## Welcome

Welcome & thank you for taking the time to open this catalog & read through it. As this is the only yearly function where we market our cattle, we invest a huge amount of time & resources to present to you our livestock portfolio.

Celebrating our 42nd year raising Simmental stock & 77th year in the bull business, there have been some highs & lows along the way. The Agriculture industry has taught us many lessons. Perhaps one of the most recent reminders for the general public has been the last year. Everyone is essential in his or her own way, however food is at the very top of the list. As primary producers, farming has provided us a good living, but also a good way of life that we sometimes need to appreciate a little more. I'll tell you; I don't think I've ever been so happy to be a farmer than in the last twelve months.

As Agriculture has kept moving forward, with very minor disruptions, so have calving, breeding, seeding & harvest. Full circle, the cows still need to be bred & seeds will go in the ground!

We are happy & excited to bring the sale back to the farm! Our 17th Annual sale will be a live video sale held in our large, spacious, heated shop. The sale bulls & heifers will be penned in their home environment, just a little ways north from the shop where our cattle yard is located. We feel this will be easier on the cattle as they will not have to be moved, hauled to town, & disrupted.

The quality of the offering runs extremely deep. You will notice in the next few pages a number of new herdsires that have been exclusively acquired by Rendezvous Farms. It's no secret that we don't shy away from buying the best bulls we can find in our travels. The investment has been very significant but when you see the new calves off of bulls like Rampage, Legacy, Avenger just to name a few, you will realize the value that new genetics bring. Proven bulls such as Charles, Express & Direct Drive still anchor the Fullblood, Red & Black divisions. Rest assured, there is something for everyone and in everyone's budget. Performance oriented Beef Bulls to Calving Ease heifer bulls, the selection is truly outstanding. The only time any females are made available is through our bull sale. What better opportunity for you, the buyer, to see what the sisters of these bulls look like, all in the same day.

If time permits, we definitely encourage you to come ahead of sale day & have a look at the offering. Gerald or myself will be sure to tour you around, so call or text us with any questions you may have. With our largest offering to date, numbering approximately 190 head, there are a lot of animals to go through. The opportunity to get all your bull shopping done in one day has made this very convenient for all cattle producers.

Our sales staff at T Bar C & Transcon are very familiar with the offering & are there to help you in your selection making process. Give a call or a text to any of these guys & they will help you determine what's best for you...that's what they are there for. Watch for videos on these sale animals approximately 2 weeks before sale day. New this year, we welcome Mark Shologan, with DLMS Internet bidding.

On a personal note, a few new additions to our family last year brought some joy & excitement with the birth of Tom Maguet, which is #3 for Gerald & Kajsa in March. August brought another little boy, Philippe Zuk to proud parents Brigitte & John Zuk. My wife Rachelle is expecting for the end of February with our 3rd child...both sets of grandparents are excited to see if we can actually have a girl in our family!

As always, we look forward to visiting with you prior to the sale. Feel free to contact us on any inquiries you may have. Consider this your invitation to be with us on Monday, February 15th. See you then!

Yours Truly,

David B Maguet

## 17th Annual Bull & Female Sale

Holiday-Monday, 1:00 p.m.

# FEBRUARY 15, 2021

on the farm, Ste. Rose du Lac, MB

Only 50 minutes from Neepawa, MB and only 3 hours from Bottineau, North Dakota.

## Offering 188 head

### 135 Bulls

70 Red, 35 Black, 30 Fullblood bulls  
(106 are polled)

### & 53 Heifers

26 Red, 15 Black, 12 Fullblood heifers  
(42 are polled)

#### Auctioneer:

Col. Chris Poley 306 220-5006

#### Ringside Representatives:

Ben Wright  
519 374-3335

Shane Michelson  
403 363-9973

#### Sale day phones:

Jay Good 403 556-5563    Darren Paget 403 323-3985  
Glenn Norton 780 542-0634    Cody Haney 403 559-8809  
David cell 204 447-7573    Gerald cell 204 447-5037

**Coffee & Donuts at 9:30 am**

**Complimentary Pre-Sale Lunch  
at 11:30 am**

#### Viewing of Cattle

Sale cattle may be viewed anytime prior to sale day.

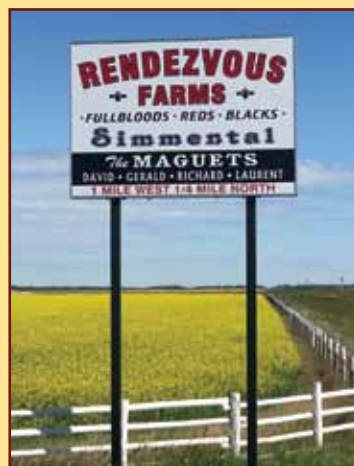

Catalog production by [jameswaycatalogs.com](http://jameswaycatalogs.com)

Cover design by Keltey Whelan

#### VISA & Mastercard purchases

\*There is a 3% administration fee on all MasterCard and Visa purchases applied to the buyer's invoice.

#### Internet Bidding Available

**DLMS**  
[www.dlms.ca](http://www.dlms.ca)

For more information Call DLMS Reps:  
Mark Shologan 780.699.5082  
Whitney Bosovich 780.991-3025

#### Videos

Watch for videos in early February on Transcon & BuyAgro sites.

#### Insurance

You **MUST** insure all of your purchases for your own specific needs, preferably through our agent:

**Lois McRae, Keystone Livestock Services, 204 728-3058**

**Attention:** Canadian bull buyers are asked to apply "Broad Form & Loss of Use" insurance coverage on all your bull purchases in order to fully protect your investment.

**U.S. Bull buyers-- Sheila Jensen, Courtland, Kansas 785 262-1116**

#### Settlement Terms

The terms of the sale are cash, cheque, Mastercard, Visa, or Interac payable at par at sale location unless satisfactory credit arrangements have been made previous to the sale. The right of property shall not pass until after settlement is made.

email: [office.transconlivestock@gmail.com](mailto:office.transconlivestock@gmail.com)  
Ph: 403 638-9377 Fax: 403 206-7786  
Box 300, Sundre, AB T0M 1X0

### Guarantee:

Bulls selling at the sale will have passed all essential tests and examinations. Every bull selling will be accompanied by a valid Breeding Soundness Evaluation Report, signed and stamped by a veterinarian of the Western Canadian Association of Bovine Practitioners.

