80+
RIISING TWO YEAR OLD
BULLS

Welcome to our 2021 Bull Sale...

(left to right) Justin, Jessica, Cindy & Robbie Garner, Christina, Henry & Grant Michelson

Jody and Carter

Jonas and Isabelle

Henry and Levi

On behalf of my family, I would like to welcome you to our 2021 Annual Bull Sale. Since our last bull sale the world has been a consistently changing environment. It has been a roller coaster ride that has changed the aspects of everyone's daily life, business and safety. With that in mind please see below our sale protocol. We will try and accommodate everyone to their utmost safety.

Our offering... All things aside, we as cattlemen must continue our daily routine of feeding, managing, planning and marketing our product. This year's group of young sires has continued our efforts to offer some of the very best genetics each of the breeds has to offer. We have placed a great deal of emphasis on

calving ease and birth weight. From birth on it is important for the growth and physical development of the calf. We have continued our focus on muscle, shape and structure of the sires we use. We have a number of bulls in the offering that will provide some of the best maternal traits for replacement females, not only in milking ability but the shape of udder and teat. Taking it a few steps further we have placed a higher focus on sires that excel in carcass traits. Higher marbling sires such as HA Payweight 6458. High ribeye and meat yield such as HA Blackjack 4590, HA Counsellor 5118, Wilbar Escobar 251E and Canadian Impact.

As we run a large group of cows we have used all of our sires extensively in our commercial herd. We have some exciting combinations of these traits that will allow you to select one or a group of young sires to assist you in achieving your breeding goals.

The cattle industry continues to be strong and we are excited to be a part of it. We thank those who have purchased and supported our program in the past and look forward to working with you in the future.

As in our past sales, for those who cannot take their purchases home as sale time, we will return the bulls to our farm. We have been able to deliver many of the bulls to their new homes when time and availability permits. For purchases that are going longer distances, we will keep the bulls until the necessary arrangements are made.

If you require more information on any of the bulls, please contact us or any of the sales staff, as they will have viewed the bulls at the farm beforehand. The bulls will be available for viewing at the farm up to February 14th and then at Saskatoon Livestock Sales for the three days prior to sale day.

Thank you, Robbie

COVID – Sale Protocols

We are fully planning to have a live sale at Saskatoon Livestock Sales. Due to Government restrictions there are a number of protocols that are in place and must be followed. As everyone is aware of the requirement to wear a mask, and the distancing and restrictions at public gatherings. The following is our sale plan. Please keep in touch for any changes in Government restrictions that we may have to make leading up to sale time.

VIEWING: The bulls will be available for viewing anytime at the farm. All bulls will be videoed and available on DLMS.ca for viewing approximately two weeks prior to sale date. From Monday, February 15th until sale time on Thursday, February 18th, the bulls will be available to be viewed at Saskatoon Livestock Sales, west of Saskatoon. The large pens and alley ways will allow you to see the bulls there, to sort through and walk the bulls conveniently. Due to sale day restrictions in the sale ring we recommend viewing the bulls in advance. Once again, all videos of the bulls are available on DLMS.ca.

SALE DAY: We are having a live auction sale. Due to the limited amount of people able to be in the auction ring area, we will try and accommodate everyone wishing to attend in accordance with sale site regulations. Masks must be worn in the building and distancing practiced. We will be selling in order of the Limousin, Black Angus and Red Angus. For those wanting to be in attendance sale day we may ask for you to attend only the section of bulls you wish to purchase in. Once again, there will be full access to on-line bidding through DLMS.ca. As well, our sale representatives can assist you in your selection and bidding on the phone at sale time or proxy bids.

AFTER SALE: As in the past, those not taking their purchase on sale day, the bulls will return home and arrangements made for delivery.

INFORMATION: If you have questions or require more information that will help you with your decision to view or select from the offering please contact us. We can assist you in recommending a bull for your program. Any updates on the bulls or changes in Government protocols will be posted on our sale page on our website and the DLMS Noldal Sale page.

