

Family Farms Inc.

Blenheim Ontario

ANGUS AND SIMMENTAL CATTLE

BULL & FEMALE SALE

AT THE FARM SOUTH OF BLENHEIM, ON

SATURDAY @ 2PM **MARCH 26** 2022

WELCOME

I would like to welcome everyone to our inaugural Simmental and Angus Bull and Female Sale. Please come join us for lunch and hospitality on sale day, Saturday March 26, 2022.

Growing up in London, I delivered newspapers, and on my route I passed by Prospect Farms. I loved to see the cattle, so I stopped to visit with Colonel Weldon. I was asked to help at a few sales and I was hooked. I said to myself, one day My family was in the tiling and construction business and I mostly worked in the Blenheim area. After I got married, we moved to Blenheim to be closer to my work. After our sons were born, we added farming to our tiling and construction business. With my wife, Connie, we raised two sons, Spencer and Phillip, who work with me now in the construction business. Our business, with its roots in farm drainage, celebrated 50 years in business in 2019.

The cattle operation started with a pair of Charolais heifers. They were so peaceful looking grazing in the field that I soon added some feedlot steers. Next was a random bred cow that calved a month after I bought her. Now I knew that I wanted a cow calf operation because I loved the mommas and babies. Soon it was not enough to own cattle; I needed well bred beautiful cattle and our purebred Simmental operation began. Abe has been with us for most of this expansion and he has worked tirelessly beside me as my right hand man.

As the purebred Simmental program and farming operation grows, we are excited to see the cattle grazing in the fields. They are good for the land, and as we accomodate them, we become better farmers, experimenting with cover crops and natural land management practices. Last year we bought some Angus cattle through Hugh Ross, and after some thought, we invited him to join our team. Boy things have really started moving since then! Hugh is doing a great job getting us organized!

It is due to the dedication of my team, Abe, Hugh, and myself that we have been able to bring the purebred operation to the next level. We are beyond excited to be able to host our first sale and hope that you will be able to attend. We are proud of what we have accomplished. If you have any questions about the sale, please feel free to give Hugh a call. Welcome! We can't wait to see you there!

Daryl and Connie Clarke
Clarke Family Farm Inc.

It is with great pleasure to welcome you all to Clarke Family Farms Inc. Located in the very picturesque, high agricultural production area of Southwestern Ontario.

Well friends I can't express my excitement enough to promote this new and exciting program to the country! The last eight to nine months have been quite a journey. September 2020 Covid lock down, sick of being at home, my old friends Johnny and Cristen Nostadt said you've got to come down for a visit. During the visit, Johnny wanted me to meet a friend of his, so he introduced me to Daryl Clarke, and how do they say it? The rest is history now!

The Clarke Family had put together a nice herd of Simmental cattle and wanted me to put together a set of Angus cows to go along with the program. Next thing after numerous calls, texts and getting to know Daryl more, I am moving to CFFI in Blenheim! (I have heard all my life "go west young man! Now Hugh goes East as an old man!!)

Once here and got hands on with the herd, I quickly came to realize Daryl had put together a powerful herd of Simmental cows and spared nothing when it came time to buy the best semen and bulls to cross with his program.

My journey with the Angus began at Justamere, LLB, Early Sunset, and this past fall we added some very nice cattle from the Ontario Breeders' Sales, and we can't wait to see this set of cattle out on pasture this summer with their calves.

Now on the sale. The Clarke Family Farm Inc. Bull and Female Sale is an exciting set of cattle. Mostly Simmental in this offering that I think are an outstanding group of AI sired calves. Not a lot of Angus cattle, we just haven't had enough yet! But it's coming together.

We had a huge summer of building fence, barns, pens and getting things set up, so it has restricted us from getting out and visiting. But we are getting caught up and would love to visit with you.

I can't thank my family enough for sticking with me on my venture. I talk to my kids and my mom just about every day just checking in! To my friends in Ontario that I call on for things like where's this? why this? how come?, and all the questions I throw your way, thanks for the help! To the crew at Clarke Construction and office staff, man I couldn't do it without you all. Abe, I can't thank this man enough he's like having an extra two right arms. He never quits! Thanks.

And finally, the Clarke Family Farms Inc. Phil, Spencer, Connie, and Daryl Clarke. Thank you for giving me the opportunity to do what I love, raising great cattle and promoting a great program, and we are just getting going! Thank you We look forward to seeing you all at the farm in Blenheim March 26th, 2022. See you sale day!

Hugh Ross
Clarke Family Farm Inc.
P.S call anytime to visit the offering

Well, no sense holding anything back once you decide to have your first sale! And it happens to be our only Angus female in the sale offering. She is not only Daryl and my favorite Angus on the farm, she's been a favorite of just about everyone that has toured this year. She is the kind deep bodied, long, great fronted, beautiful head and has the look! Now once you get through all that, her paperwork is outstanding. She is out of the famous Coleman Bravo 6313 a bull that makes a lot of outstanding females, they are breed changers! Here is a show heifer in the making! With brood cow written all over her! Terms to be announced sale.

Co-Owned with Dudgeon Cattle Co.

Well, if I was a betting man, I would bet Clarke Daisy 19J will be a household name in the Simmental homes by the time her career is over! She has been everyone's favorite. If you like them deep, soggy, stylish, lots of bone with the fancy look take a hold here! This red blaze face heifer is the kind that will turn some heads! Daryl purchased the Wade Daisy 1D and she has been a no miss cow!! Quiet and easy to work with, this is the cow family to build a cow herd! Caution: Be prepared to stand in a few pictures if you are lucky enough to buy this one! Selling 100% interest.

