# SQUARE **D** HEREFORDS

## Annual Production Sale

**OCTOBER 18, 2021**

**1 PM • AT THE RANCH**

[www.square-dpolledherefords.com](http://www.square-dpolledherefords.com)  
Another year of challenges certainly helped us to appreciate the value of "family" and the constant predictable seasons in a breeding operation. We have worked hard to produce a balanced breeding herd, cow families with lots of milk, strong udders, depth of body, easy fleshing, loads of style, and great temperments.

Some of the very best qualities of the Hereford breed. Females that produce bulls with thickness, depth and as much performance as possible while still contributing to calving ease and efficiency. The cattle we have selected will work in any herd in the beef industry. We are looking forward to seeing our friends and neighbors again.

*Jim & Lori*

Our newest addition, Louie Berg

## FROM THE DESK AT T BAR...

Welcome to the Annual Square D Polled Herefords Production Sale, on Monday, October 18, 2021, at the ranch, Langbank, Saskatchewan. This anchor event for the "Sweepsteaks" weekend offers an exciting offering of high-quality Polled Herefords. "Where quality runs generations deep" is the statement that truly summarizes this proven breeding program. This multi-generational family have been supplying seedstock for both the commercial and purebred sectors for many decades and the cow herd is built on predictable families. Not pampered, this cow herd is grass run and have been selected for key maternal traits... awesome udders, plenty of milk and highly fertile. As you browse through this catalogue, check out the birth, milk, and total maternal numbers!

Anytime of the year, Jim can supply you a bull to get your cows bred but each year they select a group of herd sire prospects from a cross-section of the calf crop. These bull calves are March born, have friendly birth weights, clean sheaths, and tons of muscle shape... ideal to move any type of breeding program forward.

The females are front pasture material... they feature 2021 prospects ideal for juniors of any age; bred heifers and a group of two-year-old pairs. No doubt, the addition of "Ridge" to the bull battery will be a feature as his service, embryos and semen packages sell.

Just minutes south of the Trans-Canada at Whitewood, feel free to stop by the ranch prior to the sale and preview this great offering. Do not hesitate to give the folks at Square D a call to discuss the cattle and which will suit your breeding intentions.

Plan to be with us in person, online or on the phone to round out an exciting Polled Hereford Weekend. During these times, feel free to give any of the T Bar C Team a call and we will be pleased to assist you in a professional and confidential manner with your selections.

Meridian 22J is an individual with the ability to produce flesh without any feed assistance. A bull with unique presence, smooth made through his front end, full behind the shoulder, with a broad top and thick butt. The sire of his dam, Durango 44U is a calving ease specialist at NJW. This Elm Lodge female is a very consistent producer of herd bulls. A full brother sold in our 2019 sale, as well as a full brother in our 2020 production sale to Peter Fofonoff.

FOCUS 265J is sired by PAYDAY 31E, our Belle Ward bred herd sire known for great calving ease, added muscle development and the ability to add pigment and short marking to his calves. Focus 265J has all of these qualities. His dam is a very broody four year old sired by Square-D Century 957B, a go to sire here at Square D, consistently producing exceptional females and herd sire quality bulls with outstanding dispositions and doing ability. The dam of Focus 265J is a maternal sister to Square-D John Wayne 465Y, a strong family line in our herd. This year we flushed the dam of Focus 265J successfully to NJW 139C 103C Ridge 254G, and are featuring some quality embryos for sale as Lot 42. A full brother sold to the Hereford Gurlz in the 2020 sale.

Madonna 637J, an outstanding individual at Square D. For sure a front pasture cow! Just like her full sister, a female with exceptional udder quality and muscle shape. Madonna 637E was our high selling female in last years sale for \$16,500.00 to Sandy Ridge Polled Herefords in Ontario. A full brother is working in the herd of Clayton Hawreiluk and Julia Meyerhans at Sheho, SK. A full brother is working in the herd of Bert Anderson at Septer, SK. There is a lot of consistency in this cow family.

