Elmer & Martha Wiebe Box 186, Hagos, SX SOK 1X0 P: [805] 881-8621

WELCOME

Welcome to the pages of the 2021 EKW Red Angus Bull Catalogue. I cordially invite you to peruse the Red Angus genetics offered in this listing. You will find truly ranch raised bulls, completely and fairly represented according to the environment in which they were raised. No preferential treatment, no adjusted weights. The yearling bulls wean date was October 22, 2020, the two-year-olds October 3, 2019.

Our breeding philosophy revolves around the belief that Red Angus Is "The Cow Maker Breed!" Thus the fact that each of the bulls we offer need to be able to sire excellent, maternal females. You will also find options from "Big Stout" to Sleep Easy" calving ease. Pick your breed to cross with Red Angus and you will realize there is no close second for a breed that offers you the versatility and options that a Red Angus influenced cowherd does. Within these convictions we seek to produce cattle with more hardiness, efficiency and maternal instincts than even this breed is noted for, or "upping the average" for these qualities.

We have done our very best to produce a valuable, higher quality than ever, group of bulls and then price them at excellent value. We seek to bring stability, quality and added value to your shopping. We do believe that the best value in most situations comes from buying the best bulls you can afford. We appreciate and want to thank each of our past and present customers and invite our future customers on board. Give us a call if you need any assistance, want a bull pen tour or want to order your next herdsire. We continue to seek to make our customers happy, profitable and satisfied.

Most sincerely, Elmer Wiebe

TERMS & CONDITIONS

Terms

\$1,500 Deposit per bull when you select your new bull or bulls. Balance due when delivered or picked up.

OR

PAYMENT IN FULL when selecting your new bull or bulls.

Boarding

All bulls can be boarded free until May 31, 2021. All bulls can be boarded beyond May 31, 2021 for a \$100 charge, (per bull) which will include regular delivery.

Delivery or Pick Up

- 1. All bulls sold in Saskatchewan, delivered free of charge. All bull purchases totaling \$5000 or more will be delivered free of charge in Alberta or Manitoba as well. Bulls to be delivered by May 31, 2021.
- 2. Bulls may stay longer than May 31, 2021; a \$100 charge will be added to these bulls which will include delivery.

2 miles North of Hague on Hwy 11, Turn Right on Dyck Road; 5 miles East.

Turn R on Adamiwka Road, ¼ mile South.
West side of road.

Bull Guarantee

EKW Red Angus guarantees to sell you a bull in good health that has the ability to settle cows, is sound on his feet and will pass a semen test. Bulls will be semen tested in April prior to delivery. In case of breeding incapability, we will replace the bull with a bull of equal value. In no event does this guarantee exceed the purchase price of the bull. We take full responsibility for the bulls until the bulls are in your care, i.e.; they are loaded on your trailer or arrive at your farm.

This guarantee does not cover mismanagement, injury or death after he is in his new owner's care.

However, should an accident happen, we will do our best to get your cows bred with one of our EKW Red Angus Bulls.

Should you have a problem please call me first. I will rectify the problem.

Pedigree Estimates

Pedigree Estimates (PE) are created on the projected mating of the animal's sire and dam based on averages of the two, creating estimated values that do not hold the same accuracy of actual EPDs issued from the association and should be used as such.

The Bulls Ration

All bulls were fed together. Developed slowly on a grass, hay and green feed round bale ration, supplemented with CowPro grower ration at 5 lb. per head and an energy supplement at about 0.7% body weight along with Cargills' Right Now Mineral and block salt. They are pail fed twice daily to spread out nutrient uptake, allowing for maximum gut health, maximizing the health and longevity of these bulls.

Calving Ease Score

We evaluate each prospective herd bull for calving ease, determined by bone size, BW, CE, EPD and profile.

- * Cow Bull Only.
- ** Cow Bull. Expect assistance if used on heifers.
- *** Heifer and Cow Bull. A few assists expected on heifers.
- **** **Heifer Bull.** True calving ease on heifers.

You will find this score on each bull lot. We hope this helps you in your selection!

- Frame, stature and muscle
- Dam is a maternal sister to the Lucky bull at Howes Red Angus
- Balanced all around two-yearold
- · Will sire very good udders and
- CANADIAN
