

TRIANGLE

STOCK FARM

10TH ANNUAL SIMMENTAL BULL & FEMALE SALE

FEBRUARY 22, 2021

MONDAY 1:00 PM AT THE FARM, PARKLAND COUNTY, AB

TRIANGLE STOCK FARM

WELCOME

Welcome to our 10th Annual Bull and Female Sale. Firstly, we would like to thank all of our previous buyers and bidders who have supported our program for the past 10 years. We appreciate our repeat customers and always enjoy meeting new ones and following up with your purchases. We have been breeding Simmental cattle for the past 30+ years and to have our 10th sale with some of the foundation cows still contributing is very rewarding.

We have an addition to the sale this year and would like to welcome Back in Black Simmentals – Sarah Leng to our sale as she is an enthusiastic, young lady who will be bringing two bulls and has started her herd with purchasing a few females from us. Over the past decade, like us we hope your breeding program has grown and advanced in the direction you had planned. I believe we have now established a cow herd with calving ease, performance, soundness and the type of females that reap rewards as far as return on investment. Our herd has become more economical in regard to cow size and percentage weaned off the cow. We have consistency with all the genetics we have incorporated over the years through A.I. and walking herd sires. The dams of these bulls do all the work until weaning and at that time the bulls are pail fed a textured ration alongside free choice hay and green feed. We have grown these bulls out at a rate to encourage them to go on into your program with little adjustment. Whether you

are looking for a Red or Black bull with calving ease or performance, I think we have a strong selection. If we can be of any assistance in selecting your next herd sire, please feel free to call us and stop by to look through them.

A select group of eight open purebred heifers will be on offer who will definitely go on and make productive females as their dams are what we strive to produce and are the type to put bulls in the pen. Pedigrees on these females are solid and will be a great addition to any herd. All heifers are halter broke and will be contributors moving forward. Our sale will be an ON-FARM VIDEO SALE in which the bulls and heifers will be penned outside for your appraisal and the sale will be in our heated barn. If you cannot attend sale day, DLMS will be hosting our sale online. Videos can be viewed prior to the sale either through Cattlevids or Buyagro.

We welcome you to view the bulls and heifers prior to the sale, the coffee is always on. As well, please feel free to contact anyone at T Bar C if you would like to use their services and Mark from DLMS will be here sale day to be of assistance.

Hi, I'm Sarah Leng and I'm the owner of Back in Black Simmentals. I would like to thank the Klepper family for letting be a part of their bull sale this year. My family got into Simmentals back in 2016 and I was so impressed that I purchased my first purebred females from Triangle Stock Farm in 2019. If you have any questions about the bulls feel free to give me a shout.

SARAH LENG

FROM THE DESK AT T BAR...

Welcome to the 2021 Edition of Triangle Stock Farm Simmental Bull and Female Sale, Monday, February 22, 2021, at the farm, Parkland County, Alberta just 30 minutes west of Edmonton. On this the 10th anniversary, the Klepper Family proudly present this powerful lineup of breeding stock for your appraisal. The strength and uniformity of the offering is founded through a powerful cow herd... deep bodied, good uddered, heavy milking and predictable.

The lineup of bulls will fit any type of breeding program... purebred breeder or commercial rancher. Red, black and a few with the "money stripe", many of these bulls are homo polled with optimal birth weights. Like their mothers, these bulls have lots of hip and muscle, plenty of testicle and tons of hair.

The open registered females on offer are paternal sisters to some of the bulls selling... bred and designed for foundation females and selected from leading cow families. Whether you are just starting or an established breeder, opportunity awaits!

Stop by the farm anytime prior to the sale for a preview of the offering and even check out their mothers. Do not hesitate to give the folks at Triangle a call to discuss bulls that will fit your breeding requirements and aid in moving your program forward. Plan to be with us February 22nd for this feature event... if not in person, then join us online.

During these times, feel free to call anyone on our T Bar C team to discuss or purchase any of the cattle offered. We have graded every animal and will be pleased to assist in a professional and confidential manner.

E P D	CE	BW	WW	YW	MILK	MCE	MWWT
	6.0	6.0	90.4	135.5	24.4	4.7	69.6

This bull's full sisters rank high in our herd and his brother who we sold at the 2017 Red & Black Sale has no doubt been consistent and predictable as you will see some sons here in the bull pen (Lots 23 and 25) and heifers in the sale (Lots 30 and 32) as well as in the replacement pen. 34H has length, dimension and structural correctness along with a stacked pedigree. Hooey has a great disposition and will be a great addition to any bull battery. Full brother TSF Freedom 7F calves easy, calves are vigorous and perform well. Hooey we expect to follow in those footprints.

A complete individual who is smooth muscled, deep sided and will develop into a massive bull with structural soundness and style. His sire TSF Deuce 22Z has left us with some great females who are the right size, sound, and just flat-out work. If one wants to replicate this fella's dam, I would definitely make sure you have 52H marked as 183D is the grand dam to Lot 4 and she is the real deal. Hometown is ideal in his type and kind.

