# CHIAROLAIS

SELECT

FEMALE SALE

**DECEMBER 10, 2022**

**1:30 PM • WESTERNER PARK  
RED DEER, AB**

# COMMITTEE WELCOME...

The Alberta Charolais Association welcomes you to the 2022 Alberta Select, 62nd Annual Meeting and Bull Showcase!!

What a great year it has been for cattle producers and the Charolais industry! With Mother Nature co-operating during calving season, rain bringing better hay and feed crops, very strong calf prices this fall and the Charolais influenced calves proving once again that pounds pay as they go through the ring. The Alberta Select once again brings to you the newest females to add to or start your Charolais herd as well as showcasing some of the newest herdsires that are up and coming!

The 4-H credit system is back again and we encourage any Alberta or British Columbia 4-H members to come to the sale and take advantage of this great opportunity to purchase a heifer at the sale. Take a look at the outstanding females in the catalog and feel free to reach out to any breeders or our Select committee to find what animal would best suit your needs. **\*Please note: Credits can ONLY be used on LIVE lots. No donation, semen or embryo lots.\***

Be sure to mark the Alberta Select Sale on your calendar and come out for a great social, great cattle, and market to get some last minute Christmas shopping done. If you are not able to make it to the show or sale; the sale will live on DLMS and any of the T Bar C team or consignors will be able to help you make that next great selection. The \$10,000 Pick of the Barn is back again and be sure to purchase your ticket from one of our Board Members or exhibitors to win your chance of a sale credit or towards any of the top notch bulls on display.

We will see you on December 9-10, 2022 at the Westerner in Red Deer!

YOU QUALIFY FOR A \$1000.00 CREDIT AT THE ALBERTA SELECT SALE**

# FROM THE DESK AT T BAR...

**CHRIS POLEY**  
306-220-5006

Welcome to the 2022 edition of the Alberta Select Charolais Female Sale, December 10th at the Westerner Park, Red Deer, Alberta. This annual event is an elite lineup of the best Charolais females from Alberta and British Columbia. As the name implies "Select" this lineup is outstanding and selected for genetic and phenotypical quality. This two-day event highlights the Alberta Charolais Association meeting, with the individual bull show to start on Friday and a banquet that evening. Saturday morning hosts the pen of three bull show followed by the sale.

What a great offering of Charolais breeding females to choose from. The bred heifers are broody, highly maternal and carry early services to leading sires in the industry. You are only a month or so from clipping a coupon and as we have seen in the past, the calf she is carrying will pay for the mother.

The heifer calves born in 2022 are fancy and exciting. New blood for many programs, they are destined to make front pasture females and in some cases donor dams. Competitive in nature, they are ideal for juniors of any age. 4-Her's take advantage of the "credit" and select your 2023 project.

The frozen section of this event is full of genetic powerhouse packages out of outstanding, predictable donor dams. The semen is out-cross from "down-under" and gives anyone an opportunity to get their breeding intentions taken care of in the fall and save a little tax.

Don't forget to get your ticket for the \$10,000.00 pick of the barn... a crowd favorite.

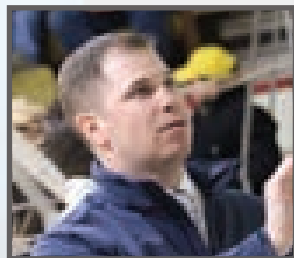

All of us have seen this exciting market... in the hottest breed in the nation. Every presort sale starts with Char-cross calves that top the market by weight and price. Alberta Select will be a day of excitement and opportunity... Charolais females will get higher every year, plan your future now!

Feel free to give any of the T Bar Team a call and we will assist with your purchases in a professional and confidential manner.