NORDAL

LIMOUSIN & ANGUS

BULL SALE

Thursday, February 18, 2021 • 1:00 pm

**Saskatoon Livestock Sales, Saskatoon, SK - (5 miles West of Saskatoon on Highway #14)
Sale Offering...**

Limousin:

- 17 Black Polled Limousin
- 4 Red Polled Limousin

Angus Two Year Olds:

- 38 Black Angus
- 23 Red Angus

Sale Day Phone... 306.382.8088

If you are unable to attend on sale day or would like to discuss anything about the bulls, give us a call or talk to any one of our sale staff.

All two-year-old bulls will have passed a satisfactory semen test prior to sale time and are fully guaranteed.

Delivery We will assist with delivery where ever possible. The bulls may be returned to the farm until arrangements can be made. We highly recommend insurance be placed on any bulls returning to the farm. If we deliver, it will be at our timing to co-ordinate. As we also farm a sizeable amount of grain land, please advise us as to when you begin your breeding so we may schedule an appropriate delivery time.

**Please talk to Rob before sale time
306.946.7946 or 306.836.2035**

Justin Garner	306.946.7955
Jody Garner	306.946.9505
Jonas Short	306.536.4102

Board Nordal will keep the bulls for you until May 1, 2021 or until required; buyer will then be responsible for pickup. Saskatoon Livestock Sales is a major market, therefore trucking can be coordinated to any point across Canada.

- Current weights and scrotal measurements will be available shortly before sale time. Watch our website or call for the listing.

After his historic show career, Impact has settled into his walking herd sire duties here at Nordan. Our original goal with Impact was to compliment the growth and performance of our Westmoreland females. These females had the calving ease built in. With the influence of Impact we are realizing that goal becoming reality. We did not buy Impact as a calving ease bull, although some that purchased semen thought he might be. Simply put, Impact is a big bull. Saying that, we have used him in every area of our cow herd. He has calved great, and when the calves hit the ground they have lots of grow in them. We are impressed with his calves from our Simm X Angus cross females. These calves have the dimension and body to be highly profitable feeder cattle that will yield very well. Impact progeny are sound made, easy to work with and are standouts in the pen. He has begun a new chapter with his success as a breeding sire. In 2019 he sired both Female and Bull Agribition Champions. The greatest achievement being his son, Greenwood Electric Impact, a three time Supreme Champion following in his father's footsteps at Farmfair and Agribition. He has also produced numerous top sellers in his first calf crop including an \$18,000 female at Western Select, the very sale we purchased Impact from.

Here is the one that will make you stop and take that extra-long look. This fellow is one of the most complete, well balanced bulls on offer. Exceptionally smooth throughout, long sided with an appealing stature and muscle design. We are excited with the total package presented. He is very sound made, with a thick top, deep hip and an excellent disposition.

One of the youngest on offer. Here is a combination of some of our most proven genetics. His dam is also the dam of the top seller, Blacksmith, and the granddam of our 2020 top seller. His sire, Pacific Coast, adds muscle and thickness to his progeny. 402G will sire a set of feeding steers and heifers that will excel in performance and yield grade.

"Health of Bulls"

All bulls are on the Pfizer Gold Vaccination Program. They have been poured with Ivomectin in the fall and recently poured with Cylynce.

All bulls will have passed a satisfactory semen test by Corman Park Veterinary Services. Semen test scores will be available at sale time upon request.

