AJA 003H is a Bank Note son from a Predominant cow stemming back to my AJA Annie 82Y cow that flushed 43 embryos this spring. 003 would be very successful in a heifer program and graduating into a herd bull for future use. The dam is extremely sound footed and highly fertile and with Bank Note as the sire the mating was predictable.

AJA 011H is a Motive from a Pioneer daughter. This guy is jaw dropping in his make up. He is very soft hided, boasts a large rib cage and barrel with an extra rib. Very good haired as most Motives are, this guy is a herd bull in the making. We'd be retaining all the daughters if he was our future herd bull.

AJA 013H is a Motive out of a Net Worth dam that goes back to our 2x cow. I'd use this bull to add stretch and frame. I'd say a calving ease performance bull, good testicle size for a Motive, extremely long spined and very solid footed.

BW 93 lbs WW 790 lbs YWT 1200 lbs **Purebred. Horned.**

This young bull has a wide top line and is solid all the way down to the ground. This young fella's mother is 14 years old who has a great flat udder with small teats. I have kept all her daughters with great results, this is the only bull she has given us. I recommend you keep all his heifers for replacements.

RIGHTS AND OBLIGATIONS

The above terms and conditions of the sale shall constitute a contract between the buyer and the seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.
