23RD ANNUAL ANGUS SALE

MONDAY, OCTOBER 17, 2022 1:00 PM

AT JUSTAMERE HEADQUARTERS LLOYDMINSTER, SK

**Jon, Shelly, Tyra, Brayden, Claralyn,
Jon, Jim & Jorja**

Welcome to Justamere's 23rd Annual Angus Sale of The Year. It's been another challenging year in this area, but we are thankful for a little better harvest than last year with a good feed supply heading into the winter. First off we are very proud of this year's offering, we feel it is one of our best sets to date. Very complete and well balanced. Some outstanding herdsire prospects and very competitive show heifer candidates to fit across all spectrums. The bred females and cow calf pairs are very solid, well balanced and carrying excellent genetic profiles to help move our programs forward.

The cattle business in general is in a positive swing upwards with very solid calf prices, exceptional yearling prices and exceptional bulls. This helps offset the inflation factor. However as cattle producers we have to be even more efficient and forward thinking to remain competitive in this ever changing world.

Now is definitely the time to restock and build up our cow herds as we move into what is sure to be a strong cattle cycle for the foreseeable future.

Just last week McDonalds has quietly done away with their plant based burgers. Consumers are not at all excited about grasshoppers and bugs for their choice of protein. The stage is set for the common sense, sustainable agriculture industry to come roaring back with beef as the protein of choice for the world. The Angus business is very strong and still the unequalled choice for ranchers and consumers alike.

This offering is unique in the fact that at Justamere we have always made our own way, dared to be different and stuck to our principles. From the exciting Lot #1 Justamere Expression 511K an absolute tank of a young bull that will be a big part of our future. His male counterparts Lot #2 and #3 are very well bred and will also be exciting to watch develop. We have three excellent daughters of the #1 sire in the breed Sitz Barricade 632F. Two are in the show heifer section of the sale and we feel strongly about their inevitable future as elite donor females after their show careers. The third Barricade daughter is on our feature cow/calf pair EXAR Winnie 6518. This female is in our minds one of the best we have ever offered for sale. The bred heifer section are the most exciting as they are the fastest genetics we have ready to calve and start growing your future. Sired by many great herd sires and AI sires alike out of the heart of our herd. The service sires EXAR Dry Valley and EXAR Wooden are two of the most complete bulls we have ever used with outstanding genetic make ups and above average epd profiles. You would be hard pressed to find these breed leading out cross genetics in abundance any where in Canada but at Justamere.

Very heartfelt thank you to our many customers across North America some of you are new, many of you have dealt with Justamere for decades and we are very proud of this fact as well as humbled to be trusted with your programs future.

Shelly and I want to thank our one-of-a-kind crew. Jon, Drayce, Jorja, Jim and Austin for your help and dedication to our farm. Also, our good friends and partners in the sale. Charlene Carr and family and Glen and Judy Schneider and family. From the long nights and days getting ready for the sale and the many shows we appreciate your efforts. We also want to say how blessed we feel, we are with the addition of Claralyn (Fox) Schneider, Tyra and Brayden's wonderful new baby girl.

Finally, with Covid winding down and the powers that be finally admitting their mistakes and overreaches of power we hope that we all have learned from this terrible episode the past 2.5 years. Respect for each other's differences and acceptance of different opinions is not only fundamental it is the backbone of human society.

Please join us Oct 16, 2022, the night before the sale we will have refreshments and food and new this year a fine young talent in the country western scene, Garrett McKie to entertain us with his guitar and vocals.

Videos and sale info will be on DMLS.

Bohrson Marketing team is joining us this year as well.

Internet bidding will be on DLMS and handled by Mark Shologan and crew.

Any questions on this sale or anything about Justamere please do not hesitate to contact us.

See you on Oct 17, 2022 at Justamere for the 23rd Annual Angus Sale of The Year.

 A very interesting son of Semex AI sire Conley Expression 9213. This very stout moderate framed powerhouse has been a favorite all year at Justamere. His dam Justamere Blackbird 201Y is a past doner female for us. His grandam was feature high selling bred heifer in the Bases Loaded sale in Denver. Solid epd profile backed by generations of clean high-quality genetics, when you see him, you will want to own him.

 We are very excited about this standout sired by our \$40,000 Justamere Bada Bing 406S; we continue to use Bing every year. His daughters are moderate thick and tanky with super milk flow and great udders. His sons are thick and powerful with great hair and very easy doing on very sound feet and legs. This fellas dam is a past S.O.T.Y highlight, she has in turn produced S.O.T.Y features. A high selling bred heifer in 2020 Miss Trendy 780G selling to Lee Shologan. We feel strongly about the future in the show ring with this exciting herdsire prospect. He is definitely our kind, he is proven and will make a great impact on many programs in the future.

 This early February born stud is sired by the \$56,000 high seller, Justamere 101 Justice 610F owned with Neilsen Land and Cattle. His dam hails from the EXAR RUTH cow family. She is an explosive young female with a beautiful udder, length and depth of body, very good feet and legs and she is super quiet. Her grand dam EXAR Ruth 0091 has produced over 30 progeny, both natural and E.T for Justamere and our partners. His future is bright, not only in the competitive show ring but on the production side as well. He offers solid dependable outcross genetics to many programs. We are excited about the future of Westernfeel.

A very unique exciting heifer prospect to start off our show heifer section, sired by Genex AI sire KCH Dignitary and out of a young EXAR Lutton 0409B daughter that is in the prime of her life. This heifer has exploded since weaning and we feel she will make her mark in the showing, but just as important is her ability to produce these kinds of above average offspring.

This beauty is bred from Angus royalty. The exciting sire, Sitz Barricade 632F is one of the hottest AI sires in North America. His astounding EPD data is exciting but consider this bull is backed up by generations of the Sitz program of ranch raised, easy doing well bred and quality from start to finish. Her mother EXAR Winnie 1445 is sisters to numerous champions from the incomparable Winnie cow line. She in turn is sired by the show bull of the decade Dameron First Class. This heifer calf is definitely one that is hard to part with. Check her out, we know she will excite you.

The Rainmaker 4404 progeny are climbing to the top in our program rapidly. They are maternal powerhouses. Born easy with that get up and go attitude from day one. The females we have coming into production have picture perfect udder and teat placement like I have never experienced. This babe's mother is a beautiful daughter of HA Cowboy Up we own with Tuckaway Angus. We highly recommend this heifer if you are serious about improving your program.

This daughter of Sitz Barricade out of a recent purchase from Express is one to build a herd around. She is one of Jon's favorites, very easy to work with and has a high-class attitude. The production record will surely follow an exciting show career. The future is bright for this little lady.

She has the extra performance, length and depth to take a run at any level show, but more important is the production afterwards. The Lady Rito cow family has been one of our very best for many decades. If you want to be in the drivers seat in the future, this is one I personally recommend.

This moderate tanky daughter of Solution 131D is a great example of her sire, easy doing with lots of performance. Her mother is an Atlasta Angus pick of the herd, purchased by Still Meadows and Justamere a few years back. What a tank of a female she is.

This young female is in the prime of her life and is royally bred. An own daughter of EXAR Resistol 3710, is a member of the Origen and Express Ranch AI roster. The Resistols are known for their carcass and maternal strengths as well as solid dependable performance figures on paper and the real world both. Her dam EXAR Winnie 018 is a member of the renown Winnie cow family, one of the most prolific female lines in the United States. This female is broody stout, nice uddered and high performing. We are excited to add her to our donor pen. With her outcross pedigree, she will be exciting to mate with some of today's greatest sires and reap the rewards.

Terms to be announced.
Due January 24th to Brookings Firebrand