### Herd Health and Fertility:

All sale cattle have been treated twice with Ivermectin & are on Full Herd Health Express Program: Pyramid FP5+Presponse & Ultrabac7/Somnubac was given as calves & at weaning time. All bulls will be examined, scrotal measured, semen tested & palpated by a licensed veterinarian prior to the sale.

### Delivery Terms:

**Option A:** Bull(s) will be delivered free of charge within 350 kms or to the nearest Canada/US border crossing. We will do our best to get them to your yard, however, at times, it may be required to meet at central locations. **Delivery will be as soon as possible after the sale at the buyer's risk and the seller's convenience.** Buyers must insure their bull(s) while being cared for at Rendezvous Farms. **Heifers to be picked up on sale day, unless other arrangements have been made.** We can assist the purchaser on coordinating transportation.

**Option B:** Bulls & Heifers can be picked up in Ste. Rose on sale day or at the farm after the sale.

**Option C:** Bulls can be kept at Rendezvous Farms free of charge until March 25. A charge of \$5.00 per day will apply after that date. Buyers must insure their bull(s) while being cared for at Rendezvous Farms. We are not responsible for any injuries during that time. The purchaser must pick up the bulls.

### U.S. Buyers:

The U.S. Exchange rate will be announced prior to the sale. We will attend to, and assist with, all necessary health testing, vet examinations, paperwork, and obtaining your state permits associated to export your animals. U.S. Customs & UPS brokerage charges will be paid by the purchaser for a cost of \$300 US. per animal paid to Transcon at the time of settlement.

### Accommodations:

Ste. Rose Inn 204 447-3111  
Super 8, Dauphin 204 638-0800  
Best Western, Dauphin 204 638-3000  
Bay Hill Inn & Suites, Neepawa 204 476-8888

### Sight Unseen Purchase Program:

If you are unable to attend the sale but are interested in a bull or heifer, give any of our sales staff or David a call and they will personally go over the sale cattle and your program and recommend bulls or heifers that will suit your needs. Your complete satisfaction is our goal.

### Soliciting:

It is unethical for anyone to promote, advertise or arrange the sale of any cattle, other than those in the sale, on the sale premises.

## Sales Management Comments

WE ARE HERE TO HELP SELECT THE RIGHT RENDEZVOUS BULL(S) FOR YOU!!! With this large selection of high quality bulls that we will have gone through in depth by sale day, we can confidently assist you with appraisals on one or multiple bulls, and if necessary, bid/buy on your behalf.

The Red Simmental bulls have the first set of very exciting sons from the \$70,000 Skor's Rampage! As a side note, it was "Rampage's" mother and sister that were the lead off lot at the legendary Skor dispersal for \$25,500! The sons are a lot like daddy, they are big, long, thick and dark red! Although not apples to apples, this reminds me of the first time "Charles" sons sold, similarly exciting. Staying in the Red pen, "Patriot", whom is the maternal brother to "Sherrii", has sons that really are curve benders from low birth to great growth. They stand out. Another new group, that come right down the middle, are the "Legacy" sons. They have a ton of built in calving ease as well.

I believe the Black Simmi group are the most evenly matched group to ever be put together by Rendezvous Farms. The almost patented thick haircoats, thick tops and thick hips are obvious here. "Direct Drive" has sired several of these again and can be proud.

Well of course as I get to the Fullblood pen, you know who has to be mentioned, yes, "Charles", and he's done in it spades again! This bull breeds so strong and consistently it's simply amazing! Now a big honorable mention in the FB group needs to go to "Commander" who has some sons that at first glance you may just presume they are by "Charles"! Charles or Commander, take your pick, the FB pen is strong!

The heifer group is slightly less in numbers this year but probably up on quality and consistency. Of course the same sire codes are going to exist on these ladies as on their brothers selling.

We are excited for the Maguet families for having their first on farm bull sale in their beautiful, new, spacious sale-barn/shop/truck wash-bay, etc., it's a large area! This is a large mixed farm and the building will be used for each facet of the business. Of course we will be moving to a video format which is so much easier on the cattle (and the people!). The bulls are available for viewing anytime prior to the sale, so call David for a tour or just drop by!

Again, we are more than happy to assist anyone with any appraisals and buying assistance needed. Simply call our cell phones. We are proven as industry leaders with unmatched integrity in order buying. We understand we are working for both parties in a highly confidential manner.

For the Maguets,

*Jay Good*

**Homo Polled.** We're quite excited with Red Express! He was the lead off bull at Herd-masters 2013. Doug Zimmer had nothing but praise for his mother, especially since Red Express was her first calf. Express was truly one of the thickest, deepest bodied bulls we saw in the spring of 2013. This stout made bull is an impressive individual, one of the only yearling bulls we've used that never lost any condition during breeding season. His super dark red color is something he passes on to his progeny as well. The combination of length, thickness & middle to this herd sire is something that blends nicely. His calves are born small & easy, they then keep growing & performing well. Last sale offering of sons & daughters to sell. Opportunity knocks so don't miss out. Look over his sons & daughters, you will like them too!

Walkerson is a bull we used last year in our red program after a few untimely injuries occurred with a few herdsires. Walkerson is in fact owned by our good friend Curtis Zdan of Alonsa. Having seen Walkerson in action & seeing the large group of replacement females sired by him when touring the powerful Zdan program for a few years now we felt he had a lot of potential to offer. We certainly thank Curtis for loaning him out to us when we were running low on bull power in prime breeding season. Walkerson is one of the largest, widest topped herdsires we've seen in a long time, likely since the Hummer days. The outcross pedigree was also a huge bonus to us. One of the first things Curtis & Tanis mentioned about the Walkerson progeny is their quiet nature & calves always wanting a scratch. You'll easily notice that trait when you tour the bull & heifer pen here.