The Circle Cee program has always looked to bring new, unique genetics to the Canadian herdbook. In our quest for a unique new female, we became very intrigued by a Full French heifer calf in the Uppin the Ante sale from EMB Charolais. We have always jumped at the opportunity to add a little Full French into our purebred herd to enhance the natural muscling and power they add to their offspring. We brought EMB 2H into our elite female program and haven't looked back. She was bred to our Command bull – a homozygous polled, easy calving son of LT Authority and the infamous C&S Ms Ester 716 donor. The results are shown above! Wow! She has that show heifer appeal with a soft middle, style and balance yet has the added power and muscle shape of her dam. Queen Latifah is quoted as saying "Every woman is a Queen and we all have different things to offer". 202K is our Queen and is a unique breeding piece with a prestigious future ahead of her. Watch for a video on [www.circlecee.com](http://www.circlecee.com) in the near future!

Virtue is an all encompassing representative of the typical Circle Cee female. She is beautifully patterned, dynamic, stylish, and is dropping a picture perfect udder! 113J was the pick of nearly every person who toured our solid, deep heifer pen this summer. The infamous saying 'Patience is a Virtue' led us to make all her anxious suitors wait until the AB Select Sale to have the chance to own her! Her dam was selected from the first Sharing Our Genetics Sale from Wrangler Charolais and has produced 3 terrific replacement females to date. Her sire, Fairmont has left a fabulous set of replacement females at Circle Cee and now Thurston Charolais. She sells bred to our newest herdsire Supremacy – an easy calving LT Authority son for an early February calf. Will you be the patient virtuous owner of 113J on Dec. 10th?

Watch for a video on [www.circlecee.com](http://www.circlecee.com) in the near future!

## CHOICE OF BRED HEIFER PEN

Welcome to the 2022 Edition of the Alberta Select Charolais sale.

Although time got away on us, and we won't have any live animals in attendance this year we felt it was very important to continue to be involved in such a great event.

With some gentle arm twisting, an opportunity here that very well may never happen again, we are going to offer CHOICE of our bred heifer pen, even more exciting- that pick does not need to be made until March 1, 2023.

Absolutely no guess work here. Guaranteed live calf, save the feed, let us calve out the females and come pick the pair at your convenience. Calving begins early January. Whether bull calf or heifer calf at side buyer gets 100% ownership. If a bull calf is chosen, we retain right to semen for in herd use only.

If either female PAR 21J or PAR 39J is selected as pick, we request they do not transfer homes until after the kids 4-H achievement day, the last weekend of May 2023 as they are both entered as cow/calf 4-H projects. Breeding to one of our herd bulls or AI service at owners' expense can be arranged on these particular females.

**All females bred to our new heifer bull TAC 78J (Legacys Get A Copy)**

Females sired by- SOS Gunsmoke 2G, KayR Ambassador 1812F, Cedardale Fairmont 33F and v Genesis 16G.

**Consigned by: Parsons Cattle Company**

Last year we bred and exhibited the Champion Bred Heifer at the National Show in Agrigition, ONL Miss Sippin' on Fire 8H, who was purchased by Elder Charolais. 90K is a daughter of the grandmother of 8H. This is a cow family that consistently produces attractive and functional females. On the sire side, Whiskey Bent was our 2021 high seller, purchased by Circle Cee Charolais. From day one we admired the stoutness, depth of body, soundness and cool look of Whiskey Bent. We knew we wanted to keep semen on him and we are sure glad we did. We are loving the calves and the ones out of these Thunder daughters are some of our favourites. This is an attractive and stout heifer, with a solid pedigree and good disposition. She is right from the top of our pen and one we should have had a show halter on this fall!

Follow us on Facebook at Daines Cattle & O'Neill Livestock for updated pictures and videos. Juniors, be sure to ask about our Junior Incentive!

The mark JIL Thunder Roll 69Z left on our herd is quite profound. We have many of these Thunder daughters in production and these cows flat out work for us. 4D is no exception. She is sound, functional and has an udder made to stand the test of time. When we bred her to the Crossfire bull, this heifer is exactly what we hoped to get. She's sound, she's made right, she's going to make a nice momma cow and she is nice to be around. 114K goes back to the 910W cow, who was one of the first Charolais cows we purchased at the Perrot-Martin dispersal. 910W was the mother of ONL Chillin' It, a previous bull sale high seller to JD Cattle in Nebraska.

