

2022 **CANADIAN WESTERN AGRIBITION**
NATIONAL *Speckle Park* SALE

From the Desk at T BAR...

Welcome to the 2022 Canadian National Speckle Park Show and Sale hosted by Canadian Western Agribition, Regina, Saskatchewan. Four days of excitement, fellowship and the greatest display of Speckle Park breeding stock in the world. As the Speckle Park breed gains momentum and grows, so does more opportunity to take full advantage of the freshest genetics whether you are an established breeder, a junior member or someone looking to enter this exciting and growing breed.

The Speckle Park breed developed in Canada has been and will continue to be the source of leading genetics for many breeders around the globe who are now creating their own excitement. Each year, except for the covid years, this breed has attracted livestock enthusiasts from around the world to attend Agribition to view the show, walk the alleys and participate in the sale. The National is more than just a cattle show, it is an event where trade and fellowship go hand in hand.

The National sale offering is packed full of quality and opportunity which runs deep in every category. The herd bull prospects on offer are futuristic in type, powerful genetically... selected to make an impact in calf crops moving forward. The bred females are headlined by a proven and competitive donor candidate that is sure to cause some excitement as she has already proven to be competitive. The 2022 models in the female division are the deepest and strongest group ever offered... some are future donors. The frozen genetics, embryos, and semen are sourced from proven donors and sires. Many of the embryos offered are exportable to specific countries throughout the world.

Plan to be with us on Wednesday, November 30th for the "National"... opportunity and excitement day for the Speckle Park Breed. The show is at 8:00 in the morning where you can see the sale lineup compete and the auction is that afternoon at 3:00 P.M. Feel free to give any of the T Bar Team a call and we will assist you with your purchases in a professional and confidential manner.

12:00 pm President's Classic

WEDNESDAY, NOVEMBER 30

8:00am Speckle Park Show
Chevrolet GMC Arena
3:00 pm **Speckle Park Sale**
John Deere Sale Arena

SATURDAY, DECEMBER 3

9:00 am BMO Canadian Junior Beef Extreme
4:00 pm Agribition Beef Supreme,
presented by CN

TERMS: The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

CERTIFICATE OF REGISTRATIONS: A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

HEALTH: All animals in the sale have met all necessary health requirements.

PREGNANCY INFORMATION: All serviceable age females have been pregnancy examined by an accredited veterinarian, giving an estimated length of gestation. This estimated gestation period shall be used only as a guideline to calving and is not a guarantee of actual service.

LIABILITIES: All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

DELIVERY: Assistance will be given in getting your purchases home. Each animal becomes the risk of the purchaser as soon as sold.

PHONE, MAIL, WIRE BIDS: Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

INSURANCE: We strongly recommend that insurance is purchased for full value.

ERRORS: All announcements at sale time, written or oral, supersede any written material in the catalogue.

IOIB SELLING CHOICE | GREENWOOD *Kopperhead* 85K

MALE CAN15005--PB DJP 85K JAN. 07, 2022
BW: 91 LBS. PUREBRED

A pair of full brothers that pack a powerful punch with a maternally driven pedigree to back them! They combine the 2019 Speckle Park Miss World female "Wren of P.A.R. 70E" and the 2020 Speckle Park Miss World female "Pathfinder Cora DLE 3C" into one stacked profile. Kobra is the natural calf and Kopperhead the ET calf, matching each other step for step proving the consistency in this mating. These two carry incredible stoutness, a massive middle third and the early maturity that we look to produce in our bulls. Both individuals post impressive weight per day of age, weaning weights and large scrotal development. Kobra would be longer through his front third while Kopperhead has more spring and depth of rib. Their dam, Pathfinder Cora DLE 3C is always a favourite of our herd by all that tour. Her flawless structure, overall capacity, and "table like top" make her a phenotypic giant. Their sire, Greenwood Headliner 71H was crowned Grand Champion Speckle Park bull, King of the Ring Speckle Park bull calf and a "Top 4" finalist in the All Breeds Supreme show at Stockade Roundup 2020. Headliner has become a productive sire in our program as well as the Freimark's program of Colgan's Cattle Company Corp. He breeds true to himself, producing offspring that tip the scale and look good doing it. Kobra and Kopperhead boast a pedigree full of champions, high performers, early maturity and top end milking ability. Either way you go, choose with confidence that you are getting your next great breeding bull in their entirety!

