WELCOME

SQUARE **D** HEREFORDS

Annual Production Sale

OCTOBER 17, 2022 1PM AT THE RANCH

The constants here at Square D of building and maintaining a cow herd are always on going. A strong herd bull group has become even more important, herd building sires like Beef 15Z, Mighty Max 69B, Century 957B, and now the addition of Ridge 254G have enhanced our cow herd. Adding Ridge has reshaped the Square D herd bull battery greatly, has set the bar high and strengthened the herd as never before! Our cow herd is strong, youthful and full of genetics that will help you build for your future in our great Hereford breed. Selected for balanced traits, strong tidy udders, loads of milk and culled hard, as always our goal over the past 50 plus years is to produce easy doing, big bodied, sound cattle that we need to be happy with in order to be handed over to you and your breeding program for future successes.

2021 - 2022 has been a very challenging year for many of us. Drought in 2021, a challenging winter, wet and late spring, the cow herd handled all of the ups and down and so do we. With plenty of grass, adequate hay and crops looking great, we look forward to the coming year.

Welcome to our 2022 production sale. We look forward to visiting with you. If we can be of any assistance please give us a call.

From The Desk at T Bar...

Welcome to the 2022 edition of Square D Polled Herefords Production Sale on October 17, 2022, at the Ranch, Langbank, Saskatchewan. This annual event anchors the Saskatchewan Sweep "Steaks" weekend in Southeastern Saskatchewan. Penned "Where quality runs Generations Deep" is very fitting for this multi-generational Hereford Family. The program is based on prolific cow families developed over decades with an aim of calving ease combined with high maternal values and always keeping performance in scope. The Square D program is based on the requirements of their many repeat customers and the cattle are ranch raised as that of their customers.

The feature of 2022 is the progeny and service of their newly acquired sire NJW 139C 103C Ridge 254G. Outstanding is the best analyzation of the bull and his progeny. Flawless in phenotype, dark colored and short marked with exceptional documentation. Check out his spread from birth to weaning and yearling, then look at his milk at 37.5 and an amazing total maternal of 66. His sons and daughters are features and what an opportunity to get in on the ground level of this new generation superstar.

The females in the offering are destined to develop into front pasture matrons whether you are looking for a fancy heifer calf to show or one of the many broody bred combinations. Don't overlook the embryo packages or the semen offering on the great "Ridge." Plan to be with us on Monday, October 17th for an opportunity to add leading genetics to your program whether it be for your next herd sire or a top breeding female or two. Do not hesitate to stop by the ranch anytime prior the sale and view the sale offering or give Jim a call to go through the cattle.

Feel free to give any of the T Bar Team a call and we will assist you with your purchases in a professional and confidential manner.

A Ridge 254G son out of a young cow that we purchased from the McMurry's in Montana. Her first calf, an NJW Endure daughter topped our 2020 sale, selling to Stephen Knutson. His dam is a big bodied, feminine daughter of Square-D Mr. Beef 465A. The Ridge calves have proven to be consistent, attractive, and easy calvers. We are looking forward to watching them develop. **Terms to be announced.**

Archer is another top Ridge 254G son out of a Century daughter. His dam is out of a proven, long line of females in the Square D herd. The first set of Ridge calves are just as we had hoped, his sons are very muscular in shape, smooth made and calve like a dream, they will produce females that will be outstanding herd builders for years to come. The bull calves featured in our sale are our top bull calves, and the only bull calves to be sold at auction. Our remaining bulls will sell out of the yard by private treaty. Terms to be announced on sale day.

We like to consign the top calves from our sire groups. Catrina is sired by a young bull we bred and sold to King Ranch in Manitoba. Conroy 167H is out of the top selling cow in our 2020 sale, Square-D Madonna 637E. A female we flushed this spring.

9A

A Heavy Duty 72C three year old who is doing a pretty good job raising this big heifer calf at side. Heavy Duty is a bull we purchased the Canadian semen rights on as a calf and did he ever give us a great set of calves that not only topped our sale, 72C's were high sellers across the country. Now that the semen has sold out, purchasing this female is a rare opportunity. Elliot is a full sister to Square -D Heavy Dose 276F, owned with Peter Fofonoff at Verigan, SK.

Exposed May 26 to August 1, 2022 to Square-D Maxx 558E. Preg checked 90 days on Aug 31, 2022

Broody, deep bodied and one of our best. Jewel's head and shoulder is laid in so well and her broody shape just explodes into cowy-ness. She is a maternal sister to the dam of Lot 4 and a maternal brother sold to King Ranch in Manitoba. Big Buff 313G has turned into a mainstay herd sire for Lawrence King. We are really looking forward to having Ridge females in production.

Very feminine and pretty, yet with plenty of body and capacity. Will be a very maternal female with a great udder. She is a full sister to the Ridge 254G embryo calves Lot 31 and Lot 32. This heifer is a full blood sister to the choice heifers Lot 31 and 32. Co-owned with Kootenay Polled Herefords.

Winnie 551H comes from our fall calving program. Females with a little extra size and capacity, feminine and clean made but with plenty of body and mass. Freckles and lots of pigment. Safe to AI Breeding. We added Validated as an AI sire this spring after seeing his daughters in production, and his overall performance, including carcass traits, all while adding calving ease.

