Land and Cattle

9th Annual Bull & Female Sale

With Guest Nu Horizon Angus

Tuesday, March 23, 2021 - 1:00 PM
At the Farm, Neudorf, SK

Welcome to the Hollinger Land & Cattle Bull & Female Sale

Welcome to our 9th Annual Bull and Commercial Female Sale. Wow, it is hard to believe that we are coming into our ninth annual sale. It feels like yesterday that we made the decision to start our own on farm bull sale! It is because of our loyal customers that this dream has been possible, and for that continued support we can not thank you enough. It is our goal to improve upon the genetics working in our herd each year by sourcing and using breed leading, proven genetics that will ultimately improve your bottom line for years to come. It is exciting each calving season to welcome new, highly anticipated pregnancies that we have been planning long in advance. It is very rewarding to see these calves grow and flourish with spring in the air.

This year's bull pen offers some new genetics in S&R Roundtable J328, Brooking Renewal 8100, S A V Sensation and GF Power Stroke to name a few. It also marks the end of a chapter for one of our most influential sires used in recent years, Merit Heavy Metal 5093. This is possibly the most uniform, well balanced, outstanding group of sons we have had the pleasure to offer. We would love to tour you through the bull pens and help answer any questions you might have, while helping to find a bull that will suit your needs.

As keeping with the tradition started nine years ago, there will be an outstanding set of open commercial replacement heifers on offer that will sell in groups of three. The consignment heifers come from reputable herds that are industry leaders for producing unmatched quality in both, the steers they sell each fall, as well as the replacement females they continue to produce.

Nu Horizon has put together a very uniform group of red bulls that will again, be a great addition to the sale. On behalf of all of us at HLC and Nu-Horizon we invite you to come tour the cattle at your convenience. The sale offering is available to view at any time. If you are unable to make it to the sale or to view the bulls, we can certainly help with making selections based on your needs. The bulls are 100% satisfaction guaranteed and we look forward to putting them to work for you.

Thank you again for your interest and support in our programs. We look forward to visiting with you about your bull needs and would love to see each of you sale day!

Thank You,

Chad

From the desk at T Bar...

Welcome to the 9th Annual Hollinger Land and Cattle Angus Bull and Female Sale, Tuesday March 23, 2021 at the farm, Neudorf, Saskatchewan. As in the past, the folks at Nu-Horizon Angus provide the red component to this event... these Red Angus bulls are beefy, rugged and will work in both the cow and heifer pastures.

The HLC prefix has become synonymous with high quality Angus cattle and have supplied many leading purebred operations on the continent, in addition to the commercial sector. Their commercial roots have helped to build an outstanding cow herd... something they still look at today for supplying the rancher market... maybe that is why they have so many repeat customers.

Each year HLC adds new genetics to maintain their standard of quality and to keep moving the program forward, but still taking advantage of the proven sires that have been responsible for their success. You will love their 2021 lineup... packed full of muscle, depth with volume, lots of testicle and hair and every bull comes to you with high maternal values... they are "profit makers!"

Each year this event features a top cut of Angus influence commercial heifers to refill replacement pastures... supplied by HLC and their consignors... friends and customers. As our breeding numbers decline, we foresee a strong demand for breeding females in the days and years to come... do not wait for them to get higher.

Stop by either operation prior the sale and preview the bulls and see the mothers. Feel free to give Chad, Kieran or Kodie a call to discuss the bulls and which will suit your breeding intentions. Plan to be with us on March 23rd in person or online... it will be well worth your day.

If we may be of assistance, prior to or sale day, feel free to contact any of the T Bar Team or myself, we will help you in a professional manner.

On Offer

46 Purebred Black Angus Yearling Bulls
11 Purebred Red Angus Yearling Bulls

WINTERING: Bulls can remain at the farm at no charge until May 1, bulls must be insured.

DELIVERY: We will deliver the bulls at a later date to central locations, free of charge. We will be offering a \$50 discount if you take your bull home on sale day.

INSURANCE: Alameda Agencies
Bonnie Thompson - 306-489-2258 or 306-483-7311 (cell)

SIGHT UNSEEN PURCHASES: If you are unable to attend the sale day, we would be happy to discuss your program to help select the most suitable bull for your herd. 100% Satisfaction Guaranteed.

VOLUME DISCOUNTS:
3 bulls - 3% 4 Bulls - 4% 5 or more 5% discount

OUR GUARANTEE: We stand behind our cattle 100%. If you experience any problems during breeding season, we want to be the first to know.

