Welcome to the 2021 Supreme Speckle Park Sale. We'd like to thank the past bidders and buyers for the support of our program. Notta Ranch, along with, Spots 'N Sprouts are excited to have Jesse Waldner and Back Country Ranch join us at this year's sale. If you are new to our sale format you're in for an experience you won't soon forget, we are the original Speckle Park on farm sale. The way the sale families work together out back to get the cattle ready to run live through the ring creates an exciting atmosphere that you'll want to see in person. We have worked hard over the years to create cattle with our breed's longevity in mind. Our strict culling process is a true attribute to the success of our customers.

To say that last year hasn't been challenging would be an understatement. We all have had to learn resilience and adjust in ways unimaginable. For us as a family, we took the COVID lockdown as an opportunity to come together even more. We are so grateful for the agriculture industry for giving us reason to keep moving forward everyday. We focused on guiding and teaching our daughters even more about the industry even among these uncertain times. Sara and I are confident we have used this time wisely and are secure in knowing this is the first of many generations to carry on and continue building what we have started.

We are extremely excited about the bulls on offer this year. Proven pedigrees always seem to rise to the top. Building these cattle has been a passion for us and to see the outcome of our commitment to quality makes it both rewarding and humbling. These special individuals have raised the bar and will continue to take the breed to new heights. Our bulls have been developed on hay and a backgrounding pellet. This insures that the bulls are not over fed and will have exceptional foot quality. We purposely breed cattle to be attractive, sound and functional. Here's to a great sale, breeding season to all and positive times ahead as the world rebounds from a tough year.

## SALE PARTNERS...

It is sale time again and we are happy to say we have the largest and most consistent group of two year old bulls on offer this year that we've ever had. We must warn you though, this will be your last chance to add a Custom Chrome bull or heifer to your herd. Custom Chrome has given us some great offspring but he's now been shipped. If anyone wishes to stop by the farm to look at our offering before sale day you are more than welcome to do so.

We were happy with the large group of heifers we had to pick from for the sale. We guarantee they will be palpated and open on sale day.

We were fortunate to have Ravenworth Cattle, Gary and Donna Berting and Family, from Middle Lake as sale partners for several years but they have now put together a Speckle Park/Angus Sale closer to home. We will miss you Gary and Donna but wish you all the best at your Momentum Sale on April 9 at St. Denis.

We welcome some new blood to our sale this year. We have Bruce, Deb, and Cory Schapansky as well as Jesse Waldner joining us as guest consignors. We wish these reputable breeders all the best on sale day.

Once again we wish to thank Notta Ranch for hosting the sale and T Bar C for the excellent job they do of managing it. We wish all the contributors and buyers another good sale day on Friday, April 16.

## GUEST CONSIGNORS...

We are excited to be invited into the Supreme Speckle Park Bull & Female Sale. We have up for auction four of our best heifers along with one great two-year-old bull. We purchased our first Speckle Park cows in the spring of 2018, but we are no strangers to the livestock industry. My wife Debbie and I have been running Bruce Schapansky Auctioneers for over 33 years.

Our son Cory manages Schapansky Trucking, hauling equipment across western Canada. Cory along with his wife Angie, who works at Kelsey Trail Health Region, and two kids Auystn and Cache live on the farm south east of Tisdale.

## FROM THE DESK AT T BAR...

Welcome to the Supreme Speckle Park Bull and Female Sale, Friday, April 16, 2021 at the Notta Ranch headquarters, Neilburg, Saskatchewan. Since the Speckle Park breed's early beginnings, Jason and Sara at Notta Ranch and John and Dale from Spots 'N Sprouts have been founders and "breed leaders!" In this the 2021 edition, they welcome two new guest consignors... Jesse Waldner, Waldner Land & Cattle and Back Country Ranch, the Schapansky Family. Although Back Country are relatively new to the breed, Bruce is not a rookie to the livestock industry being a successful auctioneer for over three decades.

