## FROM THE DESK AT T BAR C

Chris Poley

Shane Michelson

Ben Wright

Welcome to the 29<sup>th</sup> Annual Everblack Angus Bull and Female Sale, Monday March 29, 2021 at the ranch, southeast of Vermilion, Alberta. It is not hard to get excited by this great offering of Black Angus bulls... over the past decades, these folks have bred and developed the kind of seedstock that are born to rustle, calve easy and provide performance in one package. Simply put... "Everblack has taken the guesswork out of your bull section."

The eighty, two-year-old bulls are rugged yet optimal in frame size and uniform from end to end. Plenty of performance, capacity, hair, and testicle, they are bred to be sound, managed to be sound and are the result of a great cow herd base. I believe that this is the highest number of three star calving bulls ever offered at Everblack... a trait which Ernie has been working on for many years. The ten yearling bulls will demand attention whether you are a purebred breeder looking for that next superstar sire or a cow calf producer, you have a diverse genetic selection to choose from.

The open heifers are fancy and highly maternal... no doubt the flush sisters out of Coleman Donna 6205 are headliners, do not

overlook the longevity bred into this heifer lineup... they are daughters of foundation females out of leading cow families.

Stop by the ranch anytime prior the sale and tour the bulls with Ernie, Jordan or Ryan or give them a call to discuss the bulls and which bull or bulls will fill your breeding requirements. Plan to be with us on March 29th for one of Canada's highlight Angus bull sales... in person or online... it will be well worth your time!

If we may be of assistance, prior to or sale day, feel free to contact any of the T Bar Team or myself, we will help you in a professional manner

**Chris Poley**

Vermilion

NORTH ^

### Directions to the Everblack Ranch

Driving directions from Vermilion:

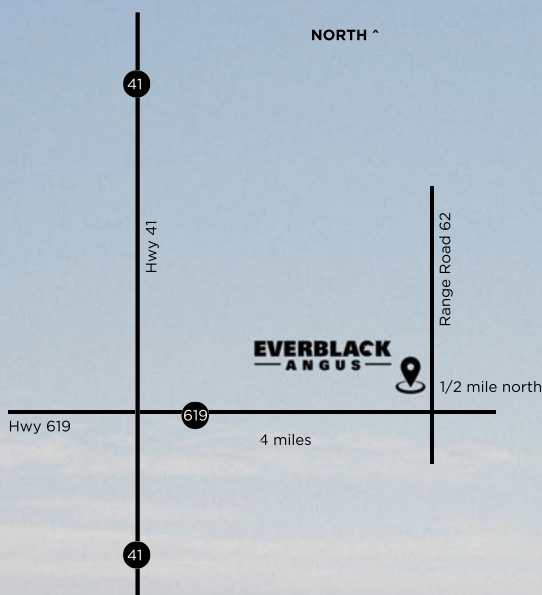

Travel 14 miles South of Vermilion on Highway 41.

Turn East on Highway 619 and travel for approximately 4 miles.

Turn North onto Range Road 62 and travel a half mile.

The farm is the first set of buildings on the West side of the road

**Please feel welcome to drop by the farm anytime to view the cattle.**

Wainwright

## WELCOME FROM THE GIBSON FAMILY

We would like to welcome you to the 29<sup>th</sup> Annual Everblack Angus Bull and Female sale. 2020 was a year that in many ways we would love to forget, but unfortunately never will. In all adversity, it's always good to find a silver lining. To us that silver lining was that life slowed down a bit, allowing us to spend much more quality time with our closest family members. It also gave us a lot more free time to spend with our cows, which is also a good thing. We were able to analyze things a bit closer and see which direction we want to head.

There truly is a buzz in the agriculture industry right now, and we are all extremely fortunate to be a part of this. There is a renewed appreciation for the Ag sector, and people want to know now more than ever where their food comes from and how it was produced. They are also willing to make the extra effort to shop local supporting their rural neighbours. This truly does mean a lot to us.

New for this year, we will have the sale bulls penned on the day prior to the sale, Sunday March 28<sup>th</sup>, for you to easily go through if you are uncomfortable attending on sale day.

Now a bit about the cattle...

We calve ¼ of our cows mid January to mid March so that we can select a handful of yearling bulls for our sale. This also enables us to market some replacement females into early calving operations. The majority of the herd calves May-June, back in the hills east of

the farm with very little supervision. With two calving seasons, our cows are calved in the same manner as 99% of our customers, this gives a good indication of what works and what doesn't. We can then select for these desirable traits when producing bulls. The early calves are weaned the end of September, with the young calves staying on the cow until late November. Weaning weights are actual, not adjusted. No yearling bulls are sold privately, which gives us a good selection of two-year-old bulls that aren't picked over. Our focus truly is the two-year-old bulls; they are mature, can cover more cows and there is almost no guesswork in visualizing what the end product will look like.

