Ontario
Autumn Simmental
Classic Sale

WELCOME

to the 20th Anniversary of the Ontario Autumn Simmental Classic Sale here at MapleHill Auctions, Hanover. It takes a lot of commitment from all of us involved with this sale to keep it running for twenty years in a row and also people to consign every year.

Hopefully we have made it a venue to sell your purebred stock, but also a nice clean set of cattle to purchase your sound breeding stock to enhance your own herd in whatever direction you are heading.

Be it Full Flecks, Fullbloods, Reds or Blacks, we have been able to source some of the best cattle in the Simmental breed and

this year is no exception.

Look for high quality breeding Simmentals to purchase from this offering, be it Cows, Bred heifers or fancy open heifer calves, be ready to bid and buy. It will be live on DLMS, thanks to Mark Shologan.

Thanks to the MapleHill Auction crew, T Bar C for making the catalogues and Chris, Shane, Ben, Laurie, Melissa and Denyel for all their help too. Watch it live on DLMS.

Come be part of this great opportunity to purchase some of the best Simmental Cattle.

- Carl M. Wright

BRED TO DOUBLE BAR D HOMBRE 59G ON APRIL 8, 2022

CE: 4.6 | BW: 5.7 | WW: 70.9 | YW: 100.8 | Milk: 41.0 | MCE: 4.1 | MWW: 76.5

Car-Laur Ms Jacqueline 950J is Lot number one, for the last few years Barbarella 845Y has had a bred heifer in the Autumn Classic Sale that has been a sale feature for sure, this year, is no exception. Thunder, Barbarella has been a true mating, consistently making tremendous females, because their pedigree reads that. Great Bulls, great cows, make great young stock. Jacqueline 950J an elegant name just like herself, broody, deep, dark red coloured right up. Coming with an excellent udder just like her mom. Due in January. She will make another high producing Barbarella female. Snowdame Farms purchased her full sister last year and has turned into a great young cow. Look her up sale day! I can't say enough about these Barbarella females. Bred to the Polled bull. They are the right kind!

CE: 1.2 | BW: 5.5 | WW: 69.4 | YW: 96.0 | Milk: 39.4 | MCE: -2.0 | MWW: 74.7

Car-Laur Polled Jenny 956J is a big powerful polled Hombre daughter. She has lots of style and rib in her presence to make her a high producing female. The Double Bar D Hombre bull we had last years sale heifers bred to and also some this year. This is the first daughter to sell off him. She is bred to our new polled bull, Exterminator bred by Double Bar D. Look for a real stylish calf off this mating, due early January.

Car-Laur Miss Juliet 920J is one dark red, fancy Guerrero daughter. With all those big time Bulls in his pedigree, look down on the cow side, here is Car-Laur Miss Ella 800E a direct daughter of our top cow FGAF Barbarella 845Y. She is one broody cow with a great udder and PHS Yukon another strong herd bull. Guerrero, Legend, Yukon, Ella, Barbarella. Yikes.

CE: 4.4 | BW: 4.9 | WW: 71.5 | YW: 96.2 | Milk: 38.6 | MCE: 1.7 | MWW: 74.4

This gals dam is a good milker and maybe our quietest cow, so she got to stay for a May calving. We had the opportunity to send Hazel to a friend's dairy farm to give her some time to mature. She bred on the first service. A solid heifer with a solid pedigree. Bred to our home grown, easy calving bull Jax, this combination will be exciting!!

Jackie is one of the youngest but in my opinion one of the most attractive girls. She has big double goggles, a smooth walker and is polled as well. She is a bigger framed girl, with a lot of rib shape, great legs and big feet with a lot of length. Off of a Blueprint daughter and Encore who has made great females, with good udders and a lot of milk. Bred for early January to Hefner and this could be a flawless combo. He has done his job of giving small unassisted calves with lots of pigment and goggles.

 Janessa is the biggest heifer in our selection. She is a polled fullblood with a lot rib shape, solid legs with good feet. She has a lot of power, is thick and a great udder. She has always been a stand out in our group of 34 heifers. She's off of our Rendezvous cow that never misses, she always weans heavy and this was her first heifer she gave us. Her sire is a bull with a very good pedigree and his full brother and father were high sellers in the Gangon program. She is bred to our Homo polled, non diluter Anchor D Hefner bull who gives, low birth weights but all his calves have lots of power and growth and are keeping up with other calves and you will get that polled head.

A very sharp dark red double goggle heifer, and a more moderate and shorter size. Smooth polled and still has lots a rib shape, capacity and thickness. She has got a lot of power coming from Esposito and goes way back to the Norwood Wakanda cow we purchased from this sale several years ago. Her full sister was sold last year, so I know this combination works. Bred to Hefner, the vet is confident that she is carrying a heifer calf.

