FEBRUARY 14, 2021  1:30 PM  ESTEVAN, SK

# WELCOME FROM DIAMOND M

**W**elcome to our Tenth Annual Bull and Female Sale on February 14, 2021. I would like to thank all of the people that have expressed an interest in our program and the repeat customers over the years that have purchased bulls and heifers. Your confidence and support is very much appreciated.

What a year 2020 turned out to be. I never thought the whole economy would be shut down over COVID-19. Agriculture is one industry that must keep going no matter what is happening. Livestock need to be fed and crops need to be planted. I am glad that the agriculture industry is finally getting the praise for what it does in feeding a nation and stimulating the economy.

This will be our 10th and final bull and female sale since we sold most of our young purebred cows last year. The group of bulls is a little small in numbers but the quality throughout the group is very strong. We have 22 red bulls and 15 black bulls for you to evaluate. We have one new red sire group from DMF Epic 741E which will impress you. On the black sire group there are two new herd bulls, LFE High Roller 3148D and DMF Odie 410B. Both of these sires have superb bulls. DMF Odie 410B is bred to most of the black females in the sale. This will be the fourth year we have successfully calved heifers to him. Two of Odie's bulls have curve bending genetics (born small and their weaning and yearling EPD numbers are above average). We also added 15 red and black purebred heifers. There are some stand out females in this group. On the commercial bred female side there are 3 reds and 12 blacks. In that group of 12 black females, 7 are sired by the same Black Angus bull, which makes them a very consistent group. All of the red females are bred to Wheatland Fusion 341A bull which will produce a very marketable calf.

Our Simmental herd has always calved in April out on stockpiled grass. Selling two year old Simmental bulls was not the norm when we started in 2000. We were one of the first to completely sell all two year olds and build our program around that concept. Most breeders were always

selling yearlings. For us, taking the extra year to develop these bulls has given us a great product to market and the customer feedback on the bulls have always been positive.

The bull offering has never been better quality or more uniform from top to bottom. Come look and we know you will be impressed. We are incredibly proud of our bulls and female herd and hope you will take the time to go through the catalogue. All of the bulls and females will have a picture and live video in the catalogue for your evaluation.

The bulls and bred heifers are both on a full herd health plan. The females were given a shot of Bovi Shield Gold in April before breeding. All head in the sale were given a pour on product for lice control in early November. The females were pregnancy checked on November 16, 2020.

If time permits, come and view the bulls, females and sires at the ranch, 1.5 miles west of Estevan on Highway 39. If you cannot make it to the sale, I or the staff at T Bar C: Chris Poley, Shane Michelson, and Ben Wright can help you with an order or evaluation.

Mark Shologan will be in charge of internet bidding through DLMS. A video of each bull and female will be available for viewing on the dlms.ca and www.buyagro.com websites in late January.

We have thoroughly enjoyed our journey in the Simmental business! We would love to have the opportunity to be your hosts on February 14th. Come on out for some good food, good conversation, and a great opportunity to genetically advance your herd.

Sincerely,

**Jordan, Amber, Sasha, Sierra & Wyatt Mantei**

## “You can never starve a profit out of a cow!”

# FROM THE DESK AT T BAR

**W**elcome to the final bull sale here at Diamond M. After a very successful bull and female sale last year the Mantei family have chosen to go in a direction of more commercial oriented cattle and their ever expanding cropping farm.

The Diamond M prefix has become a mainstay in the Simmental business and we've seen how well their females are accepted in last year's sale. Jordan and family have always been very determined when choosing their next herd sire and not afraid to step out and pay for one. I truly believe you can see that in this set of bulls we have on offer. The two year old program is hard to come by and please appreciate the work that goes into developing these bulls that have extra age and size for you, the buyer. The red bulls in the pen are sale features with many strong, stout hairy bulls that will get the job done. The black section offer an outcross pedigree with hair and docility that can be hard to find in two year old bulls.

The select group of bred females on offer are very much from the heart of the herd. This is the top cut and final females to sell of the purebred herd so please have a close look at what could be a very good producing female for your program! There's never been a better time to be loaded up with Simmental females, as we witnessed an incredible fall female sale run.

All of us at T Bar C have enjoyed the business relationship with the Diamond M crew. Their cattle have worked for many people all across the western Canada and we urge you to take a close look at the offering for 2021. Any questions please don't hesitate to call any of us at T Bar C.

