EVERBLACK — ANGUS —

Raising Purebred Black Angus Cattle Since 1965

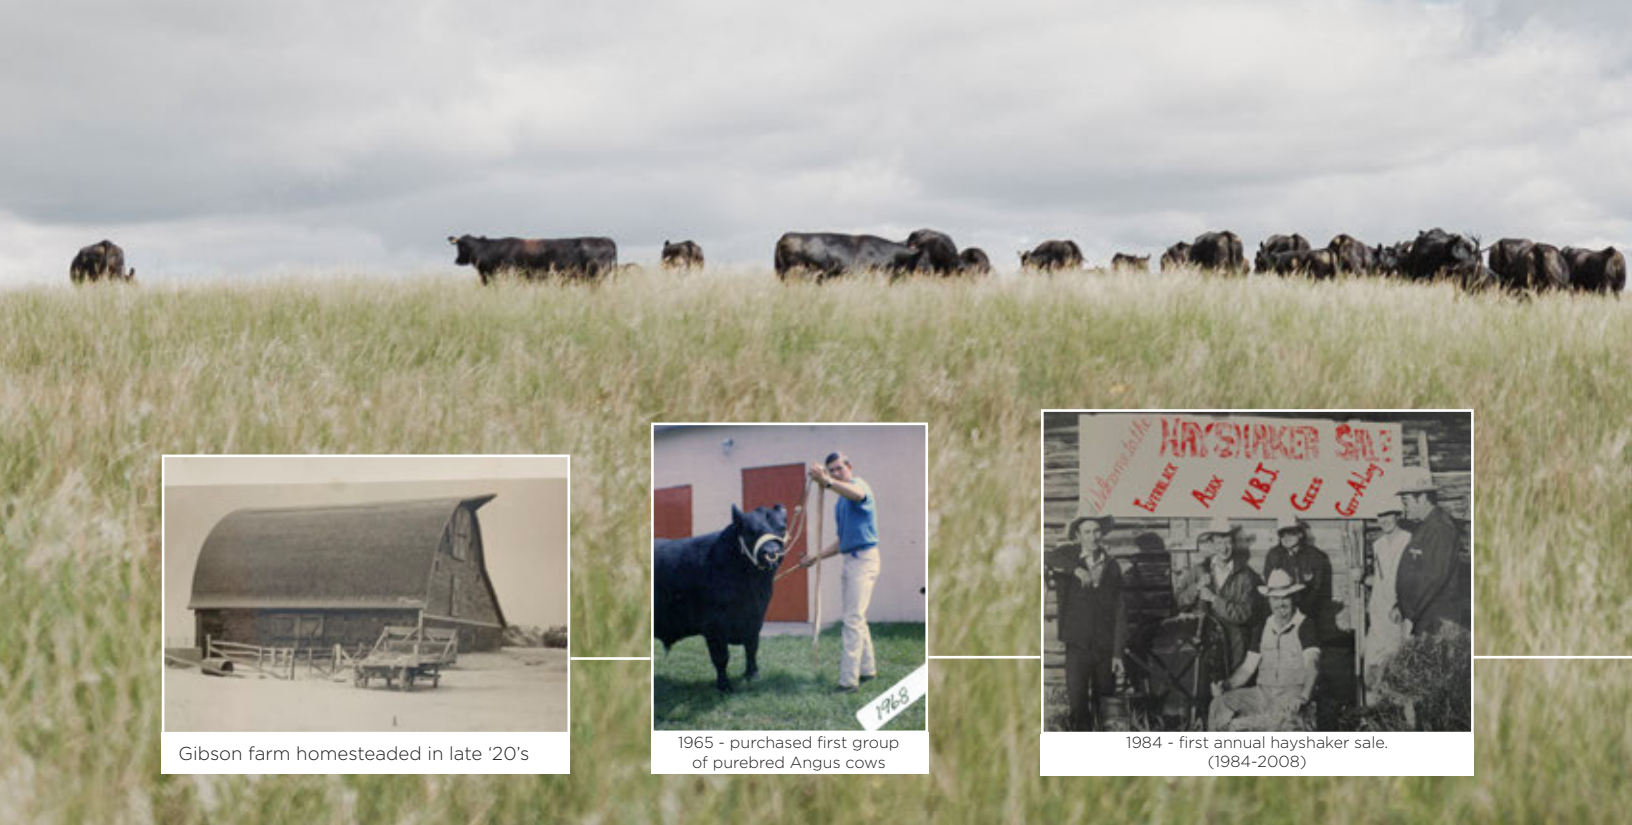

Ernest & Judy

Ryan, Amanda & Hayes

Jordan, Kristen & Sullivan

Gibson farm homesteaded in late '20's

1965 - purchased first group of purebred Angus cows

1984 - first annual hayshaker sale. (1984-2008)

30th Annual Bull Sale Welcome

It is with great pleasure that we welcome you to the 30th Annual Everblack Angus Bull and Female Sale.

