It is our pleasure to welcome you to our 4th annual Female Focus Production sale. Each year we try and add new genetics to our program to maintain the highest standard of quality, and to keep our program moving forward, ultimately providing our customers cattle that will go home and work as hard for them as they do for us. This year is no exception and offers some great individuals sired by South Point, Charlo 0256, Renewal 8100, and Express way to name a few.

We would like to invite everyone out sale day, a complementary lunch will be served and there is plenty of room for everyone in our new heated sale facility.

We are excited to be working with T bar C, they have been with us since the beginning and know our program and the cattle. They are always available if you need assistance making a selection. The sale will again be broadcast online live on DLMS for those who can't join us sale day or prefer to bid online.

On behalf of all of us at HLC and J Square S we invite you to come tour the cattle at your convenience and would love to see you sale day. If you have any questions please don't hesitate to contact myself, Jordan or any of the sales team.

Thank you to all our past customers we truly appreciate all your support over the years.

Welcome to the Fourth Annual Female Focus Production Sale. Once again, we are extremely excited to team up with our good friends at Hollinger Land and Cattle to bring you an exciting set of Angus females.

I feel the sale offering is extremely deep in quality from both us as well as the Hollinger's. The females in the sale are a result of many well thought out decisions made over many years.

This year our feature heifer calf lot will be choice of the natural born Alcatraz heifer calves. I feel this is an excellent opportunity to get first chance from our heifer pen.

The bred heifers in the sale this year are the large majority of the group. We are retaining the heifers we purchased last year and the heifers that were offered for sale before. The offering is deep in quality and we stand behind every heifer on offer.

This year we are excited to sell our first bred females by Conley South Point. Our offering also features daughters of HF Alcatraz, Brooking Lexington and FF Black Gold. All of the heifers are bred to bulls that we strongly believe in. This year features services to four breed leading sires. A large majority of the bred heifers carry the service to Sitz Resilient or HF Alcatraz. The walking bulls who covered these heifers are two outstanding individuals. RRAR Mindbender was the lead off bull selected from Brian McCarthy's herd last spring and the calves on the ground are very impressive. J Square S Black Gold 900G has proven himself as a great breeding piece for ourselves as well as Glasman Farms Ltd.

I would like to thank you for taking the time to view our cattle in the catalog. Feel free to stop in anytime to see them in person. We will be exhibiting cattle at Agribition and look forward to seeing you there as well.

From HWY 10 on the west side of Duff turn and head south 10 miles.

Watch for signs.

VIDEOS ONLINE AT CATTLEVIDS.CA

Welcome to the 4th Annual Female Focus Production Sale on December 8, 2022, at the Hollinger Land and Cattle headquarters, Neudorf, Saskatchewan. The Hollinger Family along with their partners, J Square S Angus present an outstanding offering of Angus seedstock for your approval. The bred heifers will add value to all breeding programs with their exciting new genetics, uniformity in type and style and carrying early services to leading sires in the industry.

Each year, both outfits feature a select group of heifer calves...fancy and very competitive in nature, stop by their displays at Agribition to see the 2022 models firsthand. The pick of Alcatraz heifer calves from J Square S will be a feature. Congratulations to Hollinger, CSI, Worth Mor Cattle and Poplar Meadows on their recent success at the Toronto Royal Anniversary Show where HLC CSI Private Stock 879J was declared Reserve Senior and Reserve Grand Champion Bull.

The depth and quality of the bred females will allow breeders to select front pasture foundation seedstock for their breeding programs... and only a month or so away from clipping a coupon that has added value. Feel free to stop by their operations and preview their offering or give Chad or Jordan a call to discuss which females will fit your breeding intentions.

Join us for the 4th Annual Female Focus...it will be worth the trip! Feel free to give any of the T Bar Team a call and we will assist with your purchases in a professional and confidential manner.

Undoubtedly one of the most unique females we have had the pleasure to work with. She combines the power and substance that Bloodline offers with the style and balance of watchman. She is stout made, bold in her centre body and rib and elegant through her shoulder, neck and head. Most importantly this one is gonna make a momma cow. Her dam is highly maternal and has done an absolutely outstanding job on her first 2 calves. As an added bonus she is extremely quiet natured and could be handled by anyone. She is entered at CWA so feel free to stop by and see her for your self.

An ET daughter of the one and only "Express" out of our 136a Donor. 136a was also the dam of the feature heifer calf in our inaugural sale that was selected by Longview Angus for \$13750. So as they say the proof is in the pudding. Here's more proof that 136a really knows how to get it done. 70k is a really nice featured individual that is soft in her design and correct in her build. This one has a ton of potential and is an outcross to a very large portion of the angus cattle in Canada. Grab hold the options are endless.

