27th Annual  
**Southwest  
Bull Development  
Centre  
Bull Sale**

**Saturday, April 10, 2021 - 1:00 PM  
At Batho Farms - Oak Lake, MB**

*Message*

Welcome to our 27th Annual Southwest Bull Development Centre sale. A little over 27 years ago a group of progressive breeders gathered at Melita one evening and discussed the idea of starting this development centre. Some of those breeders have moved on, both with their own sales or dispersed their herds. But one thing that has not changed is that the Development Centre is still located at Oak Lake. The bulls are fed in a large area allowing lots of exercise to grow and develop. The ration of 50% Grass/alfalfa hay, 47.5% oats, 2.5 % Supplement in a self-feeder, and is designed for a gain of 3lbs./day.

All the bulls have passed a semen evaluation before the sale. They have been tested and are negative for types 1 & 2 BVD. The carcass data has been collected and will be available on sale day.

The sale is at Batho Farms Ltd. and online at DLMS.ca. The bulls have been videoed in mid March and clips of each bull will be presented during the sale. We encourage everyone to come at anytime to view bulls at the development centre before the sale.

If you have any questions or are unable to attend the sale and would like to discuss the bulls feel free to call Ron, Albert or any of the consignors listed in the sale catalogue.

This thick red bull sired by Wheatland Cattle Co.'s Epic 152 who continues to impress with each calf crop. Raised by a first calf female from Erixon Simmentals, this bull has great potential to sire many quality calves going forward. His length of body and calving ease pair well with heifers and mature cows alike.