The Supreme Speckle Park Bull Sale offers the largest lineup of two-year-old bulls both in number and quality. These bulls are grass run throughout the summer then brought in the fall and placed on a high roughage ration preparing them for the sale. The bulls are sound footed, well-muscled and ideal to cover more cows, bigger cows on any type of terrain. Born unassisted, they offer the calving ease factor without giving up performance. The yearling bulls in the offering have been selected from the top of the crop. Rugged with muscle and volume, lots of hair, style and offer the newest, freshest genetics in the breed. Several offer that competitive edge... something which is not new at Notta Ranch.

The heifers selling are exciting and full of opportunity. Whether you are looking at females due to calve, or the open heifers for your replacement pastures, selection is diverse both in phenotype and genotype. Whether you are an established Speckle Park breeder or a newcomer to the breed, do not overlook this lineup of females... good females are hard to find, and the past has shown us the ROI (return on investment) of this great breed. The semen and embryos offer new genetic packages to enhance all programs.

The demand for Speckle Park influence has increased from ripples to waves worldwide. Though one of the main credentials offered is the great carcass quality of Speckle influence cattle let us not overlook their calving ease, fleshing ability, feed conversion and optimal cow size.

Plan to stop by any of these progressive breeders any time prior the sale to select your seedstock requirements whether you are looking for bulls, females, semen, or embryos... feel free to give Jason, John, Bruce, or Jessie a call to discuss their offering and which animals will fulfil your needs. Plan to be with us for another chapter in the history of Speckle Park in person or online... it will be well worth the trip.

If we may be of assistance, prior to or sale day, feel free to contact any of the T Bar team or myself, we will help you in a professional manner.

# Birth Weight & Calving Ease

**University studies in Wyoming and data from Montana and Colorado lend credence to the following conclusion:**

1. The birth weight itself influences calving ease by 65%.
2. The female has 60-70% influence on birth weight of her calf.
3. The bull has 30-40% influence on birth weight of his progeny.
4. Pelvic measurement and angle as well as the shape of the calf have 35-40% influence on calving ease.
5. Length of gestation greatly affects birth weight. A fetus can gain over one pound per day in the last days of gestation.
6. Weather and temperature the last 30 days affect the length of gestation.
7. Size and maturity of cow influence calving ease.

Most commercial producers do not take birth weights. Guessing is as inaccurate as driving with a broken speedometer - what's thought to be 55 mph may in fact be 65 or 70 mph and what's thought to be 70-80 lbs. may be 80-90 lbs.

Remember, everything is relevant. Increased growth, frame and performance will increase BW. A longer-bodied calf will weigh more. If a calf is expected to have genetics for growth, it will display this prior to birth as well as after. As a rule of thumb, it takes a calf weighing 85 lbs. at birth to finish at 1200-1250 lbs. A cow should easily give birth to a calf weighing 8% of her own body weight. Thus, a 1200 lb. cow should give birth to a 96 lb. calf with ease.

**Continued selection for light birth weights will ultimately reduce the mature sizes and performance of your cattle.**

## TERMS & CONDITIONS...

### TERMS:

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

### CERTIFICATE OF REGISTRATIONS:

Each purebred animal will carry papers issued by the Canadian Speckle Park Association. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

### HEALTH:

All animals in the sale have met all necessary health requirements.

### GUARANTEE:

All sellers and buyers of Speckle Park cattle in this sale are expected to be knowledgeable of and to abide by the Guidelines for Seller and Buyer Expectations and the By-laws of the Canadian Speckle Park Association. These documents are available from the Association's office.

### PREGNANCY INFORMATION:

All serviceable age females have been pregnancy examined by an accredited veterinarian, giving an estimated length of gestation. This estimated gestation period shall be used only as a guideline to calving and is not a guarantee of actual service.

### LIABILITIES:

All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

### DELIVERY:

Every assistance will be given in getting your purchases home. Each animal becomes the risk of the purchaser as soon as sold.

### PHONE, MAIL, WIRE BIDS:

Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

### INSURANCE:

We strongly recommend that insurance is purchased for full value.

### ERRORS:

All announcements at sale time, written or oral, supersede any written material in the catalogue.

*Thank You* TO ALL OF THE BUYERS & BIDDERS AT THE 2020 BULL SALE...