Grayson 789G came in dam from the Hinman program in Montana. His sire is a full sibling to the sire of HA Cowboy Up. The best part of this pedigree is the female strength. The dam of Outside is the top producing Ever Lady 1575. A multiple herd sire producer. On the bottom side the Blackcap Lady 7789 ranks in the top 1% for WW and YW plus impressive carcass numbers at SW top 1%, Marbling and REA top 15%. Grayson 789G will come as one of the most powerful made bulls in his structure, performance and physical presence and great disposition. ANGUS GS

is also the cow family of the legendary HA Image Maker with 7789S grand dam being Image Makers sister. Coupled with the breed leading milk being top 1% at +36. Blackcap Lady 7789 ranks in the top 1% for WW and YW plus impressive carcass numbers at SW top 1%, Marbling and REA top 15%. Grayson 789G will come as one of the most powerful made bulls in his structure, performance and physical presence and great disposition. ANGUS GS

CE: 16.0 BW: -1.4 WW: 62 YW: 114 MILK: 40		

I could go on a long time about the virtues of this Payweight 1682 son. We purchased him as a \$33,000 US top seller in the Hinman Angus 2017 Sale. He was part of a very successful flush group. Since coming to Nordal we have used him extensively on heifers and cows, both purebred and commercial. His sire, 1682, is one of the most popular and proven balanced trait sires. 6458's pedigree combines some of the breeds very best cow makers that have proven themselves over many years combining 1682 with In Focus and HA Image Maker. Note 6458 -1.5 BW EPD and high double digit +16.0 calving ease EPD.

First the low birth and calving ease is unmatched for any bull we have used when you couple with the growth and shape of muscle as they mature. His calves are exceptional in their style and correctness, all packaged in a very moderate frame. The one thing that stands out with his progeny is the amount of muscle shape and depth with a heavy hind quarter. 6458 has the ability to add a great deal of thickness, while making them very smooth throughout. One of the things that drew us to him was his high marbling score. He is a very easy bull to maintain and that ease of fleshing shows in all his progeny. One of the 6458's most heritable traits that he transmits is his very calm disposition. He holds a +33 Docility EPD. As we run our cows on swath grazing and stock piled grass in the fall and winter we anticipate his moderate framed daughters to excel on a highly forage based herd. A positive note to add is the very calm disposition he displays. He holds a +33 docility EPD. This is a trait that he strongly passes to all his progeny. Payweight 6458 is a trait leader of 3% or better in 10 important traits. BW 3%, WW 3%, YW 2%, MA 1%, CE 1%, MCE 1%, MARB 3%, Docility 2%, CW 10%.

For those looking to keep a moderate frame, yet big enough with lots of fleshing ability look to this group of Payweight 6458 sons. They have the physical attributes to show why their genetics are breed leading.

Payweight 6458B qualifies as a "Targeting the Brand" sire. Targeting the Brand highlights Angus bulls with greater genetic potential to produce calves meeting the most challenging specifications of the CAB brand. High marbling, carcass, and beef value are used in the qualifications. For more information on Targeting the Brand™ turn to page 40.

Cowboy Pay 611G is a very complete son of our HA Payweight 6458 sire. Very correct in his make-up with an abundance of natural thickness and depth. His dam is from one of the most powerful cow families in the Hinman program. Lass 7611 was a sale top selection from the 2017 N.I.L.E.

Sale in Montana. Her donor dam was a sale highlight in Hinman's 2018 sale. Cowboy Pay ranks in the top 1% calving ease, top 2% WW and YW, top 2% MA. Here is a sire to retain an outstanding set of replacement females, as all of the dams in his pedigree have near perfect maternal qualities and udder structure. 611G is very sound in his foot and leg structure and also has a tremendous disposition, as Payweight 6458 progeny have. Payweight 169G is a standout with his depth and massive body capacity in a very moderate, well designed frame. He is sound structured from the ground up. There are few bulls that can maintain this muscle and shape with a very smooth distinct style. His cow family is one of our very best. A

maternal brother was a former sale top seller. The sire, Blackman 825A, is a past LLB Sale top seller that has produced an outstanding set of performance oriented progeny with ample milk and fertility. We are excited with the combination of Payweight 6458 and the Abigail 69S cow family. Whether you want to produce a leading set of females or need to add some volume and capacity to your herd, here is the one to do it. ANGUS GS