## NJW 139C 103C RIDGE 254G

Once we were able to make a deal with Ned and Jan Ward on the Canadian semen rights on Ridge we wanted to flush one of our top females, whose cow family have been heavy hitters at Square-D to him. Square-D Kitty 465E is the result of the mating of two of our most successful cow families. Her mother has had 13 natural calves, we have two daughters in our herd with another at side who is destined for our replacement pen, and we have used a couple of her sons. Square-D John Wayne 465Y, who also did a good job at Brosts, and Square-D Mr. Beef 465A, owned with Redline Livestock and McMurray Cattle. 465E's sire Century has done a phenomenal job here at Square-D giving us a new generation of replacement females and Kitty's sons are the first to sell out of the yard. Century's mom has calves registered around the world and 26 direct sons and daughters are registered in Canada. Kitty's, Super Duty dam, Square-D Erin 760U is still producing at 13 years of age. 465E has fast become one of our top producers. Her first calf was last year's high selling bred heifer, and her second calf was selected by Hereford Girlz out of last year's sale after seeing his dam, 465E on display. The sire of these embryo's, NJW 139C 103C RIDGE 254G, our newest herd sire addition, Lot 43.

We implanted several embryos from this mating and because this was such a successful flush, giving us a high number of exportable, EU qualified embryos we are able to share this opportunity with you. We are selling 3 lots of 4 embryos and all are qualified for export including the EU. Embryos are stored at Bow Valley Genetics. Buyer is responsible for all shipping costs.

SQUARE-D KITTY 465E - DAM

# NJW 139C 103C *Ridge* 254G

*Offering 5 Semen Packages  
10 Straws - no certificates needed*

We were first attracted to Ridge from a picture in the NJW sale catalogue. I asked Jan who this bull was, Jan described him a bit more but stressed that he was not for sale. That's when we started to do more of a deep dive on Ridge's young mother and her production record. She has all the qualities that we want in our herd sire's dam and 254G is not her first son to be used in the NJW herd. Ridge checks all the boxes for us; a mother with a great udder who produces her heart out; calving ease with a 78 lb birth weight; weaning weight 712 lbs. which gave him a WW index of 110 in the NJW herd; yearling index of 110 with a yearling weight of 1221 lbs. 254's carcass scans are equally impressive, adj rib-eye 12.84 and an adj marbling of 3.91. To top it off he is homozygous polled, dark red to the ground, with pigment on both eyes all wrapped up with an EPD profile of CE +3.8, BW +2.0, WW +58.4, YW +95.6, M +37.5, TM +66. A herd sire of the future, with exceptional eye appeal and balance. This convinced us to pursue 254G, seeing we weren't able to buy pasture rights, we bought the Canadian semen rights along with Wascana Cattle Co. and Kootenay Polled Herefords.

We thought that our production sale would be a good way to introduce you to 254G, by offering services or embryos from one of our top cow families and a limited semen offering. Ridge has caused some excitement in the market when a pregnant recip carrying an embryo sired by 254G sold for \$16,000 at the 2021 Oklahoma sale, and then in the recent NJW sale all the fall bred heifers carried his service and averaged over \$10,750.

**Service sire on Lots: 16,20,26,27,29, 30 and 31.**

Mighty Max was our pick out of the NJW bull sale in 2015. He has extra length, performance, with muscling, style and balance. His dam, 73S, sits at the top of the NJW herd for maternal cow power and herd bull production. We are especially liking the calves from the Mighty Max 69B x Beef 15Z cross.  
 Sire of Lots: 3, 18, 20, 28, 36A  
 Service Sire of Lots 10, 14, 36, 38, 40

Beef 15Z is a soggy, easy keeping bull out of one of the best cows raised on the NJW ranch. His dam has a beautiful, level, tight udder with small teats. Beef is passing all of those traits on to his daughters. He is a herd building kind of bull and fast becoming a cornerstone of the foundation in our Square D cow herd.  
 Sire of Lots: 19, 22, 29

We continue to be impressed and excited by the progeny of Payday 31E. He has a massive rib shape, huge top, stout hip and an abundance of muscle. Payday's dam has lots of middle with a perfect udder and teat size. His first daughters will calve in the spring. His sons are near the top of our buyer's picks.  
Sire of Lots: 2, 6, 17A, 33, 39, 40

A herd bull with presence and the ability to produce flesh with little feed, just grass!! A unique individual, smooth made, broad topped, thick butt. Owned with Peter Fofonoff.

