

Sunny Valley Simmentals

31st Annual **BULL
& FEMALE
SALE**

**New
Location**

Wednesday, March 10, 2021 at 1:00 p.m.
at the Ranch - Hanley, SK

Welcome to the 31st Annual Sunny Valley Simmentals Bull & Female Sale. We are excited to host you for the first time at the ranch! Moving the sale home is something we have always wanted to do and given the situation in the world today we felt the time was right. Having the sale at home will benefit the bulls and females the most by being able to stay in their home pens without the stress of hauling them to Saskatoon. Also new this year, the sale will be conducted by video with the cattle being penned right outside the barn for viewing. This too will make the day easier for the cattle. The cattle look best in their home environment and we are excited for everyone to view them! This year's offering is one that we are very proud of with many of the bulls being sired by our past high sellers. We like using our own sires as we know more about them, their development and the cow family behind them. These bulls are not just excelling in our program but throughout the entire industry. We are very proud of the job the Sunny Valley bulls are doing in the industry. The offering this year is diverse genetically and full of fresh new pedigrees for our repeat customers. We encourage you to come view the offering prior to sale day at your own convenience. We would be happy to show you the sale offering as well as their mothers. We know that this year is different than anything we have ever seen, but one thing that hasn't changed and that is our commitment to this industry and offering an elite set of bulls and females for your appraisal. Thank you for your interest in our program and hopefully we can see you March 10 at the ranch!

Wayne & Linda Libke
 PH: 306.544.2651
 Cell: 306.221.4210

Sunny Valley Simmentals

Bull & Female Sale

Wednesday, March 10, 2021 at 1:00 p.m.
at the ranch - Hanley, SK

Sales Staff:

Ryan Dorran, Auctioneer 403.507.6483
Ringmen
Taylor Richards 306.821.4169
Craig Flewelling 403.556.0515

Sale Day Phones:

Wayne Libke 306.221.4210
Tyler Libke 306.544.7633
Scott Bohrson 403.370.3010
Taylor Richards 306.821.4169
Martin Bohrson 306.220.7901

Delivery Options:

Option 1 - \$50 off per lot if picked up sale day
Option 2 - Free delivery to central points in Saskatchewan, Alberta & Manitoba as soon as possible after the sale, at the seller's convenience. In most cases we will be able to delivery directly to your yard, but do ask for your cooperation if needed.

Option 3 - Bulls may be left at the farm free of charge until April 15, then picked up or delivery arrangements can be made. All bulls returning to the farm must be insured.

Semen Collection: Sunny Valley reserves the right to collect semen on any bull in the sale for in herd use only. Semen will be collected at the seller's expense and the buyer's convenience.

Health & Fertility: All bulls will be semen tested and sell fully guaranteed. Bulls and females are on a full vaccination program that includes. Inforce 3 (at birth), Pyramid 4 with Presponse (spring & fall), Tasvax 8 (spring & fall), Ivomec (Oct & Jan). Bulls are also double vaccinated with fusoguard for footrot.

US Buyers: Sunny Valley will do the necessary health testing at cost for bulls and females. Delivery will be provided to the border.

Insurance:

Crossfield Agencies
Cassie Dorran 403.586.1699
Camille Scott/Michelle Marko 403.369.1791

Terms & Conditions:

These bulls sell under the standard terms and conditions set forth by the Canadian Simmental Association.

On Offer: 25 Red Yearling Bulls
13 Black Yearling Bulls
5 Fullblood Yearling Bulls
9 Replacement Heifers

Year in and year out, the Sunny Valley program has been getting it done by offering the very elite genetics to the industry to enhance the breed. The passion they have for breeding excellence is incomparable as they have lived and breathed Simmental cattle for decades on end. This desire has propelled their program into a world recognized source for the very best genetics and they have done it once again with this 2021 offering as it is impressive to say the least.

Betts commanded \$120,000 two years ago through the Sunny Valley Sale and he has gone on to be one of the very best breeding bulls the industry has ever seen. The first set of daughters averaged \$18,250 last fall and the sons on offer here are extremely strong and don't disappoint. Not to be outdone by Betts, the awesome breeding Tycoon bull sold right after and commanded \$77,500 and has been an exceptional breeder as well. Both bulls are enhancing the programs that utilize them and it is a great testament of the quality that you find here. The entire 2021 red bull offering is deep in quality to say the least and you won't be disappointed when touring this pen as the generations of pedigree have bred on and give you multiple options of bulls to select from.