Upon purchasing Counselor as a top seller in Hinman's 2016 Sale we were very excited to add the influence of his dam, 1575, to our herd. We have used him extensively on our commercial and purebred females. He has calved great with low to moderate birth weights. The calves have grown exceptionally well with a tremendous amount of length. Counselor 5118 has outstanding carcass EPDs and it shows in his sons. Lots of width, depth, and shape, all with big scrotals. 1575 is one of the best Angus females we have viewed. She is also the dam of HA Outside, the sire of Cowboy Up and a junior sire of ours, HA Northside, a full brother to HA Outside. Our largest set of daughters will come into production this year. We had a number producing in 2019 with very well structured udders with ample milk volume. It looks as if Counselor 5118 will also produce a leading set of working females in a very moderate and correct made package. Counselor 5118 is a +2.43 scrotal EPD ranking in the top 1% and with strong red meat yield for carcass weight, top 25%, Ribeye top 6%, Fat top 10%.

Co-owned with Hinman Angus.

After seeing the Little Deep bull and being impressed with his sheer physical power and presence we looked for the opportunity to add him through A.I. Goal Line 325G is the result of that. 325G has been a standout since birth. His Kargo 47Z dam is one of our most impressive cows when in full production. Goal Line 325G has that extra bit of style and substance that sets him apart. From his neck and shoulder structure to his length, depth and correct hind leg and foot. We are excited about the future of this young sire. We will incorporate his genetics in our commercial and purebred Red Angus. **Retaining a semen interest.** ANGUS GS

Grenade 201G is an impressive son of Escobar 251E. He is one of the most complete bulls of the group. Excellent foot and heel, abundance of bone and correct from top to bottom as well as end to end. He displays what impressed us the most with his sire, he added width and depth to his rear quarter. He is large scrotaled, light in color and big in performance and style.

Targeting the Brand...

ABOVE AVERAGE GOALS REQUIRE TARGETED BULLS

Aim High

The Targeting the Brand™ logo highlights registered Angus bulls with greater genetic potential to produce calves that meet the most challenging specifications of the Certified Angus Beef® brand. Only 3 in 10 non-parent Angus bulls meet the Targeting the Brand genetic requirements.

Minimum Genetic Requirements

	<i>Value</i>
Marbling EPD (Marb)	+0.54
Dollar Grid Carcass Index (\$G)	+46.0

For more information on Targeting the Brand™ visit CABcattle.com.

Terms and Conditions...

Terms: The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance, unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Current exchange rates will be announced sale day. All monies are in Canadian funds.

Bidding: Each animal will sell to the highest bidder... no by-bidding will be permitted. Disputes - Bidding will be reopened between the parties involved in dispute. If no further bidding is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision on all disputes will be final.

Announcements: All announcements made from the auction block will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay close attention to such disclosures.

Breeder's Guarantee: Should any bull fourteen (14) months of age or over fail to prove a breeder after being used on females known to be breeders, the matter shall be reported in writing to the seller within six (6) months following the date of purchase or six (6) months after the bull has reached fourteen (14) months of age. The seller will have the right and privilege of six (6) months to prove the bull a breeder. No guarantee is given that semen collected from the bull will freeze.

Exception Guarantee: In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, this guarantee shall be null and void.

Certificate of Registration: Each animal will carry papers issued by the Canadian Limousin and Angus Associations. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

Health: All animals in the sale have met all necessary health requirements.

Liabilities: All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability, legal or otherwise, for any accidents that occur.

Rights and Obligations: The above terms and conditions of the sale shall constitute a contract between the buyer and seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

Phone, Mail, Wire Bids: Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale managers, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

Delivery: We will assist in arranging transportation wherever possible. Each animal becomes the risk of the purchaser as soon as sold.

Insurance: Will be available sale day. We strongly recommend that insurance is purchased for full value.

Errors: All announcements at sale time, written or oral, supercede any written material in the catalogue.
