Welcome to Oulton Farms Online Offering II

Our Excalibur and El Dorado females are making very good maternal cows. Both are adding balance and quantity to their udders. Loaded is adding extra length and style. We are very impressed with his calves. We are inviting all to an open house on the 10th and 11th of September to view the cattle.

Bonanza 2023 is in PEI so this year we have dug deep into our heifer calves and replacement females. If you're a Junior member and purchase any of these females we will keep her for you and get her ready for Bonanza next year in PEI. We really believe in the CJHA and will do this at no extra cost for Junior members. We are donating 100% of the proceeds from the Lot 1 calf to Bonanza 2023 in PEI.

We would like to retain show rights on all the heifer calves for the rest of 2022, if it is ok with their new owners.

Give us a call to discuss anything about our offering as well as delivery.

Cheers
Victor

- A real pasture favourite on farm tours this summer. She is out of a first calf heifer from our choice lot that we retained from last year's sale. Full sister of her mother went to Eagle Crest Herefords, this calf has the whole package, big middle and a super clean up front. Take her to bonanza next year or put her in the pasture and make her go to work she will do it all.