The black bull program is always sought after and many stem back to the \$190,000 Captain Morgan that is still considered one of the great breeding bulls the breed has ever seen. The addition of Walks This Way has been a wise investment and his foot quality, udder strength and maternal value has been admired. This is an offering of power bulls with a calving ease option as well and the cow family strength throughout is to be admired. The black offering is select on numbers but same strong quality that we've all seen from this program and there are certainly some special individuals in the section.

This fullblood section at Sunny Valley always kicks out big time herd bulls for commercial and purebred breeders alike. The cow families represented are highly productive and the small numbers of fullblood cows have had a big impact on the success in the breed itself with leading bulls like Canon, Freedom, Dakota and females like the dam of the \$165,000 Reputation bull ... this program can produce them on both sides of the pedigree. This select handful checks off all the important boxes and their are some heavy power bulls plus a very special homo polled calving ease bull that has a bright future.

The Sunny Valley bulls have sure made an impact on the industry and there are bulls in every price point to suit your buying needs. As strong as the bulls are, don't overlook the select group of females they have in the sale as they're carrying the same strong genetics as these bulls and are the type to build around. We encourage you to stop in at Sunny Valley and view the bulls and strong cowherd and if we can be of any assistance, please call/text us and we would be excited to represent your needs. Note the new location on the farm in the rolling hills east of Hanley and we look forward to visiting with you on sale day.

Best regards,

The Bohrson Marketing Team

 WHEATLAND BULL 680S
SVS BLK JENNA 65A
 SUNNYVALLEY BLK JENNA 88U

Homo Polled. SVS Knight 44H is one of the thickest, heaviest muscled bulls in the pen. He has that signature Betts stamp that all the Betts progeny have. Betts was the \$120,000 high seller in our 2019 sale and we sure are proud of the job he is doing in the industry. His calves are so consistent, they are the talk of the breed. 44H's dam is no slouch either, a direct Jenna female that knows how to raise the good ones! A stacked pedigree on this beef machine, look for Knight to produce exceptional steers and heifers.

Homo Polled. Another Betts son that is huge muscled, dark red and has really good feet. 39H is easy to find in the pen for his explosive muscle, imagine a pen full of steers with his butt end! He is a maternal brother to the \$75,000 Tycoon. 411B is one our best cows and every year you can count on her to crank out a good one! She already has an SVS Bond bull that looks awesome this year. Another solid beef bull backed by an excellent momma cow.

SVS BETTS 808F
WFL RED SAGE 506C
IPU RED DEPUTY 25C
SUNNY VALLEY PRIDE 38E
SUNNY VALLEY PRIDE 27Z

Homo Polled. The name Tank certainly fits for 53H. He is a moderate framed Tank. It's hard to believe you can pack this many pounds into his moderate frame. Tank was the number one bull in his group for adjusted weaning weight at 962 lbs. and has continued to perform with an adjusted yearling weight of a whopping 1628. His Deputy mother comes from the same cow family as our high selling bred and calf at Simmsational last fall as well as producing the Sunny Valley Pride bull that sold to East Popular Simmentals and the Sunny Valley Wise Guy bull that worked so well for Workman's in Manitoba. Tank is one of the feature Betts sons we have to offer.

 WFL ABSOLUTE 51Y
ULTRA MISS CAREY 44D
 ULTRA MISS CAREY 30B

Homo Polled. Titan is the power house of the pen. He is an exceptionally long heavy muscled bull that comes in a dark red package. The easiest way to add pounds to your calf crop is by adding length and Titan should supply that, The Amber Jack daughters are calving here now and they are making the kind of cows we like. We have three full sisters to Titan for next year that we are looking forward to getting into production. A full brother sold in last year's sale to Camden Cattle Co. Titan's Dam, Carey, was one of the feature bred in Friday Night Lights the year we purchased her. She has turned into a big solid beef cow.

Homo Polled. A Limitless son who was purchased in dam from the highly respected Deeg family. 68F is a beautiful young cow who already has another awesome bull calf at side sired by SVS Bond. 16H is a long spined, good footed bull that will add growth and performance to a set of calves. His sire, Limitless, is known for his females so expect some awesome heifer calves from 16H as well. A solid, no nonsense kind of bull that we wish we had more of.

Homo Polled. Haze is a square made, hairy easy doing bull that is sound in every way. He provides a well-balanced EPD profile that provides calving ease numbers that say he should work well in the heifer pen as well as strong performance numbers and excellent maternal traits. His dam Blanche 348F was purchased from WLB Livestock in the fall of 2019. She has developed into a moderate, easy fleshing cow, with a great udder that we are excited about her future.

