Terms & Conditions

Terms:

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

Certificate of Registration:

Each animal will carry papers issued by the Canadian Hereford Association. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

Health:

All animals in the sale have met all necessary health requirements.

Guarantee:

Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the Canadian Hereford Association with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness.

Pregnancy Information:

All serviceable age females have been pregnancy examined by an accredited veterinarian, giving an estimated length of gestation. This estimated gestation period shall be used only as a guideline to calving and is not a guarantee of actual service.

Risk:

All persons who attend this sale do so at their own risk. The auctioneer, owners, management and staff assume no liability, legal or otherwise, for any accident that might occur. It is understood that the sale management is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does the sales management assume any financial obligation to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken, must be between the buyer and the seller. Sale management assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

Delivery:

Assistance will be given in getting your purchases home. Each animal becomes the risk of the purchaser as soon as sold.

Phone, Mail, Wire Bids:

Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

Insurance:

We strongly recommend that insurance is purchased for full value.

Errors:

All announcements at sale time, written or oral, supercede any written material in the catalogue.

Here is an opportunity for you to add a real good, complete bull to your herd. Goggle eyed, red to the ground with good depth and thickness in a complete package. I am very impressed with the sire group of calves off Excelsior 113B. The mother of 14E is quickly becoming one of my top cows. A perfect udder. Her first calf sold to Medonte in Ontario, her second is in the replacement bred heifer pen and here's another good one. Take a good look at 14E.

Take a close look at the maternal strength of this heifer's pedigree. As an individual, she has the traits we all seek in our cow herd; pigment, long bodied, deep with over the top thickness and easy keeping.

This calf is out of a ten-year-old cow that still produces excellent heifers. Her sire is a very easy keeping bull that produces very fleshy heifers with good udders and milk.

This bred heifer has pigment around the eyes and she has a great hair coat. Her sisters in production have great udders with an abundance of milk. She also has a very easy disposition.
Bred to Glenlees 113 Excell 18D on April 26, 2017.