PONDEROSA 1749 BLACKBIRD 136A - DAM

CONLEY EXPRESS 7211 - SIRE

BLACKBIRD 574G - MATERNAL SISTER
OWNED BY LONGVIEW ANGUS

Sired by none other than Charlo 0256 himself, here is a female that I just love in terms of her overall balance and eye appeal. She is moderate framed and stout made, and looks to be setting down an exceptional udder. Her maternal sister by Top Shelf headlined our 2020 sale, and was selected by the McCormick family at Grenfell. She is Safe and way along to Guarantee carrying a heifer calf.

One of the last daughters to sell by our old herd bull Unanimous 6102. The females he has left in our herd have been nothing short of outstanding. Most notably HLC Cassie 391f, a unanimous daughter that is the dam of past high selling bull HLC Grit 705h who was selected by Madsen Angus. A bull that we have had the pleasure to show and most recently was named Reserve champion Bull at the Manitoba Ag Ex. All that aside I think this female may be one of his most exceptional works of art yet. 968j is a female I love in terms of her over all balance, frame size, length of body, and over all design. A maternal sister was selected by Calvin and Haley Powell out of our 2020 female focus.

HLC CSI LADY 749H - MATERNAL SISTER
 OWNED BY MATLOCK STOCK FARMS

Here is the first daughter out of a female that we selected from the great people at Tullamore farms in Ontario. 964j is a Beautiful female that is very balanced in her design with plenty of length of spine and depth of body. She appears to be setting down a beautiful udder and is way along to Rainfall.

We had the opportunity to use Express-way and were very pleased with the out come. The females are feminine, hairy and very sound and the bulls are stout, have plenty of natural thickness, muscle shape and tons of testicle. That's about as good as it gets. 907J is moderate, soggy and has a great look. Her Grand dam Pretentious 4011, was Reserve National Champion Female as a bred heifer back in 2015.

For the last four years we have always tried to offer a special feature lot to sell alongside our bred heifers. In past years we have offered an exciting cow calf pair and two picks of flushes from our leading donors. This year we are offering pick of the natural born heifers calves that are sired by HF Alcatraz 60F. After three breeding seasons HF Alcatraz 60F, the \$200,000 high selling bull of 2019 needs no introduction. His progeny have been widely accepted for all the right reasons. His daughters are now in production and are doing a great job. There are ten heifers to pick from out of some of our best cow families. Cow families such as Ruth, Miss Essence, Enchantress, and Princess are on offer. This is something that we are excited to offer and would be more than willing to tour the group. Selection to be made by March 2023.

36

The Star Maiden cow family started here with a purchase of two bred heifers from Soo Line Cattle Co. One of those heifers was 1067, the dam of this feature bred heifer. 1067 is likely the most consistent cow in terms of production, that we own. Last year a full sister sold to Glasman Farms Ltd.

AI bred to Sitz Resilient 10208 on April 21, 2022. Exposed to J Square S Black Gold 900G from May 1, 2022 to July 23, 2022. Favorable to AI service

In our 2020 sale we featured a pick of 4 full sisters. The winning bidder that day was Merit Cattle Co. Trent and Janelle showed that heifer all fall and she was admired by many. 108J is also a flush sister. The Alcatraz X Ellen combination has really worked well here. She was preg checked safe to Black Gold with a heifer calf, this is one to watch for.

AI bred to Sitz Resilient 10208 on April 15, 2022. Exposed to J Square S Black Gold 900G from May 1, 2022 to July 23, 2022. Favorable to first service to Black Gold (heifer calf)

Last year Mel Solvason of MCS Angus of Wynyard, SK. Bought a full sister to this heifer. This past week the calf of that heifer was shown by Mel at the Harvest Showdown in Yorkton, SK. It was great to see the success that customers are having with our cattle. 117J is moderate and very attractive. She is deep bodied and surely one not to miss sale day.

AI bred to Sitz Resilient 10208 on April 18, 2022. Exposed to J Square S Black Gold 900G from May 1, 2022 to July 23, 2022. Favorable to first service to Black Gold (heifer calf)

A smaller framed Alcatraz daughter out of a Hollinger Land and Cattle dam whom we purchased in the first ever Female Focus Sale. Her dam is sired by the \$50,000 Leading Edge bull that was lost to soon. Safe to Resilient.

AI bred to Sitz Resilient 10208 on April 18, 2022. Exposed to J Square S Black Gold 900G from May 1, 2022 to July 23, 2022. Favorable to AI service

40

This is a definite sale feature and her full sister is available in the feature Pick of the Heifer calves sired by Alcatraz. The Ruth cow family has been very consistent here raising bulls and females that have gone on to be very productive for their new owners. Her dam is an easy doing cow that is moderate in frame, and has one of the best udders on the farm. Called safe to Resilient, an exciting mating for sure.

AI bred to Sitz Resilient 10208 on April 18, 2022. Exposed to J Square S Black Gold 900G from May 1, 2022 to July 23, 2022. Favorable to AI service (heifer calf)

It is always so satisfying when cows bring home a good calf in the fall. In our first sale we offered 171J's dam and her full sister on choice. That day Roger Reynolds of CSI Angus selected the older sister. Last year her first calf was the high selling bred heifer to Everblack Angus for CSI and Hollinger Land and Cattle. Our Female Focus Sales over the past years are truly represented in this females story. Hopefully she can continue it.