Service sire of Lots: 19, 21, 32

A young herd sire, thick made, very stylish, an outcross genetic package. A great addition to our Square D herd bulls. Owned with King Ranch, Warren, MB.

Service sire of Lot: 12

New addition, Tuff 269G is very athletic, short marked, and is an out cross genetics sire. He saw heavy service in his first year. Do a deep dive on the cows pedigree. They are the dams of some of the leading sires in the Hereford breed.

Service sire of Lots: 8, 17, 35

# Terms & Conditions

**TERMS:** The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

**CERTIFICATE OF REGISTRATION:** Each animal will carry papers issued by the Canadian Angus Association unless otherwise stated. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

**PEDIGREE ESTIMATES:** Pedigree Estimates (PE) are created on the projected mating of the animal's sire and dam based on averages of the two, creating estimated values that do not hold the same accuracy of actual EPDs issued from the association and should be used as such.

**HEALTH:** All animals in the sale have met all necessary health requirements.

**GUARANTEE:** Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the Canadian Hereford Association with regard to health, free of all known genetic defects and from both reproductive and specific genetic unsoundness.

**PREGNANCY INFORMATION:** All serviceable age females have been pregnancy examined by an accredited veterinarian, giving an estimated length of gestation. This estimated gestation period shall be used only as a guideline to calving and is not a guarantee of actual service.

**LIABILITIES:** All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may, in exceptional cases, be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

**DELIVERY:** Every assistance will be given in getting your purchases home. Each animal becomes the risk of the purchaser as soon as sold.

**PHONE, MAIL, WIRE BIDS:** Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

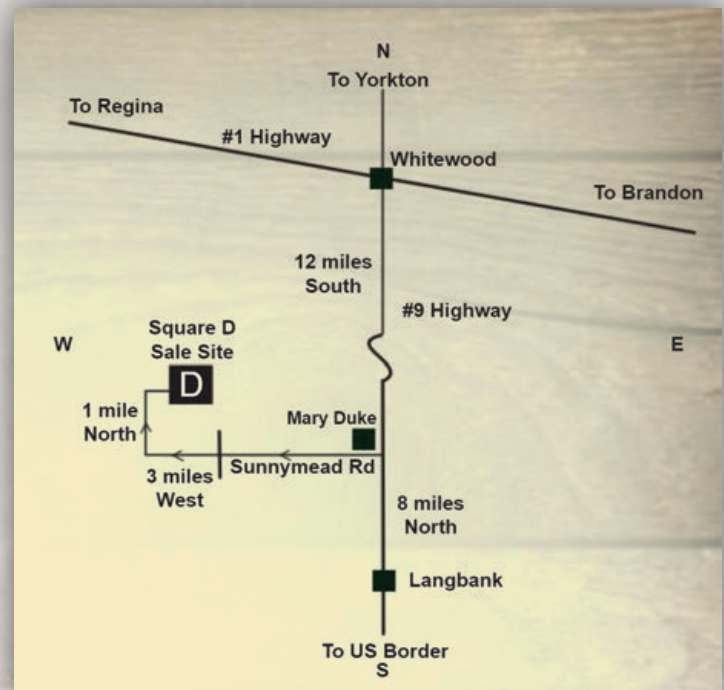

**INSURANCE:** We strongly recommend that insurance is purchased for full value.

**ERRORS:** All announcements at sale time, written or oral, supersede any written material in the catalogue.

### How to Bid Online...

1. To bid online visit [www.livestockplus.ca](http://www.livestockplus.ca). A sale listing can be seen on the home page.
2. Click the Register to Bid Online Button to the right of the sale you are choosing to bid on.
3. We converted over to a brand new system at the end of November 2018 to make the bidding experience more enjoyable. Therefore, your old account will not work. You will need to create a new account. Once created, a link will be sent to confirm the account and you will receive a username to be used with the password you have created.
4. If you have already created a new account then proceed to logging into the auction with your username and password.
