of Lacombe on Highway #12. From Erskine LLB Angus is  
6 miles north on Secondary #835 and 1 1/2 miles west on  
#601. GPS coordinate 52.4049711,-112.8977673

### **SALE HEADQUARTERS:**

Canalta Hotel, Stettler 403-742-3371

## Buyers unable to Attend Sight Unseen Purchase Plan

Simplify your selection process by giving us a call today. You know what you want in your breeding animals, we know best the potential of the bulls and females selling and will easily be able to satisfy your specific needs. Our experience over the past years is that the sooner you contact us, the better we will be able to match your expectations. Either Lee or any one of our capable sales representatives will make the purchase as if buying for themselves.

**All purchases made in this manner will be 100%  
guaranteed for customer satisfaction**

# Welcome from LLB Angus...

Welcome to this 35th edition of our Annual Spring Bull and Female Sale. This marks the thirty fifth year of this spring sale format - the years have passed quickly, with great strides of progress and acceptance of the Angus breed. Beef production and marketing has always been our only business, it was our unique concept in 1987 to present purebred breeding stock in the same sale offering for both commercial and registered herds, this format has worked well for us and the cattle industry in general.

We are proud of this large, diverse sale offering and truly appreciate your time and effort studying and viewing the cattle we are presenting. For those not familiar with our program, we have been developing our Angus herd for over 50 years. It consists of females that are practical, powerful, functional and sound. These foundation females are the backbone of our operation, producing bulls and heifers that go out and work for our customers whether purebred or commercial based. Our breeding philosophy is based on long-time experience: acquire the best herd sires, select for performance traits, growth, and thickness; all the while maintaining structural soundness and strong maternal traits. Like most commercial operations our 900+ head cow herd is managed in large groups. Calves are turned out with their mothers in breeding pastures as soon as grass is available; and they are allowed to grow and develop without extra attention until after weaning. We expect consistency and top productivity, just like our customers.

Herd bulls are an important investment for any cattleman - purebred or commercial. Sires and maternal grandsires contribute three-quarters of a calf's genes. We have a large selection of top quality yearling and two-year-old bulls in this sale, many represent our new and exciting herd sires. We concentrate our effort developing our program with our buyers in mind, striving for consistency throughout our bull pen. These herd bull prospects offer strong calving ease, performance and maternal traits at an affordable cost. We are confident that you will find the herd sire you are looking for in this sale. These bulls have not been pampered, the two-year olds ran on grass until late fall. Approximately 98% of our bulls are sold to commercial cattlemen.

Whether you are adding females to your registered herd or you are seeking top commercial replacement females, or you are needing show heifer prospects, rest assured the genetics in this offering are the very best and come from the heart of our herd. As in years past, along with the purebred open heifers and bred heifers, we will be selling select groups of quality open and bred commercial heifers.

If you are unable to attend our sale in person, we offer a Sight Unseen Purchase Plan. We have included as much information as possible in this catalogue, and encourage pre-sale viewing of the cattle. Videos of all animals in the sale offering will be available several weeks prior to the sale date at [cattlevids.ca](http://cattlevids.ca) or on our website. Again this year DLMS will be proving the convenience of internet bidding. Please feel free to contact us or any of our capable sales representatives to discuss your needs or questions.

Please drop in anytime to view the sale line up!

## From the desk at T Bar...

The 35th anniversary sale this year is one not to miss. Staging Canada's largest annual Angus production sale is one thing but doing it for 35 consecutive years is another. The rich history and heritage surrounding LLB is contagious with an atmosphere that is welcoming and fun. The Brown family are noted for their superior Angus brand, but also their fantastic facilities and capable knowledge of the entire cattle business. This large cow herd is responsible for many success stories North American wide which you'll see in some of the pages Laura has put together. All in all, plan to be with us for one of the highlight reel sales of the entire spring!

Every year the heifer pen leads the sale off, and this year will be no different! A couple new sire groups will be in popular demand from the exclusive LLB herd bull battery that are features. The maternal strength built into this large cow herd is evident when you walk through this high-quality pen of heifers. Every year some of the most discriminating breeders participate in this section of the sale due to the quality and popularity of the LLB tattoo. Also note the 30 some bred on offer that are close to calving with one in particular being bred to Mohnen General, the exciting new herd sire here who is very intriguing.

The yearling bulls on offer are as deep as ever. New sire groups on offer here like the heifers, bulls in volume with the cowboy mindset. Many heifer bulls with performance. The Browns are famous for not letting off the pedal when they go out to acquire a new herd sire and it shows in this pen. Whether you need one or 10, your business can be done here with consistency. The two-year-old bulls are always a feature. Calm natured bulls that have been specifically held for the sale. Big, stout and hairy that will cover cows and do a man's job. With over 70 on offer, dig in here to get your cows and heifers covered! Remember with this outfit breeding over 1000+ cows you are insured all problems are taken care of and the culling process is extremely hard.