**Homo Polled.** Finding that right heifer bull is always a challenge & a half for any producer. Red Knight was earmarked for that purpose when we purchased him in 2014. Mothered by a black Powerline first calf daughter, Terry & Debbie Skoretz felt he would calve well & also give the kind of performance we were looking for from our heifers. Not one single calf of his was assisted at birth & man do they look good a year later. Red Knight travels like a hovercraft, smooth & steady. His muscle expression is impressive & he is developing into a well-balanced, smooth made herdsire. Red Knights has really stepped up to the plate and has surpassed all our expectations in every domain. Perhaps our most 'undiscovered' herdsire we use.

96	703	1477	0.1	6.5	86.2	130.6	24.2	-7.2	67.3

**Homo Polled.** One of the most sought after red bulls to sell in the spring of 2015. When we saw Mandako with our own eyes, we just knew we had to own him. The depth of body, natural thickness, amazing hair coat & quarters that came down deep made him the ideal red bull we needed to add to our herdsire roster. Mandako turned out to be the high selling red of the day commanding \$40,000 but he was worth every penny. Sired by the elite Godfather bull & mothered by a tremendous female that Doug Zimmer raved about, the pedigree in Mandako is bullet proof. We feel that Mandako's progeny will be the herd building type. This is the last set of progeny to sell as we had the misfortune of losing Mandako to a broken leg.

Without a doubt one of the most talked about bulls to sell in the spring of 2016. Charles was bred by the wonderful people at Lockhart Valley Simmentals, Rimbey, AB. Lee, Tina & Hanna Robson toured us around their farm & made sure to show us the dam of this great bull. After only a few minutes of viewing both "mother & son", my wife Rachelle & I knew that we had to own Charles, there was no other alternative. We also knew there would be some very strong competition in doing so. When the dust settled, we managed to purchase him outright for a ground breaking \$75,000! We felt we needed to add this powerful, perfectly made, genetically unique individual to our herdbull roster for our customers as we know too well that trying to find that ideal individual in the Fullblood business is a very, very tough job. In all honesty, I've never been so excited about a bull as the day we saw Charles & that feeling has continued every single day. His first calf crop was embraced by both Purebred and Commercial breeders with his sons averaging \$10,616. The best thing we've ever done was use Charles in our program. We truly believe the best thing you can do is to use his sons.

**HOMO POLLED HOMO BLACK.** As our black program has grown over the years the need to add a black calving ease heifer bull to our roster also became apparent thus led us to the purchase of LFE 3173C (Direct Drive). This long bodied, mellow made, deep sided herdbull was the ideal candidate as he displayed great calving ease characteristics with his small head, smooth shoulders & clean lines. Born with a small birth weight to a fantastic young female we really liked his curve bending abilities since he was one of the heavier long yearlings in the black offering at LFE that year. Direct Drive's calving ease abilities did not disappoint, his calves come small and quick but get up & suck fast just the way we like it. Outcross pedigree to boot, we look forward to more of our bred heifers carrying Direct Drive's service in the future.

**Homo Polled.** The high selling red bull from the well-respected Kuntz herd is also a maternal brother to the ever-popular calving ease Sheriff bull. We feel Patriot encompasses the similar calving ease traits of his well known brother but also adds a lot of length & growth to his calves all the while maintaining that moderate frame score with good thickness. Patriot is a prime example of purchasing a good bull even though we were "bullied up" at the time. We really liked the structure of him as a yearling & when Dad (Richard) & I saw the cow family when touring the Kuntz herd we both felt we should add this bull to the battery on those merits as that kind of bull doesn't come around every year. We're quite enthused about these Patriot sons selling, they are very uniform in type and most of them were raised by only second calvers.

**Homo Polled, Homo Black.** There's a bit of a story as to how we acquired Percy 37D. He was originally purchased out of the MRL sale in 2017 by Grant Gordon, Kisbey, SK. When delivering cattle at Percyview one day, he showed me his bull pen. A particular blaze faced bull really stood out, he was so impressive, thick, long, wide topped & only a 2yr old! We kept this idea in the back of our mind & come the spring of 2019 after a few herd bulls getting injured we called up Grant to see if he would consider parting with his awesome bull. Anyone who knows Grant will tell you he's a heck of a good stockman & a real gentleman. As luck would have it, we managed to make a deal & Percy became our first blaze faced black herdsire. Percy himself is all about performance, his progeny have a lot of jam & should be a great fit for Angus cattle who need a bit more power. His calves are born a cycle later due to the fact that we acquired him well into breeding season.

**Homo Polled, Homo Black.** Our pick of the Beast Mode sons at Lewis's 2019 sale where they were the feature sire group that year. Bringing fresh new genetics is paramount to our program & Avenger is a bull we are extremely high on. The absolute length of body, mellowness accompanied by square hindquarters makes this young sire a rising star with a lot of potential for years to come. Avenger saw heavy service in 2020 & we have a bunch of awesome looking calves already hitting the ground.

**Homo Polled.** We purchased Wizard for a number of reasons the same year we purchased Avenger from Lewis's. A Cobra son, which combines awesome calving ease but still a lot of size. He had tested to be Homo Black but when the first 2 calves born were red out of black cows, it was evident there had been an error from the lab. You will find some red & black progeny selling from Wizard, our black numbers are a touch lower than what they should have been & our reds jumped up a few but in any case, good cattle are good cattle which is what the Wizard calves are. Unfortunately Wizard stifled himself right before 2020 breeding season therefore this will be the only calf crop to sell from him.

Commander was our pick of the Black Gold bulls in the well respected Next Generation Sale in Lloydminster in March of 18. He was also their second high selling bull that day. Randy & Vanessa Noble showed me both the sire & dam of this impressive young bull which really helped me cement the idea of adding him to our herdbull roster. He weighed over 1600lbs on sale day at 13 months of age. His superior depth & overall thickness is transferred over to his calves as well. We've been very pleased with how well he has bred, calved & in the development of both male & female offspring. Commander saw heavy service this year & we feel will really complement the Charles line in the Fullblood program.

