SALE DAY HEALTH & SAFETY GUIDELINES

We at Ward's Red Angus will be doing our best to consider the health and safety of all our customers and their families. We appreciate that farming is an essential service, and our customers have cattle that need to be bred.

- For the safety of everyone in attendance, we ask that you follow all standard public health guidelines- physical distancing-masking and enhanced sanitation.
- Please limit to one representative from each farm where possible
- The cattle will be available for viewing from now until sale day to reduce sale day traffic We encourage you to call ahead to set up a time that is convenient for you.
- Online bidding will be available at DLMS.ca (please note you will be required to register for a user account to purchase online)
- We offer sight unseen purchase with our Ward's guarantee.
- Sale day phones will be available.
- We encourage you to use any of our sales consultants or Staff for your purchases.
- Currently No food or drinks is permitted onsite. If the regulations are lifted in regards to food service, we will be pleased to offer our usual sale day hospitality.

• Please do not attend the sale if you feel unwell

We will be following the Everchanging COVID-19 Regulations in the Province of Saskatchewan carefully. If the guidelines to capacity regarding livestock sales are increased, we will announce changes to our protocols on our Facebook Page and Website. www.wardsredangus.ca Please Follow our Page and check back often for the most updated information! Or feel free to call us!

View the catalogue and videos online at

WARD'S RED ANGUS

Clarke & Denise Ward

G.S. 707 RR #7 Box 39

Saskatoon, SK S7K 1N2

P: 306.931.3824 C: 306.220.6372

www.wardsredangus.com

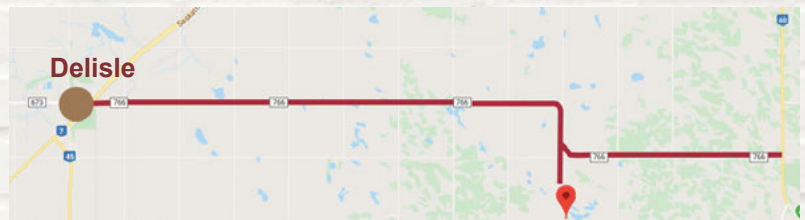

DIRECTIONS...

From Saskatoon:

Head West on Highway 7 from Saskatoon.
Branch of South onto Highway 60 to Pike Lake.
Go South on 60 to secondary highway 766 (to Delisle).
Take 766 Highway 3½ miles west. The road will curve, (do not take curve North) then go South of the gravel pile 1 mile onto range road 3073. Watch for the Ward's Red Angus sign.

From Delisle:

Take 766 Highway East towards Pike Lake Provincial Park
Go 10½ miles on 766. The road will curve south, continue south onto gravel (3073) and follow the Ward's Red Angus signs.

WELCOME...

The most asked question we have had leading up to the sale is... "How are you going to have your sale?" The one thing that we are sure of is there will be a bull sale March 6th at the farm! We are going to do our best to accommodate all of our customers to make sure you have a safe, stress-free buying experience!

With that welcome to the 13th Ward's Red Angus Bull Sale! We are excited to again be holding this year's sale on the farm!! The ease of which it worked last year at home with the bulls in there our own pens and the addition of the video component has made this a much more enjoyable, relaxed day.

In an uncomfortable COVID environment that is constantly shifting, at Ward's Red Angus some things have not changed. We are still going to offer you the same solid, consistent set of bulls both yearling and falls that our name and reputation has been built on. As always, we stand behind our bulls 100%. This includes all sight unseen purchases made for you. We still offer our incentive programs and our willingness to help you get the right bull for your operation. Some things need not change.

For your convenience we have the bulls penned and accessible for presale viewing. This can occur any day that is convenient for you prior to sale day. Consider this your invitation to call and book a time to come for a visit and tour through the pens.

We sincerely appreciate all those who have purchased cattle in the past and those who have shown interest in our program. If there is anything we can do to assist you with your purchases sale day we are here for you.

Ward's Red Angus
Clarke, Denise,
Josh, Kari, Carter & Olivia
Cole & Kathryn

FROM THE DESK AT T BAR...

Welcome to the 13th Annual Ward's Red Angus Bull Sale, March 6, 2021 at the ranch, Saskatoon, Saskatchewan. Over the past twelve years, we have enjoyed assisting this great Angus family with their marketing and seeing true loyalty to their customers and staff. Congratulations are in order as Clarke, Denise and their family were recognized by their peers as "2020 Breeders of the Year" ...a well-deserved honor, we know the effort and loyalty you put forward through out the year.

Each year the folks at Ward's add a new sire or two in order to offer fresh new genetics for their large repeat customer base. The "Lucky 13" lineup is the most uniform and stout offering since we started working with these folks. The line up of fall bulls is bigger in both the reds and blacks, so they can cover more ground and more cows. The yearlings are cut from the top with several new sires... you need to stop by the ranch and see how deep bodied, thick topped they are. Since birth weight has been a Ward trademark from day one, you can be assured that there are many opportunities to select from low birth individuals... the hair, longevity and soundness gets bred in as a bonus.

New for 2021, they have added some females to round out your trip. Several are red carriers and will make wonderful additions, whether you are starting a new young herd or adding new genetics to your established program.

Although we all get tired talking about COVID, the Ward Family will adhere to the guidelines in keeping everyone safe. If possible, stop by the ranch prior and see the bulls. Feel free to give Clarke a call... he loves to visit cows and what ever he tells you will be fact and backed by the Ward's satisfaction guarantee. Plan not to miss this annual event, your visit will be worth the trip.

