WELCOME

We welcome you to our 8th annual commercial bred female sale. This will now be the 4th sale here on the farm at Peebles, SK on Tuesday, December 13.

This year we will be offering 400 bred females. 140 AI Sired bred heifers by SAV Rainfall, SAV Density, SAV Resource, SAV Bismarck, SAV Traveler 5658, SAV Governor, JL Renown 7110 and Cole Creek Cedar Ridge. 70 February calving bred heifers. There are 165 D&N Sired bred heifers that are carrying AI services. The AI services on the heifer are SAV Rainfall, SAV Magnitude 1228 and HF Alcatraz 60F. 45 bred heifers are serviced by bulls to calve April/May. The 50 second calvers are carrying AI services for April/May by SAV American Made 0079, JL Preseason 5071, JL Prefer 5022 and Deer Valley Growth Fund.

The main cow herd of 1450 cows graze year-round. They begin calving April 20, at which time they graze left over grass and bale graze. Moving into the tame pasture around June 1, where they will rotational graze until they come home for a 21 day AI period in July. Once the calves are weaned at the end of September the cows will stubble graze until Christmas weather permitting. Then they will move into corn grazing till calving.

The 350 bred heifers were selected from 800 head of heifers. All the females are on a full herd health program. We also background all our calves and sell in semi-loads.

FROM THE DESK AT T BAR C

A highlight of the fall sale run is the first class operation D&N runs just south of Peebles, SK. The amount of work and time put forth into the set of cattle selling here is simply unmatched country-wide. The reputation of the D&N program evolved it into a popular brand, evident by those who have done business here in previous years and the high number of repeat customers we see annually. These cattle just work. The massive amount of cattle this family handles in a year would be overwhelming to most as they AI in excess of 2000 head per year. This led to their new venture starting this past spring with hosting a very successful bull sale that will be held again on the first week of March 2023.

Every bull used in this program goes through a very strict process of pros and cons. Ease of calving, EPDs, structure, docility, udder quality and maternal attributes are just the short list of must haves. Notable sires including Resource, Density, Rainfall, Alcatraz and Magnitude all of which are proven bulls with semen all fetching in the \$300 per straw range. The homework is simply completed here with so much thought and process put into these cattle. The offering this year is no different then previous years. The consistency built into these cattle are as solid as you'll find. The D&N females are nationally recognized and locally respected for producing a superior product with breed-leading genetics behind it. The T Bar C crew has been with the Rajotte family from the get-go on this project and we welcome any inquiries or questions you may have as we are very knowledgeable with this large operation. Please make all attempts to join us live to appreciate the fine cattle, people and excellent hospitality that Dave and Terri are so good at!

See you in Peebles!
