

# 10TH ANNUAL BULL SALE With guest consigner: KC Stock Farm

FARM GATE AUCTION Closeout at 7PM on MARCH 27

# WELCOME

It's been a roller coaster year since our last bull sale! With the uncertainty in allowable gathering sizes due to COVID 19, we have elected to do an online FARMGATE Auction this year. (See full details on Page 6.) Please feel free to stop by to view the bulls ANYTIME between now and the sale closing date... there is always someone at the ranch to take you on a tour and answer any questions.

We do appreciate you taking a few moments of your time to view our sale catalogue. Customer service is extremely importance to us. We want you to be satisfied with your purchase and our service. We sincerely hope all of our bulls work well for you.

We would like to welcome Cole Dodgson of KC Stock Farm to our sale this year, with a great set of Red Angus bulls. Cole has been working with us for almost 2 years on the Ranch and has been a great asset to our operation.

We remind you that we do have our own WARRANTY program available with details on page 40 of the catalogue. NOTE: The K-Cow Warranty program applies only to K-Cow Ranch bulls.

Thank you in advance for considering a K-Cow Bull for your herdsire needs. We pride ourselves on CUSTOMER SERVICE, so please purchase with the confidence that we will do our very best to help you get your cows bred.

We look forward to touring the bulls and helping you select your new herdsire. Sincerely.

Kevin, Janice, Kailey & Lexi Wirsta

It has been a privilege to work with the Wirsta family these past years. They are an exceptional cattle family and work diligently to ensure a top quality product for their clients. They institute a modern herd vaccination program to minimize dependence on antimicrobial therapy and to ensure their livestock has the opportunity to fulfill the genetic potential they have strived to develop.

Both Kevin and Janice have a keen and critical eye when assessing the conformation of their herd members and the result of this brings both eye appeal and functionality. Janice, Kevin, Kailey and Lexi are exemplary Canadian Cattle producers and epitomize what a Canadian farm and a healthy accountable product should be.

# How to Participate in the DLMS Farm Gate Timed Auction with Extending Bidding:

Contact Mark Shologan at: 780-699-5082 for further assistance

1. Visit www.dlms.ca , scroll down sale list to find the sale you are interested in bidding on. Click on the sale listing and you will be taken to the FarmGate Timed Auction Sale page.

2. After you are at the FarmGate Timed auction site - farmgatetimedauctions.ca, click the LOGIN/REGISTRATION button.

#### First Time Farmgate Users:

- ~ First time users will select the REGISTER button from this page. Fill out the registration form to signup for a free user account and it allows you to select a username and password for use on all Farm Gate Timed auctions. (please note due to some of the text notification features the FarmGate Time Auction Site requires a new account separate account from your DLMS Live sale site)
- ~ After you create your FarmGate account you will receive a txt message with a pin code to verify your account.
- ~ On your first log in to FarmGate Timed auctions we recommend you go to your profile and confirm your notifications are set to YES. This allows the site to send you text and/or email notifications when you are out bid and if there is activity on your favorite lots.

#### **Returning FarmGate users:**

~ If you have used Farm Gate Timed auctions in the past simply enter your username and password to continue. After you have logged in you are able to browse the timed auctions on DLMS FarmGate Timed Auctions.

#### 3. How to Bid

Now that you are logged in and your account phone number / email is verified you are able to bid on an upcoming sale. Simply find the lot you are interested in bidding on. After you have found the lot there are 2 options for bidding on the lot.

~ <u>Place Next Bid:</u> to place the next bid on the item, you see the amount in the first box, you simply click the "Place Bid" button and after you review the bid and agree to the terms and conditions your bid will be placed.

~ Max Bid Amount: to place a max bid you put your max bid in the second box listed as "Max Bid" on the item, and then click the "Place Bid" button and after you review the bid and agree to the terms and conditions your bid will be placed as the next bid. With the Max Bid placed the computer will then keep you as the high bidder to the max amount you have placed. This can be a great feature if you are not able to give 100% attention to the sale close out and protect your interest so you do not miss out on any lots you want to purchase. The Max Bid amount is completely confidential from the seller during the sale process.

~ Example of How the **Max Bid** Works: If the lot has a \$2000 bid on it and you place a proxy bid of \$3500 into the system, the computer will bid \$2100 for you but if some one else bids \$2200, the computer will again bid for you, this time at \$2300. The system will look after your interest to a maximum of \$3500. If another bidder is on at \$3600, your proxy will no longer be effective and you will no longer have the winning bid on this lot without once again logging in and bidding again or moving your attention to a second lot of interest. Please note that in some cases a lot value can change very quickly if 2 max bids are placed on the same lot competing against each other.

