FROM THE DESK AT T BAR...

Welcome to the Fourth Annual Bull and Female sale here at the ranch headquarters in Hartney, MB. This ever growing program has become a household name for their breeder support within the industry and superior Angus product that you will witness through this very catalogue. Their intensive AI program matched with the high quality of females as the nucleus of their herd have made their 2021 offering exceptional.

The bulls represented are the kind you want to obtain in your own breeding environment. The Resource sons are what come to the front with 16 to choose from, in which many will be 3/4 to 7/8 brothers, that makes so much consistency for your next calf crop. Raindance sons sure are an eye appealing type of cattle with excellent data. The Rito sons have all the credentials one would look for, and always please pay close attention to the Angus Valley and Ten Speed sons that are always well accepted.

Also this year we have 10 open females from the heart of the herd that have unlimited potential to become your next front pasture female. Starting off with an exceptional Resource daughter that has a very bright future.

The Bertholet family need to be commended on their first class offering of Angus cattle in 2021. Their interaction within the breed and sourcing the best possible genetics is like none other. Their attention to detail with their cow herd and exceptional yard set up is worth the drive to see. We at T Bar C are proud to endorse this young family who have devoted their entire lives to the ag sector. For any info or questions please don't hesitate to call or text.

See you at SBF!
