“OUR BUSINESS IS THE BULL BUSINESS”

WELCOME

from Wheatland

It's with great pleasure we welcome you to our family's 17th annual bull sale. Another year has quickly gone by! We would first like to take the time and thank our customers, friends and family who have supported us over the years. Without your generosity and support to believe in us, we wouldn't be able to do what we truly enjoy doing. This past year has presented challenges that we never imagined would be possible. It's definitely been a learning curve for everyone along the way. However, we are truly blown away with the strength and faith our industry displays in these uncertain times. There is one word that definitely defines "essential" and that's Agriculture. I think we should be very proud of what we do and continue to show our optimism.

We are a family run operation that takes great pride in what we do around the ranch everyday as the next generation becomes more involved. It's with your support that our program has reached milestones that we never thought were possible. There isn't a day that goes by we aren't talking about cows and how we can make the best possible product for you. **OUR PROGRAM DOESN'T FOLLOW FADS OR FLAVOUR OF THE MONTH IT FOLLOWS THE FUNDAMENTALS OF REAL WORLD CHARACTERISTICS!** We have sure enjoyed showing cows over the years and will continue too but I think it's very important to understand that does not mean these are "pampered cattle". The same cattle we have shown are the same cattle we have built a program around, that's been a lifetime in the making! When the sun goes down at the end of the day we like performance oriented, attractive, structurally sound cattle that last and work for the commercial cattleman and seed-stock producer. We truly like to raise cattle that are functional and convenient. Our cowherd grazes until mid December and then are trailed home and fed hay and straw before calving. We like big middled, sound footed cows with good udders and excellent fleshing ability. The kind that look good seven days a week! We have never sold any females over the years and we truly feel our cowherd allows our bull pen to get bigger and better each and every year. We really recommend touring the cows if you get a chance. We are strong believers in cow families and a bull is only as good as his mother! When you flip through the catalogue, I hope you appreciate the generations of the 'LER' prefix we have bred into these cattle. We strongly believe in the type of cattle we raise and will continue to use their genetics moving forward to supply you with the most consistent, profitable product we can.

This set of bulls for 2021 have been on the radar for a long time. We can remember a few times checking them in the summer and thinking to ourselves 'this was the deepest set of bulls we have ever offered.' From the time they hit the ground till weaning they definitely did their job. We offer some exciting new sires this year such as Rival, Affinity, Red Express, IPU Bentley, Dimension, Top Mark and Fortune. We will also offer sons from WS Epic, Ambition, Bentley, Kill Switch and Kaboom. We are extremely proud of these bulls and think they have been managed and designed to last for the long haul. Our Angus division will be highlighted by May-Way Unanimous, a true powerhouse with incredible performance. His sons are hairy, stout and good footed. We believe this is by far our deepest set of Angus bulls we have ever offered. Whether you are looking for Simmental, Angus, 1/2 blood, 3/4 blood, cow bulls or heifer bulls, we darn sure have something for everybody in all different price ranges. We have developed these bulls in large paddocks where exercise consumes a large portion of their day. We feel movement is not only good for them structurally but also keeps them healthy and ready to work for you. They are formulated a grain ration that we mix ourselves along with having free choice hay and mineral. We feed the bulls to their potential. We don't feed them like feedlot cattle and we sure don't believe in self feeding them. We are happy with the feedback we have received developing our bulls this way and will continue to do the best possible job we can. We do not believe in having 1800 pound yearling bulls, it's not what our goal is. These bulls have to last! I know when you read the sale report the average may seem fairly high, but we will sell 70% of these bulls from \$4500-\$9,000 making them affordable for everyone. Doing our job as progressive seedstock producers we have sold some higher priced bulls, but that sure doesn't mean they all are expensive and sometimes you can buy half and 3/4 brothers to those bulls that land in everyone's budget.

As we conclude the welcome it's been gratifying to watch the success of Wheatland genetics in breeding programs across the country, AI studs and cow shows across the nation but **MOST IMPORTANTLY THEY HAVE WORKED AND EXCELLED FOR THE COMMERCIAL COWMAN WHO PROVIDES THE BEST TESTING GROUND FOR ANY OPERATION!** Please take this as a personal invitation to join us March 25, at the Ranch. If you can't make it, please feel free to come prior to the sale or call us at any time to talk about the bulls. We always enjoy talking about cows and your operation. Whether you want to come have a coffee, catch up on a visit, or buy bulls, plan to be with us March 25. Call or text us with any questions anytime. Let March 25 contribute to your hard work and success!