To conclude please plan to participate in this year's 35th annual. The selection of cattle is phenomenal, and the hospitality is second to none. LLB's support amongst other breeders nationwide throughout the year is like no one else within the industry. We certainly do encourage your interest within their program which is one of the largest in North American landscape. All of us at T Bar C are knowledgeable of the cattle on offer so please don't hesitate to call!

See you in the LLB sale barn!

Blair's Charlo 602C progeny are the largest sire group in this sale offering, they are an outstanding group of show heifer, brood cow and herd sire prospects. The dam of Charlo 602C is a very successful Blair. Ag donor female that has two other herd sire sons in production. The lead off yearling heifers Lot 35 to Lot 37, yearling heifers and Lot 111 and 112 bred heifers are Charlo 602C daughters or granddaughters. His grandson is Lot 209, and his sons are the lead off Lot 233 to 239 two year old bulls. Three of the top weaning weight two year old bulls are Charlo 602C sons.

U2 Brady 182E was chosen for the outcross genetics of his sire. HA Prime Cut 4493 has industry leading EPD records across the board for birth weight, performance, milk and carcass records. The mother of Brady 182E is from the famous Erelite family at U2, in fact her sister produced the \$140,000 top seller at their dispersal. The top weaning weight and top selling yearling bull last year was a Brady son. His brothers are the Lot 151 to 158 yearling bulls and the Lot 295 and 296 two year old bulls. His daughters are Lot 77 to 82 and Lot 100.

OSU Blue Chip 4230 was the Senior Calf Division Champion and one of the top selling bulls from the 2016 NWSS at Denver, his son LLB Blue Chip 287E has ably carried on those winning genetics. Blue Chip 287E, like his sire, produces daughters that are among our most deep bodied, most feminine females, two are in the top 10 weaning weights in this offering. Paternal siblings to 287E include a \$30,000 top selling heifer and a maternal brother was a \$13,000 top selling yearling bull. In this offering Blue Chip daughters and granddaughters are the Lot 15 to 23 yearling heifers and the Lot 108 and 109 bred heifers. Sons and grandsons are the equally impressive yearling bulls Lot 159 to 165, Lot 163 and 164 recorded top ten yearling weights. Lot 257 to 259 two year old bulls are sons of LLB Blue Chip 287E.

SCC Bullseye 31E was our calving ease and carcass trait choice from Stewart Cattle Co. in Manitoba. His sire reports highly accurate, industry leading weaning/yearling weights and carcass trait numbers, Bullseye 31E progeny report the same top level EPD numbers. He was a Brandon Ag-Ex Champion and his progeny are stand out individuals, three of the top five indexing yearling bulls and two of the top three 365 day weight two year old bull are his sons. Daughters are Lot 30 to 34, sons are Lot 212 to 217 yearlings and Lot 284 to 286 two year old bulls.

WCC Defense B80 came to LLB as the \$30,000 top seller from the 2015 Wilson Cattle Co. Sale in Indiana. He went on to be the Grand Champion Bull at both the 2016 Indiana and Ohio State Fairs and the 2016 NWSS Reserve Intermediate Champion Bull. More importantly his progeny in Canada are very impressive. Defense B80 sons and grandsons are the Lot 145 to 148 yearling bulls and Lot 282 and 283 two year old bulls, Lot 148 being our second top weaning index bull last fall. His daughters and granddaughters are the Lot 49 to 54 yearling heifers and the Lot 106 bred heifer.

Rivercrest No Doubt CSP 9F was a \$29,000 top selling bull from the 2019 Spady Sale, he was one of the most talked about young herd sires in Canada that season. His progeny are proving that interest was warranted, four of the top 15 weaning index bulls last fall were No Doubt 9F sons. There are three ELITE DAMS in his tabulation – 1145A, 74S and 35P. The Lot 60 to Lot 67 yearling heifers are daughters of No Doubt 9F and his yearling sons are the standout Lot 203 to 208 yearling bulls.

Thumper 108E was our selection of the Cowboy Up sons at Hamilton Farms in 2018 where his full sister was a \$26,000 Power & Perfection heifer. HA Cowboy UP 5405 was the number one sire of 2019 progeny recorded by the American Angus Association in 2019. The dam of Thumper has also produced three other sons serving in purebred herds. Two of the top four weaning index yearling heifers are daughters of Thumper 108E Lot 41 to 47, two others are the Lot 113 and 114 bred females. Sons are the lead off yearling bulls Lot 126 to 139 and the Lot 255 two year old bull. Progeny of Thumper are the largest sire group in this offering.

The sire of LLB Navigator 843E was an Ontario Preview Reserve Grand Champion and a Royal Reserve Champ Bull Calf that went on to be the \$42,000 top selling bull of our 2005 spring sale. The granddam of LLB 843E, H.C.C. Mercedes 6L, was the 2002 Royal Grand Champion Female and Supreme Champion Overall. The top weaning weight and indexing heifer Lot 28 is a LLB 843E daughter. In fact three of the top ten indexing yearling heifers, three of the top ten indexing yearling bulls and two of the top ten indexing two year old bulls are his progeny. LLB 843E was lost to injury, last year was his last calf crop. His daughters are yearlings Lot 27 to 29 and bred heifer Lot 110, sons are Lot 178 to 183 yearlings and the Lot 273 and 274 two year olds.

