

A photograph of a large herd of cattle, including Charolais and Angus breeds, gathered in a snowy field during a sunset. The sky is a mix of orange, red, and purple. In the foreground, a wooden fence runs diagonally across the frame. The cattle are of various colors, including white, black, and red. Some are standing, while others are lying down in the snow.

You Are Invited To The Bull Sale...

Welcome and Thanks for taking the time to review the bulls.

It is your support and input that has made the program successful and we are extremely grateful for your support. Our commitment and highest priority is the satisfaction and success of our customers. We are thankful for the opportunity to work with many progressive operations and accept the responsibility of breeding the type of cattle that are profitable for the customers we serve.

Our focused breeding program does not follow fads but has a specific course to breed cattle for the rancher that sells quality pounds for a living in an efficient and profitable way as possible. The focus remains on stacking performance and maternal traits, of fertility, longevity, fleshing-ability and maternal productivity. As trends evolve the right phenotype of cattle never go out of style.

Please don't hesitate to contact us if we can be of assistance in any way. Drop in anytime to look at the bulls we have on offer prior to the sale.

We look forward to seeing you sale day!