From everyone at Wheatland, *Vernon, Denise, Riley & Cody-Ray Lafrentz*

Chris Poley: 306-220-5006

Shane Michelson: 403-363-9973

Ben Wright: 519-374-3335

Welcome to the 17th annual Wheatland Bull Sale. We have seen a lot of changes in this sale over the past seventeen years; with the first sale in Alameda in the auction mart with about a dozen bulls and two young boys combing on them. Seventeen years later we have sixty eight bulls in two breeds and Riley and Cody-Ray have grown into two highly respected young men in the cattle industry, well known throughout North America.

“Our Business is the Bull Business” is the moto at Wheatland and this is 100% true! Not only do these cattle provide 100% of their annual income, this family eats, breathes and sleeps cattle. You will not find another family more passionate and devoted to the task of breeding cattle. This all started with Vern: he takes the responsibility of breeding and improving seedstock very seriously. He had a vision and started a program with two key females and has turned it into one of the leading breeding herds in the world. Denise has been with him every step of the way and is just as passionate as he is. Now with the help of the boys they are able to expand the operation to allow more people the opportunity to access Wheatland genetics through the bulls on offer. Very rarely has a female ever left this place as they would only ever consider selling the best and have always believed those females needed to stay home and grow their cow families to produce bulls for this sale.

The Wheatland program offers a different genetic base for many as they have always done their own thing and have never gotten involved in “the flavor of the month”. This years line up has something to offer every cattleman in the land, whether you are a fellow breeder or a commercial producer. There are bulls bred for calving ease, as well as bulls designed to put pounds in the pen at weaning time. In the Simmental pen no doubt “Monument” and “Next Century” are two bulls, one red and one black, that the industry is going to talk about. The young April 15th Angus bull they call “Undisputed” has been admired by all who have seen him.

Don't forget on sale day that there are volume and repeat customer discounts that you can take advantage of. Also talk to the boys about their feedlot alliance program that could be of assistance when it comes time to market your calves. Feel free to call them and talk to them about your needs and goals and they will be more than happy to help you with your sire selection. Everyone is welcome to come to the sale however if you prefer to come ahead of time and view the cattle at your leisure call and arrange a time to go through the bulls with Riley or Vern. They also offer a hassle free sight-unseen purchase option.

All of us on the T Bar Team are very familiar with this program also and have scored each individual bull. Feel free to call any of us to discuss your herdsire needs and we would be more than happy to assist you any way we can prior to or sale day.

See you in the valley at Wheatland.

Chris Poley

Wheatland Bull Incentives...

SIGHT UNSEEN PURCHASE PROGRAM

We understand everyone has very busy schedules and depending on the day it can be tough to get away. Feel free to call us and talk about the bulls and find what ones best suit your operation. We are around them every day and know their history. **100% satisfaction upon arrival! You talk to the family that's calved them, bred them and done everything from start to finish, we know our cows, we know our program and we darn sure look after our customers.**

It's our family's

DEDICATION, DETERMINATION, DESIRE & DISCIPLINE

striving to give you a genetic difference.

CHASE YOUR *dreams* BUT ALWAYS KNOW THE
road that'll lead you home again

WHEATLAND

Herd Health

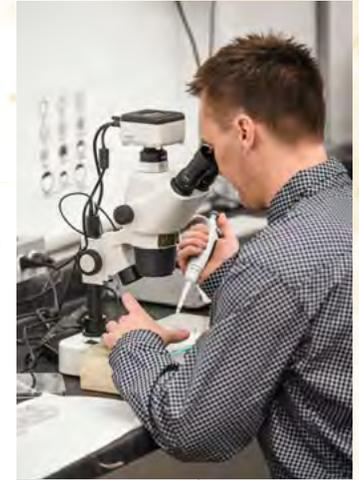

Our team at Ranchland Veterinary Services is proud to be working with Wheatland Cattle Co. over the past few years. During that time, we have seen their genetics be used extensively throughout many other high quality seedstock operations and commercial cow-calf operations. Their reputation for superior genetics, coupled with high quality customer service speaks for itself.

We visit the Wheatland Cattle Co ranch several times throughout the year to ensure the health status of all animals in the operation. We have worked closely to design a customized vaccine and deworming strategy for each class of cattle based on the conditions, ensuring the cattle perform as expected when reaching your ranch. All breeding females are on a Zoetis health program ensuring optimal protection from BVD PI calves and ensuring high rates of passive transfer of immunity to calves. From birth to weaning all bulls are provided with a vaccine strategy that ensures these cattle are ready to face any disease challenge that comes their way.