Here is a heifer that is out of a first calf heifer. Her grandmother was 13 before she went on to greener pastures, she produced top quality calves right to the end. This is the kind of heifer you take home and let her go to work for you. She has body, soundness, good hair and the overall look that makes you wish you had a whole pasture of them. Heifers like these will turn into cows we could all use.

Follow us on Facebook at Daines Cattle & O'Neill Livestock for updated pictures and videos. Remember to ask about our Junior Incentive!

Here is one that has caught everyone's eye all fall and has a pedigree to back it up. Out of a past high seller bull in our bull sale, Cool Cowboy, that was purchased by Danny Hansen and a cow family that is proving itself throughout the whole breed. This heifer's mother was shown and her grandmother is also the grandmother to the high selling bull in our sale last year, purchased by Springside Farms for \$72,000. This heifer is super nice in her lines, ultra sound, good haired, with lots of capacity and turn your head show ring presence. I hate to see this one go, but my crazy decision is your opportunity. I am really excited for the future of this female.

Follow us on Facebook at Daines Cattle & O'Neill Livestock for updated pictures and videos. Be sure to ask about our Junior Incentive. Last year, one young man received \$600 from our Incentive Program alone!

**Consigned by: Daines Cattle - Wyatt Daines**

Sire - ONL Cool Cowboy 8E

A few years ago, I purchased a bred heifer from Daines & O'Neill. I was looking forward to growing my Charolais herd, but life has taken a different twist. For now, I will be parting with the last of my small herd, but I look forward to having more time to dedicate to building a genetic program in the future. This is a bigger framed female that is clean and extended in her lines. She comes from a proven cow family, matched with the Crossfire bull, who is sired by the highly desirable Zeal. This heifer is really gentle and would be a great one for a junior to work with. She is at getting ready for this sale at Daines Cattle & O'Neill Livestock. Be sure to check out their Facebook page for updated pictures and videos. They are also going to honor their Junior Incentive program on this heifer, so juniors take a look!

Here is one exciting opportunity to have a Fancy, Tan, Homo Polled and Show Ready heifer! This heifer will stop you in your steps from admiring how well she is put together. Looking down her back you see the great thickness in her hip that carries through to her wide top. The performance doesn't stop; her body depth, length of rib, and a refined neck that ties into a very feminine attractive head. She has been an eye catcher from day one. From a stand out in the pasture and now a head turner on the show string. MISS KRIMSON comes from one of the top producing cows in my herd and she will be a great addition to any elite breeder! Letting her go come sale day will definitely be difficult, but I look forward to seeing what she will do in the years to come!

**Consigned by: Gallelli Charolais**

**BW: 75 lbs**

"Maggie" has been one of our top picks all along, and she made the top of Chris's list too. She is an extremely stylish, feminine heifer that should perform well both in the ring and in the pasture. "Maggie" is clean fronted, wide topped, tremendous length of spine and a beautiful cream colored hair coat. Sired by Circle Cee Legend, who is known for beautifully uddered females, and her dam, a Sparrow's Aquarius first calf heifer, who did an outstanding job with raising this heifer. "Maggie" will be a front pasture female.

"Gummy Bear" has tremendous depth of rib and long bodied, with a great disposition to boot. "Gummy Bear" is already dropping a nice udder, just like her dam, who has consistently given us a top pick heifer each year. The sire, Stepler Great White, has left us with a very good group of calves with good hip, long bodies and great performance. If you have a young kid looking to show a 4-H heifer, this is the one!

**Consigned by: Lakeview Charolais**

**BW: 85 lbs.**

Southern Star is a female that combines a very nice natural muscle pattern with a feminine look and eye appeal just like her dam does. The first of our Whitehouse females are doing a great job for us this year and this heifer will be no different for you.

**BW: 80 lbs.**

Classy Lass is a very attractive female with great hair and softness about her. We are very happy with the job Bankroll is doing at our place as well as at P&H Ranching, calving like a dream while producing show worthy calves such as Classy Lass.

**Consigned by: Future Farms**

Sire of Lot 15 & Service Sire to Lot 17 - JIL Bankroll 15H

**BW: 96 lbs.**

This heifer has been a standout since birth which lead her to be shown at CCYA last year as a calf. She has continued that great trajectory this year as a bred heifer and will look to follow her mommas footsteps as 36C was named as a 2021 Gold Star Dam of Distinction. There is a ton of phenotypical and genotypical traits to make this heifer a great addition to any herd.