As the saying goes...time really does fly by! It's a distant memory but it all began in late 1991. A good friend of dad's, Rob Holowaychuk with OBI presented the idea of starting a bull sale. Rob then contacted Wayne Grant of SpruceView Angus to partner up. Next they needed a location to host the sale, Rob got in touch with the well respected Terry Schetzle of the Veteran Auction Market and the ABC bull sale was born! We hosted the ABC bull sale in conjunction with the Grants for 9 years. At this time both our operations had grown enough that we needed to sell more bulls so we decided to part ways. We contacted Rusty Stalwick with NBI in Vermilion and decided to move it back to Vermilion. They were very gracious hosts of our sale for the next 16 years. Then in 2018 we thought long and hard but made the decision to move our sale home to the Ranch and transition to a video sale. This has turned out to be a very good decision as the stress level on the sale cattle has been substantially minimized. We have been very fortunate to be a part of such a great industry over these 30 years. Many customers have become friends who we maybe would not have got to know if not for the bull sale. Lets hope our children our writing this opening another 30 years down the road.

Over the past 2 years there has been a renewed appreciation for the Ag sector, people want to know now more than ever where their food came from and how it was produced. They are also willing to make the extra effort to shop local to support their rural neighbours. This truly does mean a lot to us.

We are extremely proud of our offering this year and feel this is the deepest set of bulls we have raised to date. We source the best herd sires we can find, and walk these bulls in two breeding seasons. The large sire groups present a clearer picture of what the end product will look like as you are able to evaluate many 1/2 and 3/4 brothers. There are a couple new sire groups this year as well for our long time repeat customers.

We will have the bulls sale penned on Sunday March 27th to easily view the bulls and heifers if you are not able to make it sale day. They will be in their feed pens leading up to the sale, and available to view if anyone would like to stop in for a visit.

We calve 1/4 of our cows mid Jan-Mar so that we can select a handful of yearling bulls for our sale. This also enables us to market some replacement females into early calving operations. The majority of the herd calves May-June, back in the hills with very little supervision. With two calving seasons, our cows are calved in the same manner as 99% of our customers, this gives a good indication of what works and what doesn't. We can then select for these desirable traits when producing bulls. The early calves are weaned the end of September, with the young calves staying on the cow until late November. Weaning weights are actual, not adjusted. No yearling bulls are sold privately, this gives us a good selection of two year old bulls that aren't picked over. Our focus truly is the two yr old bulls; they are mature, can cover more cows and there is almost no guesswork in visualizing what the end product will look like.

Our bulls to use on heifers are the result of mating calving ease bulls to low birth weight, smaller framed cows. This gives us calving ease consistency on both sides of the pedigree. The cow bulls are stout, rugged bulls with some added performance. All are sound, semen tested, and 100% guaranteed.

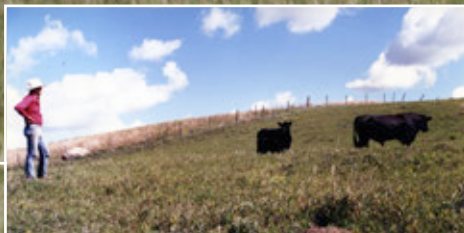

We take the most pride in our customer service, our youngest shareholder is 6 yrs old, so what im saying is we plan to be around for along time. If you have an issue don't hesitate to let us know and we will remedy it for you in a timely manner. We have an 85% repeat buyer rate and feel that speaks in itself.

We are incredibly grateful for our past support to get us to where we are today!
Cheers to 30 years!!

The Gibson Family

1985 - Northlands Farm Family Award

1992 - First Annual Bull Sale, Veteran AB.