Our bulls to use on heifers are the result of mating calving ease bulls to low birth weight, smaller framed cows. This gives us calving ease consistency on both sides of the pedigree. The cow bulls are stout, rugged bulls with some added performance. All are sound, semen tested, and 100% guaranteed.

We take the most pride in our customer service, and with an 85% repeat buyer rate, we feel that speaks in itself. If you have an issue don't hesitate to let us know and we will remedy it for you in a timely manner. Our youngest shareholder is 5 years old, so what I'm saying is we plan to be around for a long, long time.

We are incredibly grateful for our past support, and as Hayes would say, we hope to see you at the "Everblack Ranch" come March 29<sup>th</sup>.

*The Gibson Family*

Ryan, Amanda & Hayes

Eric & Laramy

Ernest & Judy

Jordan, Kristen & Sullivan

## **Yep, our cows work hard for a living.**

They are a swath grazing, corn stalk chewing, snow licking set of mamas.

Come spring, our mid April to early June calvers are gettin'er done out in the pasture with very little supervision. Funny how important good udders, easy fleshing, and mothering ability are with this type of program.

**EVERBLACK**  
— A N G U S —

## EVERBLACK CREW

We have a great crew helping us full-time and seasonally. Thank you Charles Dunk, Steve Riley, Doug Hoffman, Lawrence and Lubie Parchewsky, and Kris Kent.

Steve Riley joined us last fall for the harvest run and decided to stay on full time. With his extensive background in cattle, he has been a great addition.

Charles Dunk is going on year 8 with us now. He is a jack-of-all-trades whether it be working cows, running combine, hauling grain or giving orders.

---

## Health & Safety

If you are uncomfortable attending the sale we strongly recommend visiting the ranch beforehand. We are available at anytime to accommodate viewing of the bulls and heifers. The sale will be held in a live video auction format as usual. There will be online bidding available on DLMS. If you are not comfortable bidding online, we will have sales staff available to take phone bids or proxy bids. You can also utilize our sight unseen program by contacting Jordan or Ernest prior to the sale. We have a large sales facility with ample room to allow for proper social distancing. Masks and sanitizer will be available. As these situations can readily change, please contact us with any questions or concerns.

## SALE DAY AND ANIMAL INFORMATION

### Volume Discount

Recieve a 5% discount with the purchase of 3 or more bulls.

\$100 rebate on each bull purchase picked up sale day.

---

### Possession & Delivery

Your animal may remain at the farm if it is inconvenient for you to take possession on sale day. Delivery can be arranged at a later date.

PLEASE NOTE: The animal becomes the responsibility of the purchaser after it is sold. Insurance will be available sale day.

---

### Weaning & Weights

February - March calves are weaned late September

April - June calves are weaned late November

#### **Weaning weights are actual weights.**

Scrotal measurements and actual bull weights will be available sale day.

---

All heifers are palpated for reproductive soundness.

All bulls are semen tested and 100% guaranteed.

---

### Calving Ease

Our heifer bull program consists of breeding low birth weight, smaller framed cows to easy calving bulls. This gives us more consistency on both sides of the pedigree.

- ★ Recommended for cows
- ★★ Recommended for cows and larger framed heifers under supervision
- ★★★ Recommended for heifers

## YEARLING BULLS

#### CALVING EASE: ★

A very interesting calf here. Royally bred on paper and he looks the part. Out of our young donor, Coleman Donna 6205, as I've said, we have bred her five ways and all have been successful. He carries the Firebrand stamp well, standing on all four corners, sound to the ground, and a very proud bull to look at. He is wide based and full of muscle. An abundance of maternal merit with Blackcap May, Donna and the Annie K's. **Terms to be announced sale day.**

Big topped, smooth Real Estate calf out of our old 40R donor cow. She has been a herd bull factory. Seven sons through our bull sale, most notably the 2017 high seller to J Lazy A for \$19,000 and the lead off bull in 2019 to Bill and Pat Bateman of Cochrane. Two sisters in herd and a top end heifer to Clegg Angus. Being an ET calf, if you are near the farm make sure to check out 16H's full sister in the replacement pen. These Real Estate cattle will have a lasting impact.