Kadianne 35K has a presence to her. Beautifully put together. The way her neck lays into her shoulders, strong loin, deep quarter, great legs and feet. She is deep bodied and easy fleshing, and take a peek at her numbers. Her dam is heavy milking with an impeccable udder. Kadianne 35K is one of the first heifers out of the newly acquired herd sire LEO Hendricks 40H (AKA Jimmy), and when they are this good, it is hard not to be excited for the next years to come.

Opportunity knocks. FVC Jewel 53J has been there done that. Shown very successfully last year as a heifer calf in Edmonton and again this year as a bred, Jewel is very gentle. A nice mix in her pedigree of old and new school to complete the package. She is the kind we strive for; power and punch, attractive and correct. Serviced by our newest herdsire LEO Hendricks 40H, Jewel's first calf is sure to be a knockout. Just take a look at what "Jimmy" can do in Lot 19. Be it a front pasture cow or the opportunity to show a pair come next year, Jewel's future is bright.

**Observed bred March 27 by LEO 40H. Pregchecked favourable to date observed.**

This one should be staying home in the keeper pen but we felt that the Alberta Select would be the perfect spot to showcase the first offspring of CML Timeless 974G. So, here is the best daughter from his first calf crop. CML Desirae 206K is a true powerhouse! Her dam is one of the untouchables in our herd being sired by Pastor and out of Desirae 012, the 2015 Agribition Supreme Champion Female. Another Pastor x Desirae daughter in our program, CML Desirae 751E, is also the dam to the yearling heifer that is in our 2022 show string. The predictability of the pedigree of CML Desirae 206K is second to none and we expect her to be a cornerstone female that will be a welcomed addition to any program.

A feature donor female in the McLeod Livestock program. Plan to come and see CML Jewel 892F along with her 2022 heifer calf sired by SCX Jehu 233E that will be on display at the 2022 Alberta Select. We wanted to take this opportunity to showcase the Jewel cow family and felt the Alberta Select was the perfect venue. CML Jewel 892F is out of one of the top females to ever come out of the famous M6 breeding program, M6 Ms New Jewel 0155. Not only is New Jewel 0155 phenotypically one of the top cows you will ever see, she also possesses one of the top EPD profiles in the American Charolais Association herdbook being in the top 35% for birth weight, top 5% for weaning weight, top 2% for yearling weight, top 20% for Milk, top 1% for scrotal, Top 1% for carcass weight, top 5% for Ribeye, top 25% for udder score and top 20% for teat score. CML Jewel 892F is a full sister to CML Crown Jewel 89F, CML Jewel 889F (also the dam of CML No Worries 64H) and CML Jewel 890F. This cow family will have a major influence in our program in years to come and here is your opportunity to get in on this cow family.

**Selling one of**

**A - 5 IVF embryos sired by SCX Jehu 233E**

**or**

**B - 5 embryos to the bull of your choice.**

The buyer supplies the semen for the flush or the buyer can use any bull in the McLeod Livestock semen inventory. McLeod Livestock pays all flushing expenses. The buyer will receive 5 #1 conventional embryos with any embryos over 5 being the property of McLeod Livestock unless previous arrangements have been made. CML Jewel 892F is open and ready to flush at the beginning of January 2023.

Beautiful February heifer off our top cow family. For the past couple years our high selling bulls in our bull sale have come off Hilda daughters. Hilda 100K is sire by Harvie Head Master 35H the bull we sold to Sugar Loaf Charolais for \$27,000. If you are wanting to add maternal strength into your herd Hilda 100K has lots of it on both sides of her pedigree.