2018 - Inducted into the Alberta Angus Association Hall of Fame

EVERBLACK CREW

Charles Dunk is going on year 9 with us now. Chucky is a jack-of-all-trades whether it be working cows, running combine, hauling grain or giving orders.

Steve Riley joined us in the fall of 2020 and continues to be a great addition. Steve is handy on a horse and can put up with orders from 3 different chiefs.

Spring and Harvest Crew

Thank you Charles Dunk, Steve Riley, Doug Hoffman, Lawrence and Lubie Parchewsky, and Kris Kent.

A special thanks to our fall cattle drive crew, Mike & Annabelle Kotun, Bill & Terry McIlldoon, Donny Oldenburg.

FROM THE DESK AT T BAR C

Welcome to the 30th annual Everblack Angus Bull and Female on March 28, 2022, at the farm, Vermilion, Alberta.

This annual event has been the source of superior Black Angus breeding stock for over three decades and during this time Ernie and the boys have acquired some powerful herd sires to walk in their pastures south of Vermilion, giving their many repeat customers exciting new genetics that will add value to a program.

The Everblack herd has developed with the rationale of performance coupled with calving ease. These two valuable traits have been bred into their outstanding predictable cow herd. At Everblack, they run their program in the same manner as that of their customers and are always aware of their customers needs. In the past few years, the Gibson's have added embryo transplant to their program enlarging some of their foundation cow families.

This lineup of bulls might well be the strongest, most consistent group in their history. The yearlings are cut from the top... breeder quality with dominant genetics. The two's offer diversity whether you are sourcing a power bull or calving ease sire or both... they are here in this great offering.

Breeders do not overlook the fancy female offering... they are bred to be foundation females while being suitable for juniors of any age.

Stop by the farm any time prior the sale and preview the bulls and their mothers or give any of the Everblack crew a call to discuss their bulls and which will fulfill your breeding requirements.

Plan to be with us at Everblack on March 28th for your Angus sire needs whether it be with us in person, online or on the phone. We have graded the entire offering so feel free to give any of the T Bar C Team a call and we will be pleased to assist you in a professional and confidential manner with your selections.

INFORMATION

Volume Discount

Receive a 5% discount with the purchase of 3 or more bulls.

\$100 rebate on each bull purchase picked up sale day.

Possession & Delivery

Your animal may remain at the farm if it is inconvenient for you to take possession on sale day. Delivery can be arranged at a later date.

PLEASE NOTE: The animal becomes the responsibility of the purchaser after it is sold. Insurance will be available sale day.

Weaning & Weights

February - March calves are weaned late September
April - June calves are weaned late November

Weaning weights are actual weights.

Scrotal measurements and actual bull weights will be available sale day.

All heifers are palpated for reproductive soundness.

All bulls are semen tested and 100% guaranteed.

Calving Ease

Our heifer bull program consists of breeding low birth weight, smaller framed cows to easy calving bulls. This gives us more consistency on both sides of the pedigree.

- ★ Recommended for cows
- ★★ Recommended for cows and larger framed heifers under supervision
- ★★★ Recommended for heifers

CALVING EASE: ★

An ET calf that was the result of some embryos purchased. He is rugged, big topped, soft made with a ton of hair. 3J's dam is the popular Nellie Rita cow that came out of Montana who currently has 41 registered progeny in the Canadian database. On the top side take note of the Bruin Torque bull who is sired by the female maker Density. He is siring deep bodied easy fleshing replacement females. The proof is in the pudding as the choice lots 98A & 98B in the heifer section are flushmates of 3J.

CALVING EASE: ★

An ET calf by the ever popular female maker, Natural Law and our number 1 income Everblack cow, Kathleen 65P. The maternal merit in this bull is extremely strong. He is well balanced, big topped, with a square hip, attractive fronted and sound to the ground. The dam 65P, has 24 registered progeny, 8 of those being replacements at our ranch, 4 of them being females through select sales, and 4 sons through the bull sale. He will make some daughters to keep!

JZT 7J

Everblack Kathleen 65P

Donor Dam of Lot 2, Pictured at 12 yrs of age. She has been a cornerstone female, Producing numerous top sellers to high end breeders as well as leaving us with many daughters in herd.

