Welcome everyone to this year's bull sale catalogue. We would like to thank all of our customers and friends for your confidence in our program. As always, our goal is to continuously improve our cow herd thus improving the quality of bulls we have to offer.

What a year – COVID, drought, lack of feed and record feed prices. But what this year has shown, is the perseverance and commitment that cattle producers have with creative ways to find feed and keep cows around. It's such a great industry to be part of even in trying times. Keeping our cow herds in tack will hopefully pay off in the future. We look forward to a better next year.

We encourage customers to give us a call and come out to the farm so that we can show you our whole program. You can appraise the bulls and look at the sires and dams. If you aren't able to make it to the farm, we will offer you as much information as you need. We will again be offering videos of the bulls for sale and can take videos and pictures of the sires and dams on request. We are excited with our bull pen this year. We also have five two-year-old bulls to offer. They are selected on age and are not leftovers. At Macnab Angus we breed 200 plus purebred cows. We are committed to improving our herd – through the purchase of the Cloverlake Angus herd in 2008 (50+ years breeding), aggressive culling of bulls and cows to sourcing out new herd sires. This is a family run business with Cheryl and I and our three kids along with their families. We are focused on customer service and satisfaction. If you have any questions, please do not hesitate to give us a call. We would like to invite you to come and assess our herd.

We first saw Kingsman on the Angus Summer Tour. The Range Boss sire group was impressive, and he was our pick of the bulls. Kingsman was the high selling bull at Merit's 2019 sale at \$40,000.00 (Co-owned with Peterson Livestock).

Calves out of Kingsman exhibit: calving-ease, natural thickness, lots of muscle, large scrotal, and are easy keeping with a moderate frame. He really stamps his calves. They are easy to pick out in the pen. **Unfortunately he was lost to injury and this is his last calf crop.**

Feature Bull

164J is a moderate-framed, thick individual. He is hairy, stylish and good footed. Probably the best part of him is his dam. She is a never miss cow that always brings in a top end calf. 164's grand dam DBRL5R is elite. Lot of performance and predictability in this calf.

We toured Belvin's herd and Flyin' High was an obvious stand-out calf. His dam was moderate framed with a beautiful udder. Flyin' High was the high selling bull at Belvin's 2019 sale at \$22,000.00 (Co-owned with Belvin Angus). Calves out of Flyin' High are eye appealing, high performance, moderate-framed and easy keeping.

Prior to purchasing 44Z, we looked at his sire; he was moderate with perfect feet at 13 years of age. Longevity is a dominant trait in these genetics as 44Z will be turning ten years old this February and is showing no sign of slowing down. His bull calves are moderate-framed and easy-keeping, but what he really is known for are his females. They have proven to be exactly what maternal traits we are striving for. They are easy-doing, wedge shaped females with great udders, in a moderate framed package.

427C was our pick of the bulls at the 2016 Short Grass sale. His dam is a stellar cow at Switzer's. To date she has raised four bulls working in purebred herds. 427C is a stylish, moderate-framed individual with a lot of natural thickness. His calves exhibit all these traits. Was purchased for \$20,000.00 at Short Grass Sale.
