## FROM THE DESK

*At T Bar...*

Welcome to the CMT Farms Black Angus Bull and Female Sale, Wednesday March 23, 2022, 1:00 pm at the ranch, Cochin, Saskatchewan. This is their 8th Annual Bull and Female Sale but the first at the CMT headquarters. Over the past couple of decades, Chad and Michelle have been raising a family and building a high-quality source of Black Angus breeding stock.

Chad agrees with me that this is the strongest most powerful group of bulls they have ever offered. Uniform in quality from end to end, complete with plenty of performance, muscle, testicle, and lots of hair. The sires of these exciting herd bull prospects encompass the finest genetics in the Angus breed... Breakout, Ranger, Roper, Gunslinger, Final Answer... so similar in type and numbers simply because when building this great cow herd, the selected traits were milk and performance at weaning... the basics of beef cattle.

The fancy heifers offered are sisters to the bulls .... future foundation builders, yet suitable for juniors of any age. As we restock the North American cow herd, owning these heifers will be of great value on down the road.

Stop by the ranch any time prior the sale and preview the bulls, heifers and their mothers or give Chad a call to discuss the bulls and those that will add value to your breeding program.

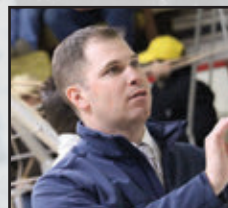

Plan to be with us at CMT on March 23rd whether it be with us in person, online or on the phone. We have graded the entire offering so feel free to give any of the T Bar C Team a call and we will be pleased to assist you in a professional and confidential manner with your selections.

# Welcome

Hello everybody and welcome to our 8th Annual Bull and Heifer Sale and 1st at CMT Farms Ranch.

We are pleased to offer this set of Black Angus yearling bulls and heifers to you on March 23, 2022. We would like to thank our previous buyers and supporters of our program in the previous years, we could not continue without your support.

In our humble opinion this is the best set of bulls we have ever offered. There are some calving ease bulls along with some big time performance type bulls, their offspring should push the scale down. These bulls are built to go and perform out in the real world and thrive in tough conditions like we have here in Saskatchewan.

The sale lineup of purebred heifers we picked are fancy, docile and deep sided that should go out and be very functionable females for whoever their new owners become! We will also have a select group of top cut commercial replacement heifers from our commercial herd.

We encourage anybody to come and see the bulls anytime at the farm before the sale. We are looking forward to this first sale at the farm and believe it is the next step to further enhance our program and the cattle that we produce for our customers.

See you Sale Day!

105J and 109J are full brothers in blood out of full sisters to our Ranger and Lawman bulls we sold in 2020. These two are excellent herd sire prospects who will work on both cows and in the heifer pen and will be very strong maternally.