Peak Dot Eliminator 765Z was selected by LLB from the 2013 Peak Dot Spring Bull Sale. His sire was a popular \$95,000 outcross sire from the SAV sale. Eliminator 765Z progeny display lots of thickness and length of body, in fact his sons have recorded top weaning weights the past six falls, many have been some of our top selling individuals. The Lot 243 two-year-old bull along with the Lot 183 to 193 yearling bulls are his sons, Lot 188 recorded our second top weaning weight last fall. His daughters are the Lot 83 to 99 yearling heifers. Note Eliminator 765Z daughters have produced some of the top individuals in this sale offering.

Selected as one of the high selling bulls from Johnson Livestock in 2017, JL Restoration 6034 has produced a very desirable progeny at LLB. His sire is a proven AI sire Renown, whose has produced 1194 calves in Canada – both his sons and daughters have yearling ratios of 102. Restoration 6034 was selected for his low birth weight, deep body profile and performance numbers. His dam has raised eight sons sold in JL spring bull sales, two of which are used in purebred herds. Restoration 9034 daughters in this sale are Lot 86 to 89 and Lot 118. His sons are Lot 184 and Lot 269 to 272.

HBH Dominic 29D came to LLB as the \$29,000 top selling bull from the 2017 Cattleman's Connection and is proving to be a very valuable calving ease herd sire here. Dominic 29D reports top EPDs for birth, weaning and yearling weight, milk, total maternal traits and calving ease. His sire, PA Fortitude 2500 also reports excellent, accurate carcass weight data. The dam of Dominic 29D has an outstanding weaning ratio of 109. A son, LLB Dominic 884F was the \$52,000 high selling bull in our 2020 sale when purchased by Tannan Ranches. The Lot 15 yearling heifer is from a Dominic 29D daughter.

Red North Point Blue Rare 78B was purchased from the Zahacys at High Prairie as a promising two-year-old red herd sire, he is bull that has proven himself very well thus far. His EPD numbers report a top 2% weaning weight, top 45% yearling weight, and top 1% milk. There are ELITE DAMS on both sides of his pedigree – Pathy 416T and Princess 20M. More importantly a Blue Rare 78B son was our top 2017 weaning weight bull (both black and red) that was \$8,250, the top selling red bull in 2018 to Brox Stock Farm. His sons in this offering are the Lot 227 to Lot 232 yearling bulls that all reported top weaning weights; and the Lot 300 to 302 two-year-old bulls. Daughters are the impressive yearling red heifers Lot 92 and 93, all of them reporting increased weaning records.

A paternal sister to the world record selling Angus bull America. The dam of Zara 8G is by popular AI sire Believe 46B and is from a cow family that originated here. *AI bred to Mohnen General 548 on June 19, 2020. Exposed to LLB Insight 779G from June 23 to June 28, 2020. Exposed to W Sunrise Silver Lining 272G from June 29 to August 23, 2020.*

**Mohnen General 548**

General was the \$90,000 top seller from the 2019 Mohnen Bull Sale in South Dakota. His dam is the legendary Madame Pride 5290, a \$2 million producing cow and his sire is a \$580,000 record setting outcross pedigreed bull from the Baldridge Bros. in Nebraska. We are excited to introduce our new herd sire chosen for his structural soundness and increase muscle expression – a large group of his progeny will be featured in our 2022 sale offering.

The AI sire of LELA 5G is son of Denver Champion First Class and is noted for his carcass trait numbers.

## LLB Philosophy of Two Year Old Bull Management

*To properly manage our large cow herd we have an extended calving season - almost exclusively this group of two year olds are late season born bulls. They are unpampered and managed in large groups after weaning then turned out to grass during the summer until November 1 when we start preparing them for sale as coming two year olds in March.*

The sire of LLB 427G is leaving very desirable sons and daughters. His dam was purchased from Blairs.Ag in Saskatchewan a few years ago.

## Canadian Angus Tag Program

The Canadian Angus Tag Program is the largest branded tag program in the world. The tags visually and electronically identify cattle that are guaranteed Angus. Animals wearing the green RFID tags are a minimum of 50% Angus genetics as they have at least one registered Angus parent. Canadian Angus tags are CCIA approved. Order your tags today and have them delivered right to your mailbox.

You have to tag them anyway, why not tag them Angus?

Order your Angus tags today: Call 1-888-571-3580 Visit [www.cdnangus.ca](http://www.cdnangus.ca)

## CAA ELITE COW Criteria

- The cow must be enrolled in the Canadian Angus Performance Program.
- The cow must have a calf with a 205-day weight recorded within the past 18 months.
- The cow must have her first calf within 1000 days of her date of birth.
- The cow must maintain a regular calving interval calving within 395 days consecutively.
- The cow must have four consecutive natural born calves that are registered and have a weaning weight ratio that averages over 105.
- The cow's calf must be in a contemporary group with no less than 10 herd mates to determine the weaning weight ratio.