A new Fullblood bull who came to us from one of Canada's elite Fullblood herds & some of the very best people in the breed, Harry & Michelle Satchwell. The Banquet bull is sired by the \$130,000 Double Bar D Banker bull. Banquet himself has ideal bone size in a FB bull. He is that dark purple red color that is always so appealing. He calved like a charm on the variety of cows we used him on. You will find a few feature sons of Banquet who stack right up there with any other sire group.

**Homo Polled.** Our new heifer bull who's really taking things to the next level. When I found this guy at Blair McIntosh's herd, I really liked him & you know what they say about first impressions. The more I circled him, the better I liked him & felt he would be the answer for heifers. With an 84lbs birth weight, +10.9 CE number, on top of a smooth shouldered, small head & long bodied conformation we figured this guy would be ideal for our program. Blair also showed me his dam & she is a nice moderate made female with a nice udder. Fast track things to January 2020 when the real test would come to reality. Perhaps the easiest calving sire we've used to date. These Legacy calves slide out so easily, a few pushes & they are out. We are absolutely thrilled with how his calves get up & grow. You will be impressed with his offering & considering all of his sons & daughters are out of first calf heifers. Calving Ease & growth, all in a desirable package. We have nothing but good things to say about this young sire.

**Homo Polled.** Rampage was the all around best dark red bull we could find in the spring of 2019. The middle, hair, thickness & width of quarter would stop you in your tracks. We suspected he would be pricey but with our conviction of owning the top sires we can find, we purchased Rampage at a whopping \$70,000. One of the other reasons this bull was so high on our radar was on account of his mother & her impeccable udder & foot structure. Out of 500+ cows at Skors, she was hands down their best walking cow & led off their dispersal being their top selling cow of the day. Anytime we spend this kind of money, the expectations are also rather large. Rampage has hit the ball out of the park with his first calf crop as you will see with his 14 sons selling. These bulls are just like him, thick, hairy, wide topped & big nutted. We feel Rampage will become a big name in the Red Simmental business.

**HETERO BLACK, HOMO POLLED.** The bull business would be pretty easy if every calf born was as good as this fella. 361H has that extra length, top & thickness we all search for. Those traits are some of the highlights that attracted us to purchase his sire, Avenger, at Lewis's 2019 sale. A sister to this bull is working out in Fork River at Momtiuk Farms while another sister raised a super good calving ease Legacy son. He sells as lot 102. I could write a novel on how good this 361H bull is but best thing is to come see him for yourself.

**HOMO BLACK, HOMO POLLED.** A pretty neat bull with a lot of character & thickness. Deep sided, wide quarters & large testicles. We quite like what his first calf mother has done with her first kick at the can. There's a ton of maternal power in this cow family. Interestingly enough we can trace back our home raised pedigrees with our own prefix until 1981. That provides value in itself knowing these animals have been carefully & specifically bred for you the buyer.

Here's a combination of two blaze faced parents, one black, one red. A middle of the road bull in frame size. His dam has been a great cow, being 15 years of age & in calf yet again, and incidentally, she's raised 15 natural calves in her lifetime to boot. Some of her most recent progeny have sold to Corey Flower of Ste. Rose, Gillridge Organics, Landis, SK & Hillstead Farms of Langenburg, SK. If fertility & longevity are assets to your herd, perhaps a bull like 432H would be of good value to your program.

A bull who ranks in the top 10% for WW & YW EPDs. His higher birth weight is nothing to be concerned about as his dam is one of our largest Hummer cows who always lays down & calves with ease. Remember, it's all about length of calf & bone structure which is what we've put a lot of emphasis on over the years. 146H should mature to be a large bull if he's anything like his parents. A maternal brother is working in the good black herd of Erik & Shannon Finney's out in Minnesota.

Interesting combination here with a guarantee that you will never see this pedigree anywhere else. A half Fleck black blaze polled bull. Mothered by a 13yr old SU Pilot cow who's had a wonderful track record here. Sons from this cow have went to work in the herds of Lach Farms, MB, Darwin Froese, MB, Poschenrieder Farms, MB & Rich Mueller, ND. Not only has she cranked out some whopping good sons, she's established a few of our main black blaze cows such as the 200A & 119B cows who have done a heck of a job in their own right. If cow families, fertility & longevity mean something to your herd, check out this bull.

HETERO BLACK, HOMO POLLED. Here's a whale of a calf. Long bodied, thick made, hard muscled with lots of rib. Matt Abraham of South Dakota has purchased two brothers to this guy to use in his awesome program. Matt always comes back to the length & size these bulls offer, it's just so much extra pay weight come sale time. This year's bull, 595H is in the same category with that extra bit of body length. We have a maternal sister in our herd who is one of the very best black bred heifers we retained. Another sister is working in Quebec in the well respected Ferme Gagnon program.

A powerful blaze faced bull whose 2 parents both sport blazes as well. Talking to feedlot buyers, they will in fact tell you the premium they will pay on blaze faced cattle that are distinguished to be of Simmental influence over the straight colored cattle that take on the British style. A couple extra cents per pound goes a long ways on a pot load of steers. The 132Z cow has had a prolific career, putting sons into the following progressive programs: Gawazuk Farms, MB, JR Richter, SK & Newdale Colony, MB.

## RENDEZVOUS 252H

**HOMO POLLED.** These red Wizard sons are pretty impressive, even though they were all suppose to be black initially. The one thing we've learned in the cow business is stuff happens out of everyone's control & sometimes those things turn into real big positives. 252H moves freely, is long bodied & has that herdsire appeal. 252H's mother is a beauty of a black blaze faced cow with a super udder. A bull who should be a natural fit if you've been using a lot of our Mandako & Express lines.