Proper nutrition, high health status, and a lifetime of genetic selection has lead to highly fertile cattle. It is a pleasure working with donor cattle, and bulls that just plain produce. We routinely test Wheatland herd bulls at ranches in the surrounding area that are well into breeding careers. Fertile animals with sound structure results in tremendous longevity and functionality.

Ranchland Veterinary Services is a large animal veterinary clinic based out of Carnduff SK. Our Practice offers a comprehensive list of advanced reproductive services including In Vitro Fertilization, Conventional Donor flushing, Embryo transfer, and Owners Use semen collection. We are a CFIA approved laboratory for embryo export and provide a recipient herd for our clients. Our mobile lab is fully certified to perform all services on farm.

Reference Sires

WHEATLAND BULL 298Z

- The last direct son of one of the most prolific cows in the business Wheatland Lady 902J
- 298Z is a calving ease specialist with incredible maternal strength
- We have sold many of his sons as heifer bulls that have that extra bit of chrome
- We have many of his daughters in production that are beautiful in their teat size and udder suspension
- A bull that we still walk that has awfully impressive feet that we look forward to using every spring
- These 298Z sons combine incredible calving ease without sacrificing performance
- Toss in the fact his daughters are picture perfect it becomes a no brainer
- Pay close attention as he is in the top 2% for both CE and BW along with 146 API

WHEATLAND NORTHERN EXPOSURE 8120F

- A former high seller in our 2019 sale to Hoffman Ranch and Michael Harrell
- A long bodied, heavy muscled bull that throws extra length and performance
- His mother 511 is ideal in terms of size, body and structure
- We have even more Northern Exposure calves on the ground this year and appreciate their blend of calving ease and growth

WHEATLAND AFFILIATE 7128E

- The \$200,000 phenom from our 2018 sale that was purchased by JP Cattle Company
- Incredible mass, hair and eye appeal backed by one of our very best females
- Affiliate embodies the type of cattle we love and we feel is one of the very best bulls we have ever bred and raised
- His first calf crop speaks for itself, look at the sons at JP Cattle Company
- A bull we plan on using a lot of and we move forward, his daughters are now in production with ideal teat size and great suspension

IPU BENTLEY 81F

- The \$92,000 high seller from LaBatte's in 2019 has created a household name in the Simmental circle
- His sons are loose hided, powerfully constructed and big nutted plus you'll even get some chrome
- We feel he is a bull that can sire extra pounds and performance, but you'll still appreciate his feminine, good uddered daughters to build a cowherd around

WHEATLAND BENTLEY 630D

- Bentley has quickly become one of the hottest sires in the Simmental business
- He was our high seller in our 2017 sale for \$100,000 to Labatte Simmentals, Circle 7, Cowtrax and Soderglen Ranches
- His sons were the talk of the 2019 sale season with overwhelming power and hair, our Bentley daughters have beautiful udders
- Bentley sires the commercial cattlemen type bulls
- The daughters are beautiful momma cows and Bentley is certainly one of the great breeding bulls in the Simmental business

CKCC LD DIMENSION 8965

- Outstanding phenotype and out of one of the top donor cows and Conely Cattle Company
- Sound structured, rugged built with a big square foot
- A bull that blends tremendous calving ease and performance and is the top 4% for both WW and YW
- If you are looking for cattle with added body, hair and some new outcross genetics, zone in on these Dimension sons

Reference Sires

WS EPIC E152

- Epic was selected as the high selling bull at the Wilkinson Ranch in 2018, purchased with Semex, he represents total outcross genetics, impressive phenotype and breed leading EPD's
- Epic is a deep ribbed powerhouse that is huge natted and sound footed
- His BOZ Red Coat mother is a dark red big bodied powerhouse with an exceptional udder, The Epic calves come easy at birth and grow like crazy
- They combined performance, calving ease and structural correctness
- Epic has been used extensively in our program and has been one of the most talked about red bulls in the spring of 2020
- He embodies the push for modern day beef bulls with outcross genetics and an unparalleled EPD profile

WHEATLAND RIVAL 8125F

- A dark red powerhouse that was one of the highlights in our 2019 sale that sold to W2 Farms for \$40,000
- His mother 5213 is our idea of a role model female
- He combines calving ease, performance and attractive phenotype
- He's left us with an outstanding first calf crop, including Lot 13, one of the best bulls to sell anywhere this spring