Hannah is the oldest girl in our selection. She is off of a first calf, Legend daughter that I bought from Starwest, in Alberta, who this year has the best bull calf on our farm and she isn't a very big cow either. She is smaller, more moderate female like her mother. She has good feet, legs and rib shape, and is a dark red color with a polled head. Over time she's just going to get better and in my opinion, I would say she has the best pedigree out of our sale heifers with Legend, Spitfire who has many daughters in our herd. I know that year after year she will produce great calves. She won't be the biggest cow by any means but she will be a fantastic addition to any herd. Bred to Hefner, with the best part being the dark goggles and polled head, and possibly homo polled calf which will be a very marketable calf.

Lot 35

Here is another Epic daughter from a very productive cow who has a daughter working in Alberta and raises the heaviest calf around here year after year. 2K is no exception to this being long, thick and free and the move she will be hard to catch up with. Her future will be like her dams, long and productive. She is also quiet and halter broke ready to campaign or just build a program around.

CONSIGED BY MACCROSTIE LIVESTOCK

Lot 36

It is with certainty that 1K has generated much excitement for us. A true breeding piece that will be sure to create profitable opportunity. Her dam is a matriarch cow at 9 years old who displays excellent feet and udder quality and is a powerful cow that has never missed raising a heavy high quality calf each and every year. All of her daughters have been retained. We don't typically keep bull calves for sale but she had one outstanding prospect a couple years ago that walks in a commercial herd at Walkerton. 1K is a high performing calf that excels in every category. Already mature in her appearance she is athletic, excellent footed, thick, soggy, long and comes in an attractive and feminine package. She is quiet and ideal to be a competitive project and will be the matriarch of your top cow family.

This is our first purebred Simmental heifer to sell here at Time View Farms. This is a heifer calf we are very proud of. Her dam is a heifer calf we purchased out of the Skor Dispersal that is moderate and sound with a great udder. With RF Supercharged on the top side it should give this heifer calf a very bright future.

CONSIGNEE BY TIME VIEW FARMS

SIRE | RF SUPERCHARGED 9150G

DAM | LLSF FLIRT F195

Lot 39A

When cow families are everything, some of the most notable lines are in these female's pedigrees. We decided to put these two half siblings on choice. Alton Onyx 2109K possesses such a dominating presence having natural skeletal width combined with being soft made. She offers the round upper rib cage that facilitates more shape, body mass and eye appeal down the length of her skeleton. Onyx sets down on extra circumference of a symmetrical foot and bone. With excellent joint flex and set that is near textbook making her smooth and flawless on the move. 2109K sets the stage for power, substance, dimension, body density and build. This is a powerful combination of P2B and Relentless, who are both proven female makers. Giving her the right components to generate a quick ROI.

CONSIGNED BY ALTON CENTURY FARMS

SIRE | JBSF BERWICK 41F

Lot 39B

This could be the only chance to own Berwick sired progeny in Canada in 2022. Alton Onyx 2111K has the chance to be the first JBSF Berwick 41F progeny to sell in Canada. 2111K is an intriguing individual. It is easy to get excited about this calf, with her phenotypical look and breeding potential. Berwick sold in the prestigious 2020 Embryos On Snow Sale for \$109,000 for 1/3 interest and is siring sale toppers all across the USA. Berwick is an outcross north of the border and with limited Relentless semen in Canada, 2111K holds an exclusive out-cross pedigree to most operations which makes potential matings endless. She has a dominating presence while being soft joint with great structural width, added length of spine with explosive rib shape that transitions to a stout boxy hip.

Both 2109K and 2111K have a very balanced look and are quality built females. LLSF FLIRT F195 is setting the quality high with these two females in her young production career. The predictability is built into both these females, there is no wrong choice!

This is one powerhouse red heifer. Her extra length of spine takes away from her depth of rib and body mass. The dam is the solid producing Riddler we bought from MRL that has put many cattle into new herds. The Rio Grande top side only insures years of production and performance. Dark red and a black muzzle should produce those dark red calves. Carrying an early service to the calving ease bull NUG Carhartt.

When Carl came out to look at our herd this spring, we knew we had to give him some of our best, and this pretty girl is definitely our best heifer calf this year. Perfect footed with great leg structure, she is going to be a great cow. We've had her on the halter and plan to take to a couple shows before sale day, so she would be a nice junior prospect for next year. Puppy dog quiet!

CONSIGED BY LOCUST HILL FARMS

LOT 52 | 2021 OYCSA TRILLIUM CLASSIC GRAND CHAMPION BRED & OWNED

Lot 52

Jade has been sweetheart to have around. We only showed her once last year as a calf and she went on be overall Bred & Owned Champion at Trillium Classic. This year Simon has her on the show road again as his 4H project animal; would want to keep her to show at the Royal. We purchased embryos from Lewis Farms and were fortunate enough to have Jade's dam; full sib bulls have sold in their sales for over \$25,000. Her dam gives her an unbelievable udder and we found that using Alliance helped soften her up.

