WELCOME

Welcome to our second annual female production sale. It has definitely been a different summer. Our region started out dry then got a few rains back to very dry and then with a few more rains we have had one of the best falls I can remember. The cows are still grazing and we should be able to graze the main cow herd till December 1st. I would have bet the farm against that back in July!

We have a group of heifers that resemble our walking herdsires very well. It is always nice to see the consistency in each sire group. They are bred to popular industry sires that are in high demand. The heifers have been fully vaccinated and will have the first shot of scour boss and ivermectin before the sale.

I think these heifers will go home and work well for you. We will do our best to get them delivered to you in good time after the sale and at further distances may need to meet somewhere to make it all work. Thanks in advance for your purchase and can't wait to see you at the sale or down the road!

Neil Carson

If you can't make the sale, it will also be broadcasted on DLMS!

Neil Carson & Family
204-773-6927

Northern Light Simmentals | Box 116, Rosburn, MB R0J 1V0 | www.SimmentalBreeders.ca

From the Desk at T Bar...

The largest group of Northern light females ever assembled for purchase are available on December 6, 2021 at the HBH sale facility.

The diverse offering of black, red & fullblood heifers are very easy on the eyes and have been managed as if the Carson's were going to calve them themselves. Neil & family have always been noted to have a bit of an outcross pedigree to many Simmental operations with added

thickness and do ability.

The over 50 breeds on offer are bred with raising herd bulls in mind. This very maternal cow herd is reason for a very successful bull sale every spring in Neepawa. These are the sisters to those popular sale bulls that have stood the test of time and backed by the Northern Light guarantee.

The Carson family are certainly enjoyable people to be around and do business with. With this being their largest offering of females in one location at one time, we heavily encourage your participation through the genetics in this sale catalog. Any questions please don't hesitate to call any of our phones as we would love to represent your operation.

See you at HBH

Welcome

On a year when top end replacement bred heifers are a common sense business plan for all cow/calf producers, the Carson Family of Northern Light Simmental have increased their sale heifer roster! I'm only reiterating a fact I have wrote or said many other times in reference to Northern Light and the "Neil Carson type" of cattle

they breed, which is big, soft-sided, easy-doing, feed efficient cattle that still bring payweight! These cattle are always in vogue but even more so for the economic advantage of 2021 and beyond.

HBH Angus have opted not to sell any females this year but have graciously allowed their sale partner, obviously Northern Light, to still host their annual female sale at the HBH Angus Farms Sale Facility.

We are very familiar to the people and the product and are happy to discuss and appraise the cattle. Part in parcel, as always, we can continue on following a successful appraisal to bid on your behalf in your absence. Don't hesitate to call us or our good friends at T Bar C Cattle Company with any inquiries you may have.

For the Carsons,
Jaymes E. (Jay) Good

A sale feature for sure. She is a long bodied very strong topped female with lots of thickness and eye appeal. Her dam does well every year and resembles this heifer very well. This heifer should really be staying in the herd but you have to sell the good ones too! She will be hard to replace. Bred to State of War should be exciting!

AI bred to State of War April 8, 2021. Exposed to SRH Epic 10H May 22 to June 25, 2021. Ultrasounded favourable to AI date.

A long bodied daughter of Wyatt Earp. These daughters really do well. They have nice udders and raise big calves. Her dam is a nice cow we bought from Crocus Simmentals that raised one of our high sellers in last years female sale to GR Simmental. I think this heifer will really produce well and might just get overlooked come sale day. Whoever buys her will be happy. AI bred to KWA Slider 196H April 11, 2021. Exposed to SRH Epic 10H May 22 to June 25, 2021. Ultrasounded favourable to AI date.

A Ladies Man daughter that is moderate made and thick. Her dam is a good thick cow that is becoming a great one. The Ladies Man progeny is really impressing me the more we use him. We have a great set of bulls off him this year that will be in our spring bull sale. Bred to the Epic son to calve a little later in spring.

Observed bred to SRH Epic 10H May 31, 2021 with exposure to him May 22 to June 25, 2021.

Terms & Conditions

TERMS:
The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance, unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Current exchange rates will be announced sale day. All monies are in Canadian funds.

