

Justamere

26TH ANNUAL BULL SALE

Monday, April 12, 2021 * 1:00 PM

Welcome to the Justamere 26th Annual Angus Bull Sale. What a crazy year 2020 was, the upheaval and uncertainty throughout the world was challenging at best and destructive and life changing at the worst. The many rewarding, uplifting life moments were present as well. I think we, as cattle producers, grain farmers, agriculture folk in general can all agree our industry was the place to be, not only for our family's health and well being but a sense of freedom in a lockdown world. Being able to continue to grow our crops, feed our livestock and work together as a family was pretty awesome compared to what went on in a lot of our world. Something else that unfolded was the importance of the supply of good wholesome, healthy food. Protein is extremely important in the health of the human race. The pandemic reminded the world of this. Agriculture is essential and will continue to be. Cattle prices are strong and demand is even stronger, this bodes very well for the beef business well into the future. We are excited to be hosting our Angus bull sale once again at the sales pavilion on the farm. On offer is the best group of Angus yearlings and two-year-old bulls we have ever assembled. New AI sires like KR Pacesetter, Stevenson Turning Point, PVF The Natural and C&C Intuition have really worked well, as well as our very impressive natural service sires: EXAR Cowboy Country, Sankeys Watchman, EXAR Next Level, Justamere Mile High, Justamere South Dakota and Justamere Cash In have worked well with our over 220 Angus females to create this awesome set of herd sires. The average birth weight on this set of bulls is 81 lbs., the average weaning weight was our best ever at 847 lbs.

We at Justamere continue our belief of keeping it simple. We want bulls that can calve easy with calves that have the spirit to get up and get going at the time of birth, females with excellent feet and udders that are feed efficient and maintain themselves and their calves throughout the year in all kinds of weather conditions, therefore they can wean off a good-sized calf in the fall, male or female. We strive for balance in our own herd sire selection; multi traits with balance and at the top end in the rankings. Angus is the worldwide leader in continuing carcass traits, we assure if you sell your calves on the grid you will be rewarded for using Justamere bulls. If you keep your replacements, as we do, you will be rewarded with an above average cow herd that will sustain you throughout any year. To our fellow seedstock breeders, we know there are more options than you can shake a stick at for herd bull selection. We offer, a proven program that continues to improve every year. Many bulls in this sale are worthy of your time and energy but we ask only that you take the time to look.

The exciting Lots 1, 4, 5, and 18 are just a few suggestions, however there are many others that will help boost your programs. To our many commercial customers across Canada we want to thank you for your support and your commitment to our program, also we thank you for your feedback each and every year. We still offer free delivery in Western Canada and a valid semen test with every bull. As the economy slowly opens back up, vaccines become more available along with viable treatment options, the future is bright indeed, especially for those of us in agriculture.

Shelly and I want to thank our family; Jon, Tyra, Jorja and Jim for taking on the responsibility of the operations here at Justamere along with help from Drayce Robertson and Jordan Phillips, we appreciate all that you do. Also, a big thanks to our good friends Dean and Tanya Robertson, Chris and Charlene Carr and Glen and Judy Schneider who help out a bunch throughout the year. It's great to be working with a solid, positive group of people.

In closing the videos will be available early April at DLMS.ca, online bidding will also be available with DLMS. We encourage you to come in person to look at the offering anytime and we will be open for in person bidding at the sale barn, of course, following all guidelines for this essential business of

agriculture. Lunch will be available as well.

Friends, neighbours and customers we thank you for your interest and please remember we are all fortunate to be in the business of agriculture.

See you all sale day,

Jon Fox

 A tremendous son of Alta Genetics AI sire, KR Pacesetter. This stout made, big boned and scrotalled bull is one of the favorites here at Justamere. Combining an outcross pedigree with a great genetic profile and the potential to create serious profit from day one. This bull's dam is a great Consensus daughter that hails from the famous Basin Lucy cow family. This stud is part of the future here at Justamere.
 Retaining 1/3 semen interest.

 The Justifieds are a mainline in our program with many previous champions and high sellers for ourselves and the many breeders that utilized his genetics in Canada. This herd sire's mother is a two-year-old daughter of HA Cowboy Up 5405, who has definitely made his mark across the world. This bull is very wide based and stout with a great pedigree.

BW: 80 lbs. WW: 903 lbs.