BCLR AMBITION E301

- From the moment we seen him standing in Dawson, North Dakota we knew he had to come home with us
- Incredible feet and legs, extra body depth and muscle shape while being attractive and easy to look at
- A big natted bull with extra length of body and performance
- His mother only solidified our decision to own him, a beautiful looking big centered cow with exceptional feet and udder quality
- If you followed the Bichler and C Diamond program you have seen the impact Ambition has made in their programs
- These Ambition sons represent outcross Canadian genetics with an impressive EPD profile while maintaining the fundamentals of everyday production cattle

WHEATLAND RED EXPRESS 890F

- Our high seller in our 2019 sale for \$110,000 to Bouchard Livestock and Boundary Ranch
- His mother has the perfect foot and ideal udder and has raised many sons that have sold through our sale
- Red Express sires big middled, easy fleshing cattle with a nice blend of calving ease
- A bull we will definitely use more of in our red program

WHEATLAND KILL SWITCH 598C

- The record breaking \$210,000 powerhouse from our 2017 sale that sold to Curtis Simmentals
- Kill Switch sons will blow you away with extra hair, body and muscle
- They are sound structured cattle that are very marketable
- His daughters are now in production and have been said to be the best uddered females anywhere in the country
- Kill Switch is a bull that we are honoured to have bred and raised that is one of the hottest bulls in the business today

WHEATLAND AFFINITY 8196F

- Another highlight in our 2019 sale that commanded \$36,000 to Bonchuk Farms and Semex
- His blend of calving ease and phenotype will be appreciated by many people
- His mother 913W has paved her way as one of the top donors on the ranch
- If you are looking to add calving ease, extra body depth and hair coats, pay close attention to these Affinity sons
- His semen has been selling extremely well through Semex

WHEATLAND BULL 298Z
WHEATLAND LADY 568C

- Monument is our idea of a breeding masterpiece
- His powerful, herd bull build is backed with an exceptional EPD profile ranking in the top 20% for CE, BW, WW and YW, while being in the top 2% for both API and TI
- His mother is a 298 daughter with an outstanding udder, she is a good footed, low maintenance, and very pleasing to look at
- You will appreciate his overwhelming body and rib shape, he is huge topped and square made while being extremely big nutted
- We think it's tough to make cattle this good phenotypically and have them jump through all the hoops numerically
- Here is a bull we are definitely going to use and build around in our program
- He is without a doubt a game changer and we feel there is huge potential for semen sales

- A true performance bull, if you are looking to add length, muscle and pounds here is the one
- A long sided, rugged built individual that is big scrotalled and very quiet
- He's big footed and extremely flexible for a big power bull
- If you sell your calves direct at weaning there's no question his steer calves will hit the scale hard
- His maternal brother sold as lot 18 in our 2020 sale

LER 863F - Maternal Brother

CUSTOMER TESTIMONIAL

Chris Patenaude

"We have been using Wheatland bulls for a few years now and are really noticing our bred heifers improving. Great udders and weaning bigger calves! We can't wait to have a whole herd of Wheatland influenced cows.

We have only used the sight unseen program and have never been disappointed. Since our first purchase, Riley has seen our cattle more often than our vet has, making sure everything is still going good.

You can sure tell they love what they do and are a pleasure to deal with."

- Next Century 43H will rank as one of the greatest breeding achievements in the history of Wheatland Cattle Company
- This powerful, blood red Rival son has stopped visitors in their tracks, he's been a standout his entire life and has been appreciated by many astute cattlemen that are in awe of his overwhelming power and structural build
- His sire Rival was a highlight in our 2019 sale that commanded \$40,000 to W2 Farms and what a breeding bull he has been
- His cow family is backed by generations of dominant Wheatland cows with incredible udders and foot quality, and their production record speaks for itself
- He's double bred Wheatland Lady 902J (18 sons have averaged over \$18,000) arguably one of the most prolific cows in the entire breed
- Wheatland Lady 72X (mother of the \$100,000 Wheatland Bentley)
- Wheatland Lady 5213 (mother of the \$40,000 Wheatland Rival)
- Wheatland Lady 268 (mother of the \$20,000 Wheatland Emulation 9203)
- Wheatland Lady 123 (mother of the \$16,000 Wheatland Durango)
- His sire Wheatland Rival is a 3/4 brother to the \$317,500 Man O War
- His mass and shear volume are hard to replicate with the structural foundation he offers, he's dark footed, square toed and deep heeled, it's rare to find a power bull that's this flexible and moves the way he does
- To find one this dark red, this good and put that many outstanding cows in his pedigree is a rare find
- He is everything our family has worked a lifetime for and we can't wait to see the influence that he will leave within the 'Next Century'

- We think this March born bull has the maternal strength and performance built in to leave you with beautiful replacement females and heavy weight steers in the fall

CUSTOMER TESTIMONIAL

Kalen Dunn

“I bought my first Wheatland bull two years ago, sight unseen - a Royal Flush x Gunner. Riley was great to call and discuss the offering. After the first calf crop, I was most impressed with the vigour these calves had at birth. As my replacement heifers continue to develop, I really admire their muscle mass and leg structure. I would highly recommend Wheatland to fellow commercial cattlemen.”

