From the Desk at T Bar...

Welcome to the 2021 edition of "Good as Gold" Polled Hereford Sale hosted by the Manitoba Hereford Association, Friday, December 3rd at 1:00 P.M. in the heated Keystone Centre, Brandon, Manitoba. This annual event offers a select group of seedstock from leading breeders in Manitoba. For most, this is their fall female production sale therefore these producers have opened the gates of their front pastures.

The sale lineup is exciting, fresh, and diverse in both genetics and phenotype. The three herd bull prospects are individually different, stout, and ready for early spring service. The 2021 models in the heifer calf lineup offer a large selection to pick from whether you are a junior, 4-H member or an "over-the-hill junior" ... many of these heifers have a competitive aura to them. The bred heifers for the most part carry early services, so you are a month or two from clipping a coupon while saving some tax. A special thanks to the folks at RSK for their donation heifer as the funds go towards moving the breed forward in the province.

The fall sale season has been exciting as we have seen several sale records and a strong demand for seedstock. The livestock industry urgently needs more "white face" influence on farms and ranches of this country to maintain the Baldy supply. "Good as Gold" is a great sale to select top end replacements at good value... an event you should not miss!

Plan to be with us for the 2021 "Good as Gold" Hereford Sale whether it be with us in person, online or on the phone. During these times, feel free to give any of the T Bar C Team a call and we will be pleased to assist you in a professional and confidential manner with your selections.

Sire- RSK E 2046 Digby ET 20C

The MHA along with the CHA is committed to increase the demand for Hereford, Hereford genetics and Hereford influenced cattle with genetic evaluation programs and marketing strategies that enhance the acceptance of the breed. The MHA promotes on a provincial level the Hereford breed through events such as the MHA Field Day, MHA Shows and Sales and Commercial promotion at stock yards through Hereford influence sales.

We at RSK Farms are very proud to be offering this years donation heifer in the MHA Good as Gold Sale. The MHA has been there for us and our program over the years, and for that we extend our sincere gratitude!

I love the structure and skeleton of this young female, but really its what I expect being sired by the 2017 CWA Champion Bull, RSK E 2046 Digby ET 20C. She is very correct and long made and her dam is a solid producing, functional female out of our notable Tamara cow family! This cow family produces!!

This might be the longest bodied bull we have raised. He has always been the heaviest calf in this years crop. The Heavy Duty calves seem to perform! This calf is stout made and kind of ideal in his EPD profile. His mother was the first female we bought to start our new herd after we moved to Manitoba, an easy keeping moderate framed Ribeye daughter.

Here's a calf with a ton of potential. Good headed, smooth shouldered, wide top, with lots of natural thickness and a loads of capacity. As you analyze his pedigree you see top cows and bulls of the breed. Both his mother, grandmother and great grandmother are strong, deep bodied cows with great udders and milk flow. Both 11E and 25B are donor cows at Roselawn. Recently named Champion Junior Bull calf at Manitoba AgEx. 2021.

This pretty little girl is a great, great granddaughter of the first Hereford female we bought, almost 20 years ago. Her dam, 60E, last year raised a class winner at this year's Bonanza whose show career is just starting. Granddam 103C is the dam of the Glenlees 'Game On' bull that the Lees and Arthurs are currently campaigning. Fortune 28E and his mother were Senior Champion Female at CWA in 2017 and this female should have maternal strength and udder quality to burn. She is goggle eyed, sweet fronted, and grandkid proof halter broke.

Here is a heifer that has been a standout since birth. She is halter broke and will not only excel in the show ring, but she will make a powerful cow in production. Her mother has the type of udder that we pride our program on producing. Her sire had an impeccable show career; and her grand dam (25 R) was Reserve Senior Champion at AG EX, as well as raised another AG EX Reserve Senior Champion Female. This is an extremely strong cow family and is one of the cornerstones of our breeding program. Don't miss your chance to see her up close & consider adding her strengths to your herd!

We reserve the right to a future flush at our expense and owner's convenience

RKNH 105J is a moderate framed heifer with great neck extension. She has eye appeal and is feminine in her look. Both the dam and grand dam have flawless udders and the grand dam is still producing for us at 12 years old. Her sire, 27C, has left us many beautifully uddered females with great milk flow.

Violet 6H will capture your attention and over this past summer has been the bred heifer of choice from farm visitors. She is heavily pigmented, big ribbed and has a beautiful udder developing. Study her pedigree and you will find highly maternal genetics on both sides that will only enhance the power that Violet already displays herself. This will be a cow that will make your next foundation line and has future donor potential. Her mating to TH Frontier 174E will be an exciting one.

We reserve the right to a future flush at our expense and owner's convenience. We are willing to calve her out at home if her calving window does not fit yours. AI bred to TH Frontier 174E on April 7th. Pasture Exposed to RSF 100W Trust Fund 4F from April 24th to June 10th, 2021.

Honey is another fine example of the impact Bullseye 531E is having on our program. She is a big volume heifer all around, with massive rib and depth. Whether you breed her straight Hereford or cross in some Simmental or Charolais, this cow will handle any size birth weight bull with ease. She will drop a gorgeous udder and maintain her condition without any special treatment. Her April 7th mating to TH Frontier 174E should make an exciting calf.

We are willing to calve her out at home if her calving window does not fit yours. AI bred to TH Frontier 174E on April 7th. Pasture Exposed to RSF 100W Trust Fund 4F from April 24th to June 10th, 2021.

Notes:

Terms & Conditions

Terms:

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

Certificate Of Registration:

Each animal will carry papers issued by the Canadian Hereford Association unless otherwise stated. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

Pedigree Estimates

Pedigree Estimates (PE) are created on the projected mating of the animal's sire and dam based on averages of the two, creating estimated values that do not hold the same accuracy of actual EPDs issued from the association and should be used as such.

Health:

All animals in the sale have met all necessary health requirements.

Guarantee:

Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the Canadian Hereford Association with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness. The Good as Gold consignors stand behind any animal sold in this sale

Pregnancy Information:

All serviceable age females have been pregnancy examined by an accredited veterinarian, giving an estimated length of gestation. This estimated gestation period shall be used only as a guideline to calving and is not a guarantee of actual service.

Liabilities:

All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

Delivery:

Will be provided at cost and at the buyer's option and risk. Instructions for delivery must be given at time of settlement. No cattle will be released until after the conclusion of the sale. Each animal becomes the risk of the purchaser as soon as sold; therefore, buyers are urged to insure animals for full value. An insurance salesman will be in attendance.

Phone, Mail, Wire Bids:

Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

Insurance:

We strongly recommend that insurance is purchased for full value.

Errors:

All announcements at sale time, written or oral, supersede any written material in the catalogue.
