Yearling & Two Year Old Bulls**

North

Annual Bull Sale

**Sunday, April 11, 2021 1:00 PM
Spiritwood Stockyards, Spiritwood, SK**

Clevelands Farm | Werstroh Farms Ltd. | Casbar Farms

Welcome

From the desk at T Bar...

Welcome to the "Spirit of the North" Annual Bull Sale, Sunday April 11, 2021 at the Spiritwood Stockyards, Spiritwood, Saskatchewan. Werstroh Farms Ltd., Cleveland's Farm and Cas Bar Farms combine their breeding efforts to provide a powerful group of beef bulls representing three breeds... four now with the Red Angus component. The 2021 edition is powerful across the board whether you are looking for yearlings or two-year-olds, they represent the mainstream breeds of the livestock industry.

The Simmentals from Werstroh Farms are exciting. Deep sided, full of muscle and shape, lots of testicle and hair, optimal in frame size and birth weight... this is what the beef business is all about. The black bulls are sired by the consistent producer "Walker" ... you will appreciate their uniformity. The red bulls feature the progeny of new bulls "Erixon Lad" and "Absolute" in addition to the proven "WILC Ed" and the heifer bull "Triple Play". This lineup of yearling bulls needs to be seen to deeply appreciate the depth and strength of the program... red, black or blaze! Checkout the performance benefits low birth weights with a huge spread to weaning and yearlings weights.

Lionel and Clay at Cas Bar Farms bring the best set of bulls they have ever produced. Many are A.I. sired by industry leaders and in the selection of sires to be used, birth weight and calving ease, without sacrificing performance, were the key selection tools. Several of the yearlings are sired by their new herd sire, "HVA Felix" a bull which will see a bigger workload in the years to come. The two-year-olds are rugged and powerful... thick topped, long sided, and ready to cover lots of cows in big pastures. We all know the value of char-cross calves as you are rewarded by both price and pounds... it is a win-win scenario! The Cas Bar program is built on passion for livestock and a knowledge for selection!

The Angus section of this event is supplied by Cleveland's Farm. Each year they consign a top set of two-year-old bulls ideal for the pastures of northern Saskatchewan. Many of the bulls are A.I. sired by industry leaders. New for 2021, are Red Angus bulls by two sires.... "Specialist" and "Spyder" ... here is your chance to acquire a two-year-old sire that can work in the heifer pen and the big pasture. The Cleveland's Farm bulls are grass run all summer to ensure soundness and ready to cover lots of ground, and get your cows bred.

Plan to stop by any of these operations prior the sale, see the bulls in their natural environment and checkout their mothers. The bulls will be at the sale barn the day prior to view or just call Randy, John, Dallas, Lionel, or Clay to discuss the bulls and those that would fulfil your breeding requirements. This is a top set of beef bulls... plan to be with us in person or online... it will be worth a Sunday!

If we may be of assistance, prior to or sale day, feel free to contact any of the T Bar Team or myself, we will help you in a professional manner.

CHAROLAIS

The Percentage Calving Chart

1. An average cow of any breed should be able to calve 7% of her body weight.
2. Most Charolais and Simmental cows will weigh between 1400-1800 lb., expected calf weight to range from 98 to 126 lb.
3. Most Red Angus and Black Angus cows will weigh between 1200-1600 lb., expected calf weight range 84 to 112 lb.
4. Calving ease is more important than birth weight because a longer sided calf may calve easy, but the birth weight is higher.

(see 7% Calving Chart below)

Birth Weight & Calving Ease

University studies in Wyoming and data from Montana and Colorado lend credence to the following conclusion:

1. The birth weight itself influences calving ease by 65%
2. The female has 60-70% influence on birth weight of her calf.
3. The bull has 30-40% influence on birth weight of his progeny.
4. Pelvic measurement and angle as well as the shape of the calf have 35-40% influence on calving ease.
5. Length of gestation greatly affects birth weight. A fetus can gain over one pound per day in the last days of gestation.
6. Weather and temperature the last 30 days affect the length of gestation.
7. Size and maturity of cow influence calving ease.