- This fella should definitely leave you with an awesome set of replacement females, but he is still equipped with enough performance for his steer calves to weigh up

Dams 2021 Calf

CUSTOMER TESTIMONIAL

Diamond M Ranch

“We purchased Wheatland Fusion 341A, in the spring of 2014 to use in our heifer pen. He calves very easy with a range of 80-86 lbs birth weight. His bulls are moderate in frame, with lots of middle and depth of body. We have sold five groups in our annual bull sale. When we started to get the Fusion daughters into production that was when the true genetic merit was realized. The females are very feminine, clean fronted, deep bodied, and have flawless udders. It didn’t matter how good an udder the cow had, Fusion would improve it. The Fusion daughters that sold in our herd dispersal in 2020 were highly sought after and many ended up being high sellers. Fusion is an exceptionally good footed bull. He is eight years old this spring, his feet have never been trimmed and he is scheduled to go out and breed this summer.”

D	DMF MS FUSION 6166D CA-PG1262938	WHEATLAND FUSION 341A DMF MS REDEYE 495B

- A dark cherry red, soggy built son of the popular Red Express
- His mother is a typical Fusion daughter, moderate in frame, loads of volume and a perfect udder
- 205H is a thick topped heavy muscled bull that is big scrotalled and loose made
- With a shot of Fusion, High Voltage and Red Express the udders will be incredible, and you'll want to keep every replacement female
- This bull has an extremely good pedigree, don't pass up this mid March bull just because he is younger

UNANIMOUS

VISION UNANIMOUS X SOO LINE MOTIVE

Dam of E109

Reference Sire

- Our good friend Raymond Gonnet from Kansas gave Riley a phone call 15 min before May-Way's bull sale and said there was an Angus bull there we needed to own
- When it all shook out, we owned him and couldn't be more excited about the job he's done
- A heavy muscled, long bodied bull that's extremely long fronted and eye catching from any angle
- A bull that offers outstanding performance being in the top 1% of the breed for WW and YW
- Never before have we had a set of Angus bulls this deep and consistent in quality
- His replacement females are equally as intriguing and one of the very best Angus heifer calves we have ever raised was sold to Jake Bloomberg of Illinois
- It's rare to find an Angus bull that sires cattle this attractive with true muscle and body length within the breed

“TRULY ONE OF THE *best angus bulls* WE HAVE EVER USED”

SAV CUTTING EDGE
COPPER CRK LADY 1210

- Undisputed could easily tabulate himself to be the best Angus bull produced in the history of Wheatland Michelson
- We will challenge anyone to find one as unique, incredible about of hair, body and mass
- Step in behind him, he is huge topped, stout pinned and big nutted, especially for an April 15th born bull
- From the side, this up headed, striking individual, is deep sided and huge ribbed
- Put him in motion, his angles and skeleton are so flexible and fluid, you will like him even better on the move than standing
- His young mother 7148E is attractive and functional in her kind with a great udder and feet, she would also be a full sib to Leading Edge
- Whether you want to sell bulls to your commercial cattleman or raise the fancy replacement heifers to build a herd around or hang a halter on, we think this bull can cater to everyone's needs
- He is very unique and very different within his breed and we definitely think he will be one of the most talked about Angus bulls to sell this spring