Need a little white on one to add the chrome this is your heifer? With the Dunrayen's and IRCC "Whiskey" cow family and the power of County O, this heifer ties it all together. A sweet heifer that would make a great 4-H project.

A little bit more moderate type with this heifer, but she still brings a lot to the program. Style, fancy fronted neck exertion with the power in the pedigree, the famous County O and the 33E cow from the Silver Town dispersal. A no miss kind of cow.

We couldn't be prouder to start our inaugural bull sale with this powerhouse! We think he has it all; big power and performance with weaning weight of 1135lbs. Lots of bone and structure in this meat machine. He has impressed us from day one. Out of the no miss Chloe 203C this seven-year-old cow puts everything into her calves! Very quiet, great disposition on this bull. Add Clarke "Makin A Profit 8J to your program.

Cattlemen across this great country always get excited when you bring out the baldies! They just add that extra chrome to their calves and if you are striving to raise a set of replacement heifers, nothing tops the market like a set of blazed faces heifers. This thick, deep stout Rivival son will be sure to impress.

CFFI 38J

BLACK ANGUS YEARLING BULLS

SIRE: BROOKING BANK NOTE 4040

We purchased Norfolk Gary 28G a couple of years ago, from the good folks up at Norfolk Angus. We used Gary 28G in our herd after AI'ing and we really liked the calves. With a few daughters in the herd, it's time to let someone use this herd sire. Out of the famous AI sire Brooking Bank Note 404G and the powerhouse female SAV Madame Pride 5290, this bull has the pedigree to make the next great one. Here is a bull that can get the job done and cover a lot of cows for you. "Not bred by us but his calves will qualify for our calf buy back program"

Let me introduce you all to Money Moves 916. Here is a Blacklist son we purchased from the Hollenberg's in Missouri last spring. This a bull that just keeps on impressing us every day. Now that his calves are hitting the ground as I write this, he is impressing us even more with low birth, fancy and stylish calves, up right away & sucking. His sire is the famous PVF Blacklist 7077, one of Cattle Vision lead off AI sires, this bull is an incredibly stout, athletic individual, who offers tremendous rib shape & dimension. Money Moves'

dam is a superb female with a great front, lots of neck extension, long bodied, power cow that has done an amazing job for HCC. It was a treat to check Money Moves pasture this summer as this bull has the look of a great one with his big stride. He got out & covered some heifers. He's packed full of red meat, big square hip, huge top, lots of rib & an awesome front end! Let's visit about the opportunities on this bull.

An exciting offering here with Norfolk Colenol 18G, a full brother to the Mohnen General 548. He was the \$90,000 high selling bull at Mohnen's in 2019 where LLB Angus purchased the Canadian semen rights and his progeny this past year were the lead off and high selling lots at LLB. We couldn't pass up the opportunity to purchase the "General's" full brother the "Colenol 18G". This is a powerful sone of the Baldrige Colonel C251 and the famous SAV Madame Pride 5290 on the bottom side. An explosive pedigree. Combine that with his look, length of body, muscle mass, shape and EPD's! We can't wait to get his calves on the ground.

Check out this exciting new herd sire at Clarke Family Farm Inc.! Now this Simmental bull is a tank packed full of red meat! Big old hip, huge top! You will wear out a pickup trying find a neater fronted bull than this guy! And wow, check out his powerful feet, lots of heal, big hoof pretty much a complete package! Then you go to his sire LLSF Pays to Believe one of the go to AI sire in the industry for adding power, bone, thickness, and eye appeal and on the bottom side his momma is pure power and as sound as

you can make them Jack Oats says! Her flush mates full sister has become a true breed changer for the Bohrsen/BlackGold/Voice crew. We bred all our Simmental heifers to Better Believe It this year, they all calved out unassisted, up and sucking right away. Were very impressed.

CLARKE FAMILY FARMS INC.

Feeder Calf Buy Back PROGRAM

NRCS

At Clarke Family Farms Inc., we are dedicated to raising quality beef. We are constantly trying to source genetics that will feed well here in Ontario, marble well, provide tender beef.

We want cattle that thrive on Ontario grass all summer long, and that convert high roughage diets in the winter months.

We feel strongly that our cattle will do that for us, and our bulls will bring these genetics to your program! That's why we will offer to buy our sired calves back at a premium!

- 1.** Calves must be sired by a CFFI Bull.
- 2.** Calves will have to be DNA tested to CFFI sire.
- 3.** Calves will have to be tagged with Simmental or Angus RFID tags to qualify for the Program. (We can assist with your tag order)
- 4.** Calves will be weighed on a legal weigh scale with a 1% - 3% shrink in the AM. We will decide on gathering conditions.
- 5.** Calves will be pre booked into a delivery date to CFFI
 - Sept 1
 - Oct 1
 - Nov 1
 (delivery arrangements must be pre made)
- 6.** Price will be determined from the Ontario Livestock Prices from the delivered week plus a \$0.10/lb. premium for CFFI influenced calves.
- 7.** All calves must be pre vaccinated and had their post weaning shots - IBR, 7 or 8 way/Som. Once you have purchased a bull and want to do the Program.