We shall let you decide which one is better. Coming from a very successful flush from our donor Coleman Donna 6205, she is just beginning to write her story and I'm glad to be one of the narrators. She has been bred five different ways in her short life and all have been successful. Most notably her first calf to be offered at auction brought \$21,000 to MWC Investments at last fall's Northern Select. With Natural Law needing no introduction as he has become one of the most influential female sires in recent memory. One of these heifers is hard to part with, but having two full sisters in the replacement pen lets me sleep a bit easier at night.

The top-selling bull at Peak Dot in the spring of 2015 for \$55,000. You might say we really liked him. His calves have moderate birth weights with exceptional ease of fleshing and explosive early growth. As they say, you cannot truly realize the worth of a bull until you calve his daughters; well, he was worth it. His daughters calved out are moderate-framed, easy-keeping, and have impeccable udders.

Money Made was the top selling bull at Bar H in the spring of 2017 for \$43,000. We purchased him to start a new calving ease bloodline, he has done that and more. With 148 progeny on the ground we are confident in his consistency of a top calving ease bull. With long spines and clean front ends the added bonus is they will wean off heavy. We calved his first daughters last spring and were very happy!

Big Sky as we call him, was selected as a performance sire from HF. With a modest 85 lb. birth weight and a 910 lb. weaning weight, we have found he breeds very true to these characteristics. He will add pounds to your calf crop, pure and simple. They have length, frame, good tops, lots of rib, and are built rugged. An added bonus, we are calving his first daughters as we speak and the udder quality looks like it will be exceptional, we wouldn't think otherwise with Lute and Tiger on the bottom side for added maternal value.

The top-selling black bull at U2 the day we bought him. We liked him for his performance, but what we really liked was his mother. Everblack Rosebud 80Y comes from a family of heavy-milking, nice-uddered females going back to the Masterplan bull. She has been designated as an Elite dam in the Angus Association and was also a member of U2's infamous transplant program. He sires powerful, wide-topped, big-ribbed cattle, with good feet and a nice hair coat. His daughters will be an integral part of our program in the years to come.

The ol' Pacesetter bull finally packed it in at nine years of age. We used him heavy in his last year and are happy we did, no females will be leaving the farm from that group. He sired functional cattle that are structurally correct, easy-keeping, moderate in frame and light at birth. We use him on cows and heifers alike. The best part about Pacesetter are his daughters, they are easy to keep, easy to look at, and easy to pasture calve with there exceptional udder quality. We have many in our herd.

Windy 169C was the top selling heifer calving specialist selling through our 2017 bull sale just down the road to Westman Farms. This was fortunate for us as they were kind enough to lease him back for a couple breeding seasons. He is a smooth, long, muscular heifer calving delight. He has some light birth sons in the two-year-old section. **Owned by Westman Farms Ltd.**

A bull that went through our sale in 2018, we were able to lease him back for a season to carry on the Montana lineage that has worked so well in the heifer pastures. A sleep easy calving ease sire, wide topped and light at birth. **Owned by Westman Farms Ltd.**

# TERMS & CONDITIONS

## **TERMS:**

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

## **CERTIFICATE OF REGISTRATION:**

Each animal will carry papers issued by the Canadian Angus Association, unless otherwise specified. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

## **PEDIGREE ESTIMATES:**

Pedigree Estimates (PE) are created on the projected mating of the animal's sire and dam based on averages of the two, creating estimated values that do not hold the same accuracy of actual EPDs issued from the association and should be used as such.

## **HEALTH:**

All animals in the sale have met all necessary health requirements.

## **GUARANTEE:**

Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the Canadian Angus Association with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness.

## **LIABILITIES:**

All persons attend the sale at their own risk. The sellers, facility owner, auctioneer and sale manager assume no liability, legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either part to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

## **DELIVERY:**

Every assistance will be given in getting your purchases home. Each animal becomes the risk of the purchaser as soon as sold.

## **PHONE, MAIL, WIRE BIDS:**

Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

## **INSURANCE:**

Agents will be in attendance to insure your purchases. We strongly recommend that insurance is purchased for full value.

## **ERRORS:**

All announcements at sale time, written or oral, supercede any written material in the catalogue.

## **BULL WARRANTY:**

We guarantee to provide you with a sound, fertile bull capable of servicing a reasonable number of cows. In the event that your bull is a non-satisfactory breeder, the seller will not, under any circumstances, be responsible for more than the original selling price of any bull or female sold in the sale. The consignors will not provide replacement or credit for physical injury or mismanagement. Therefore we stress the importance of insurance on your bull. An insurance agent will be available on sale day.