 When we were getting into cows Carl picked her grand dam out for us from IRCC, and wow have we been happy. She goes back to one of Elmhirst's strongest cow families- which is now hard to come by. From calf right to yearling heifer she has been a standout. She is packed with a pile of power and has momma written all over her. I honestly don't think you can go wrong with either pick of these 2 sisters!

Alton Sheila 2077J has elite cow families lining her pedigree like Sheila, Flirtin and Licious. 2077J has that dark cherry red colour and a beautifully balanced profile that is hard to come by. This heifer is confirmed in calf to WHF Limitless B011 due January 16 2023.

A Captain Morgan out of 1118Y from the R Plus program... I don't want to say it's a sure thing but that is a pedigree that should catch your eye. Not only does she have the pedigree but I feel that she has the phenotype to make a top producer in any herd. Big framed, long spined, lots of rib shape and that all sits on a foot with what I think is hard beat in the Simmental breed. Bred to the Wheatland/Semex bull True North to try and add the only thing missing on this heifer, a little chrome.

SERVICE SIRE | CKCC LD DIMENSION 8965

Lot 58

This is a nice tidy cow bought from the Stout Brothers in Alberta as an open heifer. She is what I would call a no miss type of cow, always weaning one of the heaviest calves year after year. She was actually the cow that raised the bred heifer in this sale, HRBK 1J and weaned her off at over 900lbs. The cow straight up works her butt off year after year and I don't think you would be sorry one bit for taking her home.

CONSIGNED BY HARBECK CATTLE COMPANY

Lot 59

This cow has been nothing but a work horse since she came home from Double Bar D. She's big bodied, very nicely uddered and she's as long as a freight train. She gets the job done year after year having 2 sons out and working in commercial herds and the first heifer she had sold in this sale just last year to Little H out in PEI doing a heck of a job on a heifer calf. She may have a little age compared to some but she's no where close to being finished.

SERVICE SIRE OF LOT 62 | WHEATLAND MAN O'WAR 907G

TERMS AND CONDITIONS

TERMS:

The terms of the sale are cash or cheque payable at par at sale location unless satisfactory credit arrangements have been made previous to the sale. The right of property shall not pass until after settlement is made. The Ontario Autumn Simmental Classic Group reserves the right to require a certified cheque as settlement before releasing any sale cattle. Should any purchaser fail to settle for his purchase the seller reserves full power to resell the animal to the best advantage either publicly or privately, without further notice. Any loss arising from such resale together with keep and all other expenses shall be payable by the defaulter. All settlements must be made with the clerks of the sale before any cattle will be released.

BID:

Every animal consigned to the sale must be sold by auction. No private sales will be allowed except as otherwise provided for in the terms and conditions. No by-bidding will be permitted. Each animal will be sold to the highest bidder.

DISPUTES:

In cases of disputes, bidding will be reopened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.

PEDIGREE ESTIMATES:

Pedigree Estimates (PE) are created on the projected mating of the animal's sire and dam based on averages of the two, creating estimated values that do not hold the same accuracy of actual EPDs issued from the association and should be used as such.

PURCHASER'S RISK:

Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable length of time.

ANNOUNCEMENTS:

From the auction block will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay attention to any such announcements.

HEALTH:

It is the buyer's responsibility to determine health requirements for importing any animal into his province or state.

CERTIFICATE OF REGISTRY:

A registration/recording certificate issued by the Canadian Simmental Association and duly transferred will be furnished to the buyer of each animal after settlement has been made. It is the responsibility of the buyer to determine the acceptance of this certificate in any other association.

SHIPPING:

Assistance will be given in making shipment after the sale but no risk is assumed by the Sales Management or Seller. Expenses incurred are the responsibility of the purchaser. Purchasers are requested to furnish shipping instructions when making settlement.

BREEDERS GUARANTEE:

As per applicable Canadian Breed Association Breeding Guarantee guidelines. Copies are available at the sale settlement desk to be picked up by the buyer at any time. In no event shall the seller be responsible for reimbursing more than the purchase price.

ACCIDENTS:

Although every precaution will be taken to protect the safety and comfort of buyers, neither the Sales Management, auctioneer, consignors or Association assume any responsibility in this matter and disclaims any liability legal or otherwise in the event of accident or loss of property.

RIGHTS AND OBLIGATIONS:

The above terms and conditions of the sale shall constitute a contract between the buyer and the seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected there to are not covered by the terms and conditions of this sale.
