## WELCOME FROM AIREY CATTLE CO...

"If only we were younger," how many times we have said that over the last couple of months. What a bitter sweet decision it has been to disperse our cow herd. The Angus cows have been very rewarding and the new people we have met and befriended are a gift that will last a lifetime.

We have both been actively involved in the purebred business for over three decades. The last decade, we have built our Angus herd. In building the base, we selected top end females from herds that worked to produce top end bulls for the commercial man. We took guidance from people we highly respected, like Jack and Barb Hart. You will find a very strong influence of Brookmore breeding throughout our herd.

We are very passionate about our Angus cows and the Angus breed. We love the cattle for being tough, easy adapting individuals that perform in so many environments. We believe if you are going to do something in this world, you need to do it to the best of your ability. We are proud to showcase our mama cows and their terrific calf crop with individuals that will go into programs and shine. We have always focused on cattle with performance. The service sires are as interesting a bunch as you will find anywhere. Whether you need a donor cow, a group of replacement females, a show heifer or herd bull power, it can be found here.

This was a very tough decision for us but rest assured, we will be running some commercial cattle on our pasture and they will be Angus influenced.

The most rewarding part of the cattle business is the people. Over 30 years, we have made some fantastic friends and enjoyed the warmth and support of our very large cattle family. We will miss you all.

We would like to thank our family. Without the help and support of our children, Airey Cattle would not be what it is today. Our girls, Terinda and Nikoda have been a very large part of Airey Cattle Co. We would also like to recognize brother Jason and wife Jodi, and cousin Tyler of Paxhill Farms for taking us and our cows in this past winter.

To you that purchase ARY cattle, we wish you all the best; we hope you enjoy them and that they are as rewarding to you as they have been to us. If you have any questions, feel free to call us or any of the sale staff.

## FROM THE DESK AT T BAR...

Welcome to the Complete Herd Dispersal of Airey Cattle Co., December 6, 6:00 P.M. at Heartland Livestock, Brandon, Manitoba. Over the past decade, Ray and Barb Airey have assembled and bred an outstanding herd of Angus breeding cattle. Their good fortune is the result of successfully breeding seedstock for over thirty years.

Although dispersals have a note of sadness as you are losing a valuable breeder, it opens the doors of opportunity. The opportunity to select from the elite of the herd whether you are looking for an individual or a truckload.

In life, families are very important; so, as you read through this catalogue, you will also find that the Airey program is built on cow families... diverse in type and genetic value. The big strapping bull calves at side of broody cows exemplifies the power and predictability of the program. Highly fertile, these cows are bred to give you a coupon within a month or two. Their genetics are unique and represent many of the leading sires in the Angus Breed.

Plan to be with us the first weekend in December and experience this opportunity in the Angus breed. Take advantage of Ray and Barb's effort in building this powerful group of Angus breeding cattle. Farmers and ranchers, the bull calves are worth your trip to town for your next walking bull. Feel free to give the Aireys a call if you need information on any of the cattle in the herd.

If we at T Bar C may be of assistance, prior to or sale day, please contact any of the T Bar team and we will be pleased to offer our professional services.

- CHRIS POLEY

# MAXIE Cow Family

LOTS 1-6

The Maxie cow family originated with the purchase of JVJ Maxie 30Z from the MB Keystone Classic where she was the high selling female. Her first daughter was also the Keystone Classic high selling female for \$11,000 to Wild West Angus. Brookmore Maxie 30Z is an elite/premier female who year after year has produced us a fancy, easy doing female to put back in the herd; this year is her first bull calf. The Maxie cow family is proven reliable and consistent.

LOTS 6-16

The Enchantress cow family is Brookmore influenced. This pedigree is packed with performance, big easy doing kind of cows; the cows that go out and produce herd bulls and high selling females. Two bulls are working in A&L Robbins Ranching and Paxhill Farm; the high selling Keystone Classic female went to Raven Ridge Angus. If you want to raise cattle with performance, thickness and great feet, look to the Enchantress cow family.

**LASS TRADER**  
Cow Family  
LOTS 17-21a

The Lass Trader cow family came from Crowfoot Angus Dispersal; Doug Henderson picked out Lass Trader 272Z for us and he did a great job. I get so excited when I lay out this cow family and see what each and everyone of them have done, just look at the 2019 calves at side. The Lass Trader females are easy keeping, thick, good footed, performance females.

*LOTS 22-24a*

The Blackbird cow family originated with the Coldstream 207Z who Chris Poley selected for us out of the Coldstream Dispersal. This is a cow family that has had more bull calves than heifer calves. These are cattle with excellent dispositions, and a ton of performance. Bulls are working for Wieler, Burkell, Hepburn, Nelson and Airey.

The **PRINCESS** Cow Family

LOTS 33-35

The Princess cow family started with a couple individuals from Brookmore Angus; the original cow was 156Z who is now an Elite/Premier dam. Her 2019 heifer calf is the first female she has ever had; I am very excited to see what her daughter will do. JVJ 18B's first calf, a bull, sold to Danny Warrilow; her daughter 713E is an amazing Lazy E Bar Excitement daughter with her Kozi bull calf. A very solid pedigree with good feet, performance and reliability.