ANGUS

Angus Calving Ease

- *** Recommended for use on heifers for little to no assistance on normal births
- ** Recommended for use on larger heifers for minimal assistance on normal births
- * Recommended for use on cows

| 7% CALVING CHART | COW WT | CALF WT | COW WT | CALF WT | COW WT | CALF WT | COW WT | CALF WT |

Simmental

Werstroh Farms Ltd.

Well here we go again. Hello and welcome to our annual Spirit of the North Bull Sale. I'm sure we are all glad to say goodbye to the year 2020, but if there is a positive, it's that the cattle market has stayed very strong.

We are bringing a very strong set of bulls to town again for our April 11th sale, whether it be black or red or a power bull or calving ease, we think we have all that you may desire. Also, we have a few new bloodlines for your inspection. Please feel free to call us with any questions that you may have about our offering.

If you are unable to make it sale day, give Brian or Justin a call at the Stockyards or any of the T Bar C staff and they will be glad to help you out. We always recommend coming to the farm to see the bulls before the sale.

See you all April 11th at the Spiritwood Stockyards.

Thanks,

Randy and Carol Werstroh

- 35H is another very good, polled grandson of Mader Walk This Way that shows excellent potential to become an above average herd sire.
- These black bull calves, like their sire, are very beefy and sound.
- Here is an excellent calving sire group that will produce moderate sized cattle with great performance.
- A birth weight of only 84 lbs., out of a heifer.

- This bull is solid made, soggy, wide and has an amazing hair coat.
- The kind of bull that will add style and performance to all of his offspring.
- From a very good milking, first calf heifer.
- These Triple Play calves come easy, have a ton of vigor at birth and don't slow down.
- Only 83 lbs. at birth.

- This bull has a combination of calving ease and power all stacked up in his pedigree.
- Once again sired by the Walker bloodline that has been heavily used in our operation.
- Was one of our top picks in the black pasture all summer.
- His dam is one of the exciting up and coming young females on the farm and she has done a great job on this bull calf.
- If you are looking to improve udder and add hair, this guy checks all the boxes.

- This is an impressive, solid red son of Ed with built in calving ease and low birth weight yet exhibiting excellent performance in his weaning and yearling weights.
- 73H will add extra muscle and performance while keeping lower birth weights.
- His dam, 47E is making a very good name for herself around here, always having a smaller calf at birth, but one of the best and biggest in the fall.

- In our opinion, this black baldy bull is one that you will drive a lot of miles this spring to find one better and probably wear out a truck or two, especially if you drive anything but a GM.
- He is thick made, big barreled and a very easy doing kind of bull.
- His natural softness, eye appeal and excellent disposition are some of his attributes.
- His dam raised one of our top black bulls last year and did it again this year. She has a perfect udder, huge capacity and is the kind of cow we all wish we had more of.
- Plain and simple, a great herd sire prospect.

- A big thick dark red, hairy son of the Westcott bull.
- We are so impressed with this new bloodline.
- He is a total chunk with a huge hip and a wide top.
- This bull has power written all over him.
- Has been one of the heavy weights all winter.
- This bull should make an extremely impressive steer pen next fall.
- If you like your bulls thick, hairy and damn good, look no further.

Charolais

Cas Bar Farms

This past year has been a time that none of us could have ever imagined. COVID has created many challenges and at times, has made us change the way we do business. One thing that has not changed is my family's passion and dedication to bring the best group of bulls we have raised, to date, to our annual bull sale!

We have bulls that will fit anyone's program. Our bulls are selected for function, performance, and longevity. We pay special attention to high maternal traits, calving ease, hair and disposition. There are even a few tan bulls for ranchers that like color! Most of our bulls in our sale are the result of AI sires, used extensively throughout the Charolais industry. There are some yearling bulls off of our new herd sire, Felix, a "Duty Free" son. We are very pleased with his calves, as they are easy fleshing and extremely quiet.