CALVING EASE: ★

Coming from our #1 donor cow Coleman Donna 6205, this is a very intriguing bull. He is deep sided with a huge rib, but also extremely long for his depth of body. He stands on a square foot while having big nuts and an excellent disposition. The dam Donna 6205 has a production record that we could only dream of 4 years ago. She has sold 6 progeny at auction averaging over \$14,000 per. Most notably were 501F pictured below and our choice heifer lot in last yrs sale, the Donna/Natural Law combo that also brought \$21,000 to Linden Cattle Co of Grande Prairie. Another daughter topped the Northern Select last fall selling to Airam Farms. Donna 6205 has placed sons into 3 seedstock operations, Kueber Farms, Spruceview Angus and Royal Rock Angus. After seeing the first couple Stamina 11F daughters calved out this spring, we are confident you will want to keep every daughter this guy produces.

Owned with Allandale Angus - Reserving 100 straws of semen for in herd use

CALVING EASE: ★

A big topped, well balanced Real Estate son with extra middle. Just like his sire. Out of a Vision daughter. They are making great mommas. A replacement daughter and a son to the Brad Hines Ranch at Vermilion. This bull had an injury to his front leg as a yearling. His leg is a bit crooked and there is some scar tissue. He is sound and fully guaranteed.

We shall let you decide which ones better. Coming from some purchased embryos, the results were very successful. Two deep sided females with loads of volume and hair. With having so much capacity they sure don't give up any in femininity, having sweet front ends and great neck extension. Coming from the famed Nellie Rita cow and the female maker Bruin Torque, this could turn into a pretty neat female going forward. Have a look at their full brother, Lot 1.

A well made Real Estate daughter with extra volume. We are just starting to calve these Real Estate daughters, we are extremely high on them, easy keeping, big middled, broody and top notch udders. The dam 2Z topped our spring sale in 2013 to Boutin Beef Farms. Fortunately for us we were able to retain her on shares. 2 daughters through the bull sale including the top seller at \$9000 to Murray and Derek Westman in 2017. A daughter in the herd and a front end bull in 2018 to Mr Jamie Mills at Frenchman Butte. Albert says his ROI has been mighty fine.

Vision, as we call him, was the top selling bull at Peakdot in 2015 for \$55,000. Dad got a little carried away with his hand in the air, in hindsight we won't be holding that against him! His calves have moderate birth weights with exceptional ease of fleshing and explosive early growth. We have many daughters in the herd now, the udder quality is extremely high, he would be an udder fixer without a doubt. The sons are easy to find on sale day no matter where they are in the sale order. Vision will be 8 this year, he has 330 offspring registered who were all sired naturally. With another 40 coming this spring and hopefully another 40 next spring, we have got our money's worth!

Big Sky as we call him was selected as a performance sire from HF. With a modest 85 lb birth and a 910 lb weaning weight, we have found he breeds very true to these characteristics. His sons will add pounds to your calf crop pure and simple. They have length, frame, wide tops, lots of rib, heavy boned and extremely sound. An added bonus, his daughters are very good as well. Big ribbed, nice uddered females that have an abundance of milk. This is a bull we truly lost too early in life, we are really realizing that now after calving his second group of daughters. This will be the last large group sired by Big Sky.

We purchased Final Exam to add another consistent calving ease bloodline. You cannot go wrong when you have Final Answer on the top side and Bismarck on the bottom. This will be his second set of calves offered for sale, we are very confident in their calving ease ability. They are wide based, very easy fleshing cattle in a moderate frame that won't get too big to breed heifers anytime soon.

Real Estate or ROI as we call him, he has raised the bar on his first 2 calf crops. We now have the final piece of his puzzle in place. Daughters are calving this spring and we are very happy. He is siring daughters that are soft made, big middled, sound and have exceptional udder quality. His sons are going to be highly marketable, they have ample performance in them while being very easy keeping as well. Based on 93 calves on the ground, his birth ratio is 99 and weaning ratio is 106. We are excited for the future with this guy, the maternal strength is strong with the Beautys, Rose's, and Echo cow families in the pedigree.

Money Made was the top selling bull at Bar H in the spring of 2017 for \$43,000. We dug deep on him as we needed to start a new calving ease line, we're glad we did. With 172 calves on the ground, we are very confident in his calving ease consistency. They have long spines and clean front ends. We have daughters calving now and are not disappointed, they are carrying on the calving ease without giving up too much in performance. This will be the last large group sired by the Cash bull, we lost him to injury 2 summers ago, so don't miss out if you've been waiting for a son.

