BONCHUK FARMS FEMALE SALE

WELCOME TO THE BONCHUK FARMS FEMALE PRODUCTION SALE 2022

As I write this I am reflecting on the whole year... cold through calving, wettest spring in memory, late harvest to add to the year of challenges ... BUT the cows had a very productive summer pasture to graze on and the calves did very well.

Seems like we just got last years write-up done and there is another set of heifers to sell. We really like how this years set of heifers have developed and are sure they will go out and perform for the new owners. These females have been A1'd to industry leading bulls or bred to our walking calving ease sires.

There is a diverse selection of deep bodied powerful made females that we are proud to offer you. Our herd is on a complete vaccination program. We know these girls will go out and work for you!

We encourage all buyers to stop by the farm to view the sale offering. We ask that you please call ahead and we would be happy to walk you through the Sale group. The cattle can also be viewed at Ja-Lyn Farms/JP Cattle Co. Starting on Thursday, December 8th. We will have Mark Shologan of DLMS Marketing Services live broadcasting the Sale so you can participate online. All heifers will be videoed before the sale and will be seen on DLMS at sale time. On Sunday December 11th we would love to have you attend in person and we will treat you to our usual Bonchuk Farms hospitality.

We look forward to working with all the T Bar C crew. Shane and Chris have been through the offering and can assist with your selection.

This year we are having an auction of a heifer will all proceeds going to the Mitchell family as you will see with Lot 1. We are part of Addie's Army! This family is very close to ours and we want to make their lives a little easier the only way we know how to help.

GREAT CATTLE - GREAT CUSTOMERS!
After all these years its really that simple.

Merry Christmas to all our friends from everyone at

Bonchuk Farms

FROM THE DESK AT T BAR ...

Welcome to the 2022 edition of Bonchuk Farms Female Production Sale on December 11 at Ja-Lyn Farms/ J.P. Cattle Company sale facility, McAuley, Manitoba. This leading Simmental seedstock operation is one of the largest in the nation... in addition to this event, they host a 100-plus bull sale each spring... so it takes a lot of brood cows to fulfill the task. What makes this program special is the uniformity of the cow herd... uniformity in quality, body structure, optimal frame, and maternal predictability. As you read through this catalogue you will find a strong longevity and fertility factor in many of these females who stem from foundation profit earners for the Bonchuks out of their many prolific cow families.

This is an outstanding offering of breeding females in all divisions whether it be Red Purebreds, Black Purebred or Full Blood. Thick, broody front pasture females carrying early services to sires that fit the program... "the Bonchuk kind". As one scans through this book several sire groups stick out for me ... Hitman, Swagger, Gibson's Finest, Ambition 921G, R Plus 5015C, Western Frontier, Silver Lake Dealer, and let's not forget the calving ease Affinity. The genetic selection is diverse whether you need one or a trailer load, you will be pleased to walk through this great offering of Simmental seedstock.

We must thank all the folks at Bonchuks for the donation of the heifer for Addison and the Mitchell Family. This is when friends, family and community come together for a special cause. BLCC Miss Affinity 6J is not only a fund raiser... she was selected from the front of the sale lineup. Let's help ourselves to help Addison.

Plan to be with us for this outstanding offering of bred heifers. The heifers will be at the sale facility December 10th and 11th for viewing or stop by the farm anytime prior for a preview where you can see the mothers and bull sale bulls. Feel free to give Dave, Wayne, or Tyler a call to discuss the heifers and those that will suit your breeding requirements.

Join us for this opportunity day in the livestock market. With a strong cattle market and a shortage of replacement females, the beef industry is in great shape. The Bonchuk Sale is a wonderful opportunity to add to and restock your pastures! Feel free to give any of the T Bar Team a call and we will assist with your purchases in a professional and confidential manner.

WATCH & BID ONLINE

TERMS

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

CERTIFICATE OF REGISTRATION

Each animal will carry papers issued by the Canadian Simmental Association. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

PEDIGREE ESTIMATES

Pedigree Estimates (PE) are created on the projected mating of the animal's sire and dam based on averages of the two, creating estimated values that do not hold the same accuracy of actual EPDs issued from the association and should be used as such.

HEALTH

All animals in the sale have met all necessary health requirements.

TERMS & CONDITIONS

GUARANTEE

Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the Canadian Simmental Association with regards to health, freedom from defects and from both reproductive and specific genetic unsoundness.

PREGNANCY INFORMATION

All serviceable age females have been pregnancy examined by an accredited veterinarian, giving an estimated length of gestation. This estimated gestation period shall be used only as a guideline to calving and is not a guarantee of actual service.

LIABILITIES

All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability, legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may, in exceptional cases, be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

DELIVERY

Assistance will be given in getting your purchases home. Each animal becomes the risk of the purchaser as soon as sold.

PHONE, MAIL, WIRE BIDS

Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

INSURANCE

We strongly recommend that insurance is purchased for full value.

ERRORS

All announcements at sale time, written or oral, supersede any written material in the catalogue.

DELIVERY

Shipping assistance will be given in making shipment after sale but sale management or seller assumes no risk. Bonchuk Farms will assist in arranging trucking to central points across Canada. All costs associated with shipping will be the responsibility of the new owner.

HERD HEALTH

All bred cattle received Express 5 before breeding and Total Herd has been on the Express program for over 10 years, making the ranch BVD-free. Bred heifers also received black leg vaccine before breeding. All pregnant cattle have their first shot of Scour-Bos vaccine and treated with Ivomec.

A broody female that will make a solid producer. The Affinity daughters are everything we had hoped for and this heifer is looking like she will follow suit. Expect a great calf by Epic.
Bred to WS Epic E152 April 30, 2022.

Addison Mitchell

Addison Mitchell is 8 years old and is in grade 3 at Birtle Elementary School. She loves horses and riding, gymnastics and spending time with her friends and family.

Addison was diagnosed with T-Cell Acute Lymphoblastic Leukemia in July 2022. She has been in Winnipeg for cancer treatment since July and is expected to continue treatments in Winnipeg until February, and then once a month for the next three years.

The Mitchell Family – Ben, Nicole, Addison and Nixon are close family friends to the Bonchuk families. All monies raised will go directly to the Mitchell family to help with expenses as they navigate through Addison's cancer journey.

- ◆ BLCC 249J
- ◆ MARCH 10, 2021

The kind of fullblood heifers we love to produce. 249J is long, wide topped, dark red color with lots of pigment, and has a lot of eye appeal. Wish we had a pen full of 50 just like her. The dam is a cow that is easy on the eyes and works hard every year. We have a full sister in production and she looks great. Bred to Battle Cry.

Bred to NAC Battle Cry 4F on May 7, 2022. No exposure.

Full Fleckvieh, An attractive daughter of Rival that has some frame; length, capacity and comes from a great cow family. The Miss Klyber 54L anchors this female, her production record was great and had many high selling progeny to her credit. The strong siring power of Rival is very evident throughout the breed. Bred to Outlook for an exciting calf.

Bred to Anchor D Outlook on May 10, 2022. No exposure.

Western Frontier certainly left his mark on this attractive polled full blood. Dark red, lots of pigment, abundance of style, this heifer holds herself proud with her natural thickness and comes from a hardworking female purchased from Maxwell Simmentals. We don't have a lot of polled fullbloods but felt we could share this great female with the industry. A polled Battle Cry calf from her could be irreplaceable.
Bred to NAC Battle Cry 4F on May 6, 2022. No exposure.