SVS BROOKS 669D
SVS TYCOON 841F
SVS RED ANNIE 411B
WS BEEF KING W107
HLTS SAMMIE
BRANT DONT YA LOVE ME

Homo Polled. SVS Rancher 42H is a bull that we are very, very high on. We believe that he ranks among the elite that we have ever produced. He is so complete, well balanced and flawless in his design. He is ideal in his structure and stands on a big, square hoof. Dark red, excellent haired and equally as good on paper as he is in person. Rancher's pedigree is one that we have a lot of confidence in. Sired by Tycoon, a \$75,000 high seller from 2019 that bred extremely well in every operation that he was used. Unfortunately, we only got one bull calf, but you should see the heifer pen! The top individual in there is also sired by Tycoon. Rancher's dam is a donor female that is absolutely perfect in her udder structure and foot quality. She is one impressive cow! Sammie was dry the summer prior to having Rancher, as she was left open to flush, which no doubt added a few extra pounds to his birthweight. SVS Rancher is a big time herd bull and one that has as much breeding potential as any we have produced.

NCB COBRA 47Y
NCB MISS DREAM 22T
MAF R HORIZON 7Y
MAF TWISTED STAR 66A
MADER TWISTED SISTER 25Y

Homo Polled. Hydro is a dark red super hairy, moderate made bull that puts it all together nicely. He is a transplant son of Twisted Star and the great Cobra. This is the fourth son we have produced from this mating. Last year three full brothers were very popular at the sale and sold to Ken & Pat Habermehl, Jeff Fitzsimmons and Rodney Reidt. A full sister just calved here a week ago and is a beautiful first calver with an excellent udder. Hydro is a young herdsire that will produce a very useful functional set of females that you will want a whole herd of. Hydro comes from both black parents so he is a non-dilutor.

Full Brother

97	821	1352	6.9	3.5	64.8	93.9	26.6	3.3	59

Hetero Polled. 70H is sired by an IPU Red Deputy son that we used on a few cows for cleanup. He didn't make the sale that year because of an injury but recovered enough for us to use him a bit ourselves. We were impressed enough with the calves that we used him again this year. 70H is a moderate framed, super hairy, easy moving bull that is nicely put together. He comes from a strong cow family. We have 2 maternal sisters in the herd that we are very happy with. One is the dam of Sunny Valley Hugo 5H.

Sire of Lots 12 & 13

Homo Polled. Heifer Bull. Astro is a bull that is made for the heifer pen both physically and genetically. He has 3 of the most heavily used and dependable calving ease bulls in his pedigree. WS Epic, Sheriff and WFL Absolute. His 15.8 calving ease EPD puts him in the top 1% of the breed and he is in the top 2% for birth weight. He also has well above average weaning and yearling performance numbers. His Sheriff Dam is the first calf off our Carey Donor female. She did a very respectable job weaning him off at 825 lbs September 5. She has a tight neat made udder that is full of rich milk.

21H has been the Epic son that has caught our eye in pasture tours all year long. He has continued to develop into an impressive herdsire prospect. He is very dark red in color and has a great hair coat. When you get behind 21H you will see a bull with loads of thickness and muscle. With Epic being his sire he provides a good blend of calving ease and performance. His dam is a dark red blaze faced cow that has quietly done an excellent job here. A maternal sister to 21H was one of our feature breeds at Simmsational last December.

Homo Polled

71H is a really attractive blaze faced female that will make an excellent cow. She is full of performance and will be a herdbull producer. Yes she does have a bit more birth weight but calving ease and calf vigour is more important and 71H was born easily and up within minutes.

Homo Polled. Twin.

49H would rank among the very best females that we have sold in our bull and female sale. A Tycoon daughter that is big ribbed, dark red and excellent haired. She has great feet and is out of a really good red blaze faced Captain Morgan daughter. We are retaining 49H's full sister and are excited about both females futures. Invest with confidence here, this one is really special!

A top performing Epic heifer that should make a very productive cow if she is anything like the rest of the cows in her family. She has a very well balanced set of EPD's with lots of calving ease, good performance and strong maternal traits. A maternal sister sold in last year's sale to Deeg Simmentals.

Win a \$2000 Sale Credit

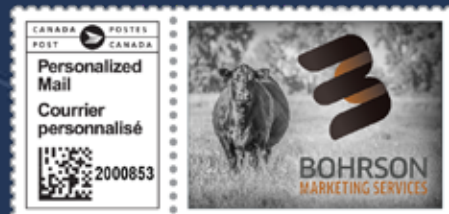

Purchase a bull from any current Saskatchewan member, and when the registration papers are transferred you are entered to win a \$2000 sale credit! The draw will be made at the SSA annual general meeting in July and the lucky winner will have one year to use the credit at any public auction or private sale on bulls or females purchased from any current Saskatchewan member.