HERD HEALTH: All sale cattle are born to cows and heifers vaccinated with Express FP in compliance with label directions and are covered under the Express Guarantee, and the persistent-Infection-Free calf program from Boehringer Ingelheim LTD. Our calves are then vaccinated with Pyramid FP5 + Presponse SQ. They have had their booster at weaning and will also need the last booster before breeding 2020 to maintain their Express and BI Prime Verified Guarantee.

All bulls will be semen tested and available sale day. Updated information will be available on sale day.

HLC Heavy Metal 643H is a bull we have had our eye on from an early age. He leads off an exceptional group of bulls, this being the final set of Heavy Metal sons you will see. I feel strongly that this group right here, is his most consistent, well balanced calf crop we have seen yet. That being said he has set the bar very high in terms of quality and functionality in years past. 643H is the total package; he's long made, deep ribbed, smooth shouldered, big hipped, good footed, and huge topped. His dam and granddam are two herd favourites with excellent production records, raising numerous sale features through out past sales.

A great opportunity to acquire a sale feature Heavy Metal out of one of the best uddered Motive females in the herd. She comes from the prolific Queen cow family and has been outstanding throughout her production career. 641H has a moderate 83 lb. birth weight, making him very versatile in terms use. This bull is long bodied, nice headed, smooth shouldered, sound structured and big testicled. He will be a calving ease favourite on sale day.

A real cowman's bull. He's big ribbed, soggy, hairy, sound structured, good footed and big testicled. Everything you want in a herd bull. His dam is exceptional in terms of fertility and production. Her calves are always some of the heaviest at weaning.

If maternal strength is as important in your program as it is in ours, you will not want to overlook this fella. His dam is a beautiful bodied, feminine fronted, exceptional uddered "Epic" daughter that we think very highly of. A maternal brother featured last year's sale selling to Ron and Cindy Schlekewy. Her calf this year sired by S A V Super Charger is one we'd love to replicate over and over. She is straight up outstanding!

If this fella doesn't get you excited, I'm not sure what will. He is a son of the renowned Bar-E-L Erica 74A, and a full brother to HLC Erica 561G, who was selected by Kourtney Schaff in our inaugural Female Focus Production Sale. That female went on to show very successfully by Kourtney, winning multiple championships throughout the summer and into the fall.

668H is a calf we have been watching from an early age. He possessed outstanding growth at an early age and excelled amongst his contemporaries. In mid summer this guy did sustain a front foot injury that has since been repaired and has healed. We feel strongly that he will still breed cows, possibly not in a large quantity having to cover hundreds of acres but he is sound on his foot and travels next to normal on it. We feel this bull will be such an exciting breeding piece that we plan to use him ourselves. As soon as time and weather allows, we would like to start putting up a bank of semen on him for ourselves as well as for the new owners. If you have any questions, we would be happy to chat with you.

Selling 1/2 interest and full possession.

A set of three flush brothers that will stop you in your tracks. They are bulls that have as much muscle mass, body dimension and eye appeal as you will find. Their dam was the 2015 Reserve National Champion Female at the Lloydminster Stockade Roundup. She also went on to win her division at Agribition later that fall. A full sister owned and raised by Piller Show Cattle was named Champion Female in the All Breeds Jackpot Show in Lloydminster this past fall at the only livestock show held in Canada. These bulls are big boned, big footed and exceptionally sound.

Here is one of only two bulls off our newest herd sire, Brooking Renewal 8100. He is sired by S A V Renovation 6822 who made quite a splash in the 2021 SAV Bull Sale, where his sons averaged \$46,216. We have an outstanding set of daughters by him, as well as a new calf crop on the ground that we are very excited about. 787H is a long bodied, square hipped individual that has garnered the attention of many great cattlemen that have toured the bull pens. His dam is a maternal powerhouse that takes femininity, udder quality and productivity to a whole new level.

If a two-year-old calving ease bull is what you are after here is your chance at one that is very uniquely bred. Stunner has quickly become a go to for a calving ease sire that offers light birth weight with curve bending performance. His semen is increasingly valuable as it is hard to find. Here is your chance at one of his great sons. This bull was retained and used in our heifer pen last year. Buy with confidence on a proven two-year-old herd bull.

A moderate framed two-year-old son of Summit that is well balanced in terms of body dimension and muscle shape. If you are looking to breed a larger group of heifers this fella will get the job done.