### DELIVERY OPTIONS

**Option 1** \$100 off per bull lot if picked up sale day.  
**Option 2** At buyer's option and risk, we will board the bulls until April 1 at a charge of \$100, payable at sale time. Bulls will then be delivered free of charge between April 1 and April 5.  
**Option 3** Bulls staying at the ranch after April 5 will be charged a \$3/day fee and it is the buyer's responsibility to pick the bull up.  
**\* Cows will be available for pick up any time after the sale.**  
**Pick up will be the buyer's responsibility**

### Canadian Simmental EPD Averages (Spring 2020)

CE	BW	WW	YW	MILK	MCE	MWWT	CW	REA	FAT	WARB
6.7	3.4	69.5	102.4	25.2	3.9	59.9	30.6	0.85	-0.128	-0.09

## TERMS & CONDITIONS

### TERMS

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance, unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Current exchange rates will be announced sale day. All monies are in Canadian funds.

### BIDDING

Each animal will sell to the highest bidder... no by-bidding will be permitted. Disputes - Bidding will be reopened between the parties involved in dispute. If no further bidding is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision on all disputes will be final.

### ANNOUNCEMENTS

All announcements made from the auction block will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay close attention to such disclosures.

### BREEDER'S GUARANTEE

Should any bull fourteen (14) months of age or over fail to prove a breeder after being used on females known to be breeders, the matter shall be reported in writing to the seller within six (6) months following the date of purchase or six (6) months after the bull has reached fourteen (14) months of age. The seller will have the right and privilege of six (6) months to prove the bull a breeder. No guarantee is given that semen collected from the bull will freeze.

### EXCEPTION GUARANTEE

In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, this guarantee shall be null and void.

### GUARANTEE

Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the Canadian Simmental Association, with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness.

### PREGNANCY INFORMATION

All serviceable age females have been pregnancy examined by an accredited veterinarian, giving an estimated length of gestation. This estimated gestation period shall be used only as a guideline to calving and is not a guarantee of actual service.

### CERTIFICATE OF REGISTRATION

Each animal will carry papers issued by the Canadian Simmental Association, unless otherwise specified. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

### LIABILITIES

All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability, legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

### RIGHTS AND OBLIGATIONS

The above terms and conditions of the sale shall constitute a contract between the buyer and seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

### PHONE, MAIL, WIRE BIDS

Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale managers, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

### DELIVERY

We will assist in arranging transportation wherever possible. Each animal becomes the risk of the purchaser as soon as sold.

### INSURANCE

Will be available sale day. We strongly recommend that insurance is purchased for full value.

### ERRORS

All announcements at sale time, written or oral, supercede any written material in the catalogue.

Terminator was the high selling bull at \$102,000 in Wheatland's 2013 bull sale. We had the great fortune to acquire the walking rights on this true standout herd sire. Terminator sure puts his stamp on his offspring. He makes them stout, with a ton of muscle expression, in a very complete eye appealing package. What is equally impressive is his low birth weights when used in the heifer pen.

- ♦ DMF 238Z is a strong producing cow with a perfect udder.
- ♦ Age of Dam: 8

**G908**

## **BACKGROUND DEVELOPMENT OF BULLS**

All of the bulls come as virgin bulls ready to go breed cows for you. The bulls are developed in large pens to promote exercise and give them lots of room to get away when fights occur. The bulls go through four culling phases before they ever reach the sale catalogue. They are culled once in the fall at weaning. Second time is when they go to grass as yearlings in May. Third time is when they come off of grass in September. Fourth and final time is in January before we make the sale catalogue. This process assures that you are buying quality two year old bulls that are developed slowly and will last a long time for their new owner.

## **HEALTH PROGRAM OF BULLS**

As bull calves they are given Bovi-Shield Gold One Shot and Ultra Choice 8 (Blackleg) at turn out in May and again at weaning in November. The following spring turn out to summer grass as yearlings, the bulls are given the same vaccination shots for the third time. All of the bulls received Ivermectin pour on in November.

## **NUTRITIONAL PROGRAM OF BULLS**

The bulls are fed a TMR (total mixed ration) which includes chopped hay, corn silage, brown oats and 2:1 breeder mineral package. All of the ingredients in the ration are harvested on our own land to ensure a quality feed mix.

BW: 87 lbs ◆ WW: 645 lbs

◆ A smaller framed heifer with good width over her top and huge rib shape. Her dam, DMF 2111Z, is a solid cow that produces a great calf every year.

◆ Pasture exposed to DMF Odie 410B from July 1 to September 9, 2020.

**LOTS 56 - 62**

◆ The quality of the next seven heifers (Lots 56 - 62) is top notch. They are all sired by a Black Angus bull we purchased from LLB Angus in Alberta. These females are all true F1 progeny off our older purebred cows. Cows that all have had bulls in the sales over the years. To pick one heifer over another is hard to do because the uniformity of the group is tremendous. The resulting ¾ Simmental cross calves off of each heifer will be superb.

# LOTS 63 - 67

- ◆ The quality of the next five heifers (Lots 63 - 67) is the same as the previous seven black commercial heifers. The only difference is there are various sires of the five heifers.
- ◆ These bred are the cream of the crop with nothing being held back because it is our last sale.