SELLING CHOICE

In the seedstock business, we always say "there is no perfect animal" but Chanel is extremely difficult to fault. Foot, udder, wide pinned, wide muzzled and mega maternal that will carry a single lactation beyond 365 days if you allow her to. We only show broke Chanel at the end of 2020 and since then she hasn't been touched in the show ring. 2-time Paris Champion, Rockton World's Fair Champion and now 2022 Expo Boeuf Champion. We bought Chanel as a heifer calf in a group from Colgan's and we need to give credit to Codiak Acres for breeding this magnificent female. Right out of the gate, this never miss cow has 6 natural registered progeny (from 5 different sire combinations) that have all gone on to make impacts in programs across the Country. Chanel was flushed (IVF) for the 1st time in early 2022 and gave 11 Grade 1 female sexed Gotcha embryos across 2 IVF rounds. Not bad considering the size of her bull calf at side and a January 2023 calf in her belly. No doubt Chanel likes to work and we feel she is just coming into her prime production years now!

This is the most complete and balanced cow we have laid eyes on in the breed and it's been an absolute pleasure developing and mating Chanel. This cow deserves to be shared in this expanding breed and we are very excited to see who acquires her and maximizes her as an elite donor, show and production cow.

We can't wait to see what this calf does for the new owner and breed!

Your chance to land the first Chanel ET heifer calves on the market. IVF technology has come leaps and bounds in the past 10 years and both ourselves and our customers globally have experienced exceptional 'stick rates' of IVF embryos in recipis. In facts, the grading of a grade 1 IVF embryo vs a grade 1 conventional is far more stringent in a world class facility like Boviteq/Semex. We believe the Chanel X Gotcha combination will excite the seedstock world, beyond the Speckle Park breed. Buyer(s) of these embryo Lots will have the first right to buy the remaining 5 Chanel embryos after the sale!

We pride ourselves on selling our best and 29K is proof of that. Admired throughout the summer by visitors for her extremely attractive design, added bone and extra growth. She is a long spined, free moving female with the eye-catching presence that we all strive to produce. Throw in her carefree attitude and phenomenal hair coat, we feel 29K will find success in the show ring and your donor pen. Her dam is a long bodied, hard working female that stands on a perfect foot and continues to outdo herself every year. Future offspring have been well received around the world, valued for their eye appeal, muscle shape and overall structural integrity. The banner chasing ability and breeding potential this heifer possesses is one of a kind, don't miss out!

The epitome of power and performance, 84K is an absolute curve bender for the Speckle Park breed. The added growth, capacity and easy doing ability that this heifer withholds is exactly what the breed needs more of. She possesses all of this power while still remaining feminine, a combo that is hard to find. Ulysses females are highly sought after around the world, appreciated for their quality and production ability. Her dam, 154B is the matriarch of our program and continues to produce top prospects year after year. 84K is a maternal sister to the \$66,000 high selling female from the Homecoming 2021 Speckle Park Sale and 2021 Speckle Park Miss World female 'Greenwood Jealousy 83J'. This one is tough to part with, take advantage of a great opportunity in a future donor cow.

This year for our agribition sale lot we went right to the top of our heifer pen. The dam Ravenworth willow 510H was in our show string last fall - Reserve Champion Female Edmonton Fall Fair and First Lady Classic Breed champion at agribition. The grandam of this heifer was an Agribition Champion and Stockade Round up champion, and her MGS is non other than the much decorated and proven Ravenworth Invictus 103C.

Willow 304K is sired by Wolf Lake Free Trade 42F. This heifer has great eye appeal with her angularity and femininity. She is a very long bodied heifer who maintains her balance and muscle shape brining it all together nicely. This female will turn heads wherever she goes. The pair was crowned Champion Senior Female at Manitoba Ag Ex 2022.

This heifer calf has been set to impress since birth. Off of a first calf heifer who's out of a foundation female she will be sure to get the job done while checking all the boxes. Hell Ya may be a relatively new sire but has been proving to be an influencer with multiple progeny hitting the show road this year. This is an opportunity to be at the forefront of an impressive new sires career with the backing of a tried and true cow line.

They say sometimes you have to let the good ones go, and that is exactly what I am doing with this heifer. From her eye-catching profile to her correct structure, she is the real deal. I have been a huge fan of her sire, D.A.M. Dots 94A Electric 31E, since I first laid eyes on him at Agribition in 2017, where he made it to the RBC Supreme Challenge alongside his dam. This heifer has a powerful, productive bloodline both top and bottom, with her dam coming from my foundation bloodline. Whether you are looking for a heifer that will show herself off for your show string or go out and produce top calves for years, then look no further than this girl.

This flashy female is off a first calver who exceeded my expectations. I was very excited for this JSF Wall Street 36E and Notta 151A Cause N Effect 309C cross when making breeding decisions, and this calf did not disappoint. With a pedigree like hers, you can only expect great things. She carries beautiful muscle expression throughout, is very smooth made, clean fronted and has width across her top. This female would be a great addition to any herd!

