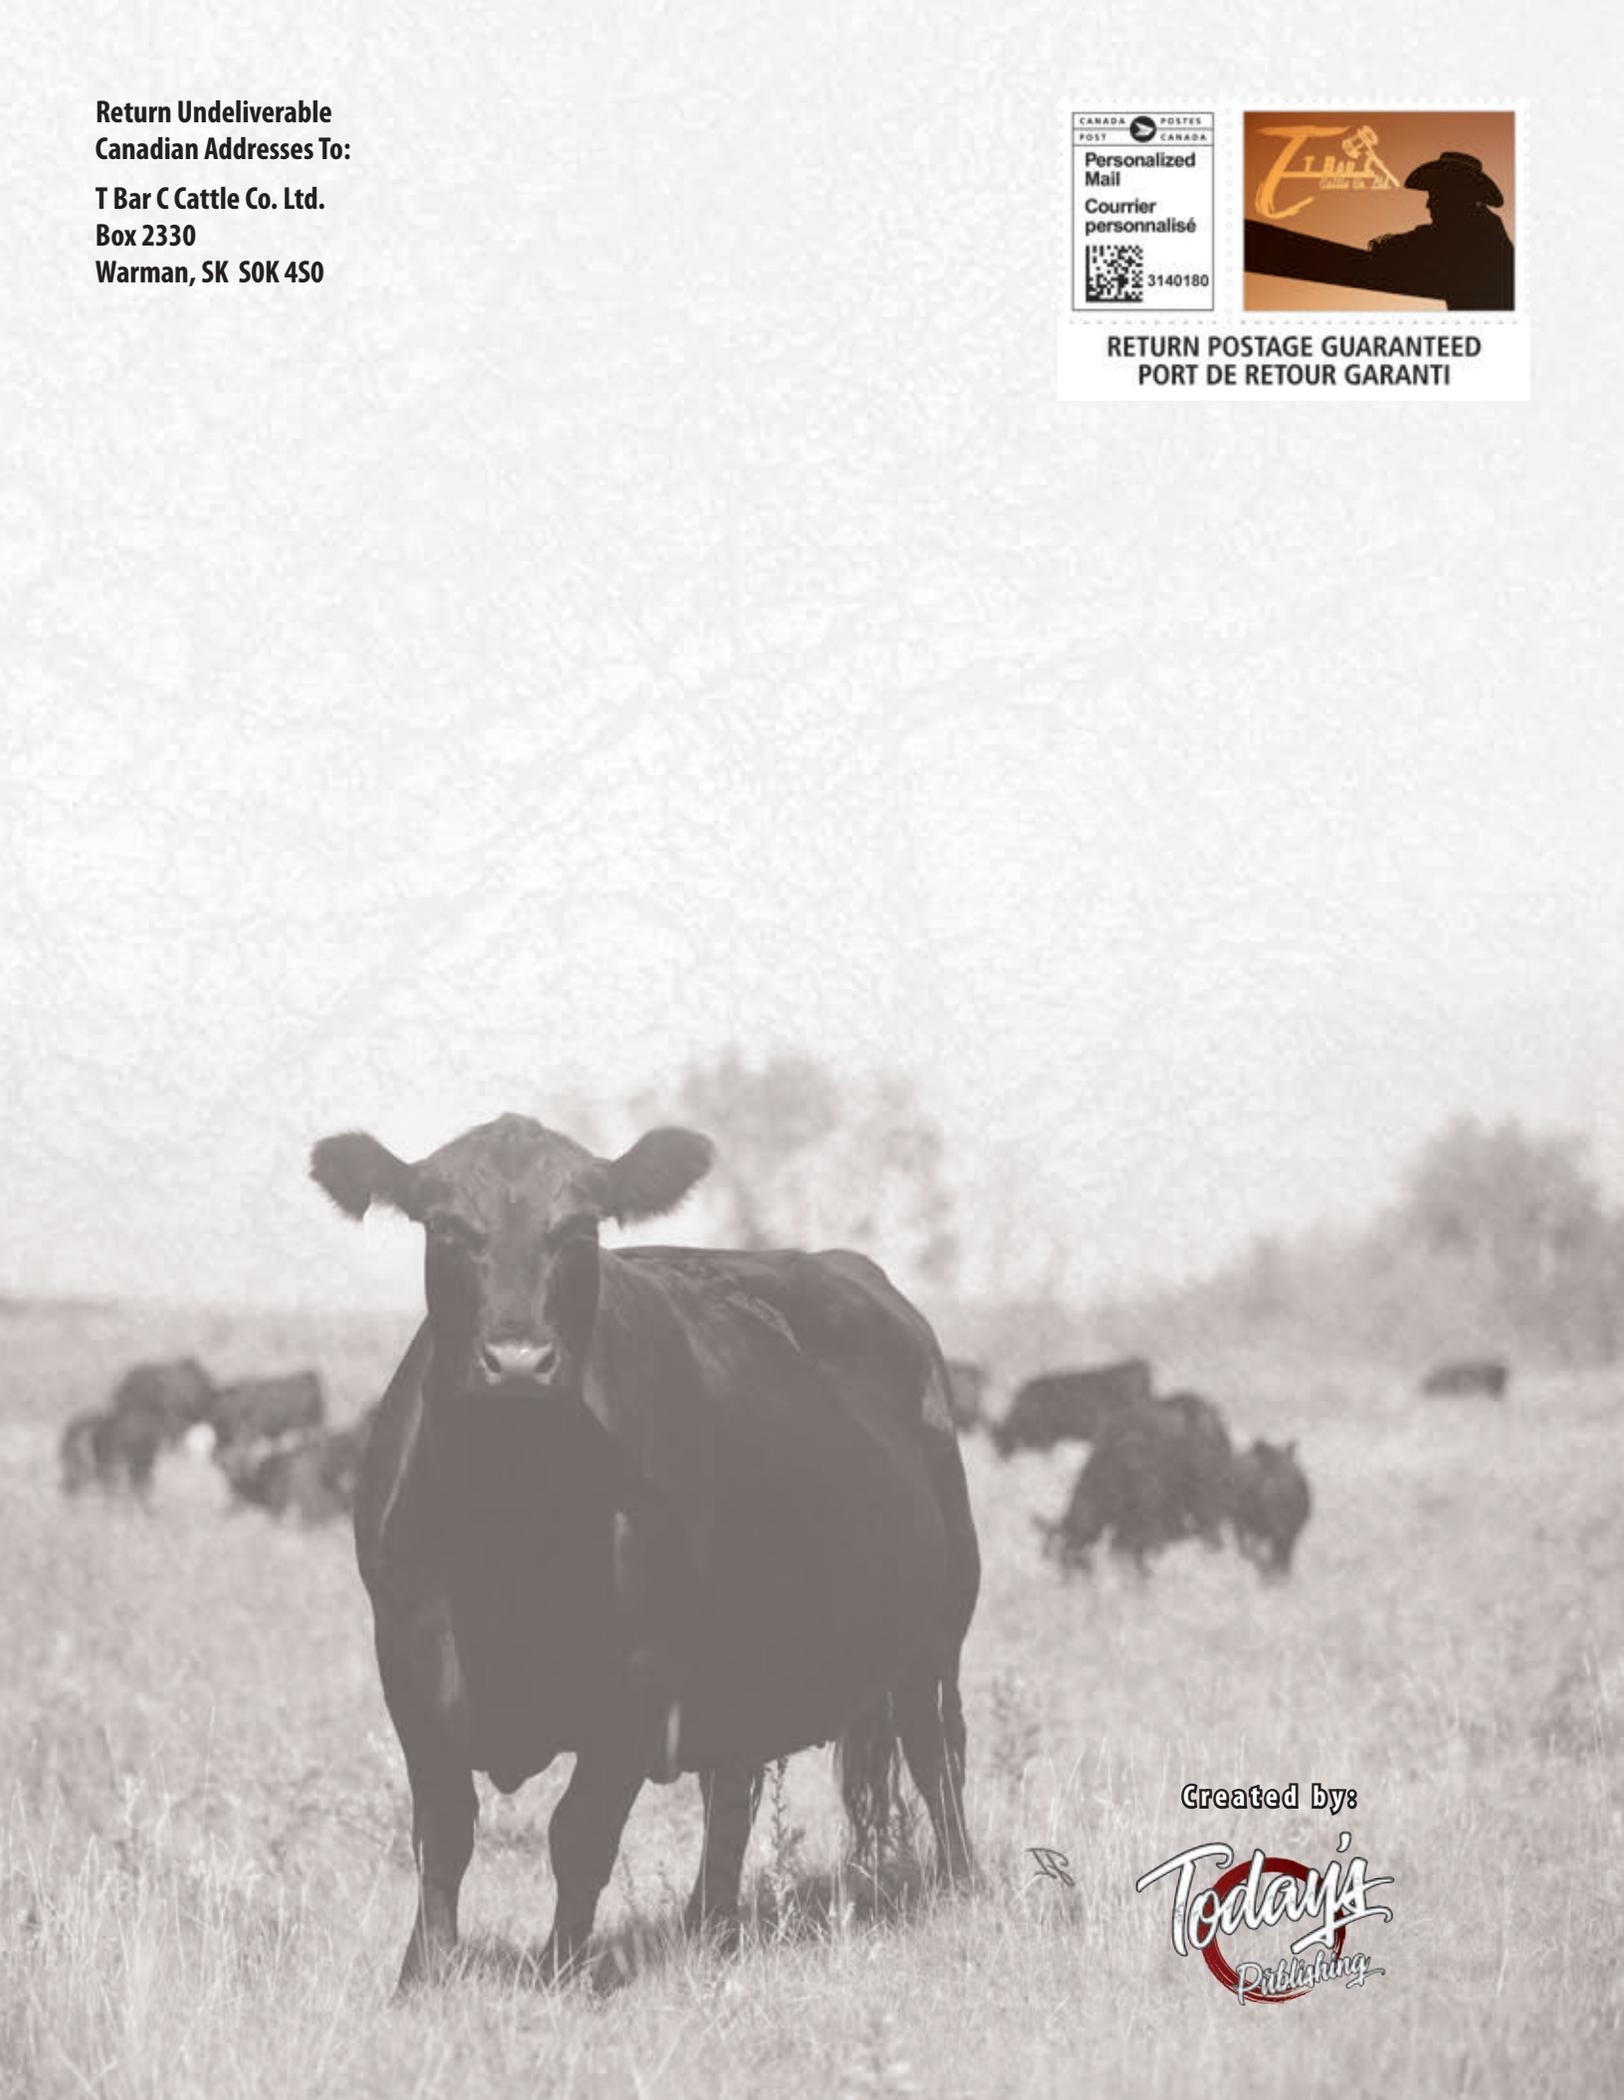

ERRORS:

All announcements at sale time, written or oral, supersede any written material in the catalogue.
