**OPEN HOUSE & CATTLE VIEWING OCTOBER 8TH, 1PM TO DARK.
LUNCH AND REFRESHMENTS SERVED**

AT THE FARM, HEPBURN, SK. FOLLOW SIGNS.

Terms and Conditions

Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the Canadian Hereford Association with regard to health, freedom from defects and from both reproductive and specific genetic soundness.

TRUCKING:

Trucking or transport of animals is the purchaser's responsibility.

INSURANCE:

We recommend purchasing insurance following the closing of the sale.

ATTENDING THE SALE:

All farm visitors enter premises at own risk.

The consignors reserve the right to one successful flush on all females in the sale, with a guarantee of six (6) Grade A embryos at the buyer's convenience and seller's expense.

This is a heifer backed by two cornerstone cow families in our herd top and bottom. 205K has a feminine and attractive look through her front third and shoulder but still has the muscle and shape to set herself apart. Her build is intriguing, her performance evident.

Easy to pick out. Short marked, extra volume and rib. Her maternal sister has a top bull calf in to 2022 group and a gorgeous udder. I've always thought of 216K as a great blend of cowy build and eye appeal. Cows make money.

As long bodied and crisp lined one as you can ask for. She has been a pasture favourite through the summer. Really sound, with plenty of stoutness, I think she has the pieces to develop into the consistent breeding piece her cow family is known for at TCF/Misty Meadow. Owned with Misty Meadow Farms.

Consistent is what I think of looking at this heifer calf. Her mother just doesn't miss, she has sisters in several purebred herds doing real well. 211K is a soft made, deep flanked heifer that from behind has some width back to her pins and a solid foundation.

Owned with JVJ.

Here is a bred heifer we have watched develop with a lot of excitement. Another female backed with a cornerstone cow family. A solid looking Hereford female with character about her head and neck. She opens up into her spring of rib and muscle shape from behind like the good ones do.

Observed bred to THR B52 Sonic Boom 704E April 4, 2022. Exposed March 26-July 29. Preg check Safe.

This is a deep bodied, brood cow in the making. An extra rib longer than most and she has the substance to match. She is bred to Attention, that is going to be an exciting mating. Plus her mother is one of the best uddered cows we've had.

Observed bred to Attention 155E March 26, 2022. Exposed March 26-May 1. Preg check Safe.
 Owned with JVJ.

Julie had to work hard to get Logan to agree to consign MORT 10K. This cow family is incredibly consistent in producing good uddered structurally balanced females with power and eye appeal. A maternal sister to 10K is a highlight in our herd! The sire of 10K, Ryder 3H was The Cliffs Farm 2021 high selling bull. We are confident that 10K is a female that you can take out and show, then bring her home to be a foundational female in your herd.

Black Baldy

Female

Jan 2022

ALL THE WAY UP (MAINE/CHI)

HEREFORD (THE GOODS)

This Black Baldy has been a favourite since birth. A long bodied heifer that is well balanced and attractive in her hind leg. There is plenty too her, she won't get out powered that's for sure. Her mother is a favourite too, she just doesn't miss. She's raised two other knock out steers that won 4H weight divisions and last years Paradise Hill 4H Club and St Walberg Regional Champion steer.

THF PHAF by pedigree.

Full Sibling

Paradise Hill 4H Club Champion Steer
St Walburg 4H Regional Grand Champion Steer

Black Baldy

Female

Jan 2021

ALL THE WAY UP (MAINE/CHI)

VISA/THE GOODS/RED ANGUS

We could have sold this heifer 10 times over through the fall and as bull customers came around. I kept her specifically to offer in this sale. Good looking, Black Baldy, big bodied, nice haired, balanced and thick! She is a good one. You can breed her so many different ways for success. Her mother raised me a knock out steer this year, first pick of the 2022 steer crop. THF PHAF by pedigree.

Observed bred to THR 704E May 16, 2022. Exposed May 7 to July 29. Preg check Safe.