AP'D JUNE 2, 2022 TO EF BEEF BR VALIDATED BR13. Preg checked safe to AI.

We had a hard time choosing which heifer calf was the better on to consign to the sale. We decided it was best to offer as choice so that the buyer could make that determination. These heifer calves are everything we hoped they would be when we decided on which cow to flush. The dam of these transplant calves is a combination of our two top cow families, known for their production and longevity. Look at the udder development on these Ridge heifers. These calves could compete in the show ring, but will also make front pasture cows, raising big stout calves. If you are looking to build a new cow family either one of these big middled, pigmented, Ridge babies will put your herd on the map. Excellent cow prospects.

4 EXPORTABLE, EU QUALIFIED EMBRYOS

NJW 139C 103C RIDGE 254G | SIRE OF EMBRYOS

We were so excited about these embryos when you look at the flush sisters we have consigned as Lot 31 and Lot 32. After watching these heifers grow out we could only imagine if the results of one of these embryos turn out to be a bull calf. The Ridge sons at the NJW 2022 Bull sale were the high sellers and a very consistent, attractive and popular group. We implanted several embryos from this mating and because this was such a successful flush, giving us a high number of exportable, EU qualified embryos we are able to share this opportunity with you. We are selling one lot of four embryos, all qualified for export including to the EU. Embryos are stored at Bow Valley Genetics. Buyer is responsible for all shipping costs.

SQUARE-D KITTY 465E
DAM OF EMBRYOS

NJW 139C 103C *Ridge* 254G

*Offering Semen Packages A to J
Selling 10 lots of 10 Units
10 Straws - no certificates needed*

We were first attracted to Ridge from a picture in the NJW sale catalogue. I asked Jan who this bull was, Jan described him a bit more but stressed that he was not for sale. That's when we started to do more of a deep dive on Ridge's mother and her production record. She has all the qualities that we want in our herd sire's dam and 254G is not her first son to be used in the NJW herd. Ridge checks all the boxes for us; a mother with a great udder who produces her heart out; calving ease with a 78 lb birth weight; weaning weight 712 lbs. which gave him a WW index of 110 in the NJW herd; yearling index of 110 with a yearling weight of 1221 lbs. 254's carcass scans are equally impressive, adj rib-eye 12.84 and an adj marbling of 3.91. To top it off he is homozygous polled, dark red to the ground, with pigment on both eyes all wrapped up with an EPD profile of CE +3.8, BW +2.0, WW +58.4, YW +95.6, M +37.5, TM +66. A herd sire of the future, with exceptional eye appeal and balance. This convinced us to pursue 254G, seeing we weren't able to buy pasture rights, we bought the Canadian semen rights along with Wascana Cattle Co. and Kootenay Polled Herefords.

We thought that our production sale would be a good way to introduce you to 254G, by offering services or embryos from one of our top cow families and a limited semen offering. Ridge has caused some excitement in the market when a pregnant recip carrying an embryo sired by 254G sold for \$16,000 at the 2021 Oklahoma sale, and then in the recent NJW sale all the fall bred heifers carried his service and averaged over \$10,750. Ridge is a moderate framed bull with extra mass and muscle, and has the ability to stay in shape while breeding and maintain great form and presence.

Beef 15Z is a soggy, easy keeping bull out of one of the best cows raised on the NJW ranch. His dam has a beautiful, level, tight udder with small teats. Beef is passing all of those traits on to his daughters. He is a herd building kind of bull and fast becoming a cornerstone of the foundation in our Square D cow herd.

A ET son of our Square -D Jaeden 257P cow flushed by the McMurrays to produce this Outcross son of Red Bull 200Z. We appreciate his length, his soundness in a dark red package with pigment. He was used in the herd of Fred and Doreen McMurray and we are looking forward to his calves in the spring.

Service Sire to lots: 27, 28, 29

TERMS & CONDITIONS

TERMS: The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

CERTIFICATE OF REGISTRATION: Each animal will carry papers issued by the Canadian Angus Association unless otherwise stated. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

PEDIGREE ESTIMATES: Pedigree Estimates (PE) are created on the projected mating of the animal's sire and dam based on averages of the two, creating estimated values that do not hold the same accuracy of actual EPDs issued from the association and should be used as such.

HEALTH: All animals in the sale have met all necessary health requirements.

GUARANTEE: Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the Canadian Hereford Association with regard to health, free of all known genetic defects and from both reproductive and specific genetic unsoundness.

PREGNANCY INFORMATION: All serviceable age females have been pregnancy examined by an accredited veterinarian, giving an estimated length of gestation. This estimated gestation period shall be used only as a guideline to calving and is not a guarantee of actual service.

LIABILITIES: All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may, in exceptional cases, be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

DELIVERY: Every assistance will be given in getting your purchases home. Each animal becomes the risk of the purchaser as soon as sold.

PHONE, MAIL, WIRE BIDS: Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

INSURANCE: We strongly recommend that insurance is purchased for full value.

ERRORS: All announcements at sale time, written or oral, supersede any written material in the catalogue.
