COMPLETE DISPERSAL

**WED NOV 16
2022**

MOOSE JAW, SK

Welcome

Ridgeline Cattle Company was founded in 2010 when we purchased our first set of embryo's together from Rancier Farms and decided to start our own cattle company. Our vision has always been to breed and raise sound cattle with good udders that have presence and substance to them with strong cow families standing behind them. We feel that every year we have improved our calf crop therefore, our cow herd. This was helped by our purchase of a semen package in Wheatland Kill Switch, then purchasing Wheatland Emulation 9203G for \$23,000.

Travis started his Simmental herd from a bred heifer, -F Ms. Sally 4S, he purchased from his grandfather in 2007 along with a few others. He has always had a passion for the cattle industry and the people in it. Crystal grew up in the Hereford breed and was slowly converted into a Simmental lover. However, you will see the influence of the cross between the Simmentals and Herefords.

When we made the decision to have a complete herd dispersal it was the hardest decision we have ever had to make. However, it was one that we feel had to be made for our little family to live a happier, healthier life. We still love our cows very much and know that they will find great new homes. We are hoping to keep our daughter involved in the industry and the junior programs as we believe it is still a great way of life. Just because we are out for now does not mean we will be out forever. We look forward to talking to everyone about our beloved cow herd.

Sincerely,

Travis & Crystal Fisk

FROM THE DESK AT T BAR

Welcome to the Ridgeline Cattle Co. Complete Simmental Dispersal on November 16, 2022, at Johnstone Auction Mart, Moose Jaw, Saskatchewan. This young family has built, over the past decade or so, a high-quality herd of purebred and percentage breeding stock using the most current and predictable genetics available. From their initial beginning purchasing embryos, they have used embryo transfer to build foundation cow families that are predictable and prolific. Their program has proven to be of a competitive nature and over the years, they have marketed their bulls by private treaty to repeat customers as they are situated in the rolling hardgrass hills south of Regina.

Wheatland Emulation and Kill Switch have done a great job on this predictable cow herd. The sons are stout and sound with many being Homo polled and will be ready to go to work for you in 2023...one might save a few tax dollars also. The daughters are broody and fancy and will be a wonderful purchase in the years moving forward. Several recipient females are offered carrying eggs out of their leading donors.

Although there is always a bit of sadness to see fellow breeders disperse, dispersals are windows of opportunity as one can select from the top of the herd to start your own new cow family. This herd is young, highly fertile, and productive...with seedstock offered that will fit any program and any budget.

The love of the Simmental breed will not disappear. As Crystal is the YCSA coordinator for Simmental youth, her passion for youth and the Simmental breed will be felt for many years. With Travis and Crystal working off farm and raising a family, their decision to disperse was not easy. Feel free to stop by the ranch any time prior the sale and see this herd in its natural setting or just give Travis or Crystal a call to discuss the herd and the animals that will fit your program.

Plan to be with us on November 16th for this seedstock opportunity. We have graded this exciting offering...feel free to give any of the T Bar Team a call and we will assist you with your purchases in a professional and confidential manner.

Chris Poley

Twilight is a female that found herself in the donor pen early on with her overall mass and appearance. Blake showed her as a calf and a bred in the summer and we showed her in the fall where she made many friends. We split flushed her Rust Rio Grande and Wheatland Kill Switch and you will see that both mating's have worked. There are also two Wheatland Emulation daughters out of 821F and a cow out of WLB Bounty Hunter. Doesn't seem to matter what you breed the Twilight cow family to they produce good ones.

"Twylight" has been an absolute no miss female for us no matter how she is bred. Only one daughter has ever left the herd with the rest being retained. Whether she has a bull or heifer she has one that pushes down the scale at weaning and her LFE Stratton heifer at side is no exception. Her TNT Top Gun daughter in the bred heifer pen will be one of the feature bred heifers.

"EL Paso" is a bull we have loved from the day he was born. He is a well balanced, soft sided, big footed bull that puts it all together starting from the ground up. El Paso is fluid in his movement when set in motion. He is a bull we believed so highly in that we walked him with 20 cows. Cow family's have always been important to us and the Twylight cow family has been one of our feature cow families with 821F steering the ship the last couple of years.

"Grinch" is a bull who we made the decision early on to walk with our replacement heifers. He is a long spined bull with a big smooth flat bone and big foot. Grinch is a maternal brother to the E-Stop bull we sold to KMR Simmentals.
Homo Polled, Hetero Black

SFI Savage D20 - Sire of Lot 26

Tempress FAMILY

Tempress is the result of the first group of embryos purchased from Rancier Farms. She started her trajectory to the donor pen early of as she was the Stars of the Future Reserve Heifer Calf Champion at the IPE. She then returned the following year to be the Champion Bred heifer and went back as a 2 year old to win the overall three year futurity. Later that fall Tempress was named Reserve Sr Champion female in the 2013 National Simmental Show at Farm Fair International. Tempress maintained her look, balance, and impeccable udder quality right up until we shipped her this fall due to coming in open. We flushed her to RF Merchant and you will see 3 of the daughters below that are following her.

TERMS AND CONDITIONS

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance, unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Current exchange rates will be announced sale day. All monies are in Canadian funds.

Bidding:
Each animal will sell to the highest bidder... no by-bidding will be permitted.

Disputes:
Bidding will be reopened between the parties involved in dispute. If no further bidding is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision on all disputes will be final.

Announcements:
All announcements made from the auction block will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay close attention to such disclosures.

Breeder's Guarantee:
As this is a dispersal sale, all cattle sell with no further guarantee. Any known defects will be announced before the cattle are sold.

Certificate of Registration:
Each animal will carry papers issued by the Canadian Simmental Association unless otherwise specified. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

Health:
All animals in the sale have met all necessary health requirements, cow herd is on a full herd health program.

Insurance:
Will be available sale day. We strongly recommend that insurance is purchased for full value.

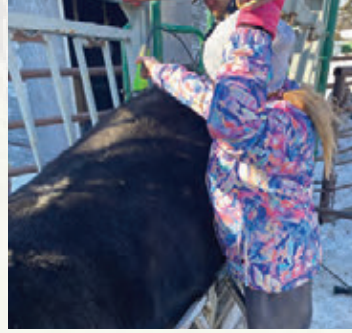

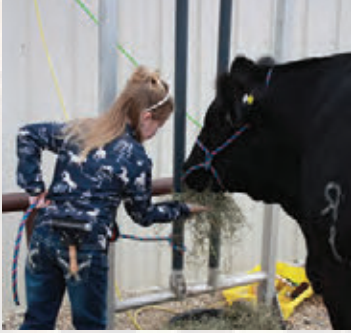

Liabilities:
All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. T Bar C Cattle Co. (2013) Ltd. does not assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

Rights & Obligations:
The above terms and conditions of the sale shall constitute a contract between the buyer and seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

Phone, Wire, Mail Bids:
Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

Delivery:
We will assist in arranging transportation wherever possible. Each animal becomes the risk of the purchaser as soon as sold.

Errors:
All announcements at sale time, written or oral, supersede any written material in the catalogue.
