**FEMALE SALE** | WITH GUESTS LOBSTER POINT PROPERTIES & FRASER FARMS

# The Part TBar C

If you study any successful outfit that hosts an annual bull sale like Balamore, you will find one major factor of common ground between them all: a high powered group of females behind the bulls. We at T Bar C are overjoyed to be conducting this sale at the extraordinarily picturesque Balamore sale facility on Thanksgiving Monday. We greatly encourage anyone that wishes to see a state of the art facility and an extremely high quality, multi-breed offering to join us on the shoreline at Great Village, Nova Scotia.

Like the scenery itself, the offering presented is second to none. The Cooper family has indisputably opened the gate to make this sale a highlight of the fall season. No matter if you are in the market for white, black, red, or roan hided cattle, you will discover a breeding piece here that will amplify your program to an even higher standard. As I had mentioned at the start of the welcome, the Balamore "Thickness Sells" Bull Sale is North American known, with as many breeder bulls sold across the land as any. This vast placement of genetics has branded the Balamore program as a must-see cowherd.

Consignments from Lobster Point Properties will be very intriguing in the offering. These females are selected off the top of their herd, with very aluring paperwork to back up their image. The Fraser family have also pulled out all the stops in their offering. Two heifer calves coming from their gorgeous Shorthorn program that prove to be an excellent fit for this inaugural event. To put it simply, this sale is one to attend. The Cooper family are first class not only in the standard of cattle, but in character. They are an absolute pleasure to do business with.

Before I conclude, I'd like to leave with you with some quick background information on Balamore

- 1. They are the largest purebred seedstock operation East of the Manitoba border
- 2. Their bull sale garnered national recognition, with bulls in multiple breeds being high sellers up against other operations all across the country
- 3. Their large strawberry farm employees in excess of 200 workers in the summer months
- 4. Their beautifully landscaped yard and farm is one of the most memorable you will see across the entire country

As always, T Bar C are here to answer any questions you may have, as we were through the cattle in July, and will be set up at Balamore the day before. Please don't be afraid to call or connect on this great offering of seedstock!

See you on the coast,

Barnyard breeding at its best. Style, look, ring presence, flawless structure. Out of a great milking Wheatland 8200 2 year old, really like this future show heifer. Rare opportunity - you take your pick and we take the other one home! We are very pleased to be invited to consign to the inaugural Balamore Farm Shoreline Event. We have decided to offer a buyer's choice from our two best heifer calves born in January 2022. Both of these heifers are from foundation females and sired by our new herd sire Muridale Walsh 70G. FRA 4K is a white roan calf that has turned heads since she was born. She certainly has the thickness and depth that her dam does and is sure to be an easy keeper as she develops into a great female.