**HOMO POLLED.** Born from two black parents which makes this bull a non-dilutor & a unique outcross in the red business with Western Star in his pedigree. He's a maternal brother to our 2nd high selling black bull last year that brought \$20,500 to Fallen Timber Farms, Groundbirch, BC. A bull with a sharp appearance & travels very fluidly. 49H was born small at 88lbs, he would be a great fit for a group of second calvers.

The youngest LFE Wizard son to sell but make no mistake, there's as much opportunity with this lad as any of his siblings. An outcross pedigree for most of our customers with Wizard & a Bombshell mother. With a low birth weight of 86lbs he will no doubt bring Calving Ease & performance all together. Brothers to this guy have sold to some really top shelf commercial herds including South Valley Farms, MB, Russell Crockatt, MB, Ernest Beasse, MB & Zahn Ranch, ND. Interestingly enough the first calf of 567W cow is an elite blaze faced female who raised the lot 1 bull, a feature Avenger son.

43

89	935	907	13.4	1.6	79.1	122.6	39.2	7.0	78.8

**HOMO POLLED.** The old Red Knight bull sure knew how to make them. This particular son ranks in the top 4% of the breed for CE at +13.4, 89lbs BW & check out his actual WW, 935lbs! A gold medal recipient with those stats, talk about a curve bender. Coupling Calving Ease & growth into one has been something we've pushed hard for the last few years. With everyone's increase in cattle numbers, calving ease & take home payweight are probably the 2 biggest factors when it comes to profitability. If you like making money, 498H is the bull to buy.

46

**HOMO POLLED.** These Rampage sons are sooo similar. One of Richard's favourites, this tank is deep bodied, super soggy, wide topped & has thick quarters that come down low. Big testicles to boot, 33H has had a herdbull look from a very young age. If we had to retain a son to use, this guy would be right up there. A bull that we just can't say enough good things about. His mother is a moderate made cow who's super easy keeping & very quiet. She is also the grandmother of the lot 62 bull, who is also sired by Rampage. What a huge advantage to anyone picking out bulls in a one iron sale when you can see how the entire cow family produces.

53

**HOMO POLLED.** A personal favourite of mine, with more bulls to choose from every year & the consistency growing leaps & bounds I find this bull is right at the top of the red division. The signature Rampage stamp of thickness, masculinity & performance with a weaning weight of 1005lbs makes this bull a must to check out. His mother is a full sister to the 481F bull who was our high selling red 2 years ago to D&S Moffat Stock Farms for \$14,000. 2 years prior to that, another full brother was our high selling red at \$17,500 to Steve Hoffart, ND. Amazing cow power in this 39H bull. If I had to pick a bull solely on cow family production track record this guy would be it. I just love his mother & grandmother, the Skittles cow.

If you drive by our place in the summer, you'll most likely have seen Richard on his quad. We try to keep him busy in the winter with gates & photographing the sale cattle.

Tom Atli Maguet

Crossing Rampage with Mandako sure brings on these performance bulls. Which is something we as a breed need to maintain just as importantly as calving ease. The Mandako cows are turning into exactly what we had hoped for. Let me tell you, they can produce bulls. This is the 129D cow's third calf & third bull calf in the sale. Her previous sons sold to David & Trevor Geertsema of Ochre River & Austin Vollman of Preeceville, SK.

61

**HOMO POLLED.** Mandako has been about as proven of a herdbull as you could ever ask for. His sons have been so, so well received by both commercial & registered breeders. If you've yet to acquire a son, it would sure be wise to do so. 159H is as good of a prospect as any to get in on the action. Dark colored, low set, beefy & thick like grandma's stew. Austin Steffan of North Dakota purchased a maternal brother last year. Greg & Gary Momotiuk picked out a maternal sister the year before.

A moderate made Mandako bull out of a reliable workhorse of a cow, the 590U female. This guy is as hairy as they get, thick butted & wide topped. Yet he's got a nice small head, therefore should calve very well. Both a maternal brother & sister were selected by the Momotiuks of Winnipegosis. Unequivocally one of the feature stops when delivering cattle have been to tour around, learn & enjoy a first class lunch with Phyllis, Michael, Greg & Gary. I truly believe Michael's Simmental catalog collection dating back to the 70's would rival even Wilf Davis's inventory!

**HOMO POLLED.** There's been an ongoing debate here about retaining this bull for our own use & to replace his sire Mandako. With a high count of Mandako & Express females in our herd, we decided to offer this beef machine to the public. With the most exceptional hair coat, thick, thick butt, amazing depth & width of top, 375H just rises right to the top. He's also quiet like a puppy dog which is always a big plus. In all fairness, he's just a tank of a bull. A standout since birth, he will do a lot of good wherever he ends up. A maternal brother was selected sight unseen by long time customer & sharp cattleman Robert Rath of North Dakota.

**HOMO POLLED.** Perhaps as good of a Red Express son to ever sell. I feel like this is a bold statement since Express has been a cornerstone of our red program since 2013 when we acquired him. He has sired many of our high selling bulls & females over the years & his daughters have taken a leading role in our red program. 21H is long bodied, deep sided, thick made & carries himself with the same demeanour as his sire. The dam of this bull is no slouch of a cow, as she cranked out a wicked good Alaska son last year that sold to Jason Becker of Calder, SK for \$12,000. Needless to say, Jason has always stepped out to buy the good ones & it's definitely paid off for his program.

Perhaps the longest bodied bull in the whole offering. That speaks volumes when we're dealing with so many numbers. Just look at his weaning weight, 1045lbs in early September! Grandpa always taught us Length = Pounds. Pounds = Money. 94H is the prime example of that cowboy arithmetic. We just can't say enough good things about this powerhouse & we all know what a good bull can do for anyone's program. Steve Ganczar of Dauphin paid top dollar to own a full brother to 94H a few years ago. Steve claims "Buddy" has been the best bull to roam his pastures yet, and his calf crop weaning weights have went up dramatically. Steve being a former banker knows a thing or two when it comes to maximizing profit on the balance sheets.

