# TROOP

## HEREFORD RANCH

### *Complete Dispersal*

NOVEMBER 20, 2022 1PM | BRANDON, MB

..... AT THE FARM .....

### *Welcome*

It is with great pride and some regret that I plan my cattle dispersal sale. I am very proud of the cow herd we have grown and really owe everything that I have to them. They educated my two children – my son Adam becoming a pharmacist and my daughter Kaitlin with a Masters in Physiotherapy. They have allowed me to build a beautiful home and ranch. When I was grain farming and selling barley for \$1.50/bushel and wheat for \$3.00/bushel, these cows paid my input costs and kept me viable. I do regret that with aging, my hips have become an issue and I will be looking to have them both replaced. I no longer feel I can look after my cattle as well as I have been accustomed to and know it is time to share this herd with those who can. I will be receiving my 50th anniversary pin with CHA this year.

I am sorry that I have not calved out 3D's daughters yet as I feel this bull can build on an exciting cow herd. I was very impressed with last years first crop of bulls from 3D, adding more performance while reducing birthweight. 3D will be heavily influenced in this sale through his sons and daughters in service. This is a complete dispersal of all spring calving cows that I feel are youthful enough to sell. We will be keeping a small group of fall calvers. Thank you for your support and hope to see you at the sale.

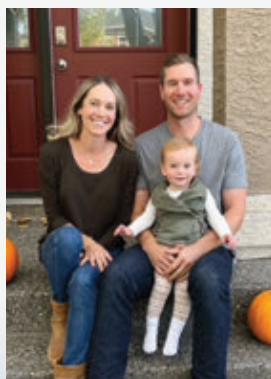

### *Doug Troop*

Doug and Jayne Troop

Adam, Dayna and Beau Troop

# Herd Health

I have had the pleasure of being Doug's herd health veterinarian for the last 7 years. Doug is a progressive cattle producer and prefers to prevent disease rather than treat disease. His cow herd is on a comprehensive herd health program. The breeding herd receives a pre-breeding modified live vaccine prior breeding to optimize reproductive protection against the viral diseases IBR and BVD. We are using Bovishield Gold 5 FP in the breeding cows and heifers. For scour prevention at calving the cows and heifers receive an annual booster of Scour Guard 4KC. At birth, the newborn calves receive Inforce and Once PMH intranasally for pneumonia prevention in the first 8-12 weeks of live. Calves at birth are also given Baycox to prevent Coccidiosis as well. At grass turn out and weaning the calves are vaccinated with Bovishield Gold One Shot and Ultrabac 7/Somubac for viral and bacterial pneumonia protection and Clostridial protection.

*Dr. Nadine Wohlgemuth*  
Veterinarian at Virden Animal Hospital

## TERMS & CONDITIONS

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance, unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Current exchange rates will be announced sale day. All monies are in Canadian funds.

## BIDDING:

Each animal will sell to the highest bidder... no by-bidding will be permitted.

## DISPUTES:

Bidding will be reopened between the parties involved in dispute. If no further bidding is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision on all disputes will be final.

## ANNOUNCEMENTS:

All announcements made from the auction block will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay close attention to such disclosures.

## BREEDER'S GUARANTEE:

As this is a dispersal sale, all cattle sell with no further guarantee. Any known defects will be announced before the cattle are sold.

## CERTIFICATE OF REGISTRATION:

Each animal will carry papers issued by the Canadian Hereford Association unless otherwise specified. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

## HEALTH:

All animals in the sale have met all necessary health requirements, cow herd is on a full herd health program.

## INSURANCE:

Will be available sale day. We strongly recommend that insurance is purchased for full value.

## LIABILITIES:

All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. T Bar C Cattle Co. (2013) Ltd. does not assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

## RIGHTS & OBLIGATIONS:

The above terms and conditions of the sale shall constitute a contract between the buyer and seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

## PHONE, WIRE, MAIL BIDS:

Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

## DELIVERY:

We will assist in arranging transportation wherever possible. Each animal becomes the risk of the purchaser as soon as sold.

## ERRORS:

All announcements at sale time, written or oral, supersede any written material in the catalogue.

Welcome to the Troop Hereford Ranch Complete Dispersal on November 20, 2022, at the farm, Brandon, Manitoba. With a hint of both pride and sadness, Doug and Jayne offer the fruits of their labor breeding and building a wonderful herd of Polled Hereford seedstock. No doubt, "Father Time" has assisted in the decision making along with bad hips and achy bones being the main decision makers.

2022 marks fifty years for the Troop operation in selecting and culling the herd into a highly productive and predictable unit. The Troop Family have been and are a large part of Hereford heritage in the province of Manitoba. Quietly, they have supplied high maternal value sires to the livestock industry. Involved in breed and board activities, Doug has always been there to contribute his share, and for this we owe him a word of thanks.

The Troop Hereford Ranch program has always slanted to maternal traits that make our breed so important in the cattle cycle. For those who have visited DTHF in the summer months with the cowherd on grass, after leaving, the thought through our minds is "What a set of females!" Milky, beautiful udders and fat calves. The young cattle are exceptional in type, while the older foundation mothers are full of predictability and experience.

Only in a dispersal can one select from the core of a breeding herd... selecting proven matrons or their futuristic daughters... the breds and the 2022 models are exciting! The DTHF herd is a program built on cow families both big and small. November 20 will be opportunity day for Hereford breeders and the livestock industry, as cow herd numbers ebb, this dispersal is opportune to add and upgrade your breeding program and your cow herd inventory for the exciting times which lie ahead.

Don't hesitate to stop by anytime prior the sale and have Doug give you a preview of the cowherd or just give him a call to get "his picks."

Plan to be with us to enjoy and experience some Hereford heritage in Brandon... whether to get one or a truck load... it will be worth the trip. Feel free to give any of the T Bar Team a call and we will assist you with your purchases in a professional and confidential manner.

*Chris Poley*