A Sky High son we purchased from Duralta, this will be a new sire group for repeat customers. With a nice balanced EPD profile, he has sired true to that. The sons are have a nice rib shape, performance, with lots of hair and an attractive front end. Reports on his first daughters calved out at Duralta are very good, sweet uddered females, with small teats and a nice big rib, we eagerly anticipate calving our own in the spring calving group!

We purchased Acclaim in the spring of 2020, we all remember the buzz around the Bravo sire group that spring. He has not disappointed, there are still very high end bulls sired by Bravo selling this spring, his popularity seems to be picking up steam. Our Bravo son, 144G has become a real swiss army knife at our place. Very handy, he can be used on large cows to moderate birth weight, all while still keeping enough performance and an abundance of stoutness. He can be used on virgin heifers for trouble free calving while still having that stoutness that will add pounds at weaning time. With being out of a nice Coalition mother, we are confident in his maternal merit. With just a small sample size in this years sale, we expect over 50 calves to hit the ground by him in 2022. You will see a lot of Acclaim in the future

All Inclusive was our pick of the performance bulls at HF in 2016. He boasted the highest WPDA of all 120 bulls on offer that day. His sons will add pounds to your calf crop. They are stout rugged cattle with a good big foot. His daughters are real broody females, with nice udders and an abundance of milk.

Pacemaker 226C was a top seller in our 2017 sale down the road to Westman Farms. We were fortunate enough to lease him back for a couple breeding seasons to carry on the Pacesetter lineage that we dearly valued. He's a sleep easy heifer bull option with sons in the 2 yr old section.

Owned by Westman Farms.

The top selling black bull at U2 the day we bought him. We liked him for his performance, but what we really liked was his mother. Everblack Rosebud 80Y comes from a family of heavy milking, nice uddered females going back to the old Masterplan bull. She was designated as an elite dam in the Angus Association and was also a member of U2's infamous transplant program. He sires powerful, wide topped, big ribbed cattle with excellent feet and a good hair coat. His daughters are an integral part of our cow herd at the moment as they are really hitting their prime.

Windy 169C was the top selling heifer calving specialist in our 2017 sale to Westman Farms. We were able to lease him back for a couple breeding seasons. Take note of his mother, Kathleen 128A, she is a high end female that we are so very fond of in our herd. We used another son of her's this year on heifers, he happens to sell as lot 48 in the 2 yr old section.

The ol Pacesetter bull decided to call it a career at 9 years of age. We used him heavy in his final year in both calving seasons to load up on as many daughters as we were blessed with. He sired functional cattle that are structurally correct, easy keeping, moderate in frame and light at birth. His daughters are a pasture calving dream, nice uddered, sound and moderate. We have many in our herd.

MINBURN PACESETTER 44X

TERMS & CONDITIONS

TERMS:

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

CERTIFICATE OF REGISTRATION:

Each animal will carry papers issued by the Canadian Angus Association, unless otherwise specified. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

PEDIGREE ESTIMATES:

Pedigree Estimates (PE) are created on the projected mating of the animal's sire and dam based on averages of the two, creating estimated values that do not hold the same accuracy of actual EPDs issued from the association and should be used as such.

HEALTH:

All animals in the sale have met all necessary health requirements.

GUARANTEE:

Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the Canadian Angus Association with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness.

LIABILITIES:

All persons attend the sale at their own risk. The sellers, facility owner, auctioneer and sale manager assume no liability, legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either part to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

DELIVERY:

Every assistance will be given in getting your purchases home. Each animal becomes the risk of the purchaser as soon as sold.

PHONE, MAIL, WIRE BIDS:

Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

INSURANCE:

Agents will be in attendance to insure your purchases. We strongly recommend that insurance is purchased for full value.

ERRORS:

All announcements at sale time, written or oral, supercede any written material in the catalogue.

BULL WARRANTY:

We guarantee to provide you with a sound, fertile bull capable of servicing a reasonable number of cows. In the event that your bull is a non-satisfactory breeder, the seller will not, under any circumstances, be responsible for more than the original selling price of any bull or female sold in the sale. The consignors will not provide replacement or credit for physical injury or mismanagement. Therefore we stress the importance of insurance on your bull. An insurance agent will be available on sale day.