AI bred to Sitz Resilient 10208 on April 21, 2022. Exposed to RRAR Mindbender 23H from May 1, 2022 to July 23, 2022. Favorable to AI service

As most know, Alvin Frick owns a number of cows here that are on lease and this would be one of them. Alvin picked this females dam from the First Female Focus sale and has been nothing but outstanding since that day. The Prairie Gold cattle have fit in very well. He did suffer a bit of an injury but is all better now as we await our biggest group of calves from him in January. She is favorable to Resilient which I'm sure will be electric and can't wait to see her progeny in the future.

Even though this heifer isn't papered she is not to be overlooked. In past years her dam has never missed and that is why she is still here. She provides a great opportunity for many of our commercial cattlemen to grab a hold of some new blood for their program.

AI bred to Sitz Resilient 10208 on April 21, 2022. Exposed to RRAR Mindbender 23H from May 1, 2022 to July 23, 2022. Favorable to AI service (heifer calf)

45

Sale Feature. Rosie as we call her was our daughters spare heifer for her first year of 4-H if anything happened to Ellen. Fortunately, Rosie never made it to the bright lights but she is here on offer for you. Our Rosebuds originate from the great cow herd of Crescent Creek Angus of Goodeve, SK. These cows never disappoint. A maternal sister sold to MCS Angus as a feature that day and her first bull calf is now one of their herd sires. This heifer is not one to over look as she is a special unit.

AI bred to HF Alcatraz 60F on April 15, 2022. Exposed to J Square S Black Gold 900G from May 1, 2022 to July 23, 2022. Favorable to AI service (bull calf)

A smaller framed female that would be a great addition to any herd. Her sire Magnum, is a home raised bull that is co-owned with Cranberry Creek Angus. Her service is to our Mindbender bull from Brian McCarthy, will make for an exciting calf.

AI bred to Sitz Resilient 10208 on April 18, 2022. Exposed to RRAR Mindbender 23H from May 1, 2022 to July 23, 2022. Favorable to first service to Mind Bender.

50

A natural daughter from our great Forever Lady 301Y donor cow is a female that shouldn't be leaving the farm. But seeing as we sold choice on her maternal sisters sired by Conley South Point last year to Blairs.Ag, this Magnum daughter is in the sale. The combination of International, and HF Tiger, Miss Essence and Forever Lady 9136 makes for a great pedigree to last years to come. Take note that this bred female is considerably younger than the rest of our offering. Bred for a March calf.

AI bred to Sitz Resilient 10208 on April 18, 2022. Exposed to J Square S Black Gold 900G from May 1, 2022 to July 23, 2022. Due March

This extra age bred heifer is owned with Glasman Farms Ltd. of Russell Manitoba. She is sired by Merit Bond 6007 "BOND" by Range Boss who was the lead off bull in the 2017 Cockburn/Merit Bull Sale. Bond was used with 100% success rate calving heifers and also put bulls and heifers in the keeper pen. In the last decade a large percentage of bulls sold at the M and J, Glasman Farms Bull sale stem back to the great Southland Blackbird 172T. Bulls from the great Blackbird cow family have been placed into many commercial and purbred herds across Canada and the United States. Her dam has been nothing than consistent in production since being placed in our winter calving program. Watch for her maternal sister MLG JSS Blackbird 2255, who is sired by the \$200,000 HF Alcatraz 60F to sell at the CWA Angus Allstar Sale December 2, 2022 in Regina SK.

AI bred to Sitz Resilient 10208 on April 17, 2022. Exposed to J Square S Black Gold 900G from May 1, 2022 to July 23, 2022. Favorable to AI service (heifer calf)

Terms and Conditions

TERMS:

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

CERTIFICATE OF REGISTRATION:

Each animal will carry papers issued by the Canadian Angus Association unless otherwise stated. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

PEDIGREE ESTIMATES

Pedigree Estimates (PE) are created on the projected mating of the animal's sire and dam based on averages of the two, creating estimated values that do not hold the same accuracy of actual EPDs issued from the association and should be used as such.

HEALTH:

All animals in the sale have met all necessary health requirements.

GUARANTEE:

Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the Canadian Angus Association with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness.

PREGNANCY INFORMATION:

All serviceable age females have been pregnancy examined by an accredited veterinarian, giving an estimated length of gestation. This estimated gestation period shall be used only as a guideline to calving and is not a guarantee of actual service.

LIABILITIES:

All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

DELIVERY:

Every assistance will be given in getting your purchases home. Each animal becomes the risk of the purchaser as soon as sold.

PHONE, MAIL, WIRE BIDS:

Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

INSURANCE:

We strongly recommend that insurance is purchased for full value.

ERRORS:

All announcements at sale time, written or oral, supersede any written material in the catalogue.