#### 4. Watch List Feature

~ If you have items in multiple auctions or only a few from the same auction that you want to watch with out having to scroll through the entire list you can add the lots to your watchlist. On each lot you will see the "eye" button beside the bid button, by clicking this "watchlist" Icon that item is added to your personal watchlist for easy viewing of just your favorite lots in this sale or on the entire site.

#### 5. Sale Ending / Closeout

~ Most FarmGate Timed Auction sales close racehorse style with extended bidding.

# What is Racehorse Style Close?

Racehorse style sale close is when the entire sale stays open in extended bidding. This type of sale allows you as the bidder to change to a different lot within the same sale if the bidding has gone in to extended bidding.

#### How will Extended Bidding works?

When we get to the close out end time the clock for close extends with any bid placed with less than 5 min on the clock. This type of extended bidding turns the end time to more of a soft time. Extended bidding allows bidders to compete in lots like a real auction and give all bidders the same time to make a decision. Always follow the clock to see how much time remains in the sale you are interested in.

#### 6. Bidding Close & Follow-up

~ After the clock has gone to "ENDED" and no bidding has occurred for 5 min the computer will declare the sale finished. Following the close typically within 24 hours of the sale close the sale consignor will contact all winning bidders to arrange payment, transfer of pedigrees and delivery/Pick up of your lot. Or as the winning bidding you can contact the sale consignor / sale manager to confirm payment instructions. Please make sure that your account info is up-to-date and correct if you are the winning bidder of a lot as this is how the billing is sent to Sale manager and/or Sale consignor.

Three Generations of Registered Angus Genetics

Welcome to the 10th Annual K-Cow Ranch Bull Sale. I'd first like to thank the Wirsta's for inviting me to join them in their annual sale. KC Stock Farm has been raising quality Red Angus genetics for the past 3 generations where feet, udder and skeletal structure, along

with performance and longevity come first and more important than names and numbers.

I cull hard to give the industry better quality and more dependable bulls. This year with COVID-19 restrictions we are having a DLMS Farm Gate Auction, so if you have any questions, please contact me and I will provide you with my very best customer service. As well, you are more than welcome to come tour the bulls at any time.

# **K-Cow Warranty Program**

K-Cow Ranch guarantees to sell a bull that is sound and has passed a semen test by an accredited veterinarian. Should any bull purchased through K-Cow Ranch's Annual Bull Sale fail to be a satisfactory breeder or be unable to physically service a cow or heifer, he will be replaced with a bull of equal value. Should this not be possible, we will issue a credit to go towards the purchase of another bull. We will not however provide warranty for mismanagement.

While under our warranty the bull is covered for injury, sickness or death. We will service your needs with a replacement bull or a sale credit for the following year. Should you have any problems with a bull please contact K-Cow and we will work to make sure your cows get bred and that you are a satisfied customer. We do have back up bulls set aside that will be the first step to cover off any warranty issues. K-Cow Bull Warranty is designed to protect your purchase during the most high risk time of a bull's life.

## **Duration - 6 months Rate - 8%**

This covers the bull until September 30<sup>th</sup> of the year of purchase, which includes one (1) breeding season.

# Replacement Bulls:

Replacement bulls must be returned within 90 days of delivery back to K-Cow Ranch. If not returned in this time frame, the bull shall be deemed a permanent replacement bull and no credit will be granted.

#### Calculation of Sale Credit:

Purchase price less salvage value (if applicable) less \$1000 for use of the bull (which will include use of a replacement bull) if applicable.

## **Exclusion to Warranty:**

Any injury or death due to malicious, willful or intentional acts or mistreatment are considered fraudulent claims. Should any issue arise with your bull please notify Kevin immediately by phone 780-614-5959 or by email: kcowranch@gmail.com. You will also need to contact a licensed veterinarian to diagnose and treat the animal and fill out a vet form. If the animal dies, a post mortem will be required at buyer's expense.

#### Terms

The terms of the sale are cash or cheque, payable at par, to be paid prior to possession. No release will be given until satisfactory settlement has been made. Every animal sells to the highest bidder, as determined by FarmGate Auctions.

#### Announcements

Announcements on the sale bid page, will take precedence over printed matter in the catalogue. Buyers are cautioned to pay attention to any online announcements.

#### **Breeding Guarantee**

All animals in this sale are sold under the terms and guarantees set forth by the applicable breed association with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness.

#### Insurance

Ownership risk to purchaser commences when the FarmGate Auction closes. Livestock coverage will be available on sale day.

#### <u>Liabilities</u>

All persons who attend the ranch do so at their own risk. The sellers, facility owner and sale staff assume no liability, legal or otherwise, for property loss or for any accidents that may occur.