WHEATLAND CATTLE ANNUAL BULL SALE

Customer Commercial Heifers

CUSTOMER TESTIMONIAL

Sweet Grass Ranch

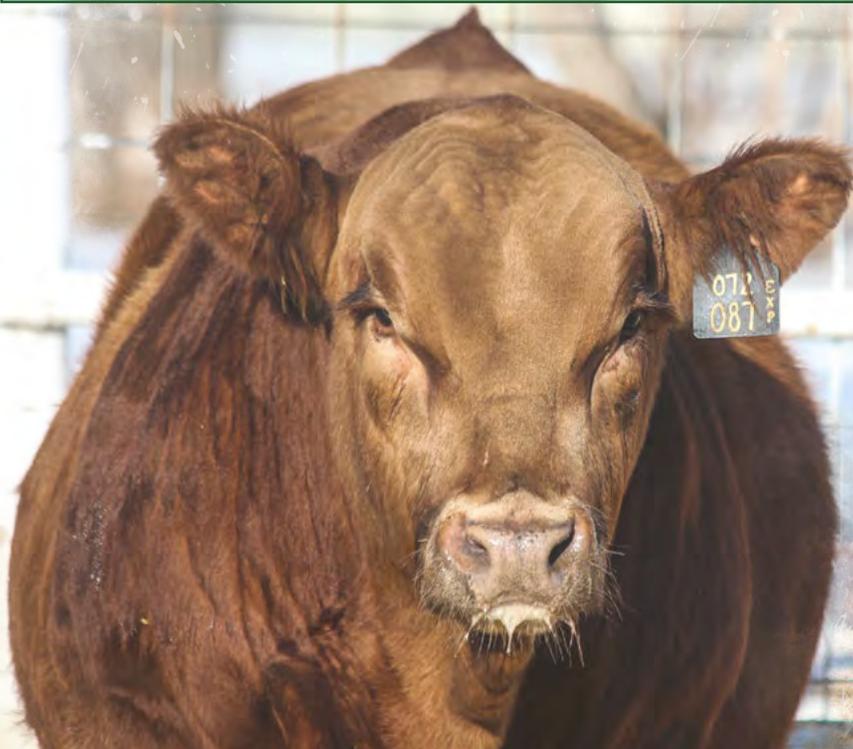

"We bought a package of heifers from Trevor the spring of 2016, we were in the process of syncing a large group of replacement heifers and these heifers fit right in, structurally sound, broody females that bred right off the top!

They turned into good square uttered, sound footed, easy doing, maternal cows. They fit the mold of hard working mommas that bring in one of the heavier calves every year!"

CUSTOMER TESTIMONIAL

Brimner Cattle Co Ltd.

"This past fall we were able to market our steers direct to a feedlot with the help of Riley. These steers were mostly sim/char cross carrying a high percentage of Wheatland genetics maternally and sired by. On Oct. 14th steers weighed 741lbs and netted \$1510/hd and continued to excell in feed efficiency there. The feedlot was great to deal with and put more money in my pocket!"

Notes

TERMS:

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance, unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Current exchange rates will be announced sale day. All monies are in Canadian funds.

BIDDING:

Each animal will sell to the highest bidder... no by-bidding will be permitted. Disputes – Bidding will be reopened between the parties involved in dispute. If no further bidding is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision on all disputes will be final.

ANNOUNCEMENTS:

All announcements made from the auction block will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay close attention to such disclosures.

BREEDER'S GUARANTEE:

Should any bull fourteen (14) months of age or over fail to prove a breeder after being used on females known to be breeders, the matter shall be reported in writing to the seller within six (6) months following the date of purchase or six (6) months after the bull has reached fourteen (14) months of age. The seller will have the right and privilege of six (6) months to prove the bull a breeder. No guarantee is given that semen collected from the bull will freeze.

EXCEPTION GUARANTEE:

In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, this guarantee shall be null and void.

CERTIFICATE OF REGISTRATION:

Each animal will carry papers issued by the Canadian Simmental Association and the Canadian Angus Association. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

PEDIGREE ESTIMATES:

Pedigree Estimates (PE) are created on the projected mating of the animal's sire and dam based on averages of the two, creating estimated values that do not hold the same accuracy of actual EPDs issued from the association and should be used as such.

LIABILITIES:

All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability, legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may, in exceptional cases, be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

RIGHTS AND OBLIGATIONS:

The above terms and conditions of the sale shall constitute a contract between the buyer and seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

PHONE, MAIL, WIRE BIDS:

Bidders unable to attend the sale may phone, mail or wire their bids and instructions to the sale managers, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

DELIVERY:

We will assist in arranging transportation wherever possible. Each animal becomes the risk of the purchaser as soon as sold.

INSURANCE:

Will be available sale day. We strongly recommend that insurance is purchased for full value.

ERRORS:

All announcements at sale time, written or oral, supercede any written material in the catalogue.

IN-HERD SEMEN:

Wheatland Cattle Co. reserve the right to collect on any bull sold through the sale. The semen collection will be at Wheatland's expense and buyer's convenience. Any semen collected will be for in herd use only.