All bulls will be semen tested and a veterinary certificate will accompany their bill of sale. This year, as an added feature, all bulls will be treated with an initial shot of Fusoguard for footrot prevention.

Let us help you find the right bull to best suit your program! We invite all interested buyers to stop in at our farm to view our bulls, prior to the sale. Please do not hesitate to contact myself (Lionel) or Clay, to answer any questions you may have regarding any of our bulls. We look forward to hearing from you!

Lionel, Debbie, Kira and Clay

Attention cattlemen that must have calving ease! This bull was born at only 80 lbs. and right from then on did nothing but grow. Frederick is a long bodied, wide topped bull, backed by a proven pedigree that takes the guess work out of his breeding. His sire is the \$107,000 Sparrows Braxton bull, and out of the pick of the bred heifers from Beck Farms that we purchased three years ago at the Canadian Western Agribition. There is no doubt that Frederick's calves will come with ease and do nothing but grow.

Here is our one and only embryo transplant calf in the sale this year. We got six full siblings out of our embryos two years ago. One bull calf and five heifer calves. We could argue that any of the five are our best bred heifers, and we could make that same argument that this bull is one of the best in the pen. He is a moderate bull, with as much barrel and spring of rib as you will find.

Another Provincial son who has made many friends in the bull pen. CBF General has a nice small head and is very smooth through his neck and right into the shoulders. Provincial was a bull that we sold to Marc Brochu from Hafford, SK two years ago. We thought so much of the bull that we drew semen on him. We love our Provincial calves for their vigor and performance right from day one.

Black Angus

Clevelands Farm

John, Sherri, Denon, Dallas and Amy Wreford
Em and Q

Welcome again to our annual Spirit of the North Bull Sale. Thank you to all past bidders and buyers, welcome to those who are new. This year has been a challenging one, COVID-19 has created some obstacles, however, we know it has for everyone.

As always, we only offer and sell two-year-old bulls. We find these bulls are able to develop and mature better, so they are ready to work. These bulls are able to handle more females, plus maintain themselves. We are very proud to offer this year's set of bulls; they are our most uniform animals to date.

New to our bull pen this year are red bulls. Included are offspring of these calving ease bulls, Specialist and Spider. These bulls have grown well over the past couple years and are ready to fulfill their potential in your herd.

We have been working hard towards introducing more calving ease and performance bulls to our herd. Over the years, we have felt that our bulls have improved in both of these areas. We hope that you find a bull that fits your needs, be it in the heifer pasture or out with the cows.

All bulls are double vaccinated with Fusogard to help prevent footrot.

We encourage you to come and preview the bulls ahead of the sale date at the ranch. Or come on Friday, April 9th and Saturday, April 10th at Spiritwood Stockyards.

If you are unable to make it sale day, bidding can be done on DLMS or over the phone with Brian and Justin at Spiritwood Stockyards. You can also contact the T Bar C sale staff to assist in your selection.

We at Clevelands Farm would like to thank you for your trust and interest in our program. If any questions arise please feel free to contact John at 306-468-7648 or Dallas at 306-468-7715.

Notes

Terms & Conditions:

Terms:

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final.

Announcements made from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

Certificate of Registration:

Each animal will carry papers issued by the Canadian Angus, Charolais & Simmental Associations unless otherwise specified. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

Pedigree Estimates:

Pedigree Estimates (PE) are created on the projected mating of the animal's sire and dam based on averages of the two, creating estimated values that do not hold the same accuracy of actual EPDs issued from the association and should be used as such.

Health:

All animals in the sale have met all necessary health requirements.

Guarantee:

Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the breed associations with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness.

Liabilities:

All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability, legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any obligations to collect or enforce collection of any monies between parties and any legal action that may, in extreme cases, be taken must be between buyer and seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility of any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

Phone, Mail & Wire Bids:

Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

Insurance:

We strongly recommend that insurance is purchased for full value.

Errors:

All announcements at sale time, written or oral, supersede any written material in the catalogue.
