On behalf of everyone at Duralta we welcome you to our 16th Annual Bull Sale.

2021 marks 100 years since my grandfather purchased his first piece of land in the Lavoy community. As I write this welcome, I can't help but to look up at the pictures on the wall and reflect on what Duralta started out as and what it has become today. FAMILY is a big word around here, from my grandfather to my mom and dad, uncles and aunts, brothers and their families and finally to my wife and kids, you make this place flourish.

Well, 2020 sure has been one interesting year to say the least with lots of events that have made it exciting here at Duralta. The biggest thing was Dalton marrying an incredibly beautiful and energetic lady named Tanya on June 13, 2020, and she sure has put a spark in the operation. With this being said watch for more exciting things in the future to come.

Honesty and Integrity are two big words we take to heart around here.

Integrity

It is our quest to raise Angus cattle both Black and Red that will calve, perform and have that maternal instinct that the Angus breed strives for. The stock must walk on a strong sound foot, must be able to convert feed into a long, muscular body and be able to milk and raise a calf every year that they are in production; which means the bulls and females must be fertile. Also, we need to produce a product that the consumer must enjoy eating.

Honesty

Honesty must come within ourselves. We will try to describe these cattle with the best of our ability. The only person you fool in the end is you.

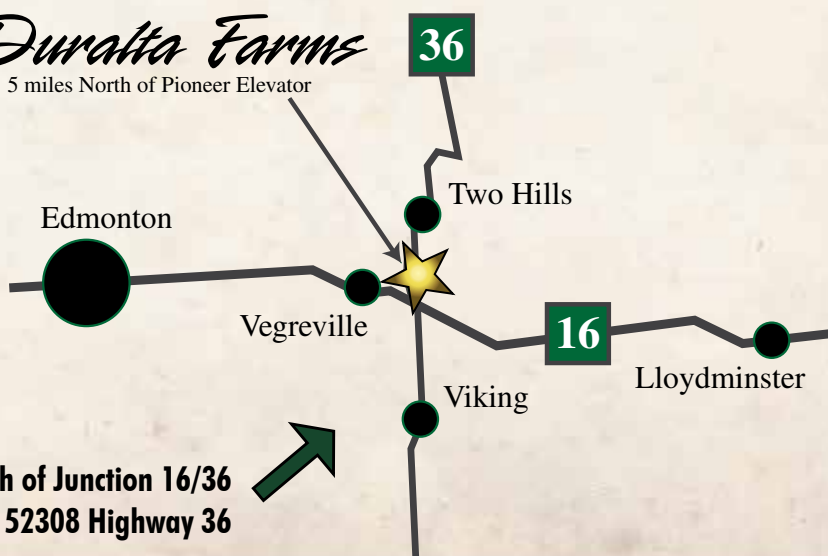

We are very proud of the quality of bulls available on March 19th. Feel free to call and view the bulls and the cow herd any time.

The Durie Family

From the Desk at T Bar...

Welcome to Duralta Farms 16th Annual Angus Bull Sale on Friday, March 19, 2021 at the farm located 5 miles north on Highway 36 off the Yellowhead, Vegreville, Alberta. The multi-generational Durie family has been supplying superior seedstock for the livestock industry for decades and for the past fifteen years, this sale is just more than a sale, but a happening! It's a sale where repeat customers return, perhaps it's the noon meal and the fellowship, but the most important reason is a great set of bulls that are predictable money-makers carrying the Duralta "Guarantee of Quality and Satisfaction!"

To offer a powerful set of bulls year after year, credit must go to the strength of a cow herd base... soundness and quality of udder, soundness of foot and limb, and fertility when they come in, in the fall, then add the performance of the bulls to ensure that you get a thick, rugged sire with strong sound maternal traits... Duralta prides themselves of that achievement.

This exciting 2021 lineup is headlined by progeny of the new sires introduced into the program. The offering is very uniform in body phenotype, rugged yet bred to be problem free at calving, lots of muscle and performance and plenty of hair and nuts. Whether you are a purebred breeder looking for your next herd changer or a commercial cow/calf producer needing to replace the old bulls and update new genetics, the bulls selling give you lots of options. The eight two-year-old bulls were saved for the sale, grassed all summer and are ready to cover more cows in hilly terrain.

The Durie boys have taken the guess work out of bull selection... just give Dave Jr or Dwayne a call to discuss the bulls and which bulls will suit your breeding plans... you will get an "honest analysis with no sale pitch!" Stop by the farm anytime prior the sale and preview the offering where you can see the mothers as they are close by. Whether you need one or more red or black sires, these bulls are affordable and suitable for any or all breeding units... plan to be with us on March 19th.

If we may be of assistance, prior to or sale day, feel free to contact any of the T Bar team or myself, we will help you in a professional manner.

Chris Poley

Two Year Old Angus Bulls

This set of two-year-old bulls are April/May born bulls. These bulls have been managed with the idea of having high end quality two-year olds to be able to service more cows and heifers. These bulls have been ran on grass all summer and put on feed in late October. These bulls are all sound footed (feet have not been trimmed), long bodied, hairy and can really get out and move. "NOTE" three of these bulls were raised at Duralta Farms and the other five were raised by our niece and nephew; Braden and Bailey Durie. These bulls are high end quality bulls and "not" the carry over bulls.

- Momentum is a true sale feature
- Long bodied, stout made and pure power to burn
- Blood red in color
- Black footed
- Has true herd bull character
- This stud just acts and moves free in his joints and has that presence that says look at me
- His dam, 78A just does not misfire. Her first son was a high seller selling to North 40 Angus, Vanderhoof BC. Other sons have sold to George Kowalchuck and Craig Miller. She was flushed in 2020 with great results

Terms & Conditions

Terms:

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

Certificate of Registration:

Each animal will carry papers issued by the Canadian Angus Association, unless otherwise specified. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

Pedigree Estimates

Pedigree Estimates (PE) are created on the projected mating of the animal's sire and dam based on averages of the two, creating estimated values that do not hold the same accuracy of actual EPDs issued from the association and should be used as such.

Health:

All animals in the sale have met all necessary health requirements.

Guarantee:

Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the Canadian Angus Association with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness.

Insurance:

Agents will be in attendance to insure your purchases. We strongly recommend that insurance is purchased for full value.

Liabilities:

All persons attend the sale at their own risk. The sellers, facility owner, auctioneer and sale manager assume no liability, legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either part to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

Delivery:

Every assistance will be given in getting your purchases home. Each animal becomes the risk of the purchaser as soon as sold.

Phone, Mail, Wire Bids:

Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

Errors:

All announcements at sale time, written or oral, supercede any written material in the catalogue.