**Consigned by: Harvie Ranching**

Dam - Harvie Ms Hilda 19B

When we decided to consign females to the Alberta Select, we felt the importance of bringing the best of the best and we feel that this is a heifer that represents just that. She has a broody build, deep rib, excellent feet and legs, along with great maternal consistency stemming from both sides of her pedigree. This heifer is going to be extremely difficult to part with because we feel that this is a heifer who truly represents the very top end of our Red Factor program and will be a female who will consistently raise those high in demand red Herd bulls! She is from a top-notch powerhouse cow with great foot structure and a perfect udder who raises bulls that tip the scale year after year. She is sired by Pro-Char Slugger 49D who sold to Wilgenbusch Charolais and Elder Charolais. We use Slugger in our AI program for his great footing and structure, soft makeup and tremendous daughters. She is bred early to our new exciting red factor Pro-Char Winchester grandson so she is sure to have an outcross red factor calf for her first. Don't miss out on this great red donor quality female.

Here is a super stylish female with all the attributes we strive to produce in our females with her moderate smooth build, impressive udder development and feminine head, along with her overall structural soundness. She is a full sister to Pro-Char Jamieson who sold for \$35,000 to CK Sparrow Farms a few years back and sired their high selling bull last spring. Their mother has also produced 3 other full brothers to Castine and Jamieson that have all sold to purebred herds. Castine is sired by Sparrows Casino, a true female producer that we lost as a yearling and this will be his first daughter we have ever sold in an auction. This heifer is going to be tough to part with as she is sure to make a great cow for many years down the road. She is great haired with a fancy look and excellent temperament, bred early to the great Pro-Char Winchester who has done so much for the breed.

This is the only daughter to ever sell from the great High Bluff Esperanza 7X cow who has worked so well for us over the years and we feel that this girl has the potential to become a foundational donor female just like her mother. Since purchasing 7X she has repeatedly raised exceptional progeny and her sons have topped many of our Bull Sales results including the \$25,000 Pro-Char Exotic 94D, \$26,000 Pro-Char Richmond 140E, \$19,000 Pro-Char Xavatoro 53G, along with other great cornerstone females in our herd. Esperanza 71J is a great all around female that checks off all the boxes, and being sired by Jamieson just adds to the excitement! She is deep sided, long bodied, broody and that fits all the criteria to become a consistent producer. As a bonus Esperanza is bred early to Lt Badge 9184, thus will be one exciting cross. This will be one of the very few females in Canada bred Badge, The first Badge sons sold last spring in the LT Sale with 15 sons averaging over\$35K. Don't miss out!

A very performance orientated daughter of our junior herd sire WhiteCap Ghost Rider 32G. Her family history is long in giving us great power bulls that our commercial buyers have loved so far. Nellie 1017J is structurally sound, with some nice extra length. In our opinion, length in your calves in the sale barn is still one of the top things that make the buyers snuggle up to ring to take a closer look. She's bred to Wrangler King Ranch 2G, a bull that sees double duty both in the heifer pen and the cow herd. I expect good things out of this mating.

**Bred to Wrangler King Ranch 2G from April 8th to May 28th**  
**Due mid - late February**

**Consigned by: Thistle Ridge Ranch**

THRR Miranda 1068J is a tank of a bred heifer with style and substance. Up front she's feminine and cowy in her make-up, super deep through her barrel, and wide based through her pins. She looks like she's setting down a fantastic udder, just like her mother, and also like the dam of her sire, SOS Poundmaker PLD 16G. He's a female producing machine we got out of Springside Farms for that very purpose. The hair coat on this girl would make even Farrah Fawcett sit up and take notes. Bred up early to the King Ranch bull, so he'll add a little stretch to the calf as well.

**Bred to Wrangler King Ranch 2G from Apr 8th to May 28th Due mid-January**

**Consigned by: Thistle Ridge Ranch**

We think highly of this SOS Poundmaker 16G bred heifer. She's built very nice from top to bottom, nose to tail, and she's got the pedigree of a herd sire producer while maintaining calving ease through her sire. The udder quality in her lineage with Sparrow's Lamont 524C, CML Diablo 2X, and now the Poundmaker 16G sire make me firmly believe she will carry that on and be a front pasture cow for years to come. The Wrangler King Ranch sire she's bred to will keep up with moderate birthweights while not sacrificing anything for you in the growth department.