CE: ★ ★ ★

Hello Fellow Cattleman,

Firstly, we would like to thank our bidders and buyers from last year's sale for having trust in our program. This will be our third year offering RED ANGUS bulls in conjunction with the Hollinger Land and Cattle Bull Sale.

We are excited about the eleven bulls we have consigned for 2021. Whether you are looking for a heifer, cow, or a bull that can work both ways, there is a bull to cover your needs in this sale.

When selecting either our AI bulls or walking bulls the criteria is actually pretty simple. Building them from the ground up is important. They must be athletic, good footed bulls that can travel well and cover your cows. They must be wide constructed cattle that still have a look of quality from the side. We breed for a quiet disposition and to balance performance with strong maternal traits to produce high quality bulls and replacement females not only for ourselves but our customers.

We are very proud of this offering and develop our bulls to be sound, functional and that have longevity. You can bid with confidence and we stand behind our product.

Chris and Shane walked through our bull and heifer pens in late January. They both commented on our consistency within our pens. Feel free to give either of them a call or Kieran or Kodie to discuss the 2021 offering.

Open House, March 13 and 14, 2021, at the farm to view the bulls prior to the sale! This also gives you an opportunity to see our females and the mothers of these bulls. However, if you are unable to make it, we welcome you to drop in any time to view our program and our bulls. We let the bulls speak for themselves.

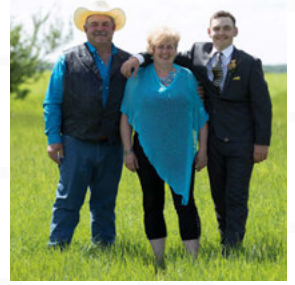

Again, thank you Chad and Trevor for giving us the opportunity to be a part of your sale. We truly appreciate working with you!

Sincerely,

Kieran, Kodie & Deb

Who would have known that when we bought Power Up back in 2014 that his bulls would still be coming to the top of the pen now seven years later. Year after year people just keep coming back for the Power Ups. They are good footed, sound structured cattle that are built to last. This will be one of the last years of the Power Ups as he serviced his last group of females this past summer. A full brother sold last year to Paul Huber. **Cow/Heifer Bull.**

Talk about a STANDOUT! Big footed and heavy structured, this bull is built to last. Not only does the big, square hipped 054H hit you hard when you walk in the pen but his mother is also the front pasture kind that is worth building a program around. Her first calf sold as a bred heifer to Blairs.Ag and she went on to produce the high selling bull in their bull sale at the beginning of February. Two full brothers have sold through this very sale as well, to Brent Wilkins and last year's high seller to John Kirby. Let's just say 446B has a pretty good track record and entered our donor program this past spring. **Cow Bull.**

855U, Kieran's favorite cow on the farm... I would say to have that honor, is an accomplishment all on its own. She's just a no-nonsense kind of a cow that rebreeds every year and this cow family has longevity. Her progeny have a pretty good track record too. Two of the most prolific cows in our herd are off 855U, one being Lot 53's dam. She also has four herd bulls working across the country for Harvest Angus, Bill Main, Jonathan Bootsman and most recently a full brother to the Nameth family. **Heifer/Cow Bull.**

Format was our selection a few years back out of the coveted U2 program. Back in 2019 he ran with the heifers and a few pairs. Needless to say the AI technician had a pretty steady hand so we didn't get many calves from Format last year. This past year he saw heavy use, he continually sires shapely, thick ended cattle that are the rancher's kind. Maternal brother sold to Darwin Gyrofi. **Heifer/Cow bull.**

Terms & Conditions

Terms:

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

Certificate of Registration:

Each animal will carry papers issued by the Canadian Angus Association, unless otherwise specified. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

Pedigree Estimates:

Pedigree Estimates (PE) are created on the projected mating of the animal's sire and dam based on averages of the two, creating estimated values that do not hold the same accuracy of actual EPDs issued from the association and should be used as such.

Health:

All animals in the sale have met all necessary health requirements.

Guarantee:

Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the Canadian Angus Association with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness.

Liabilities:

All persons attend the sale at their own risk. The sellers, facility owner, auctioneer and sale manager assume no liability, legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either part to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

Delivery:

Every assistance will be given in getting your purchases home. Each animal becomes the risk of the purchaser as soon as sold.

Phone, Mail, Wire Bids:

Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

Insurance:

Agents will be in attendance to insure your purchases. We strongly recommend that insurance is purchased for full value.

Errors:

All announcements at sale time, written or oral, supersede any written material in the catalogue.