**HOMO POLLED.** We felt crossing Patriot on this powerhouse Hummer female was a great way of combining some calving ease & power all into one. The results were exactly what we had hoped for. 206H is a thick, long bodied, impressive beast. With so many reds to choose from, it can almost be confusing. If we can steer you in any direction, 206H is a bull whom we can adamantly vouch for. Last year an Alaska brother was a top seller going to the high end commercial program of Kelly & Lorraine Johnson's of Eddystone, MB. The Johnson cattle top the market & heifers always get snapped up real quick.

Talk about adding the beef to your whopper. The heavyweight red at weaning time coming in at a scale crunching 1070lbs! Here's a real powerhouse in every respect, length, depth & thickness, this guy has you covered. With a blaze to boot, just like his mother. She's a Benjamin daughter herself, which was a bull we used & sold to Hughie Beals. We may have sold him a bit too soon when we got to see how his daughters produced. A full brother to 111H was selected by Triple V Ranch a few years back for \$10,000. Trevor has purchased a number of red bulls from us & runs an elite herd out by Carrington, ND.

Full Brother

When a certain combination just clicks in the cattle business, it's wise to keep repeating that match. Case in point with 106H. This is the 3rd Charles son to come from our Bonchuk 290X cow. Notably the previous two full brothers were purchased by Gormlea Farms of Balcarres, SK to use in their top shelf commercial program. This year's bull is as long bodied, powerful & sound as ever. Do a 360 around him & you'll be ranking this bull very high on your list. A bull that should mature into quite an impressive individual with his towering stance.

Without a doubt a feature Charles son who is essentially a duplicate to his full brother who led off our sale last year & brought \$19,000 to Maple Lake Farms, Gerry & Linda Bertholet of Hartney, MB. This amazingly long bodied bull also has the thick quarters, hair coat, eye appeal & testicle development that is a necessity when seeking out those powerful herdsires for the future. He was also the heavy weight at weaning time, crunching the scale at 1095lbs on September 1st. It's no secret how challenging it can be to find these kinds of Fullblood bulls, but in our experience when they are found, their impact in a herd will last a lifetime.

A Fullblood who could very well be mistaken for a red factor. 85H is as friendly as they get. As a calf he would follow us around the pen as we checked on calves always looking for a scratch. If you're looking for a good natured bull, mark 85H down. We really like his hair coat & classic Charles characteristics. Full brothers have been some feature bulls & high sellers going to Mack Ranch, ND & Zdan Farms, MB. Henry & Gail Janssen just down the road from us also purchased a full sister in last year's sale. The 85Z cow has been a proven producer. She's a never miss kind of cow that always calves early. Likely the longest & most complete bull in Fullblood section. Truth be told his picture really doesn't give him the merit he deserves.

A cool goggle eyed bull with a different pedigree on the bottom side. If you're lacking milk & looking to add some to your program, here is as good of a candidate as any. This fellow ranks in the top 3% of the breed for Milk. We can attest to that as his mother was a heavy milking cow. She raised a dandy full brother in last year's sale who was picked out by Kelly Silzer of Moose Jaw, SK. Kelly & his daughter Nicolle made the trip out last year to the sale. We greatly appreciate everyone's efforts to attend from near & far every year.

What can be said about these Charles sons that I haven't already said! They are just so darn good & consistent. Without a doubt he's the sire who's had the most dramatic impact on our FB program in 42 years. Having sold a number of sons already, the feedback has been only positive. The Charles X Paramount combo has been highly sought after & proven. This thick made hairy rascal is a top shelf beef bull we really like.

The 80U cow does it again with this Charles son. A cow that could be bred to a goat & would still produce a good calf! A direct daughter of our legendary 74D cow, she's cranked out a pile of high selling bulls over the years that have went to some standout programs such as: Jason Lasota, SK, Kline Simmental Ranch, ND, Dustin Heitkamp, ND & Belle Plaine Colony, SK. But more specifically about this year's son, here's a whopping good bull with a large toolbox to get the job done. Long bodied, smooth made with a great stride. If you're into cow families & feel your herd needs a bit more improving on the replacement females, 80H would be as good of a contender as any in this sale.

One of the younger bulls in the offering but don't hold that against him. If he was January born I'd be willing to bet he would be in the top 10 for size. His dam, Chica 464X, has been an absolute powerhouse of a cow. This is her 10th natural calf to date. She has grossed in excess of \$50,000 of progeny with a few of her sons being some high sellers, including a bull who sold for \$14,000 to Mark & Lois Ekstrum of Bottineau, ND. Other progeny have sold to Trevor & Amanda Mantik, MB, Larry Dudar, MB, Austin Vollman, SK, Mike Sveistrup, MB & Shady Nook Simmentals, AB. With the likes of Charles for a sire & a proven cow as his mother, we feel there's a tremendous amount of potential in this young fella.

Not a show bull here, he's a rancher's bull who will add some pay weight to your calf crop in turn adding that extra jingle in your pocket. It's easy to identify the Commander sons in the offering as they all have that extra bit of depth & same build to them. Consistency is key in this business, when selling steers by the potload you want uniformity. A full sister was retained in our herd, and she will be one you hear about in the future. Other siblings have sold to Yaciuk Farms, MB & Jeff Watson, SK.

A rugged red goggle eyed bull who's been noted by many through the pen. A masculine, thick yet soggy made bull. Just picture him when mature. Your neighbors will be pumping their brakes while they're rubber necking as they drive by your bull pasture. Brothers to this bull have sold to Shepell Farms, MB, Brandon Smith, MB, David Remmick, ND, Bryce Glover, MB & Glen Aldentaler, SD. These Commander sons are a great fit for anyone with straight red cows wanting to add a bit more zip.

## RENDEZVOUS 383H

101	985	867	3.3	6.0	79.6	112.9	42.5	3.6	82.3

A Banquet son who will rank among the best of all Fullblood bulls to sell in the country. We know how hard these kinds of bulls are to find & make. Low set, thick butted, deep bodied with a ton of rib. A bull who sets the bar high in our opinion. His dam is a lovely, middle of the road kind of cow who's just beginning to make her mark in our herd. Her Charles daughter is probably our very best replacement FB heifer in 2020. The year before that, 383D raised a feature Red Knight son who sold sight unseen to Huron Colony. Ken tells us he couldn't be happier with how well that bull has worked.