Another great female from the INC breeding program. We were fortunate to purchase this calf from a pregnant recipient last winter. This one by Premier 101Y Logic L11 out of the good 16W cow. This heifer is long from head to tail and is truly outstanding in her ability to pack power and performance into such a feminine structure. It's tough to let the best one out of the pasture go but we believe this heifer can become a cornerstone cow in anyone's herd.

To say that offering Kindle for sale was a painful choice to make, is an understatement. This heifer is one of the best to come out of our program and should be staying home to be a foundation cow for our own herd. She has the depth, width, and style to be a future donor cow. Her Royal family tree speaks for itself. While we regret selling her, you won't regret buying her.

Twisted wire is happy to participate in this prestigious sale with our first offering, Twisted Wire Karissima. We were planning to keep this stylish, well balanced heifer but she's the one Chris chose, so here she is. We hope you like her as much as we do. Her dam is a second calver and both of her calves have been shown at Agribition having shown her bull calf last year as well. We really appreciate her sire Hammer at Calico Creek and we're fortunate to have secured a breeding to him. Karissima will be the first Hammer offspring to hit the market and she is a fancy one.

Here's one that could make some massive performance type bulls and yet still pull off the maternal, functional females. Fanfare 26F had a moderate birthweight of 76lbs and was one of the top performing bulls within the Summit 3 sale as a yearling. Her cow lines are just as strong and proven as any. This is a female that will only get better with time. She's tremendously stout made and refined through her head and neck. She's one that's hard to fault. Big ribbed, sound moving, and soft patterned, all the things you like to see in a female of this calibre. The lucky buyer will no doubt reap great benefits from owning a female like Quarantine 37J.

Homo Polled Homo Black Myostatin Carrier
Exposed to RLE Sunrise 82H and RH 916G Jack Frost 105J
March 21, 2022 to June 18, 2022
Due approximately end of February to beginning of March.

I have retained all the daughters this powerful Dam has given and decided it was time to share the wealth. In considering a potential mate I wanted to compliment her productivity and power with a sire who rivalled her abilities. Yager show's that same level of consistency in being a "female maker." I am excited about the prospects of this mating and feel that this truly could be a winning combination.

Canada, USA & Australia Qualified

Guaranteed one pregnancy if implanted by a certified technician.

Amazing opportunity to own full sibling embryos to the \$34000 and \$12000 high selling bulls in KFC's 2022 bull sale. Come away with me was one of the high selling animals in the ladies of the fall sale in 2019. She is feminine, moderate framed but with lots of capacity and depth of body. She has been an amazing foundation female for our program. Excalibur continues to produce excellent offspring. This is a proven mating, don't miss out!
Co-owned with Marblen Farms.
They are stored at Abbotsford veterinary clinic.
Guarantee 2 pregnancies if implanted by certified technician.

Here is a great opportunity to secure some genetics that should really pack a punch. Both top and bottom sides of these embryos have some of the breeds greats in them that have proven themselves over and over again. Calico Creek Eye Candy is a cow that sold through this very sale as a heifer calf and then when the opportunity presented itself for me to bring her back into my herd as a mature cow, I of course jumped at it. Eye Candy has great length of body and a beautiful udder, so when looking for a sire to complement her and help add some depth and thickness to her the easy choice was Field Ready. Field Ready has proven himself here in Canada, and has become a really hot commodity over in Australia. These 3 embryos will be the only available from this combo as the rest will be implanted in my own herd.

**Guaranteed one pregnancy if implanted by a certified technician.
Canadian, US, And Australia Qualified

The Hulk has very nicely lived up to his name. A standout in the pen since he was a calf and has never had a down day since. Huge hip, top, foot and great early growth that everyone likes to see in calves. The dam of Hulk is the legendary Whistler 38W that is still an absolute stunner walking the pastures at 13 years of age. Here is an opportunity to be a part of an extremely exciting young sire that is bred for greatness and longevity alike. The Hulk group is offering 4 packs of 5 straws each and this will be the first and only semen sold in 2022.

With the overwhelming amount of requests from around the globe, INC Cattle Company & The Talladega Group have agreed to release a limited amount of INC Talladega 11J semen at The National Speckle Park Sale. Undeclared Bull Calf Champion in 2021 & twice crowned Grand Champion Speckle Park Bull at Manitoba AgEx, INC Talladega epitomizes style & performance. This bull has it all - beautiful muscle expression, he's deep, deep ribbed, is wide topped and has a tremendous hip - Talladega is 2000 lbs of power & grace and it's doubtful a smoother walking bull can be found in any breed. It's time to share these outstanding genetics with the rest of the world. **On offer are two packs of Canadian, Australian, New Zealand and South American qualified semen, each pack containing six straws. A rare opportunity to introduce these exclusive genetics into your program.**

Homozygous Polled Homozygous Black Myostatin Carrier
Semen stored at Bow Valley Genetics. All associated shipping/export costs are the responsibility of the buyer.