**100K Tested | Homo Polled**

This powerhouse female is out of our top cow family. She has tons of rib, loads of thickness, and still in a feminine package. Her sire, Ledger, needs no introduction. Her dam is a hard working BLKC Legacy daughter, who has been a main stay female maker for us, with daughters working in Nelson Ranches, and Bob's Charolais. Her granddam produced until she was 19 years old, so longevity is not a question. She was AI bred to CML Authentic 34H, the \$54,000 high seller from the 2021 McLeod Livestock bull sale. With Authentic being an own son of PZCTR DESIRAE 012, the resulting calf will have tons of maternal power.

**AI service date: March 21, 2022 to CML Authentic 34H**

Smooth made, long spined with an outcross pedigree, is what comes to mind when you think of 7J. Her mother is one of our tankiest cows, who always catches the attention of people who tour through our herd. She should fit in nicely to anybody's herd, and will go on to produce bull calves that will market very easily.

**Homo Polled**  
 We are very excited to bring this PCC 937G daughter to the Alberta Select. This is the first female we have offered at the Select sale out of our small but growing herd and she comes right out of the heart of our replacement pen. Faye is out of our donor cow 937g who is absolute top of the line! She's clean fronted, has a stunning head and neck, she's powerful, so good on the move and tops it off with a flawless udder. Then you add the high selling SVY Trust on the top side of this heifer, and the result is a great combination of two very elite cow families. The 937G x Trust combination worked great; there are full brothers to Faye that will sell this March in our bull sale, and what a group of brothers! Faye is a powerful female who ranks with the best of them in terms of foot and udder quality, a high milk epd and throw in an awesome haircoat and you have a female you really can't go wrong with.

Kassy is deep, hairy, full of style and an absolute sweetheart. Her sire, Riggs, is a Sparrows Casino son who was purchased as a calving ease bull and has really flourished. He worked great as a heifer bull and is now stamping his own power bulls and heifers as well when bred to the mature cows. Kassys dam is one of the nicest young Resistol females in the herd. That's saying alot because not many of them leave, they have worked so well. Her cow family has been awesome. Stout, good footed, great uddered and functional. We chose these females with Chris because we know they are the best we have. We know Kassy can do great things wherever she goes.

This pretty tan heifer has been an eye catcher since birth. She comes from a long line of maternal females, many still on the farm. Her maternal granddam was a no miss cow that lived to be 16. Her dam has a great udder and Xavatoro is deep, square and heavy muscled. Xavatoro himself is out of the great High Bluff 7X cow who is a top donor cow and maternal power house at Pro-Char. Her Maternal grand sire was a french influenced tan bull that really ticked all the boxes for us. Miss Kitty is sure to be a great addition to any herd. A great opportunity to add elite red genetics to your herd.

Exciting outcross opportunity knocking at the door! Venturon Maximum Impact was added to our AI line up when we went on the hunt for something new and now have opened the vault on him. Max checks off all the right boxes in an AI sire and his first calves are very impressive. For starters he is built right from the ground up, big square footed, sound in his movements and structure. His calves have impeccable growth and muscle definition. He backed by the beautiful Venturon Hillary cow who is currently a donor for Venturon Livestock. Max ranks in 5% in Australian herd book for growth at 200, 400 and 600 day weight and top 10% for milk. Currently Maximum Impact is a waking herd sire for Venturon Livestock of Boyup Brook, Western Australia.

Sire - SOS Timber PLD 88J

Tyson grew up around cattle and horses. When he was little, he loved the little calves. One spring he even went out to the barn and read to his favorite calf, two-two. This past calving season he was a great help doing night checks, bringing in cows and calves, tagging calves. Tyson has always seen himself as a cowboy and wanted to go cowboy for one of the big ranches, but we convinced him to stay home one more year, by buying him his own cattle dog. The greatest quality about Tyson is his drive. He will not give up until he is satisfied that he has done his best. Tyson continues to be an asset to our ranch, and I look forward to one day turning it over to him.