Maternal brother

93	885	815	5.9	4.9	72.9	104.0	41.3	4.7	77.8

One of the feature Banquet sons of the offering. A moderate made bull who checks off so many boxes including color, disposition, & conformation. Mothered by an exquisite Charles female who just so happens to be a full sister to last year's high selling Fullblood bull at \$25,000 to Zdan Farms. One could say that the pieces of the puzzle fall into place when you start looking at this guy's pedigree & the cow family's track record. Take note of his Milk EDP +41.3 which puts him at the top 3% of the breed.

## RENDEZVOUS KATARINA 472H

Born on Valentines Day, here's a real sweetheart to sell. Believe it or not, a black blaze heifer out of a first calf Charles daughter. Talk about falling in love! To make things even better, the dam is in fact a full sister to the \$26,500 Rendezvous Prince Charles bull who's doing a wonderful job out at Spruce View Acres in Alberta. The first Prince Charles daughter to sell last fall brought \$9000 at the Western Harvest sale. 472H would be a great addition to anyone wanting to incorporate the Charles line in their herd.

Since we only got one calf crop out of the Wizard bull before his untimely passing, it is with mixed feelings that we offer some of his daughters for sale. Realistically speaking we should be keeping them all to capitalize on those different genetics. However, we always feel the need to showcase how well a bull produces in both sexes. Here's a great, powerful, long bodied beauty of a black female. Last year a sister sold to Percyview Farms, SK.

At times these Red Knight females have flown under the radar in our sales. Females like 277H are tough to ignore though. She's a long bodied, deep sided, thick made heifer out of a stellar Mandako momma cow. This will be the last set of Red Knights to sell, so we would certainly encourage you to take a long hard look at this fine female. Here's one who will crank out the good ones, year after year.

A solid colored heifer that should grow to be just the right size -- not too big, not too small. She's definitely a middle of the road type. A stylish heifer whose dam had a real nice tidy udder.

Revlon 351H is a feature solid red daughter of the \$70,000 Rampage bull we purchased in 2019. He definitely was more generous with his males than females with his first calf crop so it makes it a bit difficult to part with this heifer. However, we felt we should include this superb daughter for your appraisal. She will be a tremendous addition to anyone's program. Siblings to this heifer have sold to Brian Smith, Cornerview Cattle Co, ON, Neil & Cody Carson, Northern Lights Simmentals, MB & Momotiuk Farms, MB.

The youngest red heifer of the offering and one of my picks. This heifer is just chuck full of meat, she's stout as an oil drum & very good natured. These Rampage females are going to bring our red cow herd to the next level. Buy with confidence with this heifer. She'll lay down & pay herself off with her first calf.

Due to the fact we have a full sister in our herd, we reluctantly offer this heifer for sale. With how proven the Express daughters have become, it makes it very difficult to part with them, especially since it's the last batch available. Dark red with that signature black nose, good udders & just all around good mother cows, you will be pleased owning this fine female. Maternal brothers have sold to Thousand Hill Simmentals, SK & South Valley Farms, MB.

When we factor this heifer's age, she's keeping right up with her pen mates. The dam of this heifer struggles to get through our Hi Hog alley way in the spring to load on the trailer. She's just a big volume cow with so darn much capacity. A cow that could survive the year on bulrushes. We've retained 2 of her daughters for our own program & along with 2 sons going to North Dakota, Randy Schmitt & Ralph Bucholtz.

**RENDEZVOUS MS WALKER 346H**

We're getting some heat from our herdsman, Trevor Kristjanson, with this heifer in the sale pen. She is the first to greet anyone touring & makes it known that she requires to be scratched. Her super quiet disposition is only one of the multitudes of reasons why she's been Trevor's pick since day 1. Hairy, thick, complete made & long bodied are also other reasons why she's a feature female. Sisters to this heifer have went to Steve Ganczar of Dauphin & Kwiatkowski Cattle of St. Lina, AB. It likely wouldn't take much effort to get this heifer halter broke & into your kid's 4-H program.

Kali 281H is right from the top of our keeper pen. As you can tell, she is a real powerhouse. Here's a heifer who would breed well with any Fullblood bull & pay herself off in no time. Extremely deep bodied, thick like gravy, she's so easy keeping a snowball ration wouldn't change her much. A big time opportunity for any Fullblood enthusiast. A sister sold in last year's sale to S&A Frericks of South Dakota. Stacey has been an avid believer in crossing Fullbloods with his black cattle to make those ultimate baldy calves.

It's a toss up between the two Commander daughters selling. Both stellar females in the making & very similar in build. The markings on 379H are perfect, and she adds a different twist of pedigree with the South African bull we used for a number of years, Draco. A full sister was one of the lead off heifers in last year's sale going to Quinn Wilson.

Without a doubt a feature Charles heifer & perhaps the best one we've offered to date. Hairy, thick, long spined & deep bodied, she holds all the natural Charles daughter characteristics. Her first bull calf will likely pay for herself, which makes it tough for us to part with her since we know full well the potential behind this awesome heifer. Full brothers to this female have sold to Moose Creek Red Angus, SK & RJG Farms Ltd, MB averaging \$7750.

A special heifer in our humble opinion. A red goggle eyed female with awesome hair, length, thickness & spring of ribs. We really feel this heifer is quite the catch. She would rank at the top end of most notable Fullblood herds. If we retained her to sell as a bred she would likely bring double of what she will sell for this spring. But since this is our one & only annual sale, we are offering her now, ready to breed to whoever you may choose. Maternal sisters to this heifer have sold to Jeff Watson, SK, Yaciuk Farms, MB, Bergman Family Farms, SK & Michael Chapelaz, MB.