	9.9	2.1	80.9	118.0	23.2	6.0	63.7

Hardrock is the type we have been breeding for – solid genetic foundation, faultless conformation, standout from birth, top performer, early maturing, lots of testicular development, docile, dark red and an outstanding individual we want to keep an interest in as bulls like this are hard to find. The total package who's Bootlegger dam (first calf heifer) weaned him off at 79% of her body weight. Production plus... as you will want to see his outstanding granddam 183D who is the dam of Lot 2.

TSF would like to retain ½ semen interest.

A definite pound maker who gets out and moves like a cat. Top ranking bull in his group and ranks in the top 1% for WW and top 2% for YW in the breed. Beef King sired two outstanding bulls out of first calf heifers who stand up alongside any of the bulls in the pen. A true testament of a calving ease plus performance sire here. 14H is the ticket if you are looking for birth to weaning spread and for replacement females.

	13.8	-0.6	85.8	130.9	27.3	7.3	70.2

Stout ¾ blood with all the bells and whistles. If it's all about EPD's well this bull scores big. Smooth made with CE yet ranking top 15% in both WW and YW. He gets out and moves with loads of length and muscle mass. His females will be top notch and his steers will bring top dollar. He will be easy to find sale day. 900B's son last year sold to MC Ranch Ltd.

A proven genetic combination, Full Throttle X 4W. Free moving, hairy, beef bull who will cover ground. Loaded with muscle, moderate framed and full of power. His 4W dam was one of the high sellers at Skors dispersal sale and she has definitely found her niche here. This bull hit the ground and was up in a matter of minutes and has definitely been one to follow as he has developed.

A flashy Bentley son that will catch your eye sale day and will be looking for a scratch. He is thick made with lots of middle and shape to him. 44C raised these twins weaning off an impressive 1530 lbs. Since weaning the one got injured but, 27H will be one who will leave some great replacements and the steers will be stocky, easy fleshing type. We ended up with way more females from Bentley which are very impressive and look forward to getting them into production.

	8.5	3.4	87.7	129.0	31.5	5.0	75.4

A definite highlight in the pen. 26H has presence, a pedigree and puts it all together with his length, muscle shape, style and smoothness. A moderate BW and boasts an impressive WW. Honky Tonk displays herd bull character and gets out and moves with ease and style. Granddam is the dam of Lot 26, a cow family worth incorporating as we have a few that will not be leaving. His sire Bentley was one of the high sellers in the spring of 2019. We were able to get a semen package and his progeny to date are impressive. In December we sold a Bentley daughter to Downhill Simmentals and we are excited for her future. Lot 35 is a Bentley daughter and she is as thick and fancy as they come.

Finer made heifer with a proven pedigree going back to the 14 year old 488T. 56H will have a picture-perfect udder and if she is like the rest of our High Roller females she will be a producer. Off a first calf Whiskey heifer who is a daughter of the 6C cow (dam of Lot 25). Definitely some genetics that will not be on offer often and she has solid epd's.

Homo Polled / Hetero Black

Sweet as Honey and plum full of style and soundness. Moderate framed, deep ribbed, and the type to convert. Her dam SVS Honey 560C is complete and one you could sure have a bunch of. 20H will be one to build around as Bentley left us an impressive group of heifers and we are giving you the opportunity here to get your hands on one. Lot 35 is a Bentley daughter and she will impress one with her thickness.

Jet black, long spined, deep flanked heifer with lots of body mass and substance. Off a 4W/Black Joker female we purchased at Skors dispersal who definitely stepped up to the plate with this Game Face daughter. This powerhouse is a definite herd builder who ranked #1 at weaning and will be a great asset to any black program.

An IPU Lieutenant 24E daughter who definitely should be staying here but one who will leave her mark wherever she goes. Stout, thick, combined with feminine and structural soundness. A pedigree that is proven and a female that will stamp her progeny as she is just that type.

TERMS AND CONDITIONS

TERMS

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance, unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Current exchange rates will be announced sale day. All monies are in Canadian funds.

BIDDING

Each animal will sell to the highest bidder... no by-bidding will be permitted. Disputes - Bidding will be reopened between the parties involved in dispute. If no further bidding is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision on all disputes will be final.

ANNOUNCEMENTS

All announcements made from the auction block will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay close attention to such disclosures.

BREEDER'S GUARANTEE

Should any bull fourteen (14) months of age or over fail to prove a breeder after being used on females known to be breeders, the matter shall be reported in writing to the seller within six (6) months following the date of purchase or six (6) months after the bull has reached fourteen (14) months of age. The seller will have the right and privilege of six (6) months to prove the bull a breeder. No guarantee is given that semen collected from the bull will freeze.

EXCEPTION GUARANTEE

In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, this guarantee shall be null and void.

GUARANTEE

Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the Canadian Simmental Association, with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness.

CERTIFICATE OF REGISTRATION

Each animal will carry papers issued by the Canadian Simmental Association, unless otherwise specified. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

LIABILITIES

All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability, legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

RIGHTS AND OBLIGATIONS

The above terms and conditions of the sale shall constitute a contract between the buyer and seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

PHONE, MAIL, WIRE BIDS

Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale managers, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

DELIVERY

We will assist in arranging transportation wherever possible. Each animal becomes the risk of the purchaser as soon as sold.

INSURANCE

Will be available sale day. We strongly recommend that insurance is purchased for full value.

ERRORS

All announcements at sale time, written or oral, supercede any written material in the catalogue.