Tyson's grandpa purchased his first Charolais bull in 1973. He purchased it together with his brother-in-law from a local breeder. Some area ranchers wanted the bull banned off range because it was Charolais, but Tyson's grandpa stuck by the breed and bull, and continued to run a Charolais bull with his cattle. In 2005 Tyson's parents became partners in the ranch and took over running the ranch in 2010. When they took over changes were made on the ranch but there was no question as to what bulls they were going to run. The quality of calves using Charolais bulls was a tradition they were happy to continue. While there are no local breeders and they have to travel to find their bulls, it is well worth it. Tyson has started his own herd of cows and is looking forward to continuing the next 50 years of ranching and running Charolais bulls.

On June 15th, one week after winning the BC high school saddle bronc championship, Tyson Roberts experienced a life changing injury. Tyson was thrown from a bronc at the Prince George rodeo and the horse came down on his back, shattering his 17 vertebrae and causing his spinal cord to become compressed. Tyson lost all feeling below his rib cage is unable to walk. After almost three months in rehab in Vancouver he is at home getting used to life on the ranch again. His determination to be a cowboy is not diminished one bit.

The Alberta Charolais Association is proud to recognize 4-H members from across Alberta and British Columbia who exhibited Charolais Influenced Genetics as their 4-H Project in 2022 with a \$1,000 credit in the 2022 AB Select Sale

## \$1,000 TOWARDS YOUR 2022/2023 4-H PROJECT

### Rules & Regulations:

- Credit is available to all 4-H members in the provinces of Alberta and British Columbia who exhibited a 4-H beef project with a Charolais Influence in 2022.
- Each member exhibiting a Char Influenced steer, heifer or cow-calf pair as a 4-H project in 2022 will receive one \$1,000 credit which can be used towards the purchase of any **live** lot in the 2022 Alberta Select Sale. Credits cannot be combined and only one credit can be used per lot.
- All entrants must be a member of good standing and show proof of membership in an active 4-H club in Alberta or British Columbia for the 2022/23 year in a beef project.
- 4-Hers must be between the ages of 9 and 20 as of December 31, 2022 to be eligible.
- The credit holds no cash value and if not redeemed for a purchase in the 2022 Alberta Select Sale will become null and void.
- The credits are non-transferable.
- The credits can be used in a partnership situation as long as the credit holder or the credit holder's immediate family operation is acknowledged within the partnership group. Only one credit may be utilized per lot.
- **Credits can ONLY be used on LIVE lots. No donation, semen or embryo lots.**
- Further clarification on any rule or regulation for the above promotion will be made by the Alberta Charolais Association Board of Directors, at their discretion.
- All 4-H members will be **required to register in person** at the designated 4-H table prior to 12:00 pm, December 10, 2022 at the Westerner Grounds.
- Updates can be found on the Alberta Charolais Association website at [www.albertacharolais.com](http://www.albertacharolais.com) closer to the event. Questions can also be emailed to Scott at [sugarloafcharolais@gmail.com](mailto:sugarloafcharolais@gmail.com) or Janice at [kcowranch@gmail.com](mailto:kcowranch@gmail.com)

## TERMS & CONDITIONS

### TERMS:

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

### CERTIFICATE OF REGISTRATION:

Each animal will carry papers issued by the Canadian Charolais Association, unless otherwise stated. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

### PEDIGREE ESTIMATES

Pedigree Estimates (PE) are created on the projected mating of the animal's sire and dam based on averages of the two, creating estimated values that do not hold the same accuracy of actual EPDs issued from the association and should be used as such.

### HEALTH:

All animals in the sale have met all necessary health requirements.

### GUARANTEE:

Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the appropriate breed association with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness.

### PREGNANCY INFORMATION:

All serviceable age females have been pregnancy examined by an accredited veterinarian, giving an estimated length of gestation. This

Estimated gestation period shall be used only as a guideline to calving and is not a guarantee of actual service.

### LIABILITIES:

All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

### DELIVERY:

Every assistance will be given in getting your purchases home. Each animal becomes the risk of the purchaser as soon as sold.

### PHONE, MAIL, WIRE BIDS:

Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

### INSURANCE:

We strongly recommend that insurance is purchased for full value.

### ERRORS:

All announcements at sale time, written or oral, supersede any written material in the catalogue.