During these times, feel free to call anyone on our T Bar C team to discuss or purchase any of the cattle offered. We have graded each individual and will be pleased to assist in a professional and confidential manner

Buckeye is a new herdsire for us and what a breeding machine! He has bred both spring and fall and is proving to be a no-nonsense, easy calving bull. He has left us a great set of replacement females and rock solid bulls. The group of bull calves averaged 80 lbs at birth and the average weaning weight was 723 lbs. We feel Buckeye is a real curve bender.

This is the last group of natural calves we will have off Hitch. The natural thickness he passes onto his calves makes it easy for them to rise to the top of the pen. His bull calves average 84 lbs. at birth and his heifers average 81 lbs. If you need consistency, thickness and muscle check out these sons.

Tallic 72E was a bull we admired at Agribition in 2017. He was the high seller at T-K's Annual Sale the following year. We were able to purchase a Semen package on him and are extremely pleased with this first calf crop. They are moderate birth weights combined with natural thickness and style.

He was purchased in 2017 from Leeuwenburgh Angus. His Peacemaker dam (70B) is one of thier favorite young cows and Red Andras Fusion R236 has been a go to calving ease sire in their herd. As a group the Fusion sons were consistent, stout, deep and easy fleshing. He combines calving ease with a little more frame. He has been doing double duty here, breeding both in Spring and Fall!

This will be our last bulls on offer out of the Fusion line. They are a very even group so we will not be doing individual footnotes on each bull. Please watch the calving star ratings, as they will be scored according to how we feel they will perform for calving ease.

Capone is an extremely deep, soggy made Resource grandson. He comes from the Duralta Program whose years of consistent Angus genetics are evident in 198F. Capone sired the heaviest weaning bull in the pen, along with stand out replacement heifers. The bulls off of 198F have explosive growth combined with excellent shape and thickness. Very solid group of bulls with fresh genetics for our repeat customers!

- The only Cross Fire bull in the sale this year and he rises to the top of the pen!
- He was the second heaviest weaning black bull we had and is a very complete put together package.
- His dam, 29Z, goes back to our Remitall Commander 526U that was very popular.

"Consistency" sums up this bull! His calves are well put together with loads of power, growth, muscle, thickness, and hair. They are an even bunch of bulls, look for them to do the same in your herd!

Alaska has lived up to his numbers and exceeded our expectations. Because of the consistency of these fall born bulls we will not be doing individual footnotes! Please watch the calving star ratings, as they will be scored according to how we feel they will perform for calving ease.

CALVING EASE RATINGS

We evaluate each bull for calving ease determined by bone size, birth weight and maternal history. Scoring as follows:

- *** 3 Stars** - Recommended for use on moderate framed first calf heifers.
Should produce minimal or no calving trouble.
- ** 2 Stars** - Recommended for use on large framed first calf heifers.
Should produce minimal or no calving trouble.
- * 1 Star** - Recommended for use on cows.
Should produce minimal or no calving trouble.

TERMS AND CONDITIONS...

TERMS:

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Each animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Current exchange rates will be announced sale day. All monies are in Canadian funds.

CERTIFICATE OF REGISTRATION

Each animal will carry papers issued by the Canadian Angus Association. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

GUARANTEE

Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the Canadian Angus Association with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness.

BREEDING GUARANTEE:

We guarantee to provide a sound breeding bull capable of passing a semen test at 14 months of age. Any bull failing to be a satisfactory breeder will be replaced with a bull of equal value and quality, or a credit given towards purchase of another bull. All consigners fully stand behind their bulls!

LIABILITIES:

All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability, legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co.(2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any obligations to collect or enforce collection of any monies between parties and any legal action that may, in extreme cases, be taken must be between buyer and seller. T Bar C Cattle Co.(2013) Ltd. assumes no responsibility of any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

SEMEN COLLECTION:

Ward's Red Angus reserves the right to collect 100 straws of semen on any bull in this catalogue. This collection would be done at our expense and the purchaser's convenience and would be for in herd use only.

PHONE, MAIL AND WIRE BIDS

Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

ERRORS

All announcements at sale time, written or oral, supercede any written material in the catalogue.

WEIGHT INFORMATION:

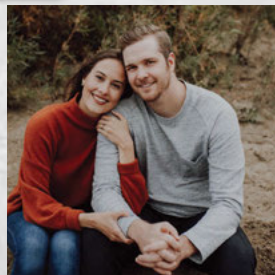

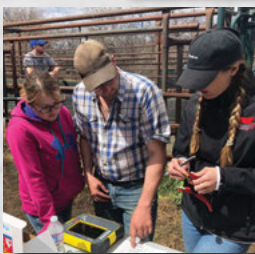

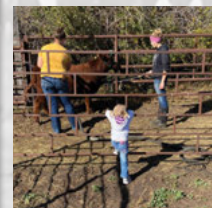

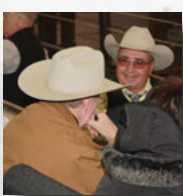

BW – is the actual weight at birth (within 24 hours). WW is actual weight taken on September 12, 2020 unless otherwise stated. A current sale weight will be available sale day.

LOADOUT:

No bulls will be allowed to load out until the conclusion of the sale.

3 Decades of Angus Cattle

Thank you to the Saskatchewan Angus Association for the honor of being named 2020 Breeder of the Year