Opportunity knocks with the first polled Charles daughter we've ever offered. It's no secret how popular these polled Fullbloods have become. 478H is a very real gem. Just like all other Charles offspring, she has that signature look & style that sets this bloodline apart. Lots of rib, length & all around thickness in this heifer. A full brother was selected by Scott & Brittany Ingelbeen of Ste Rose in last year's sale. Scott has been a huge fan of the Charles bloodline & was thrilled to add a son to his program.

Shut the front door, you won't believe this heifer won't even be a year by sale day! Here's a long bodied, thick made, performance kind of heifer. Tons of hair, she will stay warm during those winter blizzards. A sister sold in last year's sale to Ferme Forbelle S.E.N.C. of Quebec. Two brothers are working at Belle Plaine Colony, SK along with another set of brothers at New Pine Colony, AB & LeGall Farms Ltd., MB.

Here's a sweet made heifer out of a 14 year old SU Paramount cow. Talk about productivity & longevity here. The mother of this heifer is due to calve again this winter & shows no signs of slowing down. Her production record has been incredible. 2 full brothers to this Charles heifer have sold to Bar 7 Farms Ltd & Darrel Goosen, respectively, both from Kelwood, MB. Another full brother sold for \$10,000 in our 2019 sale where he was picked out by Mitchell Wall of Edam, SK. We could go on about the merit of this young heifer but will spare you the preaching, plain & simple, she could be a goldmine.

An easy keeping, moderate, yet lengthy heifer who's not extreme in any way but will go out & be a fair size mother cow. Great hair, deep bodied with a wide top, here's a heifer who should be a sound investment. Her maternal sister was one of the feature Fullbloods in last year's sale. She is now working in the elite herd of Wilson Stock Farms. Quinn has purchased 12 heifers from us in the last few sales. We greatly appreciate his support of our program & his tremendous love of the Simmental breed.

A dandy of a heifer. Feminine, clean in her lines, deep bodied & easy keeping. Her dam is a standout Charles cow who will be a front pasture female in our herd. Ron Boerchers just down the road in Laurier was unable to attend the sale last year but gave me an order to pick out & buy a bull that would be suitable for his program. I selected a brother to 401H. Ron who's a very keen cattleman tells me this is perhaps his best Simmental bull yet. Bid with confidence on this Banquet female, she's worth it.

## Terms & Conditions

**TERMS** - The terms of the sale are cash, cheque, Mastercard, Visa, and Interac payable at par at sale location. The right of property shall not pass until after settlement is made. Transcon Livestock Corp. reserves the right to require a certified cheque as settlement before releasing any sale cattle. Should any purchaser fail to settle for his purchase Transcon Livestock Corp. reserves full power to resell the animal to the best advantage either publicly or privately, without further notice. Any loss arising from such resale together with keep and all other expenses shall be payable by the defaulter. All settlements must be made with the clerks of the sale before any cattle will be released.

**BID** - Every animal consigned to the sale must be sold by auction. No private sales will be allowed except as otherwise provided for in the terms and conditions. No by-bidding will be permitted. Each animal will be sold to the highest bidder.

**SALES TAXES** - Applicable sales taxes will be charged on semen, embryos and trucking fees (if listed), respective to the home province of the buyer, not the seller.

**DISPUTES** - In cases of disputes, bidding will be reopened between the parties involved. If no further bid is made the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.

**PURCHASER'S RISK** - Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable length of time.

**INFORMATION SUPPLIED** - The information contained in this catalog is believed to be true and accurate. However, the information has been supplied by the seller and neither Transcon Livestock Corp. or Jamesway Enterprises Ltd. assume any responsibility if the information supplied is not accurate.

**CATTLE PICTURES** - The images in this catalog are believed to be accurate representations of the individual animals. Transcon Livestock Corp. and Jamesway Enterprises Ltd. assume no responsibility if the images as received have been altered.

**ANNOUNCEMENTS** from the auction block will take precedence over the printed matter in the catalog. Buyers are therefore cautioned to pay attention to any such announcements.

**CERTIFICATE OF REGISTRY** - A registration/recordation certificate issued by the applicable breed association and duly transferred will be furnished to the buyer of each animal after settlement has been made. It is the responsibility of the buyer to determine the acceptance of this certificate in any

other association.

**SHIPPING** - Assistance will be given in making shipment after the sale but no risk is assumed by the Sales Management or Seller. Expenses incurred are the responsibility of the purchaser. Purchasers are requested to furnish shipping instructions when making settlement.

**BREEDERS GUARANTEE** - As per applicable Canadian Breed Association Breeding Guarantee guidelines. Copies are available at the sale settlement desk to be picked up by the buyer at any time. In no event shall the seller be responsible for crediting more than the purchase price. No cash refunds. A credit shall be applied if the animal in question is deemed not to be a breeder. The term breeder is defined in the Canadian Simmental Association guidelines.

**EXCEPTION TO GUARANTEE** - In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, the guarantee shall be null and void.

**HEALTH** - It is the buyer's responsibility to determine health requirements for importing any animal into his province or state. Transcon Livestock Corp. assumes no responsibility for the health status of any animal in the sale.

**ACCIDENTS** - Although every precaution will be taken to protect the safety and comfort of buyers, neither the Sales Management, auctioneer, consignors, or Association assumes any responsibility in this matter and disclaims any liability legal or otherwise in the event of accident or loss of property.

**RIGHTS AND OBLIGATIONS** - The above terms and conditions of the sale shall constitute a contract between the buyer and the seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

**TRANSCON LIVESTOCK CORP. IS AGENT ONLY** - It is to be clearly understood that Transcon Livestock Corp. is only acting as a medium between buyer and seller and is not in any way responsible for any failure on the part of either party to live up to his obligations, neither does Transcon Livestock Corp. assume any financial obligations to collect or enforce collection of any monies between parties, and any legal action that may, in exceptional cases, be taken, must be between buyer and seller.

The Auctioneer shall have the right to refuse bids from anyone who has a previous record of default in payment or who has not made proper credit clearance prior to the sale with the owner or Sale Managers.