Stevenson Turning Point strikes again in this very cool made herd sire show prospect. He is stout, very thick topped and butted. He carries himself very well and he wants your attention. His mother traces back to the Barbara of Peak Dot cow family, which to this day, many years later, is still one of our most prolific female lines. As showing resumes, we all would want to be hooked to a standout like this bull. Just an 80 lb. birth weight and over 900 lbs. at weaning in a moderate, hairy, big nutted package. He is exciting.

Terms to be announced.

The KR Pacesetter calves are standouts in our herd. We like to try new genetics and we are very glad we took Terry White's advice about this Alta Genetics sire. He exemplifies what we are trying to do. Calving ease, growth, that certain attention grabbing look on good feet and legs with a great hair coat for these Canadian winters and to add the genetic profile as well. Eight traits in the top 1% of this breed, that is remarkable. 12 traits in the top 10% is even more consistent. His dam is no stranger to the show ring and did her share of winning but has turned into the picture-perfect female we all admire.

Retaining 1/3 semen interest.

This son of Sankeys Watchman 7020 is one of our favorites here and with the Watchmen daughters now in production, we really do miss that great herd sire. He was gone too soon, and our semen supply is not as plentiful as we would like. From any angle this bull is exciting; he is thick, he is nice fronted and soft made with explosive muscle on an athletic, agile set of feet and legs with large testicles. He will move anyone forward fast.

As always, we have some great two-year-old bulls on offer. This son of Genex AI sire, Musgrave Stunner is about as good as it can get. His EPD profile is very consistently above average in multiple traits. His actual performance data is astounding. His EXAR Blackcap mother is a consistent producer of the right kind. If you want to breed a few extra cows or heifers to one bull, this would be one I would mark high.

This son of AI Semex sire, Ellingson Homegrown was an in-dam purchase of a very successful show heifer in Ontario for Rice Lake Angus. Miss Dixie hasn't missed a beat from this, her first calf. Born easy and ready to grow with a very quiet temperament on this young heifer bull with excellent performance data.

 Nearly 50 years in the Angus business, we have always sought after the cattle that we like. Not follow but try and lead and stick to the basics; calving ease, maternal, phenotypical balance and structure. These sons of Cowboy Country are truly those kind; statistically superior in all the important real-world traits. Ranchers can be confident with these credentials. We know we are.

 STEVENSON MONEYMAKER R185
 MONARCH PRIDE P199

BW: 84 lbs. WW: 726 lbs.

Super stout with a good thick top and long and deep body type. This bull's dam is one of our favorites from Express Ranches. She just keeps on ticking. Always in nice shape and always weans off a big calf.

Justamere
22nd Annual Angus Sale of the Year

Cattle Inspection: All carry permanent identity tags, corresponding to Sale Lot Numbers. All shall be available for inspection prior to sale.

All Cattle Are Sold: Subject to such tests as required for export under regulations of the Health of Animals Branch, Department of Agriculture for Canada - those corresponding to Bureau of Animal Industry requirements.

Breeding Guarantee: All cattle are sound and right, and all with a responsible breeder guarantee of satisfaction. In the event of any unlikely dispute, the regular terms and conditions, standard with the Canadian Aberdeen Angus Association shall apply.

Announcements: Errors discovered in the catalogue will be corrected by announcements from the auction stand at sale time and such corrections will take precedence over the printed matter in the catalogue.

Genetics Testing: All cattle in the 2019 Bull Sale are Anthrogyrosis Multiplex Free (AMF) and (NHF) Neuropothic Hydrocephalus Free or listed as No Carrier Ancestry.

Holding and Shipments: Approximately one week is required for export transfers and other documents to be processed. Export animals will be held at no charge and under excellent care. Joint export shipping arrangements to attain minimum shipping cost will gladly be made by the sale management if instructions to that effect are provided to clerk of the sale when settlement is made.

Mail Bids: May be entrusted in complete confidence to any of the Sale

Staff listed or to Justamere Farms Ltd.

Insurance: Ownership risk to purchaser commences when the Auctioneer's hammer falls. Livestock coverage will be available at the clerk's desk from the appointed representatives on sale day, also from the sale management at any time.

Terms Of Sale: Are cash or cheque at par, payable to Clerks of the Sale on Sale Day. U.S. Funds will be accepted at the current rate of exchange. No release will be given until satisfactory settlement has been made. We reserve the right to withhold animals from export shipment for whom payments have not been received prior to departure times.

Every Animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final.

All Persons who attend the Sale do so at their own risk, and the Owners, Consignors, Sale Management and Sale Staff assume no liability, legal or otherwise, for property loss or for any accidents that may occur.