BIDDING:
Each animal will sell to the highest bidder... no by-bidding will be permitted. Disputes - Bidding will be reopened between the parties involved in dispute. If no further bidding is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision on all disputes will be final.

ANNOUNCEMENTS:
All announcements made from the auction block will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay close attention to such disclosures.

CERTIFICATE OF REGISTRATION:
Each animal will carry papers issued by the Canadian Simmental Association unless otherwise stated. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

PEDIGREE ESTIMATES:
Pedigree Estimates (PE) are created on the projected mating of the animal's sire and dam based on averages of the two, creating estimated values that do not hold the same accuracy of actual EPDs issued from the association and should be used as such. **LIABILITIES:**

All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability, legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

RIGHTS AND OBLIGATIONS:
The above terms and conditions of the sale shall constitute a contract between the buyer and seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

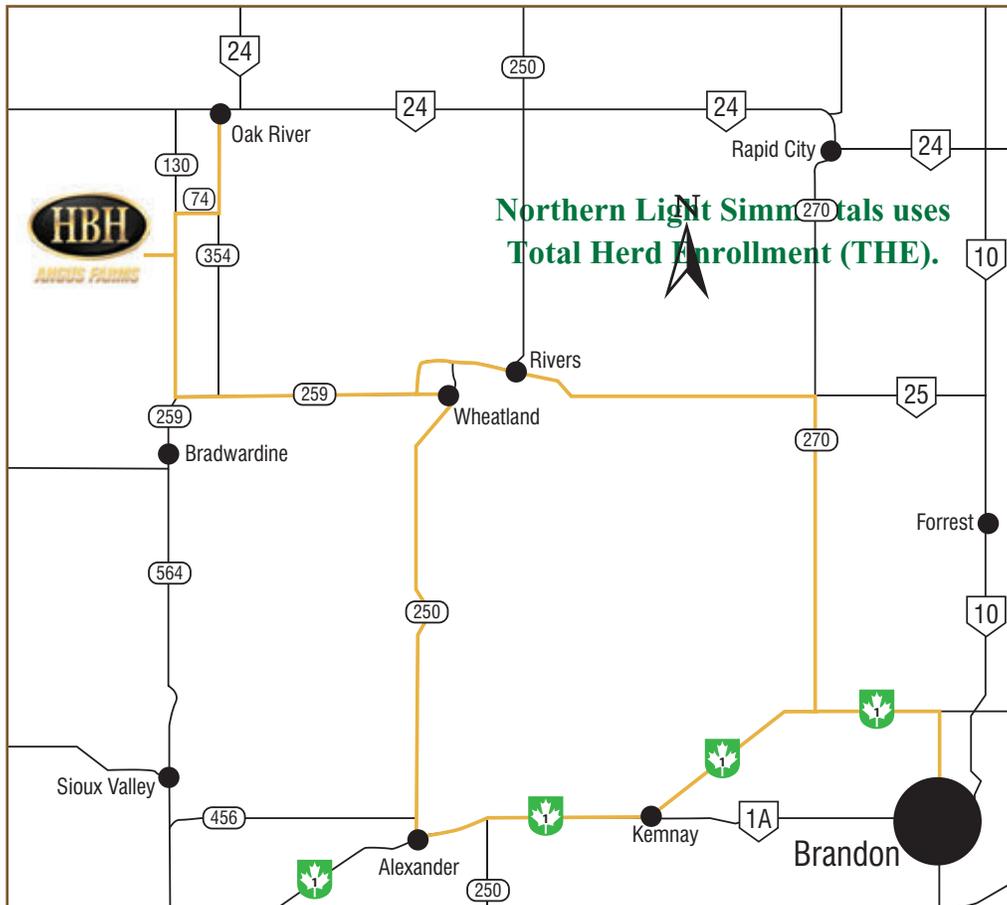

PHONE, MAIL, WIRE BIDS:
Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale managers, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

DELIVERY:
We will assist in arranging transportation wherever possible. Each animal becomes the risk of the purchaser as soon as sold.

INSURANCE:
Will be available sale day. We strongly recommend that insurance is purchased for full value.

ERRORS:
All announcements at sale time, written or oral, supercede any written material in the catalogue.

SALE LOCATION: ENTER HBH ANGUS FARM INTO GOOGLE MAPS
